MOORE SEED CO., 125 MARKET ST., PHILADELPHIA, PA
To the Professional and Beginner:

**HOW TO MAKE MARKET GARDENING PAY**

The professional market gardener and the one about to begin market gardening are alike anxious to make market gardening pay. To make market gardening pay and how to do it, is just as important to the professional as to the beginner. To both we say, the prime essential is to procure the best seeds that money can buy. Buy the best varieties. Select the earliest, the most productive, the best carriers and the best sellers. Don't hesitate a moment to plant the best—the price is of little consequence providing you get just what you are seeking for, and select the highest prices the market will usually pay well for the best produce that is brought to it. Poor seeds will never produce good crops, nor vegetables of first quality. In vegetables as in fruits it is high quality that counts; high quality always insures highest market prices. Best quality and highest market prices spells success to every market gardener who grows for the home or distant market.

Many thousands of market gardeners throughout the United States have found by actual experience that the best seeds obtainable are only to be had from The Moore Seed Company, 125 Market Street, Philadelphia, Pa., who have made it a life long study and work to produce the best varieties and strains of seeds calculated to insure the most profitable and abundant crops and that will command the highest prices on any market, no matter where sold.

**WE ARE CAREFUL** to only recommend the best varieties.

**WE ARE CAREFUL** to use the utmost care and caution in selecting our seed stocks as well as in growing our seed crops.

**WE ARE CAREFUL** to use the greatest care in preventing ingrowing and handling the seeds while harvesting.

**WE ARE CAREFUL** to send out no variety we have not tested in the most exhaustive manner in many localities, as to its suitability for earliness, size, color and general adaptation for the market intended.

**WE ARE CAREFUL** not to send out any seeds we have not given a good and thorough test for germination. Our tests in this respect are very thorough and are conducted both in greenhouses and in the open ground as occasion requires.

**SOMETHING NEW.** We have something new and good in seeds all the time. Our seeds are in greater demand than ever before; in 1925 our sales were 35% greater than any previous year in our history, and we assure you it will be big money for you to send us every order you can and to keep your seeds from us. If you wish to know anything about us, send us a postcard. We will be glad to supply the information you want.

**IN CONCLUSION.** We wish to acknowledge our many thanks to our customers for their loyalty and patronage. It affords us great pleasure to receive your orders and receive your kind expressions of satisfaction, for that indicates that our efforts to please and assist you have been successful. We have tried harder this year than ever before to offer you in the catalogue newer and better varieties than last year, as well as a larger assortment and at prices that will induce every market gardener who seeks the greatest profits to send us an order.

**HIGH GRADE TOMATO SEED IS OUR GREAT SPECIALTY**

We Ship by Parcel Post Anywhere in This Country

We deliver, postpaid, all plants, vegetable and flower seeds by the packet, ounce, quarter pound and pound, and other items that are marked postpaid, when the money accompanies the order.

**Beans, Peas and Corn weigh 1 lb. per pint, and postage must be remitted with the order if to go by parcel post.**

If you remit an excess of postage it will be returned to you.

**IMPORTANT**—In remitting postage always add it to the foot of the order as a separate item—this will help to avoid mistakes.

The local postmaster will inform you what zone you are in from Philadelphia, Pa., if you are in doubt, and you can add for postage accordingly.

**NOTE**—We do not pay postage on parcel post C. O. D. shipments.

Poisons cannot be sent by parcel post.

Consult this Zone Map to Ascertain Parcel Post Rates as given below.

**OUR BUSINESS RULES**

**ABOUT WARRANTING SEEDS, ETC.**—The Moore Seed Co. give no warranty, express or implied, as to description, quality, productiveness or any other matter of any Seeds, Bulbs or Plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

**REMIT MONEY WITH ORDER.**—Money can be sent safely by Post Office Order, Express Money order, Registered Letter, Bank Draft or Check.

**OUR PRICES** include bags, boxes and free cartage to depot. Bags are free excepting on Clover, Timothy and Millet.

**ERRORS.**—We exercise the utmost care in filling orders, but in the rush of our busy season errors will sometimes occur, in which case we shall appreciate being advised of the fact at once and proper correction will be made. Please keep copies of your orders for reference.

**Please WRITE your NAME, POST OFFICE, COUNTY and STATE as distinctly as possible, especially the name. Many orders reach us lacking either or both; customers when writing about unsigned orders will aid us in identification by mentioning the articles ordered and quantity.**

**GIVE FULL SHIPPING INSTRUCTIONS on each and every order you send.** To avoid chance of error, never write letters on the same sheet as your order.

**IF GOODS ARE WANTED C. O. D., 25 per cent. of the amount must accompany the order. No amount for less than $2.50 will be sent C. O. D. by Parcel Post or Express.**

**PERSONAL CHECKS.** If personal checks are used, they should be certified, otherwise shipment of your order may be delayed pending collection.

**PLEASE NOTE:** We do not send trees, plants, eggs, poultry or perishable stock C. O. D. Please note however that we guarantee safe arrival.

Our offer "POSTPAID" only applies when money accompanies the order.

**TIME OF SHIPMENT.** All plants or nursery stock, whether seasonal or not, are forwarded as soon after the receipt of the order as possible. You should specify on your order when you wish shipments made, if you do not wish them at once.

**A WORD TO OUR CUSTOMERS**

It Will be Money in Your Pocket to Buy the Best Seeds

MANY THOUSANDS of the most successful MARKET GARDENERS and FLORISTS throughout the United States use ours exclusively.

This is Our 36th Year.

We have over 1,000,000 Strong Two-year-old Roots ready for our Customers

STARKEY'S MAMMOTH EARLY PROLIFIC ASPARAGUS

The best and most profitable sort to grow

This highly valuable new variety has been grown early for a number of years by one of Philadelphia's most successful market gardeners, who invariably cut the largest and handsomest bunches ever sent to this market, from ten days to two weeks earlier than his neighbors and upon which he always realized very high prices. This asparagus has attracted much attention from dealers and commission merchants, particularly since it is all the more anxious to get it. The color is notably different from either the famous Early Philadelphia Mammoth or Palmetto, while the stalks are more tender and succulent. Its mammoth size can be realized from the fact that in whole crops three stalks will average a pound in weight, and it requires much less labor in cutting and bundling, thus lessening the expense of marketing. Every one who ever saw this highly valuable variety pronounces it many times superior to any other known sort. Its beyond question the finest, largest, earliest and most profitable for the market gardener to grow. Stalks frequently measure two inches in diameter, and even when twelve to fifteen inches long are perfectly tender. The quality is exceedingly fine, growth rapid and remains in good condition several days after being ready to cut. It is very productive, throwing up a perfect mass of very large-sized stalks, of green color and very handsome appearance, and invariably commands a much higher price than any other variety. Our customers urge that it never allows any trace of rust. In every case, after most thorough and extensive trials, Starkey's Mammoth Early Prolific has been found immensely superior to the Palmetto and other varieties for Southern planting. We request our customers to place their orders with us as early as possible. Prices for 1 Pkt. 10c., oz. 25c., lb. 75c., 100 roots $2.50, 5 lbs. $15.00, postpaid; price by express on Palmetto, Strong roots, 100 $1.00; two-year-old, per 100 $1.50, 1,000 $13.50 (500 roots furnished at 100-lb. bags). We will furnish 5,000 two-year-old roots for $60.00; 10,000 for $115.00; larger quantities a matter of inquiry. This variety is also known as the "Hibb." Three-year Old Starkey's Mammoth Roots

Martha Washington Pedigreed Asparagus.

A wonderful new rust resistant type re-selected seed. Bred from the male plant Washington and the female plant Martha. A wonderful rust resistant plant. Strong two-year-old roots, by express, per 50 90c., per 100 $1.50, 500 $10.00, 1,000 $20.00. Our STARKEY'S ASPARAGUS has sold on the New York wholesale market this year for $7.50 to $10.00 per dozen bunches.

Palmetto. True stock. Oz. 15c., lb. 30c., lb. $1.00, 5 lbs. $4.50, postpaid; very strong two-year-old roots, by express, per 50 90c., per 100 $1.50, 1,000 $11.00; 5,000 $50.00; three-year-old, per 50 $1.25, per 100 $2.00, 1,000 $7.50.

Giant Early Argenteuil Asparagus.

A Royal French variety, with large thick green stalks, French grown. Seed imported from France. Very early. Oz. 15c., lb. 40c., lb. $1.25, postpaid. Strong two-year-old roots, by express, per 50 90c., per 100 $1.50, 1,000 $11.00; 5,000 $50.00.

PRICE: Asparagus Roots by mail, postpaid. We advise planting two-year and three-year-old sizes only.

DIRECTIONS FOR ASPARAGUS CULTURE

SEED PLANTING—Asparagus may be raised from seed and a crop obtained in three years. In early Spring sow the seed, after soaking it twenty-four hours in warm water. In drills about one foot apart and one to two inches deep. The following Spring, select the best of the roots and place in the permanent bed.

ROOT PLANTING—A year may be saved by buying the plants (two-year-old are generally to be preferred) and setting them at least eighteen inches apart in the row. The rows should be trenched eighteen inches deep and the rows not closer than four feet; see that the roots are well and evenly spread out in planting and that they are not exposed to the air longer than is necessary, as they deteriorate rapidly. For more complete detailed directions see our book on Asparagus Culture mentioned above. Every asparagus grower, large or small, should have a copy Large Globe. Green. Globe. French. The Globe Artichoke is a perennial, cultivated for its flower heads, which are cooked like asparagus. Pkt. 15c., 2 pkts. 25c., oz. 50c., 1 oz. $1.75, 1 lb. $3.50, 10 lb. $67.50.
Remit postage on Beans, Corn and Peas ordered by the pint, quart and upwards.

No market gardener, trucker or shipper should plant any but our German, French, English or King of the Early stringless varieties. They always sell at fancy prices.

MOORE’S GERMAN STRINGLESS

This superior variety retains a prolific and continuous bearer and absolutely stringless. Very tender and of a distant and delicious flavor. Very hardy and extremely early.

This most excellent variety was introduced by us into cultivation in 1905, and is a distinct improvement in green beans, and has been popular wherever known. The rich dark green pods are produced in marvelous abundance, being thick, long, very uniform in shape and solid, meaty, stringless, very brittle and tender. It is also a continuous bearer, and is among the first to give edible pods in the spring. The yield is enormous, and it is very early, and the handsome rich green pods remain tender a long time. It is likewise an excellent sort for fall planting. It is exceedingly popular wherever grown. It is of very thrifty growth and practically mildew and rust proof. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., 1 pk. $1.75, pk. $5.00, bu. $11.50.

EARLY FRENCH STRINGLESS

Extra Early, Exceedingly Prolific. Long, Straight, Dark-Green Pods Retains its delicate tenderness even when a little old. This new variety recently introduced by us has become famous in all the bean-growing sections of our country. At Paris, where we first saw it growing, it has superseded nearly all other sorts on account of its deliciousness. It cannot be recommended too highly for the local gardener or shipper, for it simply sells on sight. It is a true, stringless, round-pod bean, surpassing many varieties for earliness and productivity, the yield being simply prodigious. The pods are medium length, in color a very attractive dark green. We unhesitatingly recommend it to our many thousands of market garden friends throughout the United States as being one of the best and most productive green-pod beans obtainable. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., 1 pk. $1.75, pk. $2.75, 1 bu. $10.50.

MOORE'S ENGLISH STRINGLESS (Newington Wonder)

Extremely Early, Unusually Hardy, Wonderfully Productive, Finest Quality

A new early variety with long, round green pods, entirely stringless, very meaty, delicious flavor, wonderfully tender, remarkably early, enormously productive, continues a long time in bearing, valuable for private gardens. This bean was introduced by us in 1905, and has grown steadily in popularity ever since. The bean is stringless at all stages of growth. It combines unusual hardiness and extreme earliness. No market gardener, shingle or amateur gardener should plant any but our special strain of beans. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., 1 pk. $1.75, pk. $2.75, bu. $10.50.

KING OF THE EARLY STRINGLESS (Round Pod—Six Weeks)

This excellent variety is a great improvement over the old type, being ONE-THIRD LONGER THAN THE PIETY TYPE. PERFECTLY ROUND, DARK GREEN AND STRAIGHT, and fully as early. It also has the additional advantage of being suitable both for early and late planting, being extremely hardy. It will withstand early and late frosts which kill other varieties. A most desirable sort for the market gardener’s fall crop, owing to its enormous yielding qualities, large and handsome appearance and ability to withstand one or more frosts. Should be planted instead of either Red Valentine, Black Valentine or Refugee, being superior to either in appearance. Large pkt. 10c., 2 pkts. 25c., pt. 35c., qt. 60c., 4 qts. $1.75, pk. $2.75, bu. $10.00.

LONGFELLOW. Round pod. Pt. 30c., qt. 60c., pk. $2.75, bu. $10.00.

EXTRA EARLY RED VALENTINE. A great improvement over the old type. Pt. 30c., qt. 60c., 4 qts. $1.75, pk. $2.75, bu. $10.50.

GRAND STRINGLESS. Improved, dark green pod variety. Pt. 30c., qt. 55c., pk. $2.75, bu. $10.50.

BLACK VALENTINE. Round pod. Pt. 25c., qt. 60c., pk. $2.75, bu. $10.50.

FRENCH DWARF HORTICULTURAL. They become fit for use as green-shelled beans very early and in this condition the beans are very large, of fine flavor, easily shelled and are about equal in size to consider them superior to the Lima in quality. They make a delicious snap bean when young. This is a most excellent winter shell bean when fully grown. As a baked bean they are truly delicious. Large pkt. 15c., pt. 35c., qt. 60c., 4 qts. $2.75, pk. $10.00.

EARLY MAMMOTH LONG POD WINDSOR

This is a very popular bush bean, extremely grown throughout Europe. Pods often attain a length of 12 inches and contain from 7 to 9 tender beans of delicious flavor. The beans are shelled and eaten like Lima beans. This wonderful variety is very hardy and will withstand much cold, wet and even snow after planting. For best results plant in this variety early in March or April in rows three feet apart, thin out to 12 inches in the row. You will have fleshy shell beans fully a month or six weeks ahead of Limas or other shell beans. Pt. 20c., 3 pkts. 50c., pt. 45c., qt. 75c., 1 pk. $1.00. Postpaid. Not postpaid. Pt. 40c., pt. 75c., 4 qts. $2.00, pk. $5.50, bu. $16.50.
DWARF WAX POD OR BUTTER BEANS
EPICURE EXTRA EARLY WAX

Only absolutely Rust-Proof Round Pod Wax Bean ever Introduced

Being very pretty, entirely stringless, this variety can be used as a string bean until nearly ripe; in fact, LONGER THAN ANY OTHER SORT. It is also one of the hardest varieties and does not spot like many other round pod wax sorts. Quality is unexcelled. An ideal bean for either early or late planting. An immense yielder, bearing almost the entire summer. No market gardener will be disappointed with this excellent new sort. It combines quantity, quality, good looks and good prices. It is especially valuable for long-distance shipping. Large pkt. 10c., pt. $1.50, pk. $2.75, bu. $10.00.

NEW CALIFORNIA RUST-PROOF BLACK WAX

The Handsomest and Most Productive Flat Pedded Wax Bean Ever Grown

In this new very early variety introduced by us, we have one of the best wax sorts offered to market gardeners and private families. It will sell twice as well and at a higher price than many other flat pedded sorts. The pods are longer, broader and of a brighter yellow color than any other sort, very superior quality, tender and stringless. The beans are of vigorous growth, leaves dark green, hardy, and yield enormous quantities of large, handsome, flat, meaty pods, borne well up from the ground, and has not shown any disposition to rust no matter where grown. It is from eight to ten days earlier than the Davis or Flagpole Wax or any other flat pod wax sort. It is very hardy and will stand more cold weather in the early spring than any other sort. We particularly recommend this valuable new sort to all our market garden friends. Large pkt. 10c., 3 for 25c., pt. 35c., qt. 60c., 4 qts. $1.50, pk. $2.75, bu. $10.00. Special prices for 5 bu. lots and upwards will be made upon application.

MOORE'S STRINGLESS KING OF THE WAX

This is a first-class early wax bean in every respect. The pods are nearly round, of a beautiful bright yellow color, long and hang in perfect clusters well up from the ground; very early and hardy and continues a long while in bearing, and this combined with immense productiveness and handsome appearance and most delicious quality, has made it a favorite with market gardeners everywhere. As a dry bean for winter use it is the best we have ever eaten. Large pkt. 10c., 3 for 25c., 35c., qt. 60c., 4 qts. $1.75, pk. $2.75, bu. $10.00.

PROLIFIC EVERBEARING WAX

The Most Productive, Delicious and Best Selling White-Seeded Wax on the Market

This is a first-class wax bean in every respect. The pods are nearly round, of a beautiful bright yellow color, long and hang in perfect clusters well up from the ground; very early and hardy and continues a long while in bearing, and this combined with immense productiveness and handsome appearance and most delicious quality, has made it a favorite with market gardeners everywhere. As a dry bean for winter use it is the best we have ever eaten. Large pkt. 10c., 3 for 25c., 35c., qt. 60c., 4 qts. $1.75, pk. $2.75, bu. $10.00.

DWARF BEANS FOR SHELLING

MEXICAN GREAT AMERICAN SOUP BEAN. Everybody relishes a good bean soup, but ninety-nine out of one hundred varieties of beans are too large and lack that rich delicacy of flavor that a soup bean should have. Now the American nation is great and a bean soup is one of their great specialties. We know while traveling in Mexico that everywhere bean soup was served, and the rare delicacy and flavor thereof called forth pleased remarks from every traveler. The secret of the whole thing was that they used a small soup bean. The size of the bean is smaller than a small pea, is manifestly flavored and just the article required to make a magnificent bean soup. A pint of beans will grow sufficient beans to supply a good-sized family all winter, while for baking there is no bean beside this side of the stars that can get up to it in quality and richness of flavor. Pkg. 15c., pt. 45c., qt. 75c., by mail postage, 15c. expressed. Pkt. 10c., pt. 30c., qt. 60c., 4 qts. $1.75, pk. $2.00.

INOCULATE ALL BEAN SEED WITH FARMGROWN PRUNUS PAULOWNIA SEEDS. Prunus is very rich food for garden size, enough for 1/2 acre 50c., one acre size bottle $1.00, 3 acre size $2.50, 10 acre size $9.00, when money accompanies the order.

EARLY MARROW NAVY OR PEA. A very productive sort, with fine rich flavor. Special good grower. Very nutritious, highly recommended. Pkt. 10c., pt. 30c., qt. 60c., 4 qts. $1.50, pk. $2.50.

BLACK TURTLE SOUP BEANS. It cooked in the form of a soup until the bean and skin be soft, they will have the exact taste of soup made from the famous Diamond Back Turtle. Pkt. 10c., 5 pkts. 25c., pt. 35c., qt. 65c., 4 qts. $2.40.
MOORE’S SUPERB NEW BUSH LIMA BEANS

Sturdy, Erect Bushes Filled with Luscious Green Beans, Prodigious Yielder, Early and Continuous Bearer, Handsome Pods 4 to 5 inches in Length. The beans are ready for the world as early as those of the Burpee Bush Lima; bears tremendous crops and furnishes the dinner table earlier from its earlier varieties. The pods contain four to five handsome large beans of the most luscious quality, and owing to the fact of the beans being closely packed the harvest is easily. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 1pt. 45c., 1 qt. 70c., 4 qts. $2.25, pk. $4.25, bn. $16.00.

MOORE’S NEW BIG POD BUSH LIMA

In this we offer you the EARLIEST, LARGEST and BEST of all LARGE BUSH LIMAS. The pods are truly enormous in size, filled with beautiful luscious green beans larger than any bush limas ever produced before. The pods are longer, but not as thick as our New Giant Bush Lima. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 90c., postpaid; by express or freight, 1 pt. 40c., 1 qt. 70c., 4 qts. $2.25, pk. $4.25, bn. $16.00.

FORDHOOK BUSH LIMA (True Stock)

A variety of much merit. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 1pt. 45c., postpaid; by express or freight, 1 qt. 70c., 4 qts. $2.25, pk. $4.00, bn. $15.00.

HENDERSON’S IMPROVED BUSH LIMA

Very extensively grown in some sections. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 1pt. 45c., postpaid; by express or freight, 1 pt. 40c., 1 qt. 70c., 4 qts. $2.25, pk. $4.25, bn. $16.00.

BUSH BUTTER OR BABY LIMA

A MARVEL OF YIELD! Outyielding all of the Earlies, and equaling the bestest of the Mid-season Limas. An exceed-ingly early maturing variety, suitable for market stock which we now offer to our many market gardener friends. This variety invariably commands a higher price in all markets than any other sort, and it will be found very profitable to grow by all who plant for profit. The distinctive improvements are its remarkable productiveness, delicious flavor, and the forming of the beans so closely in the pod. Pods broad, straight and thick. Beans dark green, tender, soft and buttery. Handsome and a most desirable variety for family or field planting. One packet, 15c.; 2 packets, 25c., and in bush boxes, 50c., postpaid.

POLE LIMA BEANS

Superior Varities for Market Gardeners

One Quart will Plant 100 Hills. Lima Beans are apt to rot if planted too early.

WALTER’S PROLIFIC THICK GREEN POLE LIMA

A grand selection possessing great merit. Of most delicious quality. Will always command the highest market price. 250 pods to one vine is the record.

It originated and was grown for many years by Mr. Henry Walter, one of the most successful Lima bean growers of Gloucester Co., N. J., and who always jealously guarded his seed from "outsiders." By paying him an enormous price we finally induced him to grow seed stock which we now offer to our many market gardener friends. This variety invariably commands a higher price in all markets than any other sort, and it will be found very profitable to grow by all who plant for profit. The distinctive improvements are its remarkable productiveness, delicious flavor, and the forming of the beans so closely in the pod. Pods broad, straight and thick. Beans dark green, tender, soft and buttery. Handsome and a most desirable variety for family or field planting. One packet, 15c.; 2 packets, 25c., and in bush boxes, 50c., postpaid.

WILKIE’S PERFECTION PRIZE LIMA

The Standard Pole Lima Bean. A Grand Acquisition for market and market gardeners. The plant is of the most perfect and a delicious variety of Pole Lima. Mr. Wilkie was over 25 years perfecting this truly valuable variety and which is unsatistactingly pronounced to be the best the world has ever known. It is a continuous producer and will bear profusely the entire season. This is unquestionably the earliest, best and most profitable variety for family or garden to plant; the beautiful green color and delicious quality of the beans always create a big demand for it wherever known. Large pkt. 15c., 2 pkts. 25c., pt. 45c., qt. 90c., postpaid; by express or freight, 1 qt. 75c., 1 pt. $2.35, pk. $4.50, bn. $16.50.

Peas, Beans and Corn weigh approximately two pounds to the quart.
BEANS—Pole or Running—Superior Varieties

CULTURE—These Pole varieties should be planted about 2 weeks later than the Bush varieties. They should be enriched with fertilizer, well-rooted manure in the hills. From 6 to 10 seeds are planted about one inch deep in each hill. Every one with a home garden should plant one or more of these excellent varieties. They are more productive, better flavored and easier gathered than the dwarf sorts.

Scarlet Runner. Ornamental and as well as useful. In northern locations where the summers are cool and short, this takes the place of the Large Lima. Plants are of strong, quick growth, bearing large sprays of pretty flowers. When fully ripened, the dry beans are of bright scarlet, heavily bluscked to purple. Pkt. 10c., 3 pt. 25c., pt. 45c., qt. 75c. Postpaid.

Wren’s Egg, or Horticultural. Stringless pods hang in enormous clusters.Beans large, beautifully splashed and spotted with red, and of the highest quality. Being stringless it makes an excellent snap bean at any stage of growth, and when ripe are unsurpassed for baking or boiling; well adapted for where the summers are cool. Pkt. 10c., 3 pts. 25c., pt. 35c., qt. 70c., 4 qts. $2.00. Postpaid.

Lazy Wife’s (Green Pod). The pods, of medium dark green color, measure from four and a half to six inches in length and are unusually productive. They are broad and round, rich, tender, and stringless qualities until nearly ripe. Each pod contains from six to eight green, stringless beans, which make excellent winter shell-beans. Pkt. 10c., 3 pts. 25c., pt. 35c., qt. 70c., 4 qts. $2.25. Postpaid.

White Creaseback or Saddleback. A popular early green-podded pole bean for snapshots: of rapid growth and very productive. Pods grow in clusters and are from six to eight inches in length, perfectly round, being deeply creased or saddlebacked. They are solidly fleshy, entirely stringless, and of fine quality. The dried beans from 3 pts. 25c., pt. 35c., qt. 65c., 4 qts. $2.25. Postpaid.

Early Importuted Dutch Case Knife. productive, and excellent, whether used green or dry. Pods broad, flat, white, and long, with vicious, clinging with the vine. Pkt. 10c., 3 pts. 25c., pt. 35c., qt. 65c., 4 qts. $2.25. Postpaid.

New Golden Lazy Wife’s Pole. It is nothing unusual to pick 1/2 bushel to 3 pecks from a single vine. The pods are strong, long, broad, thick, fleshy, a beautiful yellow, and entirely stringless, surpassing all other varieties in this respect, and retaining these important qualities until almost ripe. Extremely rich, tender and fine flavored. The vines cling well to the pole, of pro commerce bearing in great abundance when the vines are quite young, and continue to bear prolifically the entire season. The beans when dry pure in white color, and make a fine shell or winter bean. Pkt. 15c., 1 pt. 30c., 45c., qt. 75c., 4 qts. $2.75. Postpaid.

Old Homestead or Kentucky Wonder. This bean is even more prolific than its green-podded namesake. We do not overstep the bounds of truth. It commences to bear some weeks earlier than the average bush variety, and keeps on producing until killed by frost. In some comparatively frostless districts it has continued in bearing from June to December. The illustration shows the height of the vine and its enormous productivity. It is a rampant grower, one vine filling a pole with a mass of vines densely loaded with lucious beans. They are solidly meaty, entirely stringless, and when cooked, deliciously rich and hearty. The seed is brown, closely resembling that of the Kentucky Wonder. Pkt. 10c., 1 pt. 25c., pt. 35c., qt. 75c., 4 qts. $2.75. Postpaid.

Tennessee White Corn Hill. It is unarguable that this is the best variety ever grown for planting among corn, thus securing 2 crops easily from the same ground with but one cultivation—this is practical wisdom. The seed is white, pod flat, light green, very meaty, and they are without doubt the most productive pole bean in cultivation. As a green snap bean they are superior to any sort grown. While it is the earliest pole bean grown, it will continue to bear until frost if the pods are removed while yet young. Don’t fail to plant a dozen or more hills among your corn. Pkt. 15c., 1 pt. 25c., pt. 40c., qt. 70c., 4 qts. $2.50. Postpaid.

Famous Southern Butter Lima. This variety of pole beans is earlier than any of the other pole sorts. It is also remarkably prolific, of delicious quality, a continuous bearer, easy to shell, and will prove to be a decided money maker for the market gardener. The pods are long, with a stringy, delicious quality of green beans. We strongly recommend it to all our customers as a distinct, valuable and highly desirable pole lima bean. All who have home gardens should plant it. Pkt. 15c., 1 pt. 25c., pt. 35c., qt. 65c., 4 qts. $2.40. Postpaid.

Kentucky Wonder Wax. In saying that this bean is even more prolific than its green-podded namesake, we do not overstep the bounds of truth. It commences to bear some weeks earlier than the average bush variety, and keeps on producing until killed by frost. In some comparatively frostless districts it has continued in bearing from June to December. The illustration shows the height of the vine and its enormous productivity. It is a rampant grower, one vine filling a pole with a mass of vines densely loaded with lucious beans. They are solidly meaty, entirely stringless, and when cooked, deliciously rich and hearty. The seed is brown, closely resembling that of the Kentucky Wonder. Pkt. 10c., 1 pt. 25c., pt. 35c., qt. 75c., 4 qts. $2.75. Postpaid.

New Brazilian Asparagus Bean. This is a big improvement over the old Cuban variety, being much earlier. Pods grow from 3 to 4 feet long and are produced in great abundance. Color a beautiful green; tends food variety as well as the pods are broken into suitable lengths while young, cooked and served with a drawn butter sauce, same as asparagus are boiled or baked. Pkt. 15c., 2 for 25c., 4 for 75c. Postpaid.

We will send postpaid any two 15c. packets for 25c., or 5 packets for 55c.
THE MOST PROFITABLE SORTS FOR YOU TO GROW—they are the kinds that make money for those who sell them. You will be pleased with any or all of them.

New French Trevise. Positively the earliest dark blood red variety ever introduced and we recommend every one of our 95,000 market gardener friends to plant it largely—it will make big money for them all. It is as symmetrical as a small orange and is prime when about three inches in diameter. It is of violet red color, leaf stalks long, slender and of beautiful red color. It can be grown very close together and like our Nutting Early Gem is well adapted for growing under sash. We doubt if any seed dealer will ever be able to produce an earlier beet than this. Marketable beets in thirty days is its record. Owing to its very rapid growth it will be found very popular. Pkt. 10c., oz. 15c., 4 oz. $1.25, 5 lbs. $4.50. Postpaid.

Wesley's Earliest Market Beet. A handsome dark blood red, fine grained, showy variety for first early, second early and late planters. This is the dark red early beet ever grown. Meets a long-felt want among beet growers. Every beet salable. Always brings the highest market price. This excellent beet is an improved form of the famous "French Early Red Beet," so extensively grown in the south of France for early shipment to the Paris and London markets, where it is held in higher esteem than any other variety. It is a source of great profit to the French market gardeners, as well as to all others who grow it. Top of medium size, root very symmetrical and will please all who plant it. An enormous yielder. Pkt. 10c., oz. 15c., 4 oz. 35c., lb. $1.25, 5 lbs. $4.50, 10 lbs. $8.00. Postpaid.

I have planted your Wesley's Earliest Market Beet for fifteen years with great satisfaction. No trouble to sell them. L. J. Yates, Wilmington, Del.

Nutting's Extra Early Gem. Mr. Nutting's success and fame as an early beet grower has extended over a long period of years, and the giving of this grand new early beet to the public through us—we have purchased his entire stock—he considers the crowning efforts of his life. His neighbors have frequently asked him what it was that made this seed so productive, so high do they prize it for its extreme earliness and beautiful red color and fine shape. The special value of this beet consists in its being two weeks earlier than the Dewing's and Egyptian or Detroit strains, together with its being much better adapted to growing under sash, owing to its leaves and small size, thus rendering it very profitable to the market gardener. It will invariably command the highest market price and not infrequently sells at a higher figure than any other sort. For a general outdoor early crop it is unsurpassed. The quality is the highest, being very tender, sweet and succulent, even when the leaves die off from age. It will also be found to be the ideal beet for hot-house forcing, as our numerous testimonials will show. Pkt. 10c., oz. 15c., 4 oz. 40c., lb. $1.25, 5 lbs. $4.50, 10 lbs. $8.00. Postpaid.

For upwards of 20 years your Nutting's Early Gem Beet has made a specialty for early planting. The quality is superb and the top small. E. W. Lawrence, Jersey City, N. J.

Moore's Deep Crimson Top Shape. A Grand Second Early and Main Crop Variety. This variety is quite distinct and has become remarkably popular among gardeners in all sections of the country, and needs no recommendation from those who have grown it. It is of medium size, generally about 3 inches in diameter, very handsome in shape, a little flatter than round with a smooth surface. The leaves are rich crimson in color, born on slender stems, which grow quite compactly, and are thus easily removed. The flesh is deep crimson, ringed and zoned in varying shades. It is exquisitely tender, and delicious in flavor. Though it grows quickly enough for very early use, it will remain tender for a very long period. Pkt. 10c., oz. 20c., 4 oz. 50c., lb. $1.75, 5 lbs. $8.00. Postpaid. 

SPECIAL PREMIUM FOR EARLIEST AND QUALITY OVER ALL COMPETITORS

FRENCH TREVISE—EXTRA EARLY BEET

SUPERB VARIETY FOR EARLY HOME MARKET OR SHIPING

WE WILL QUOTE SPECIAL LOW PRICES FOR ANY VARIETY OF BEET SEED IN 25, 50 AND 100-LB LOTS TO LARGE PLANTERS OR CLUB ORDERS.
A BIG MONEY MAKER.
FOR SPRING.
MOORE'S NEW ALL SEASON BEETS.
FOR FALL.
FOR WINTER.

Something New and to the Point

This is one of the best early market beets in the world.

You Can Make Good Money Growing Moore's New All Season Beet on that Land of Yours.

The public wants this beet and will pay fancy prices for it. It has all the desirable qualities to make big money for you, and the year round, no matter whether you grow it for your home market or distant shipping, your profits will be big.

It is the Wonder Beet by All Tests

No matter whether you plant a quarter pound or one hundred pounds, you should not fail to include Moore's All Season Beet. It means big profits to all who plant it, either for an early or summer, fall or winter crop. Roots are perfectly smooth, a beautiful globe, with intense blood red skin, fine grained and very sweet no matter what season in the year it is grown. Plant it for early.

Plant it for second early. Plant it for summer. Plant it for fall. Plant it for winter. Pkt. 10c., oz. 15c., ½ lb. 40c., lb. $1.25, 5 lbs. $5.25, 10 lbs. $9.50, postpaid.

NEW GOLDEN BALL

A Delicious New Variety from France
A Valuable Market Sort

We have eaten of nearly all varieties of beets grown in this and other countries and pronounce the New Golden Ball the finest flavored and tenderest yellow fleshed beet grown. No matter how old the beet may be, the exquisite flavor and tenderness remain; this peculiar quality causes it to be one of the best varieties for the family garden. In carliness it is equaled by none, and when sown late it is excellent for winter use. In size of root and top it closely resembles our Wesleys Early. The beautiful yellow color makes it a unique table ornament—as buttered beets it is a real table delicacy. Everyone with a family garden should plant this very toothsome variety—it will surely please all. Pkt. 10c., oz. 20c., 4 oz. 50c., lb. $1.75, 2 lbs. $3.00, postpaid.

Plant Our Frost-Proof Hardy Cabbage Plants

For Frost Proof Onion Plants See Page

We have these plants grown specially by us on the Atlantic Coast where the soil and climatic conditions are just suited for growing tough, hardy cabbage plants during the winter. Our seed is sowed in the open in the months of October, November, December, January and February; and when about eight to ten weeks old they are very tough and hardy. When in this condition they can be shipped and planted in the open ground a month to six weeks sooner than the home-grown hot-bed or cold-frame plants. These FROST-PROOF CABBAGE PLANTS will stand a temperature of 8 to 10 degrees above zero without injury, the land freezing, or the plants being covered with ice, sleet or snow after they are planted will not hurt them. The top of the plant does not grow until your regular Spring weather opens up, but the roots grow from the time they are planted and just as soon as Spring weather starts the plants grow very fast, maturing hardy cabbage ten days to three weeks sooner than you can mature them from hot-bed and cold-frame plants. You know what a big profit you will have to get your cabbage early.

TO GET THE ADDED VALUE OF THESE PLANTS THEY MUST BE PLANTED A MONTH OR SIX WEEKS EARLIER THAN YOU WOULD PLANT HOME-GROWN PLANTS FROM SEED.

Our cabbage plants are shipped direct from our growing station by mail or express. They will carry thousands of miles in good condition. We can fill orders from December 1st to May 1st. We guarantee delivery while our stock lasts.

The plants may be somewhat wilted. Regardless of appearance, however, they will produce the crop results if given proper growing care. No plants sent C. O. D.

We offer the following varieties: Early Beauty, Jersey Wakefield, Large Early Oxeheart, Charleston Wakefield, Early Stonehead, Model Summer, Succession, Early Flat Dutch and Early Drumhead.

Prices, carefully packed, postage paid, to any part of the United States: In lots of 100, 50c.; 200, 300 or 400 plants at 50c. per 100 plants; 500 plants for $1.75; 1,000 or more at $2.75 per 1,000 plants; 5,000 plants for $12.50. Postpaid to your post office or R. F. D. box. Be sure to write your rural route number, box and post office distinctly.

Orders are filled by the 100, not 250 or 500. These prices are for even quantities of one variety to package; if you ordered 200 of one variety and 300 of another variety you would pay at the 100 rate.

Prices for strong plants by express, buyer paying express charges. In lots of 1,000 to 4,000 plants at $2.00 per 1,000; 5,000 or more at $1.50 per 1,000. Plants packed for express shipment, 1,000 or 2,000 plants of a variety to package; they weigh about 25 pounds per 1,000 plants, packed for shipment. Your express agent can tell you about what the charges will be to your station. We advise Parcel Post shipments for all orders, as there is less danger from delay.

GET FANCY PRICES AND BIG MONEY FOR EARLY TRUCK;

CEL-O-GLASS, IMPROVED TYPE—A WONDERFUL SUBSTITUTE FOR GLASS—WILL HELP YOUR CABBAGE, EGGPLANTS, LETTUCE, PEPPERS, TOBACCO AND OTHER PLANTS.

Easy to use, no putty, no costly sash, definite wind and weather, practically non-breakable, flexible, light and permanent. A wonderful invention that will not dare to break, and gives full satisfaction. It is unaffected by the sun, rain, frost, snow or hail; does not crack or break, neither will the wind. Comes in lengths 100 feet long and 3 feet wide. (Free sample on request.) Price, 1 piece, 3x3, $3.50; 1 piece 3x12, $6.25; 1 piece 3 feet by 25, $11.75; 3 feet by 50, $23.50; 1 piece 3 feet wide and 100 feet long, $45.00; 1 piece 200 feet long and 3 feet wide, $85.00; 500 running feet, $135.00. We recommend this for hot beds, cold frames, out and poultry house use instead of glass throughout the United States and Canada. Send for sample and circular. Can be sent by parcel post at very small cost. Cello double-pointed tacks, 8c. pkg., postpaid. Parcel post weight 0.5 lb. 10 lineal feet, 4 lbs.; 100 lineal feet, 25 lbs.
BEET—Continued

LUMP OF SUGAR. Early? Yes; it will mature fine specimens in 40 days from sowing, at the pro-
gressive market gardener. A root absolutely red inside is deep blood
red; inside layers of blood red and light red alternately. They are beautiful when cooked, fine grained and
unmottled in quality. It continues to grow till late in the fall
attaining a large size, and making a good selling and eating beet
for winter. Everybody who has tested it will want it a second
time on account of its tender and sweet sugar flavor. It is
a great money-maker, as its fine shape and size bring for it excel-
 lent prices wherever offered. Everybody is pleased with it.
It makes friends everywhere. Its flavor is superb and its quality
is never found wanting. Indeed, our Lump of Sugar is among
the best and the family garden. They never have any
woody nor stringy. Always sweet as a “lump of sugar” and are
good for sowing for spring, summer and fall crops. It will never
disappoint you. Mr. Market Gardener. Pkt. 10c., oz. 10c.,
lbs. 50¢, lb. $1.50, 5 lbs. $7.00. Postpaid.

SPECIALY GROWN FOR
FEEDING PEDIGREE STOCK

SILVER ASPARAGUS. No other vegetable can be
raised in the garden at a smaller cost and better served
as a stock feed than our Silver Asparagus. The roots
are excellent for feeding stock as they are
medullary. The stems are cooked and eaten
as asparagus, and I claim it the best
value for stock manure on the
market. Pkt. 10c., oz. 20c., 4 oz. 50c., 1 lb. $1.75. Postpaid.

BRUSSELS SPROUTS—Continued

Veitch’s Market Favorite. Produces a very early crop of large,
firm sprouts, delicious in flavor. Leaves small, curled, pale green in color,
standing well out from the stem. Easily
produced and a sure header. The finest of all sorts. Especially
grown for market gardens. Pkt. 10c., oz.
30c., lb. $1.25, 5 lbs. $5.50. Postpaid.  

NEW ENGLAND MILK AND BUTTER MANGEL. The feeding of this variety will increase your dairy
products and about one third more milk and butter and are in much better
condition fed on hay and
the milk and Butter Mangel, than if fed on hay alone. The largest
yield of cattle food ever known has been obtained from this variety.
Chemical tests show it to contain 29 per cent. sugar, while other sorts only
analyse from 12 to 14 per cent. It is a compact grower, and if ground be
well fertilized, this variety will stand closer cultivation than the
common. The root and top is red and very smooth. Oz. 15c., 1 lb. 35c., lb.
$1.25, 5 lbs., enough for one acre, $5.50. Postpaid.

Daniel Long-keeping Sugar Mangel. A deep
golden yellow and is of high fattening value as well. Sheep and most
stock have a preference for it over other varieties. It is the longest
and best keeping of all mangels. The root will keep in perfect condi-
tion until June. The yield per acre under best cultivation is simply
enormous. It is especially suitable for calcareous soils. Oz. 15c., 4 oz.
35c., lb. $1.25, 5 lbs. $5.50. Postpaid.
NEW EARLY GEM CABBAGE

EARLIEST HARD HEADING SORT GROWN

Moore's Selected Beauty Early Wakefield Cabbage

Enkhuizen Glory. The heads are very small, with but few outer leaves, and of such coarse manner as to permit quite close planting, thus increasing the yield on a given area. They are of medium size (weighing from 6 to 8 pounds trimmed), round, tender, and of fine flavor. Pkt. 10c., oz. 50c., 1 lb. $1.25, 2 lb. $4.50, Postpaid.

Golden Acre. This is quite similar to the popular Copenhagen Market, and somewhat smaller sized and earlier. The heads are very small, weighing 1 to 2 pounds, and all of being planted very close, and will mature all at once. It has always been our aim to have the finest strain of this important variety, and we are pleased to state that we have a really superior strain for our Market Garden friends, and we hope they will avail themselves of the opportunity to get out extra stock of this valuable early variety. Pkt. 10c., 3 pkts. 25c., oz. 35c., 4 ozs. 55c., 1 lb. $1.50, 2 lb. $7.50, 5 lbs. $12.75, Postpaid.

New Early Copenhagen Market. It is undoubtedly without a rival as the finest large round-headed early cabbage in cultivation. The type is thoroughbred, and the heads and small, weighing fifteen pounds, and nearly as solid as our Boston Early Head, and of very compact growth. It is known as the early round-headed cabbage, and is being produced almost on the ground level. The leaves are light green, rather small, sauce shaped, and always tightly folded. The plants, therefore, can be set closer than is usual with varieties of similar size. We have a fine stock of seed (all grown at Denmark), which is very limited. Per pkt. 10c., 3 pkts. 25c., oz. 35c., 4 ozs. 55c., 1 lb. $1.00, 2 lb. $3.00. Postpaid.

Large Early Ox-Heart. For many years past the true type of this valuable cabbage has not been offered by any nurserymen. We are proud to say that we are now enabled to offer to our patrons the true type of this famous and valuable old sort. We pronounce it the very best early Ox-Heart cabbage in existence. The heads are nearly round, weighing fifteen pounds, and nearly as solid as our Boston Early Head, and of very compact growth. It is known as the early round-headed cabbage, and is being produced almost on the ground level. The leaves are light green, rather small, sauce shaped, and always tightly folded. The plants, therefore, can be set closer than is usual with varieties of similar size. We have a fine stock of seed (all grown at Denmark), which is very limited. Per pkt. 10c., 3 pkts. 25c., oz. 35c., 4 ozs. 55c., 1 lb. $1.00, 2 lb. $3.00. Postpaid.

FROST PROOF CABBAGE and Onion Plants see page 25

MOORE'S ALLHEAD EARLY CABBAGE BABY HEAD OR FORCING

The small, round heads are remarkably solid and the most uniform in color, form and size of any variety. The hard heads grow so few pounds removed that to live from four to five thousand more than usually with large cabbage can be obtained to the acre. It is really an all-year-round cabbage, being equally good for winter. If planters everywhere only knew the excellence of Moore's Allhead Early Cabbage, every other strain of seed would not suffice to meet the demand. It is undoubtedly altogether unequaled in many sections as an early summer cabbage, and is fully as good for winter use, being ready on all the year-round. Moore's Allhead Early Cabbage is vigorous, and the outside leaves are well blanched during the growing season. Pkt. 15c., 2 pkts. 25c., oz. 35c., 4 ozs. 75c., 1 lb. $1.25, 2 lb. $6.00. Postpaid.

CHINESE CABBAGE—HANG KOW SELF-BLANCING. This is our leading and best variety of Chinese Cabbage. It is absolutely the best one heading sort it will ever be offered, and will make a head during the summer months when other varieties fail. It is excellent in quality, crisp, tender and brittle, with a fine rich celery flavor, handsome in color, vigorous growth and free from insects. It is perfect for the city market, for the trucker or private planter. A good keeper, good shipper, the best seller. Blanches creamy white, crisp and delicious. Pkt. 10c., 3 pkts. 25c., oz. 40c., 4 ozs. 85c., 1 lb. $4.00, Postpaid.
A highly interesting and valuable novelty for all who grow cabbage for home use or market or for long-distance shipping. We highly recommend it to all Southern cabbage growers. This superb new cabbage has created a veritable sensation wherever grown. It outyields and outsells any other early or second early flathead cabbage ever produced. Thousands say it is the best cabbage ever grown either for early, second early or late. It is truly said to be the most celebrated cabbage ever introduced. Moore's New Early Stonehead receives nothing but the most enthusiastic and highest praise from all who grow it, no matter where, North, South, East or West. It is the earliest flathead cabbage ever produced. 4,000 pounds per acre is not an unusual yield. Moore's New Early Stonehead Cabbage will surely please all who plant it. A good distinct type all by itself. An early, very hard heading variety maturing from three to five days later than our Early Oxheart. Somewhat flat to globe shaped, small ribbed leaves, small, very close and of fine, delicate texture; can be planted very close, about 20 inches in the row. A money maker for market gardeners, and very suitable for the home garden. Heads medium size, heavy and hard—solid as a stone—our customers say. It is a sure solid header, always produces a crop, the heads though hard never burst. The superb hard heads are excellent for making sauerkraut or sauerkraut, and owing to their great solidity keep well when stored for winter use. A fine type for selling in baskets. It is now extensively grown in all parts of the country and is universally pronounced a great success. Pkt. 15c., 2 pkts. 25c., oz. 50c., 1 lb. $1.50, 5 lbs. $5.00, postpaid.

C. L. Wright, Harrisburg, Pa., writes:—"I have been growing cabbage for 20 years and find nothing to equal Moore's Early Stonehead. It is great."

MOORE'S EARLY STONEHEAD CABBAGE

The best Cabbage Novelty in the last 10 years.

GROW MOORE'S EARLY STONEHEAD CABBAGE
THOUSANDS SAY IT'S BETTER THAN OTHER

MOORE SEED CO.
125 MARKET ST., PHILA.

MOORE'S EARLY STONEHEAD

NOWHERE IN THE WORLD WILL YOU FIND AS GOOD A CABBAGE AS
MOORE'S EARLY STONEHEAD.

NEW MODEL SUMMER CABBAGE

The grandest large heading summer cabbage in existence. The finest type of summer cabbage in existence, whether for medium early, main summer crop or even early fall or winter use. You will miss a wonderfully good thing if you don't plant it. We class it as a second early sort, coming in a few days after our Early Stonehead, much superior as a summer sort to succession, being double the size with no tendency to run to seed nor drop the leaves during hot summer days. We say, without exaggeration, that it is the finest summer and surest heading cabbage in existence today, and for summer use it has no equal. It is the cabbage in every market for the market gardener or private planter, being large in size, handsome in color and of the finest quality. The quality is excellent, tender and sweet. Pkt. 10c., 3 pkts. 25c., oz. 40c., 1 lb. $1.25, 5 lbs. $4.00, 5 lbs. $17.50, postpaid.

MADE BIG MONEY

"I have made big money every year by planting your Model Summer Cabbage. Had in over five acres last year and seven acres this." THOS. S. MYERS, Madison, Wis.
HAINES’ PERFECTION
LATE BEAUTY

1. It is the latest heading American variety of cabbage.
2. It is known to grow on all soils, north, south, east or west.
3. It is planted by more gardeners than any other American late sort.
4. It is almost proof against the destructive cabbage worm.
5. It is the best winter keeper for the southern states.
6. It is the best to grow for home market.
7. It will produce the greatest money value per acre.
8. It is the best for the family garden.
9. It is the best to sell by the 100 heads or carload.
10. It is the best sort for the dealer to handle.
11. It is sure to head solid.
12. It makes a crop where other sorts fail.
13. It is worth many times the price we ask for it.
14. It is the best American variety for making fine quality sauer kraut.
15. It is sure to please everybody.

Our attention was first called to this new late cabbage by the reader, Mr. Albert Haines, of Burlington, New Jersey, who for many years kept in his own family and occasionally sold little to his friends at $1.00 per lb. Many of those who grow it call it the “Greasy Head,” owing to the peculiar dark, smooth, oily appearance of its outer leaves. This feature renders it quite free from the attack of the cabbage worm. This feature alone is of inestimable value to all who plant it. Our seed stock, being obtained direct from Mr. Haines, can be relied upon as being absolutely pure. All those who grow it pronounce it different and superior to all other late sorts. The interior is creamy white, compact and crisp, flavor especially fine. Produces enormous solid heads, averaging from fourteen to twenty pounds each. We pronounce it the best late sort for winter keeping and shipping we ever introduced. Every plant makes a beautiful large solid head, which we usually sell above the highest market price. A field of this cabbage presents such a beautiful and interesting sight that it is an uncommon thing for cabbage growers to drive many miles to $1.00 to $2.00 per 100 heads more from this sort than any other. If you grow late cabbage you will miss an excellent opportunity to make money if you fail to plant it. We offer it at the extremely low price of pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.50, 10 lbs. $4.00.

CHAMPION’S LATE FLAT DUTCH CABBAGE

We know this to be the finest strain of Late Flat Dutch Cabbage Seed ever offered. It is all head, always sure to head, and will produce a greater weight of cabbage from a given space than any other Late Flat Dutch or Drumhead sort. The heads are scarcely any outer leaves, are remarkably uniform, solid, of fine texture, have a short stem, and usually weigh from ten to thirteen pounds. It is very sweet flavored, keeps well, is an excellent shipper, withstands drought well and is without doubt the finest Late Flat Dutch Cabbage for the Market Gardener and Consumer that we ever saw during our thirty years’ experience. No variety of late Flat Dutch can approach it for fine quality and uniform reliability to produce solid, firm heads of good size during the most unfavorable weather. Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. 85c., 1 lb. $2.75, 5 lbs. $12.50, postpaid.
CAULIFLOWER

MOORE'S ITALIAN GIANT EARLY SUREHEAD CAULIFLOWER

Italian Giant Early Surehead is the very best early Cauliflower in cultivation, either for forcing under glass or outdoor planting, not only in the North, but also in the South — a variety that produces a finer, handsomer, larger, or earlier Cauliflower than our Italian Giant Early Surehead. It is remarkable for its extra earliness and certainty to produce fine, large, handsome, pure white, compact, early heads of cauliflower, measuring twelve inches in diameter. It is the earliest of all Cauliflowers, and is becoming the standard everywhere. Whether for forcing under glass in greenhouses or open ground it is the most certain in existence — "it is a gem." On account of its very dwarf and compact habit and short outer leaves it is peculiarly well adapted for forcing either for winter or early spring. Whoever essays to grow this most delicious vegetable, either for home use or market, should plant this variety. Of dwarf, compact habit and short leaves, enables it to be planted very close—2 inches apart each way. This sort is by far the very finest results wherever planted, for a late crop. While we originally recommended it for an early crop, we, as well as hundreds of our customers, find it superior to all others for a late or autumn crop. The heads are very compact and deep, closely set and heavy and entirely free from any yellow or purplish tinge while young, thus insuring fancy prices. One grower, of twenty-nine years' experience, says he has "gotten fifty per cent. better satisfaction from it than from any other advertised early sorts." If you grow Cauliflower for home use, home market or to the florist trade, it is surely the best sort for you to plant.

Spencer Cummings, Cranmer Hill, N. J., writes: "I force four houses 20 x 100 of your Italian Giant Surehead Cauliflower every winter and find this variety decidedly more profitable than either early Snowball or Snowstorm and I have had both the latter sorts from the introducers." Pkt. 25c., double pkt. 50c., 4 oz. $2.00, ozs. $3.50, lb. $12.00, lb. $37.50, postpaid.

Moore's Earliest Perfection. One of the very earliest and best for forcing. Pkt. 50c., oz. $1.50, ozs. $5.00.

Christmas Beauty. A very vigorous short stem variety with large, erect foliage covering the enormous very white and fine-grained heart of excellent quality. Well suited for late autumn, November. Pkt. 15c., 2 for 25c., 1 oz. 50c., ozs. $1.50, 4 ozs. $5.00.

Improved Early Snowball. Extra quality. A really fine variety generally. Sure to head. We have the finest possible stock of this favorite variety. Pkt. 20c., oz. 75c., 1 oz. $2.50, lb. $6.00, lb. $20.00, postpaid.

Champion Dry Weather Cauliflower

This is an entirely new and valuable type of Cauliflower, producing large, solid heads in a few days later than our famous Italian Giant Early Surehead.

On account of its being very deep rooted, which insures abundance of moisture, and having unusually large leaves which furnish greater protection to the heads, this sort is found to head perfectly in dry or warm weather. In localities subject to excessive dryness, this variety has produced beautiful large, heavy, tender heads when all other sorts failed. It will thrive anywhere in the United States or Canada. Many of our customers, in Texas, Arizona, Oklahoma and New Mexico write that heads of the finest quality, weighing from 10 to 15 pounds, are not uncommon with them. By the use of our "Dry Weather" strain and our Italian Giant Early Surehead, this delicious vegetable can be produced in abundance at any time of the year. We may also say it is a grand good sort to plant for early spring; it thrives even better on rich moist soils. In growing any kind of cauliflower it is essential that the ground be well enriched and well cultivated during the growing season. Don't fail to give it a trial, it will surely please you. Pkt. 25c., double pkt. 50c., oz. $1.00, oz. $1.75, oz. $3.00, lb. $11.00, lb. $37.50, postpaid.

CHERVIL
(French) plant and uses similar to parsley. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. $1.75.

CHIVES
Also called Schnitzlauch. Chives resemble small onions, the tops are used for flavoring. More delicate than onions. Easily raised from seeds, Perfectly hardy. Pkt. 15c., 2 pkts. 25c., oz. 75c.

CORN SALAD
Large seeded Italian broad-leaved (True). It is by far the best variety for market. Pkt. 10c., oz. 25c., lb. 50c., lb. $1.75.

This remarkable variety is easily grown in any garden and combines the following good qualities, viz. : Earliness, size and prolificness. Makes valuable forage for a few days. Color of nut is white; large and of rich flavor. Growers of the "peanut" have always found ready sale at remunerative prices for their product. It does not require a rich soil. Plant in April, two inches deep, cultivate same as potatoes. Pkt. 10c., pt. 30c., qt. 50c., 4 qts. $1.75, postpaid.

CRESS
Fine Curled (PEPPER GRASS). Grows very quickly and readily from seed sown thinly in drills during the spring, summer, and fall months. The leaves are finely curled and quite ornamental. The flavor resembles that of mustard. Makes repeated sowings every 10 days from early spring until early fall. Pkt. 10c., oz. 15c., 4 ozs. 35c., lb. 55c., lb. $1.00, postpaid.

Water Cress
One of the most appetizing, delicious flavored of small salads. It does fairly well in very moist situations, but thrives best in shallow water, on edges of streams, where it grows most luxuriantly. Pkt. 10c., oz. 40c., lb. $1.00, lb. $3.50.
CARROTS—Best Market Sorts

We have exercised the greatest possible care in selecting the best varieties of Carrots, and the careful manner in which they have been saved will insure our customers purity of strain and the most satisfactory results from sowing our Carrot Seed. Market gardeners derive great satisfaction from sowing our Carrot Seed.

French Red Forcing. (See cut.) An excellent dark red, coreless variety, about 3 inches long, with very short top, remaining tender, juicy and sweet a long time after losing fit to pull. Its remarkably rapid growth and very small top render it one of the best and most profitable sorts for sowing under glass during the autumn or early glass, and may be allowed to remain quite thick in the ground. Fine trade will pay an extra price for this variety. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. $1.75.

New Perfection Rubicon or Model Carrot. (See cut.) In this new variety we have an entirely new and distinct American carrot; very symmetrical in shape and of a beautiful, deep golden orange color, without core. The stock is so very long, and the carrots have attained such uniform shape, that they are almost exact duplicates of each other. It is earlier than the Danvers; the leaves are shorter and finer than those of the well-known sort. It is an excellent sort for growing under glass or outside, at any season of the year. It grows without thick neck: the crown is broader, and grows well under the ground, which prevents it from becoming sunburnt—a very important feature. Its table qualities are unequaled, while its yield is enormous. Neither does it crack nor spoil in storage. Pkt. 10c., oz. 20c., 1 lb. 60c., lb. $1.50, 5 lbs. $6.50. Postpaid.

Ox-Heart or Guerande. It is intermediate in size between the long orange carrots and half-long varieties (Rubicon) but much thicker than the latter; top about three inches in diameter. Pkt. 10c., oz. 20c., 4 ozs. 40c., lb. $1.20, 5 lbs. $5.00. Postpaid.

Chantenay. They are a little longer than the French Forcing, being thicker at the shoulder and hence more productive of stock. Pkt. 10c., oz. 15c., 4 ozs. 40c., lb. $1.25, 5 lbs. $5.50. Postpaid.

Moore's Favorite Carrot. Would you consider 800 bushes an acre a good crop? We think you would. However, very small, many of our customers think anything less than 1,000 bushes an acre not a good crop. We have many large carrot growers who year after year take a harvest of 1,000 bushes each with our Favorite Carrot. Some of these have been under observation for years, and records run as high as 1,600 bushels per acre on good sandy loam fertilized with good manure at the rate of 5 tons to 15 tons at the rate of 5 tons to 15 tons per acre. It grows to a very uniform shape; it is darker than Danvers and grows from one to two inches longer. The quality is the best and it holds its fullness well down to the point. Very smooth and handsome; the small, keeps well and long; keeps the ground clean of bunched. This carrot always commands the highest price on any market. Don't fail to plant it heavily. Pkt. 15c., oz. 30c., 1 lb. $1.00, 5 lbs. $5.00, postpaid.

Long Red Surrey. A great improvement on the various types of Long Orange Carrot obtained by a careful selection on successive years of the best-formed and deepest-colored roots; it is large, better flavored, of a deeper orange color, and more certain to produce a crop than any other type of long carrot; flesh very sweet and tender; very productive, and never becomes hard or woody at the heart. The roots grow very regular and smooth; they are of good size, being from six to eight inches in length and two inches in diameter, the top, tapering gradually from the shoulder to the tip of the roots. In color, shape and size this is an ideal sort for a market gardeners' late crop. Pkt. 10c., oz. 20c., 4 ozs. 40c., 1 lb. 75c., lb. $1.30, 5 lbs. $6.00, postpaid.

MOORE'S CORELESS. (New.) Absolutely without woody core, delicately flaved, blunt root about 6 inches long, fine color, excellent for bunching. Pkt. 10c., oz. 15c., 1 lb. 50c., lb. $1.75, postpaid.

Reselected Prize Danvers Half Long. (Kreussen's Stock.) Seed grown by a leading Philadelphia market gardener. Stump rooted, very smooth, fine in texture, extra dark color, finest quality, best market strain and heaviest yields. Pkt. 10c., oz. 15c., 4 ozs. 45c., lb. $1.25, 5 lbs. $5.50, postpaid.

French Imperial Carrot (New). A very fine type of early carrot grown in very large quantities for the Paris and London markets where it is so highly esteemed that it has supplanted most all other early sorts. Root blunt about five inches long, very symmetrical, smooth, of a color a very attractive, orange red, and of most excellent table quality. Top small, keeps well, suitable for early or late crop. Very profitable for the market gardener to grow either for bunching or bulking. Pkt. 10c., oz. 25c., 1 lb. 60c., lb. $2.00 postpaid.

MOORE'S DELICIOUS BUTTER CARROT.

People who never liked carrots before are delighted with the melting tenderness and sweet flavor of Moore's Delicious. It is a huge blunt-pointed carrot with a small top. Flesh is of fine texture, entirely devoid of striations about 6 inches long and 1½ inches through. Clean skinned and smooth. Color, a beautiful rich orange-red, making it unusually attractive, and as butter when served, hence its name. Pkt. 10c., 3 pts. 25c., oz. 45c., 4 ozs. 81.25, lb. $1.50, postpaid.
THOUSANDS OF MARKET GARDENERS

Throughout the United States acknowledge our Celeries to be the finest in existence, and use no other.

MOORE’S SUPER GOLDEN PLUME CELERY

This new type of celery embraces many valuable and desirable qualities not found in any other sort. We unhesitatingly pronounce it the most profitable early crop celery for those who grow for the home market and long distance shipper, no matter what part of the United States he may be in. It is a winner everywhere. The stalks are of a rich golden waxy color, very solid and of a delicious nutty flavor not possessed by any other sort. The beautiful appearance and strong vigorous growth of this celery is well shown in our Illustration. It has abundance of hearts and side shoots which are very crisp and tender. It blanches very easily and rapidly, the advice of our customers say it is rust and blight proof. Another important thing, its beautiful golden plume-like stalks cause it to sell on sight. It is a good keeper, and most admirable for long distance shipping. Its handsome golden color and rich, crisp, nutty flavor makes it the best selling early celery ever introduced. We unhesitatingly state that it is the most profitable early celery any market gardener or shipper can handle. Our 1924 crop of seed is not large but unusually good quality and we advise all our market gardener customers to buy early. It spells satisfaction and prosperity to all who grow it. No commercial celery grows, large or small, should fail to grow it. Our “Yellow” resistant stock.

Price per pkt. 25c., 6 pkts. $1.00, 1 oz. $1.25, 1 oz. $2.45, 4 ozs. $8.00. 1 lb. $15.00, 1 lb. $30.00, postpaid.

MOORE’S NEW WHITE AREZZO CELERY

This new Celery from Belgium is a perfect gem, and we unhesitatingly pronounce this the best and most desirable of all celeries for winter use, either for the amateur or market gardener. It is unusually vigorous, sturdiy growth, making exceedingly thick and heavy stalks and large heavy hearts, all remaining a beautiful light green, blanched by earth logging or being stored for winter. Height about 15 inches; an excellent keeper. It blanches to a clear white when the stalks are extremely brittle, entirely stringless and exceedingly crisp and possessing flavor so surpassingly rich and nutty. We urge all celery growers to try this celery in the plant for free. Pkt. 20c., 4 pkts. 50c., 1 oz. $1.25. 4 ozs. $4.00, 1 lb. $15.00, postpaid.

MOORE’S MATCHLESS LONG KEEPING WINTER KING (Zurrenners Stock)

A VARIETY OF RARE MERIT

Our many customers regard it the most desirable type of Golden Heart Celery known to the trade. Remarkable for its long long, broad, thick ribs and numerous “inside hearts” of the golden color. This variety blanches easily, keeps remarkably long in perfect condition. The ribs are annually solid, firm, crisp, tender and beautiful in appearance. This variety has been produced by careful crossing and high culture between the Dwarf Golden Heart and our White Wolcot, by one of the best celery growers in this country. Pkt. 10c., oz. 30c., 4 ozs. $1.00, lb. $3.50, 5 lbs. $15.00, postpaid.

NEW SILVER SELF-BLANCHING CELERY

Combines the grand qualities of the three most popular celery sorts: the sturdy, solid habit of our Golden Self-Blanching; the exquisite color and earliness of our Boston Mammoth White Plume; and delightful rich flavor of our Sweet Nut. This grand new celery is easily described as a Golden Self-Blanching plant with White Plume coloring. It possesses the robust, sturdiy, compact habit of Golden Self-Blanching, the stalks being even thicker, more solid and heavy, with immense solid hearts and all brittle, crisp and tender, free from string or fiber, and of delightfully rich flavor. Its extreme earliness renders it valuable celery for fall market gardeners. Pkt. 10c., 3 pkts. 25c., oz. 40c., 4 ozs. $1.25. 1 lb. $2.20. 1 lb. $4.00. 5 lbs. $18.50, postpaid.

NEW BROAD-RIBBED OR SWEET NUT CELERY

The most delicious eating celery ever introduced. It is the sweetest, crispest, tenderest, finest flavored and most solid of all celeries. No other sort equals it in these valuable qualities. Again, it will not burn down in hot, dry weather. It is a highly valuable and important feature, as all celery growers well know. It is a strong, vigorous grower, distinct and handsome in appearance, of an exquisitely beautiful cream white color throughout. Its keeping qualities are second to none. Edible almost to the top of the stem. We commend it to the private planter who requires the highest quality, and to the market gardener who wants to have the best for his customers and whose aim is to obtain the highest price for his products. Excellent for early or late use. Blanches almost as freely as our famous Boston White Plume. Pkt. 10c., oz. 30c., 4 ozs. $1.25, 1 lb. $2.15, 5 lbs. $18.75, postpaid.

SOUP CELERY. For flavoring. Oz. 10c., 1 lb. 25c., 1 lb. 75c.

IMPROVED GIANT PASchal. Seed imported from France. Very select stock, brittle stalks, blanching golden yellow, no spongy or hollow stalks in our strain. Good for market or family use. Large broad-ribbed, very crisp. Pkt. 10c., 3 pkts. 25c., oz. 35c., 1 lb. $1.00, 1 lb. $2.75, postpaid.

CELERIAC, OR TURNIP-ROOTED CELERY

NE PLUS ULTRA. Best market sort. Very large and smooth globular-shaped roots. The most profitable sort to grow. Pkt. 10c., oz. 30c., 4 ozs. 75c., 1 lb. $2.50, postpaid.
MOORE’S SELECTED MAMMOTH SOLID GOLDEN SELF-BLANCHING CELERY

IS THE BEST THAT GROWS

MOORE’S SELECTED MAMMOTH SOLID GOLDEN SELF-BLANCHING CELERY

The verdict of all who grow it is, "It is the best that grows," no matter where it is planted—east, west, north or south. It is the best strain of Golden Self-Blanching Celery that grows. It is particularly well adapted to growing on heavy much lands that have been reclaimed from swamp lands. Florida and Louisiana growers prefer this strain to all others. It is especially valuable to much land growers. As far as we know it has shown no disposition to blight, even on land where other golden self-blanching celery could not be grown on this account.

It always grows solid, robust, very crisp, and of delicious, good, nutty flavor. It is less affected with hot, dry weather than other old strains. The stalks are numerous, large, solid and of a remarkably beautiful golden-yellow, and interlaced with numerous inside shoots or hearts of the same handsome yellow color and fine quality. Its beautiful appearance and fine quality always insure the highest market price and quick sales. Owing to the great solidity and firmness of its stalks it stands shipment better than any of the strains from France or other parts of Europe.

Our strain of this is acknowledged by all who plant it—and they are thousands—to be the finest and purest in existence, and far superior to any other. The stalks grow much thicker and taller and more solid than the old sort, and are of a more beautiful and a richer waxy golden-yellow color. Very solid and of a delicious nutty flavor. The beautiful appearance of this strain, which is of strong, vigorous hulks, is due to the fact that our strain contains no green, has an abundance of hearts or inside shoots, is always solid; pithy or spongy stalks are unknown. No strain can surpass it, and ours will give the highest satisfaction to all who grow it. An excellent keeper and shipper. If you grow for home market or shipping you should not fail to plant our seed. It is the best you can get. Those who plant it always get satisfaction. Wm. Richman, of Bradenton, Fla., sold $3,150.00 of this celery from one acre of ground.

Pkt. 15c., 5 for 50c., oz. $1.00, 4 ozs. $3.25, 1 lb. $12.00, 5 lbs. $35.00. Postpaid. Crop very short.

FORDHOOK CELERY. One of the Finest Nut Flavored Celery in Existence. A Heavy Yields.

The heavy yield of Fordhook Celery is due to a large degree to the compact and dwarf growth of the plants. They average 15 to 18 inches in height. The outer stalks are flesh and remarkably heart shows a tuft of creamy yellow. The stems are extremely stocky and the stalks average fully two pounds in weight. Because of its splendid appearance, Fordhook Celery always demands a good price in the market. The foliage is rich dark green and is resistant to disease and insect attacks. Good for fall and storing, and will keep in perfect condition way into the spring.

Pkt. 15c., 2 for 25c., oz. $1.00, 4 ozs. $3.00, lb. $10.00, 2 lbs. $18.00, postpaid.

Get Your Celery Seed from Us. We are Headquarters for the Best

Moore’s Famous NOX-ALL Easy-Blanching Celery

A FAMOUS NEW CREATION IN CELERY

OUR STOCK IS FREE FROM BLIGHT

Emphatically Distinct from Any Other Sort. The Easiest and Quickest to Blanch. Excels All Late Sorts in Long-Keeping Quality. The Earliest and the Latest in One Row.

This splendid Celery was named and introduced by us. It has already taken rank with other vegetables we have introduced, many of which are the standard of merit and have achieved a world-wide reputation. The original stock has been improved under our watchful care and it is today as near perfection as nature can make it.

MOORE’S NOX-ALL EASY-BLANCHING CELERY

Enables the market grower to command the market over the entire season, and so easily is it grown, that the amateur can produce Celery equal in quality to that which formerly could be grown only by skilled men equipped with years of experience.

The plant is of medium height, of great vigor—having thick rather than broad stalks, with short ribs. The leaves are slightly, but densely crumpled, distinguishing it from any other variety. Its quality is superior. The stalks are tender and brittle, and the flavor extremely spicy and aromatic with a beautiful golden heart.

Pkt. 15c., 2 for 25c., oz. $1.00, 4 ozs. $3.00, lb. $10.00, 2 lbs. $17.50, postpaid.

"I wish to say a word in favor of Moore’s Nox-All Easy-Blanching Celery. It is decidedly the finest that I have ever tried and, at this date, is still keeping fine. We are marketing it nearly every day and all who have tasted it say that it is the best."

Feb. 28, 1915.

HORACE SMITH, Pittsburgh, Pa.
SUGAR CORN

Fertilize the ground
useful if you wish high yield and good quality.

MOORE'S FIRST EARLY TABLE CORN

It is just like sowing good money to plant this corn. It is positively the earliest table corn ever introduced. This is the only variety of sugar corn that is truly the earliest table corn ever introduced. It is the hardiest of all varieties of corn, and one of the best for early planting. Every market gardener who wishes the earliest table corn of good quality can get should not fail to plant this exceedingly valuable sort. In our Moore's First Early Corn we have a truly remarkable and profitable extra early variety. It is truly the earliest table corn ever introduced. It is the hardiest of all varieties of corn, and one of the best for early planting. Every market gardener who wishes the earliest table corn of good quality can get should not fail to plant this exceedingly valuable sort. In our Moore's First Early Corn we have a truly remarkable and profitable extra early variety.

Moore's Early Buck Mountain or Burlington Market A sure variety for satisfaction and profit for all who plant it. Rows straight and parallel. It presents a very attractive appearance, and it is of excellent table quality. It is very hardy; should be sown one month earlier than Evergreen. It adapts itself to any kind of soil, either sand or heavy clay. Three ears to a stalk is not unusual and many nearly as large as Moore's Snow White Evergreen. Plant five qts. It has no need for a large planting in following years. It is not self-sown. Our orders are from the many thousands of our customers. Don't be afraid to plant it freely. It will make a large profit and will not only pay but will more than pay itself in the second year. It is a great money maker, and you cannot make it easier, better or quicker than by planting Moore's First Early Table Corn. Can be picked ten days earlier than Cory or any other sweet corn. Dorms do not tolerate it and is no other hybrid. First Early is a large, early sort that will make you half the money.

Country Gentlemen An old and very popular variety both for home use and for market. Ears medium in size and frequently three to a stalk, of delicious flavor and sweetness. Small and medium sized ears; not larger than our Snow White Evergreen.

Hyde's Earliest Sugar
Our Hyde's Earliest is the best of all the extra early sugar varieties for market or home use. The quality is delicious; the ears are large, from six to eight inches in length, holding ten to twelve rows of pearly white and unusually sweet grains. In earliness it follows immediately after our Moore's First Early. Fodder is about five feet high, many stalks yield two or more ears. This is a sure money-maker for all who grow it. It is also the best variety to plant for a late fall crop. It cannot recommend it too highly to our market gardener friends who wish to have the best quality and earliest money-making sugar corn they can get. It is sure to please all who grow or eat it.

Seymour's Large Golden Bantam
It is of strong growth, the stalks averaging six inches in height; often two to a stalk and of an unusually delicious sweetness, and average twelve rows. The grains when well ripened are bright yellow, and unusually sweet. In earliness it is the richest in flavor of all golden-yellow sorts. While it is especially recommended for the northern states, it is desirable also for warmer sections, both as a cordon and for large plantings. Our self-sown strain has been a big improvement on the old small-cared type of Golden Bantam.

Hickman's Extra Early Three-Eared A remarkably valuable early variety for market. It is of strong growth, the stalks averaging six inches in height. The ears are from six to eight inches in length, often two to a stalk and of an unusually delicious sweetness, and average twelve rows. The grains when well ripened are bright yellow, and unusually sweet. In earliness it is the richest in flavor of all golden-yellow sorts.
Luscious Golden Rod Sugar Corn

A few years back it was much prejudiced against yellow-grained Sugar Corn, but owing to its delicious quality the color of the corn is for-corrected. It is about 5 feet 14 inches, and usually bears 2 and 5 ears, which are filled out to the extreme tip. Pkt. 10c., 3 pkts. 25c., pt. 100, qt. 50c., 4 qts. $1.50.

Dainty Black Mexican Sugar Corn

Everyone who has seen this corn remem-bers it and its delicious sweetness and fine grain qualities in spite of its dark color, making it now and more of a favorite every year with epicures. Eight to 10 rows; ears about 10 inches long; kernels bluish-purple to black and very sweet. Pkt. 10c., 3 pkts. 25c., pt. 100, qt. 50c., 4 qts. $1.00.

Golden Bantam Shoe Peg Sugar Corn

This new variety is a decided improvement on the well-known Golden Bantam, making a larger, and surpassing that variety in its sweetness and delicious flavor. It is fully as early as the Golden Bantam: the stalks carry two to four ears each, of a most desirable size for table use. In its green stage the kernels are light yellow, but they cook to a bright golden yellow. The flavor of the Golden Bantam is rich, unlike and delicious, which, together with its productiveness and early maturity, is bound to make it one of the most popular sugar corns in cultivation. Large pkt. 10c., 3 pkts. 25c., pt. 100, qt. 50c., 4 qts. $1.50, pkt. $2.50.

Moore's New Snow White Evergreen

Should be planted by all. Market gardeners, canners and all lovers of good sugar corn who find it to represent the highest ideal—white, sweet, tender, fine quality and productiveness. It is just the corn you have long been waiting for. Ears contain sixteen or more rows of beautiful and delicious deep grained. Two and occasionally three attractive large ears are produced on each stalk. Another feature is the grains retain their tenderness and their sweetness longer than any other late sort. It is profit and satisfaction to all who plant it. It is always most productive. Our supply is limited, and we hope many thousands of customers will send their orders in early, as we wish every customer to have plenty of this wonderful variety. This seed is well worth the price asked. Large pkt. 10c., 3 pkts. 25c., pt. 100, qt. 50c., 4 qts. $1.50, pkt. $2.50, qt. $5.00.

Stowell's Evergreen.

Pkt. 25c., qt. 40c., 4 qts. $1.25, pkt. $2.50, bu. $8.00.

New Golden Giant Sugar.

Pronounced by those who grow it to be the most delicious sugar corn ever grown. It is a strong, vigorous grower and heavy yel-der, with rich yellow grained. It has fifteen to fourteen rows, and comes in after the earlier varieties. No stalk has less than two large ears. Just the sort for fine market trade, especially when sold direct to the consumer. Excellent sort for the family garden. We cannot say too much in its praise. Large pkt. 10c., 3 for 25c., pt. 30c., qt. 50c., 1 pk. $1.50, pk. $2.50, bu. $7.50.

Howling Mob.

The stalks are of strong, vigorous, growth, four and one-half to five feet in height, have abundant foliage, and generally produce two or three ears to a stalk. The ears measure seven to nine inches in length, with twelve or fourteen rows of golden-yellow, pearly-white grained, and mature with our Hickman's Three-exred. These are covered with a heavy husk, which extends well out from the tip and affords fine protection from the green worms which are so often destructive to early Sweet Corn. Large pkt. 10c., 3 for 25c., pt. 30c., qt. 50c., 4 qts. $1.75, pkt. $2.50, bu. $7.75.

Cooper's Large Early Shoe Peg.

R. L., who has grown quite wealthy by marketing it to the most critical buyers in Boston and New York. The productiveness of this sort is simply prodigious. When grown on good ground and well watered, ears of 10 inches in length are often-developed. The corn is very small, the grains deep and of rich flavor. Stalks bearing 4 ears are not uncommon. We cannot recommend this sort too highly to all our customers. The ears are just the right market size and is a "must" for all who grow for summer hotel trade. Large pkt. 10c., 3 for 25c., pt. 30c., qt. 50c., 4 qts. $1.50, pkt. $2.75, bu. $10.00.

Moore's Late Concord or Improved Late Mammoth

It is strictly an evergreen sort; in remaining long in edible condition it ranks with the best, and is admitted to be the most "everlasting evergreen" of all sweet corn, and much superior to the old late Mammoth—more and bigger ears to a stalk, also deeper grained. The ears are of extra large size, mostly 2 to a stalk, grains deep, exceptionally tender and sugary, and have the advantage, as we said above, of remaining longer in the green state than any other. Our stock has been carefully grown and selected. Large pkt. 15c., pt. 35c., qt. 45c., 4 qts. $1.50, pkt. $2.50, bu. $8.00.
**PROSPERITY** The Deepest Grained and Purest Yellow Early Dent Corn in Existence. The Kind That Will Make You Prosperous.

The Greatest Feeding Corn for Cattle Ever Produced. 146 bushels per acre is the record of this corn. It is early, ripening in 90 days, and can be planted in the northern corn belt and compete successfully both in yield and manner against corn from locally grown seed. Yields are not extra large, but of good size and symmetrical; color a bright golden yellow, as handsome as a twenty-dollar gold coin just from the mint; grain is very deep, cob small, dries out quickly. It has the color. If you want to get top market prices for yellow corn, just shell a carload of Prosperity with a machine that will clean out broken cobs and trash, and you will have No. 1 yellow, something that is almost unobtainable in the big markets. It has color. It has depth of grain and it will have soundness necessary to pass the closest inspection. Prosperity will ripen and produce good corn in any season, something that cannot be said of many of the large-earied varieties. Plant it, tend it, study it, and we have confidence to believe that you will be as well pleased in your own farm as the rest of us. Early Prosperity Corn is the very best of its type for the farmers of the Middle, Southern, Western and Eastern States. It Has Depth of Grain. Seventy pounds of our corn makes sixty to sixty-five pounds of shelled corn, and is valued to market. We have selected ears of this variety which produced sixty-four pounds of shelled corn and only six pounds of cob to the bushel. This is an unparalleled record. It cannot be equalled by any other corn in the world. It Makes the Most Feed. You can readily see that it is the man who feeds the corn on the farm who will get the most value from Prosperity—there is so little waste and the quality is the best. It is a soft grain but rich and full of oil, and easily digested. There is absolute dog proof feeding value in fifty bushels of Prosperity as in sixty bushels of any other variety. Pkt. 15c., 2 pkts. 25c., by mail, postpaid; qt. 30c., gal. $1.00, $3.00 in cash or checks only.

The cost of our pure seed is only about 60 cents per acre. One bushel per acre added to your crop will pay for the seed used. But practically all of our varieties are capable of increasing your yield from 20 to 50 bushels per acre. A word to the wise is sufficient.
Field Corn

POOR MAN'S CORN

A NEW 90 DAY VARIETY

FLESHY ENORMOUSLY

60 TO 120 BUSHELS PER ACRE

MANY OF OUR MARKET GARDEN FRIENDS MAY NEED GOOD FIELD CORN SEED. YOU CAN GREATLY INCREASE YOUR CROPS OF CORN FROM 20 TO 50 PER CENT. BY A JUDICIOUS CHANGE OF SEED. THE LATEST IMPROVED VARIETIES ONLY ARE THE MOST PROFITABLE SORTS TO GROW. WE OFFER YOU THE BEST. FOR OTHER SORTS SEE OUR SEED BUYERS' GUIDE.

..Double Your Corn Crop.. ADVANTAGES OF CHANGING SEED CORN

There is perhaps no other crop that is so much harmed by the introduction of fresh seed from time to time reduction of good field corn, provided the change is to a well-selected stock. Our best customers will not plant their own crop of seed at all, but will buy it new each year. They can grow nearly double the crop on the same land that they can from their own, and of better quality and more salable in the market. Always "Change your seed" is the motto of all prosperous farmers.

POOR MAN'S CORN

This great corn is the result of a series of crosses and subsequently by a continuous systematic selection, accumulating and perpetuating the superior defects of its parent, we have created a new variety, which we take great pride in introducing to all growers of this important cereal in the United States and all foreign countries. We have named it the Poor Man's Corn because we have found it to stand on poor, light soils than any kind now in cultivation, thus greatly assisting the poor farmer who has little money with which to buy fertilizers. In strong, rich soils it has no superior. The ears are of good size, handsome, with large, deep grumes of a rich orange color, and very small red corn, the lightest red in two ears to a bushel. Its hard, kned shells easily. It is also adapted to a greater variety of soils than any other variety, producing unusually rich, vigorous, and hardy corn, where other varieties would not thrive. This naturally well-ripened corn is a splendid, planted May 30th. One hundred and thirty bushels bailed early was the most common on good corn fields with gashes, and extra, cultivation. Moreover, it commands the highest market price. It is a poor corn which would be expected to command a lower price. Pkt. 15c., 2 pkts. 25c., postpaid; 1 qt. 35c., 1 pt. 35c., 1 lb. $1.15, pkts. $1.50, hq. $2.50, bu. $4.75.

Kansas Golden King Early Dent Corn.

This glorious corn combines solid merit, grows large ears and matures early. The ear grows larger than the Leaming Corn, and on poor, thin soil will yield 40 per cent. more. For many years we have made the varieties of field corn a careful study and through investigation we have secured a crop of corn grown in nearly every State in the Union, and personally tested with the object to secure an early maturing variety that would rival the most shelled corn to the acre and at the same time command the highest market price. We are confident that we have attained this end in the Kansas Golden King Early Dent Corn from the Great Elk Horn Valley, Kansas. Will mature in from 90 to 95 days, stalks vigorous, growing from 6 to 10 feet high without exhausting the soil, and as it roots deeply, it will stand the drought better than any other later sort. The grains as shown in the illustrations, are unusually fine in end and when dry is well selected corn will make a bushel of shelled corn. This variety will yield from 10 to 15 bushels of corn to the acre than any other late sort. No matter whether planted on high or low ground, its yield is equally marvelous. From 80 to 100 bushels per acre can be expected from a man yield on good corn ground. It is sure to please all who plant it. Price, carefully saved for seed, pkt. 15c., 2 pkts. 25c., postpaid. By express or freight, qt. 35c., 4 qts. $1.15, pkt. $1.50, hq. $2.50, bu. $4.75.

When Planting Your Corn USE

Stanley's CROW REPELLENT

Will rid your corn crop of crows and other corn-pulling birds and animal pests, such as squirrels, prairie dogs, squirrels, etc.

STANLEY'S CROW REPELLENT

Insures your sprouting corn against destruction by birds and animals.

Aids in the growth of the seed corn.

Protects seed against rotting in the ground.

Prevents loss of seed and labor of replanting.

Price, large can, enough for two bushels at seed $1.00, by mail, postpaid, $1.05. Small can, enough for one bushel, $1.00; by mail, postpaid, $1.15.
Figure it Out for Yourself

It costs but 90 cents for seed for 1 acre, freight included, for any of our improved varieties of seed corn; 50 acres of Diamond Joe's Big White will make you a yield of 4,000 to 5,000 bushels; 50 acres planted to common varieties will make you 1,500 to 2,000 bushels. Here is a difference of 2,500 to 3,500 bushels or less than a CENT PER BUSHEL FOR THE INCREASED YIELD, or a hundred times the cost of the seed. Figure it out for yourself.

DIAMOND JOE'S BIG WHITE

This wonderful new variety of white corn was originated and first introduced 4 years ago, and is now acknowledged by farmers, planters and corn growers everywhere as the "King of all White Corn" for light, thin or sandy land. When we catalogued this corn the first year, although we had about 8 thousand bushels of it, our entire stock was exhausted long before the season was over. Since then we have grown it much more extensively, but each succeeding year the demand for it has increased until we have always sold out long before planting time was over. Those who were fortunate enough to secure some of this corn won a prize, and everywhere doubled their yields on light, and without exception were we pleased. In fact it would make one gasp with astonishment to see and read the reports that come to us about the wonderful yields this corn has made on thin sandy soil. From nowhere comes a word of disappointment, but all are enthusiastic and loud in its praise when husking time comes. "DIAMOND JOE'S BIG WHITE" is incomparable with any other white corn we have ever grown or handled in all our 40 years' experience. It is especially well adapted to old, thin or sandy land, and on good strong corn ground there is no variety in the world that makes more big bushels of good, sound, well matured corn to the acre. It is absolutely free from barren stalks, every stalk bearing 1 to 5 well develop crop. It is very early to mature, making itself anywhere in from 90 to 100 days. It will thrive and do well in extreme drought. In short, "DIAMOND JOE'S BIG WHITE" is a superior variety of corn from every point of view over any white corn in the world. If you are looking for a white corn that will make you the most bushels and the most money on light land stop right now and order enough to plant your entire crop. It's the white corn that will do it.

Pkt. 15c., 2 pkts. 25c., by mail; ct. 30c., 4 pkts. $1.10, 1 pk. $1.60, fl. $2.50, bul. $4.50, by express or freight.

LONG'S DROUGHTPROOF

A New Yellow Dent Corn
Resists Drought and Scorching Heat better than any other yellow variety. More corn fields have been ruined by the drought and hot sun killing the tassels and pollen this past season than the writer has ever known, and especially is this fact true in the great corn belt. This magnificent new yellow dent corn went on through 6 weeks of growing weather without a drop of rain, and the heat the most severe ever known in this section, and it has made a crop where other sorts failed on account of dry weather. All fields that leaned towards the hot sun burned up. The pollen on these fields was killed, therefore the silk was not fertilized; result, no grain on the cob. On the other hand, a large field of this wonderful strong-growing variety, which leaned toward the sun, kept green and yielded over 100 bushels per acre. We do not hesitate to say that, all points considered—its beautiful color, small cob, long yellow grains, large ears—taking all points combined, it is the finest drought-resisting yellow corn ever introduced, and each customer who gives it a trial will be fully convinced that it is the best 90 to 100 day corn he ever planted.
Moore's Earliest. Remarkable and Highly Valuable Early Cucumber. Has yielded $1,100.00 per acre. The superior and the best shipper of all White Spines. It is the variety that will return you the most money, no matter where you ship it. As an early White Spine Cucumber there is no strain equal to this. It is truly an evergreen, retaining its beautiful dark green color until fully ripe. It is a sport from our famous Gem Fournier Cucumber. We have devoted a number of years to the careful selection of the finest specimens for seed purposes, and herewith offer it to our many thousands of customers. Color is dark olive green, white or light spines running from blossom end. It is the earliest and finest formed of all the strains, and the best for home market or shipping. It is smooth, tender, crisp, remains green on the vine and after picking. It is very hardy. We recommend this as the best strain of early White Spine for the market gardener. It seems to be peculiarly adapted to both northern and southern soil and climate, always developing symmetrical fruit of a beautiful dark olive green color, from six to ten inches in length. At the same time it gives the earliest picking and the largest crop of any known variety. The vines are robust and very free from disease, which is so devastating to many varieties. Indeed, the fact of its combining every good quality, its ready and quick sale in our market at double common sort prices, its uniform appearance and its remarkable, astonishing productivity led us to give it the name of Ideal. We can heartily recommend same to all who desire a really matchless cucumber for shipping long distances, as it holds its beautiful dark green color longer than any White Spine hitherto introduced. Our word for it: Every cucumber grower should plant it. It will yield more money to the acre than any other sort. Pkt., 10c., oz. 20c., ¼ lb. 45c., lb. $1.50, 2 lbs. $2.50, 5 lbs. $9.00 postpaid.

Important to the Planter. All our Cucumber Seed is very carefully grown under our own supervision, from very carefully selected stock seed. No two crops of seed are grown in succession on the same ground, thus avoiding all possibility of blights from this source. We also practice this policy in growing all our tomato, melon and potato seed. The careful and intelligent planter will at once realize that this method renders our seeds much more valuable than seeds grown in the usual way by others, and market gardeners, seed sellers and associations will get none but the very finest quality of this important seed from us, and we are prepared to furnish any quantity our largest planters may require.

MATCHLESS WHITE SPINE

(Private Stock)

This private strain we have had over ten years, and it is the most thoroughbred, uniform and shapely variety known among the White Spine type, not only for early but for general crop as well. It is not unequalled. Vines are vigorous growers, heavy and long continuous producers. Keeps green much longer than the yellow varieties. No sort excels it in crispness and flavor. Every market gardener and shipper knows how difficult it is to secure pure standard cucumber seed, and as this sort is absolutely without mixture, we are sure it will be quickly appreciated by all critical growers. Selected seed. Pkt. 10c., oz. 15c., ¼ lb. 45c., lb. $1.50, 5 lbs. $7.00. Postpaid.

Early Fortune. Originated near Baltimore, Md. and is a fairly good type of early long White Spine. Our stock is very pure. Oz. 15c., ¼ lb. 45c., $1.25, 10 lbs. $10.00, postpaid.

Burrell's Early Klondike. Early, smooth, long and of good deep green color; good variety known among the White Spine type, not for early but for general crop as well. It is unequalled. Vines are vigorous growers, heavy and long continuous producers. Keeps green much longer than the yellow varieties. No sort excels it in crispness and flavor. Every market gardener and shipper knows how difficult it is to secure pure standard cucumber seed, and as this sort is absolutely without mixture, we are sure it will be quickly appreciated by all critical growers. Selected seed. Pkt. 5c., oz. 15c., ¼ lb. 40c., lb. $1.25, 10 lbs. $11.00. Large buyers of any kind of cucumber will be quoted special prices upon stating quantity wanted.

Jersey Extra Early Prolific Pickle. It is ten days earlier than the old Jersey Pickle and more productive. Pkt. 10c., oz. 15c., ¼ lb. 45c., lb. $1.40 postpaid.

California Gem. A remarkably fine sort of the White Spine class. A great favorite in all markets. Long and symmetrical. Its wonderful yield, coupled with the high price it sells for makes it very profitable for the grower. A real good thing. Pkt. 10c., oz. 30c., ¼ lb. 85c., lb. $3.00. Postpaid.

DAYS PERFECT. New. Pkt. 10c., oz. 15c., 4 ozs. 50c., lb. $1.50, 5 lbs. $7.25. Postpaid.

Arlington White Spine. A rich dark green color, averaging seven to eight inches in length. Very fine type. Pkt. 10c., oz. 15c., 4 ozs. 50c., lb. $1.50.

Boston Market or Prize-Taker. In the Boston market. Immensely productive, fine picking variety. In length it is medium, between the White Spine and Long Green. Very thick through and full at both ends, presenting a beautiful type. An excellent market sort. Pkt. 10c., oz. 20c., 4 ozs. 50c., lb. $1.50, 5 lbs. $7.00, postpaid.

LONDON LONG GREEN. Very nice market and table sort. Pkt. 10c., oz. 15c., 4 ozs. 50c., lb. $1.50, 5 lbs. $7.00, postpaid.

Fohndoom Famos. Always upright and well formed, they never turn yellow, and critical buyers are willing to pay an extra price on market for these unequalled fruits. The originator says it is undoubtedly the finest long-fruited strain in cultivation. Oz. 15c., 4 ozs. 45c., lb. $1.40, 10 lbs. $12.00, postpaid.
We are the largest growers of Cucumber Seed of any Seed House in America.

New Green Fournier Cucumber. A new variety, from France, of the highest merit, possessing that rich, dark green color which has been so long sought for but never before obtained. This is truly an ever-green, retaining its color until fully ripe. On sight, its distinct dark green color and smooth skin attracts the attention of everyone interested. The fruit sets early and the vigorous vines abound in long, straight, handsome fruits of the most desirable quality; the flesh being peculiarly crisp and tender and the flavor delicate, highly esteemed.

It is especially valuable to the local market. Pkt. 10c., oz. 20c., 1 lb. 50c., 1b. $1.75.

Moore’s Gladiator Cucumber. This cucumber is a second early or late variety that surpasses all others of its class in beauty, delicious flavor, and size. A single plant will often yield fifteen magnificent long, crisp cucumbers, from ten to fifteen inches in length. It is prominently the finest sort grown for slicing, being very brittle and crisp in all stages of growth. It is of a beautiful clear dark green color, very even and smooth and straight. The green cucumbers are fit to eat at any stage, the flesh is entirely white, very crisp, peculiarly crisp, tender and brittle. It is likewise a grand sort for “salting” or pickling and will always outsell any similar sort. Pkt. 10c., oz. 15c., 4 ozs., 50c., lb. $1.50. Postpaid.

France Early Cluster. This is the most remarkable and valuable of all pickling cucumbers, and our illustration gives a very clear idea of its wonderful productivity. For several years we have made cucumbers for pickles a study, testing and originating new sorts for this purpose, and now we think we have perfection in our France Early Cluster. It is short (just the right length), bearing in numerous clusters near the root, of fine form, solid and crisp in texture, excellent in quality, and combines all the elements to make it a superior cucumber as to slicing. Its productiveness is remarkable, cropping from 30 to 40 bushels per acre on good ground.

We are sure that market gardeners will find it by all means the best offered in America, and to always command the highest market prices. Over 2,000 of our customers planted this valuable variety in 1924, and all pronounce it the ideal sort for commercial pickling. Pkt. 10c., oz. 15c., 1 lb. 45c., lb. $1.50, postpaid.

English Pickling. The vines are exceptionally productive, being covered with the curious little fruits, making delicious sweet pickles. Don’t fail to try them. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.50.

WEST INDIA GHERKINS. A very special, prickly sort, distinct from all others. Pkt. 5c., oz. 25c., 1/2 lb. 75c.

Serpent, or Snake Cucumber. A remarkable and very interesting curiosity. The cucumbers grew curled up like a snake with the head protruding and sometimes are five feet in length. Pkt. 10c., oz. 25c.

“Stays Green” or Earliest Black Diamond Cucumber. A very early variety of the white spine type fruit. 7 to 8 inches long. Held its dark green color a long time. Very productive. Good for home use or as a long distance shipper. Good market sort. A vigorous grower. Very choice stock. Pkt. 10c., oz. 20c., 4 ozs., 50c., lb. $1.75, 5 lbs. $8.50, postpaid.

DANDELION. The Dandelion resembles Endive and is sometimes cultivated for spring greens, or for blanched tops, and also a valuable remedy for diabetes. Many market gardeners, especially those near large cities, will find this to be one of the very popular sorts. Pkt. 10c., oz. 30c., 1 lb. $1.50, lb. $5.00.

FRENCH or CABBAGE. An improved thick-leaved early variety, double the size of the common dandelion. The only sort worth planting. Very productive to grow for market. Pkt. 10c., oz. 50c., 1 lb. $1.50, lb. $5.00.

FENNEL. CELERY-ROOTED FENNEL. Cultivated same as parsley. Thickened part of the root should be covered with soil, similar to celery. Pkt. 10c., 3 pkts. 25c., oz. 25c., 1 lb. 75c., lb. $2.50.

ENGLISH FORCING OR FRAME VARIETIES. These produce remarkably long and very solid fruits with few small seeds. Our seed is from the best English strains. Remember, send us $1.00 and select seeds in packets and cans to value of $1.50.

Telegram. Clear, green, smooth fruits, 14 to 16 inches long; free bearer. Pkt. 30c., Sutton’s Model. Pronounced the handsomest cucumber grown. Very popular for exhibition purposes. Pkt. 25c., or 6 for $1.00.

PARIS EARLY CLUSTER PICKLE. YIELDS FROM 250 to 400 BU. PER ACRE. UNAPPROACHED IN QUALITY, COLOR OR BRITTLINESS.

MONTAGUE’S GREENHOUSE. This is a grand American variety for greenhouse culture. It is the result of years of careful selection by Mr. Montague, the most successful commercial cucumber grower in America. It has a wonderfully bright, glossy green color, and is far superior to any other American forcing sort. Wonderfully productive, slender smooth, very even and regular in form; besides it brings the highest market price in every market. Fruit will average from seven to ten inches long. You will find it just right. Pkt. 15c., 2 pkts. 25c., oz. 50c., 1 lb. $1.25.
Superior Varieties of Egg Plan

MOORE'S EARLY BLACK BEAUTY

This is said by many of our customers to be the king of Egg Plants, especially those who grow their own table and are fortunate enough to grow any new and better variety. This is the result of years of careful selection from our well-known New Jersey Improved, which has given such satisfaction to so many thousands who have grown it. Moore's Early Black Beauty is absolutely the most productive and best-tasting large black-fruited Egg Plant grown. The skin is of a beautiful deep lustrous black color and does not turn yellow in transit; flesh very white, tender and of superior quality. The entire plant is spineless, of a low, stocky branched habit, a continuous producer and very thrifty growth, with no disposition to bolt like the older sorts. All say it is a perfect beauty. No seed saved from diseased plants. Always sure to yield a heavy crop, and very desirable for shipping. Southern market gardeners and shippers will find this variety the very best type of Black Beauty in cultivation. It will average from 10 to 12 fine fruits to the plant. The best variety of Florida planters. Mr. E. Lane Moore, Commission Merchant, Philadelphia, says: "Your Moore's Early Black Beauty Egg Plant is the finest that comes to this market. Pkt. 10c., 3 pkts. 25c., oz. 50c., 4 ozs. $1.50, 1 lb. $5.50, 2 lbs. $8.50. Postpaid.

EARLY PURPLE TOKIO

(New.) This grand new sort is from 5 to 8 days earlier than any other large fruited sort. This is a highly valuable feature, besides it is the most productive sort we ever saw. Each plant will yield from 15 to 20 beautiful large fruits a season. It will thrive anywhere an egg plant will grow, and it is being more extensively grown every year, especially in the Southern States. Hundreds of our most critical growers prefer it even to our famous Moore's Early Black Beauty. Fruit round of a handsome purple-black; very few seeds; early; enormously productive and superior quality. We believe it to be the ideal sort for the market gardener and shipper. A good keeper and the best looking distance shipped. Pkt. 10c., 3 pkts. 25c., oz. 50c., 4 ozs. $1.50, 1 lb. $5.50, 2 lbs. $8.50. Postpaid.

MARSHALL'S NEW HIGH BUSH

(Grown with great improvement.) The hot sun does not blight the blossoms, as is the case with some other sorts. It resists drought and bad weather to a wonderful degree, partly because of its strong upright growth, which completely prevents grubs and cut worms from boring into the fruit. All the fruits are borne and held high up above the ground. The fruit thus escaping liability to rot in damp or wet weather, is of large size, good shape and the flavor cannot be surpassed. It will thrive anywhere an eggplant can be grown. A grand acquisition.

GEORGIA WHITE CABBAGE COLLARDS

The Collard is among the most valuable of vegetables (and the cheapest kind known), growing in any kind of fertile soil, and the vegetable itself is fit for food from a plant 10 inches in height up to a stalk 3 to 5 feet. Then, after the tops have been cut off, the young, crisp sprouts running out of the insinuous stalks are a delicious dish. The Collard is most palatable in winter, especially after a keen frost, and even quite a considerable freeze only renders the flavor more delicate as well as the vegetable itself more wholesome. George White Cabbage Collards often grow 3 feet across the top and weigh 15 pounds. Pkt. 10c., oz. 15c., 4 ozs. 50c., 1 lb. $1.50, 2 lbs. $2.65. Postpaid.

CHICORY, OR FRENCH ENDIVE

MAMMOTH ROOTED BRUSSELS. The famous winter salad so popular in first-class restaurants. Forms leaves like Cos lettuce and can be eaten raw as salad or boiled. Roots are ready in about 120 days. Allow 15 days for forcing. Pkt. 10c., oz. 25c., 4 ozs. 50c., 1 lb. $2.50, 2 lbs. $4.50. Postpaid.

No. 1360 MARTYNIA—For Pickles

The young and tender seed pods make a very fancy pickle. These pods are of curious shapes and borne abundantly. They should be gathered when less than half grown. Pkt. 10c., 3 pkts. 25c., oz. 50c.

Moore's Bermuda and Moore's Giant Silver King Onion Plants

MOORE'S GENUINE YELLOW BERMUDA, CRYSTAL WAX BERMUDA AND MOORE'S GIANT SILVER KING ONIONS ARE THE EARLIEST AND FINEST FLAVORED ONION GROWN IN THE WORLD.

You no doubt know how easy and satisfactory it is to grow onions from sets. Now, we are able to supply you with Genuine Yellow Bermuda, Moore's Crystal Wax and Moore's Giant Silver King Onion Plants. They are much more satisfactory and profitable than sets and grow onions that keep much better than onions from sets. They are even more productive and their contribution of luscious, juicy, tender, blight-proof bulbs is an added bonus. We have grown onions from these plants two years or more ahead of onions from sets and they have yielded more to the acre. We are selling these varieties to any United States address, postpaid, except in California. Plants cannot be shipped to California because of Plant Quarantine Laws causing delay and damage to plants. Plants are shipped direct from our Growing Station and separate from seed orders.

MOORE'S ONION PLANTS POSTPAID

PRICES—100 Plants of one variety, 50 cents, postpaid. No order for less than 100 plants of the same kind will be filled. Orders are filled by the hundred. All orders for less than 500 of the same variety take the 100 rate. 300 Onion Plants, all of the same variety, postpaid, $1.50; 1000 or more of the same variety, $2.50 per 1000; postpaid to your address.

Adopting some of these varieties of Onion Plants to your market garden will add them a very profitable crop and no grower should miss this wonderful opportunity for big and easy profits.

MOORE'S ONION PLANTS POSTPAID

PRICES—100 Plants of one variety, 50 cents, postpaid. No order for less than 100 plants of the same kind will be filled. Orders are filled by the hundred. All orders for less than 500 of the same variety take the 100 rate. 300 Onion Plants, all of the same variety, postpaid, $1.50; 1000 or more of the same variety, $2.50 per 1000; postpaid to your address.

Adopting some of these varieties of Onion Plants to your market garden will add them a very profitable crop and no grower should miss this wonderful opportunity for big and easy profits.

Prices for Onion Plants by Express Not Prepaid

One crate of 6000 $6.50, two crates $12.50, five crates $30.00. Order mixed lots in one shipment, but not less than one thousand of a kind. See page 9 for prices on our famous Frost Proof Cabbage Plants. Also page 115 for prices on our field-grown Tomato Plants.
Moore’s Mammoth Green Curled Italian. Very large, valuable, new sort, attaining a diameter of twenty-four inches and is especially useful for decorative purposes in display gardens and other outdoor plantings. It is the heartiest yielding, easiest blanched, longest keeping, best selling and the most profitable sort to grow for the home market or long distance shipping. It is a universal favorite with all who plant or sell it either for home use or market. Every full-bodied evergreen grower buys his seed from us. Leaves beautiful green, curly, tender; of an attractive green color and blanches easily. The centre is very close and full.

USEFUL GOURDS

HORSE RADISH

ORDINARY KIND. Medium size roots, 6 for 25c. Per doz. 35c., $2.25 per 100, by mail, postpaid. By express, large roots, Per doz. 25c., per 100 $1.50, per 50 $1.00, per 100 $1.00.

MALLOW-KREIN. Much earlier and said to grow longer, thicker and smoother roots than the old sort. Will produce one-third more to the acre. Skin thin, flesh very white. By express, 50 roots $1.00, 100 $2.00, 200 $3.50, 500 $7.50, 1000 $12.50. If by mail add 30c. per 100.

NEW FRENCH DWARF WONDER

KALE OR BORECOLE

This popular sowing green for winter and early spring use is being planted more largely each year as a market crop. Shipments from southern states reach northern markets during the winter months in large quantities, and in some sections it is almost as popular as spinach. We have found the following sorts to be the best for market.

Norfolk Green Curled Scotch. (Long Standing.) Beautiful, curled, very hardy, immense yielder. The handiest and best for fall sowing, with yield over in northern latitudes: heavy cropper. Pkt. 10c., oz. 25c., 1/4 lb. 35c., 1 lb. 1.35c.

New Dwarf Wonder. Beautifully curled, long plum-like leaves, heavy long continued yield. If not cut too close to the ground it will yield continuously from spring until winter. Quite hardy: the best and most profitable sort for spring sowing either North or South, enormous crop, compact grower. Pkt. 10c., oz. 20c., 1/4 lb. 60c., 1 lb. 1.25.

DWARF GERMAN GREENS. Not hardy north of Virginia. Pkt. 10c., oz. 20c., 1/4 lb. 60c., 1 lb. $1.35.

KOHL-RABI or Turnip Rooted Cabbage

Earliest Erfurt White. The shortest leaved and best early market variety, being entirely stringless, having purple leaves, excellent quality and best for fall sowing. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.50.

SMOOTH WHITE SHORT-LEAVED VIENNA. Not as early as the above. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.25.

SMOOTH PURPLE SHORT-LEAVED VIENNA. Pkt. 10c., oz. 30c., 1 lb. 75c., lb. $2.25.

Market gardeners will find the above types of Kohl-rabi the finest procurable.

LEEK

Sir Ayton Castle Winter. (New.) The largest and best sort, of exceedingly fine quality and most desirable. The best for market or private use. The best winter keeper. Pkt. 10c., oz. 30c., 1 lb. 75c., lb. $2.50.

LARGE IMPROVED NEW GIANT ITALIAN. Extra stock and better than the London Flue. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.50. Postpaid.

MOORE’S MAMMOTH PRIZER. (New) Entirely distinct from all others. Very hardy, mild flavor, and attractive beautiful white color, easily blanched. The best for home garden or market. Pkt. 15c., 2 pkts. 25c., 5 pkts. 55c., 4 ozs. $1.00, 1 lb. $1.75, lb. $3.25, postpaid.
**MOORE'S EARLY CAB- BAGE HEAD LETTUCE**

A Grand Large Early Cabbage Lettuce. Wins Praise from All Users.

Produces immense Solid White Heads, 8 to 10 and often 12 inches across. The Ideal Lettuce for first Sowing; either under sash, "cotton," or open ground borders. Unsurpassed as an early market variety for either Northern or Southern growers. Very tender and will remain in good condition longer than Big Boston. If you grow early Lettuce to ship long or short distances, it will make you better money than any other sort.

It has required years of careful crossing to obtain a selection being true up to its present high standard. It is in fact an all season's lettuce, as the testimonium from some of the leading and largest lettuces grown in the United States shows. Whether grown in the open ground for summer or fall use, or in frames for spring or forced in cool greenhouses for winter use, it always gives both the grower and the user the utmost satisfaction, producing during all seasons splendid large heads. One of the earliest to show and grow. This is a variety that is sure to be a decided winner.

**WHITE NORMANDY STONEHEAD**

Heat resistant; a sure header; slow to run to seed; not affected by the hottest weather. This superb new variety was sent to us by one of the largest and most successful market gardeners in Normandy, France, where it is grown to the exclusion of almost all other varieties. Normandy is noted for its hot, dry summers. Notwithstanding this, the White Normandy produces large solid heads during the entire season. The trials we have made of it during the past three years in various parts of the country show it to be a remarkably hardy variety for the United States. The heads are large and firm, very tender, crisp and clear white inside, and of a beautiful shade of light green outside. It is well adapted for indoor forcing during both our summer and autumn crops, and will often produce the finest marketable heads where other varieties fail utterly. It will withstand more severe weather in the open ground than any heading sort known, which not only makes it very valuable for a late fall crop in northern States, but to winter lettuce growers in the South it places in a class by itself which makes it invaluable.

Pkt. 10c., oz. 30c., ½ Ib. 75c., 1b. $2.50, 2 lbs. $4.50, postpaid.

**CALIFORNIA GIANT**

Every plant heads, and the heads are uniformly shaped, very large and thick through, and of a solidity equal to that of a cabbage. They measure about ten inches across the solid head. The leaves are slightly crumpled, of a beautiful white color, and for tenderness it is unsurpassed by any existing variety. It heads very rapidly. A great favorite with Southern growers and market gardeners everywhere, both North and South. It is especially valuable for open ground culture and for growing under cotton or a late crop under sash. At a shipping sort it is the best carrier of all and always sells for an extra price. Every lettuce grower who plants it will be delighted with it. Be sure to give it a trial on good rich soil. Pkt. 10c., oz. 30c., ½ Ib. 75c., 1b. $2.50, postpaid.

**MOORE'S EARLY MAY KING**

Our many customers will find this a big improvement over the original type. The plants are of quick growth, practically all head and extremely handsome. From early spring plantings in the open ground they grow quickly to a diameter of six to seven inches with the broad, light green outer leaves folding closely about the solid round head; in cool weather the edges of these outer leaves are never tinged with brown. The inner leaves (especially the entire head) are blanched to a rich golden yellow and have a specially fine, rich buttery flavor. The round solid heads are so firmly closed that they can be shipped to distant markets and arrive in good condition. We recommend repeated plantings in the spring, and during August and September. Pkt. 10c., oz. 25c., ½ lb. 75c., 1 lb. $2.50.

**UNRIVALLED LETTUCE**

(FRENCH)

SUCCEDS AT ALL SEASONS.

EARLY, TENDER, CRISP, BUTTERY

This is a new variety, and has proved to be a very valuable acquisition to the Lettuce family. It is very early in maturing, being fit for use several days earlier than Big Boston, which it resembles somewhat in appearance and in the size of the head. Our Unrivaled Lettuce is pale green in color, shading to creamy white at the center of the head, which is formed of closely wrapped crispy tender leaves, giving it great compactness of form. We highly recommend this sort for a summer crop, feeling confident that it will become a prime favorite for the home garden or market. Our seed is grown by the originator.

Pkt. 10c., oz. 30c., ¼ oz. $1.25, ½ lb. $1.00, 2 lbs. $8.50, postpaid; 5 lbs. or more, $1.75 per pound, postpaid.
Champion Big Boston Lettuce

The King of This Type of Head Lettuce. Immense Heads and Substantial Back-bone of Superior Quality.

This magnificent strain of Big Boston Lettuce is the result of a careful and intelligent selection of one of Philadelphia's most successful market gardeners. After giving it careful observation and severe tests ourselves, as well as in the largest lettuce-growing sections of the United States, we have decided to offer it to our many thousand market gardener customers throughout the world.

It is a great keeper, a true long-distance shipper, and we especially recommend it to all lettuce growers who ship long distances. It seems to have little or no tendency to go to seed, which is a highly valuable feature for all lettuce growers. It will stand longer on the ground and hold up longer after breaking, which is a decided advantage in Big or Large Boston Lettuce you ever had. It is a grand success, and as one of the best of our open ground culture during the late summer or autumn, and it has the valuable feature of withstanding considerable frost or cold weather without injury.

In this locality we have had it to stand in perfect condition as late as November 23rd with but a light covering of salt hay. It is commonly grown in New York, Florida and along the Atlantic coast for the leading northern eastern states, and is well adapted to growing in frame and cool greenhouses, where the climate is not severe enough to cause the lettuce to cease growing owing to their earliness and more rapid growth. (See cut.)

Champion Big Boston Lettuce

A view of producing larger heads, with which we have a whole section of large, firm, tender, and better keeping heads, quicker growing and more compact heads that will stand longer without going to seed, and to have 100 parts produce 100 large, beautiful heads of superior quality.

NEW TURKISH BUTTER LETTUCE

The Great Hot Weather Lettuce. Immense Heads—12 to 15 inches across, a rich, butter-colored lettuce, is Crisp, Tender, Sweet and Absolutely Free from Bitterness. It is the Desiderata Selection for a Spring and Summer Lettuce. It heads during hot, dry weather, when no other sort will. We who are lettuce lovers, with rich, butter-colored lettuce, of great substance, will be thoroughly well pleased with this new variety from Turkey, which is accurately shown in the illustration hereon, engraved from a photograph. It stands hot weather without becoming bitter or running to seed, and bears beautiful, large, solid, creamy-colored heads, of superb quality and of delicious, rich, buttery flavor, crisp, tender and delicious.

It is the result of many years' careful selection and improvement, and produces wonderfully large, firm, tender hot, dry weather lettuce. It has few outer leaves, and we might very appropriately call it an All Head lettuce. It is ready to cut in July, or early in August, and is slow to run to seed, and it will stand in good condition fully two weeks after it has headed up. It is much quicker to mature than either Big Boston or Mammoth Butterhead. Most highly recommended for family gardens or the market gardener who wishes some large, firm heads for which purpose we recommend it for early spring and early fall planting. It never shows any brown or bronzy color from cold.

New York Wonderful Lettuce

Or Mountain Iceberg, also called Los Angeles Immense Heads. Long or Short Cabbage-shaped, Beautifuly. Crisp, Tender and Free from Bitterness.

It produces immense heads, often 15 and 16 inches across, and weighing enormously. The interior is beautifully blanched, creamy-white, crisp, tender and delicious, being absolutely free from any trace of bitterness. It is a very large, robust growing variety, rooting deeply, very slow to run to seed. A 'Wonderful' variety for a long-time shipping and valuable for long-distance shipping; produces closely folded heads of immense size. The inner portion is beautifully blanched; outer leaves a rich deep-green. All lettuce of this lettuce were grown in Colorado and Idaho last season. Pkt. 10c., 3 ptkts. 25c., oz. 30c., 1 oz. 90c., 1 lb. $3.00, 2 lbs. $5.50, postpaid.

Moore's New Summer Gem

This is undoubtedly one of the largest headed varieties of all summer lettuces and particularly valuable for summer planting. The heads are large, from 12 to 16 inches across, and are compact, are covered with yellowish green, white color, very crisp and tender. Market gardeners in warm sections write us that it heads up uniformly and is among the most salable lettuces they ever had for summer use, and that it does not for want of moisture for lack of abundant water. Don't fail to try it.

Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.50.
LETTUCE—HIGH GRADE VARIETIES (Continued)

MOORE'S CALIFORNIA

TENNIS BALL LETTUCE

Very Large, Extremely Crisp, Hard Heading
and Extra Long Standing

This famous variety from California is the surest
and handsomest of all the crisp-heading, leaf type
lettuce. It is most highly esteemed for its beautiful
appearance and mild flavor during the hot summer months.

The plants are of medium size, but produce large,
crisp heads, which are tightly folded and blanched to a
beautiful silvery white. The outer leaves are a light green,
finely fringed, and grow up closely about the large conical head.

While it is especially adapted for midsummer, it is very desirable for winter, it is very productive in seedling
and fall. The plants are of quick, strong growth, attaining
a diameter of twelve inches under good cultivation

The unusual solidity of the heads is insured by the
large white main ribs of the leaves, each of which,
curling strongly into the center, acts like a strain,
making it impossible for the leaves to open outward
and expose the center, which is constantly thoroughly
blanched. A good long-distance shipper. Pkt. 10c.,
30c., 1 lb. 55c., lb. $2.75, 2 lbs. $5.00, postpaid.

HOPKINS BIG BOSTON. We have a very fine
strain of this important variety. (Description of
new Champion Big Boston on page 24.) We solicit
correspondence from large buyers and associations
who plant this important variety. Pkt. 10c., or
15c., 1/2 lb. 45c., lb. $1.25, 5 lbs. $5.00, postpaid.

CUT AND COME AGAIN. A very crisp
sweet and tender
variety for sowing thickly in rows; it can be repeat-
dly cut during the season; excellent for the family
garden or selling by measure. Will make good heads
if properly thinned. Should be cut properly thinned.

The heads develop from the ground, you will like it. Pkt. 5c.,
25c., 1 lb. 40c., lb. $1.50, postpaid.

BOSTON WHITE HOT HOUSE

(Butter's Private Stock.) Early, rapid grower,
very solid, compact while tender. This exten-
sive grower of hot-house lettuce ships the most solid headed lettuce
and realizes higher prices than any other Boston grower. The most
valuable and profitable of all sorts for growing in greenhouses. Pkt.
10c., oz. 50c., 1 lb. $1.00, lb. $1.75, postpaid.

GRAND RAPIDS SPECIAL FORCING. Select Washington
Strain. Leaf very curly. Light green color, very compact. Pkt.
10c., oz. 20c., 4 ozs. 50c., lb. $1.75, postpaid.

NEW FRENCH POULTRY LETTUCE. Probably every
poultry raiser knows how eager poultry are to eat lettuce, how they seem to enjoy
it, and when opportunity offers, to actually fight for it. The French
and Belgians are said to produce the finest flavored poultry grown,
and largely attribute their great success to the great quantities of a
certain lettuce which they freely feed their fowls on. After con-
siderable expense and trouble we have succeeded in obtaining some
of the valued varieties for our own stock. As a very strong grower, a small plot of ground will yield a prodigious quantity of this
lettuce, which contains certain valuable properties both medicinal and
food which make it valuable to the poultry raiser. All kinds of
poultry eat it greedily—chickens, ducks, guineas and geese eat it
with great avidity. Freely fed in connection with other foods it keeps
them in the best possible physical condition, and greatly increases the egg production, as well as imparting a delicious flavor to the fowls
when cooked. It is a very cheap food, and very easily grown. We
recommend sowing it in rows. When 8 or 10 inches high it is ready
to feed. Every poultry raiser, large or small, should, if possible,
produce his own poultry food, and there is no poultry food he can
produce as cheaply as growing our New French Poultry Lettuce.
Pkt. 10c., oz. 30c., 1/4 lb. 85c., lb. $3.00, Postpaid.

ROMAINE CELERY—NEW

A GOOD NEW LETTUCE. Very profitable to grow. This new sort
produces very unusually snow white color, and a large compact solid head.
Very sweet and tender and is preferred to all other varieties of Coles lettuce.

At Paris, where large quantities of it are grown for market, it is known as
"Parisian Celery Lettuce." All large cities consume immense quantities of this
variety. Grows about 10 inches high, and will blanch without tying.
It is the best keeper and carries. No other sort is as good and tender, and better

the Mothers California Tennis Ball Lettuce is the best and most
profitable sort I ever grew and I have been trucking 45 years."
—C. A. MEERS,
Upper Darby, Pa.

"Your Romaine Celery Lettuce is far superior to any other sort.
It is the best cropper, the best carrier, and the best seller."
—S. C. DIVINE,
Rochester, N. Y.

vantage to ask for a copy of our UNABRIDGED POULTRY
SUPPLY CATALOGUE. It is free for the asking.
MUSK MELONS—THE MOST PROFITABLE ONES TO GROW

Important for You to Know

That for many years we have been one of the largest growers of Melon Seeds in the United States, and supply every season over our counter hundreds of truck gardeners with our superior strains, and ship many thousands of pounds to the largest melon growers of the South and West. We attribute the popularity of our melon, as well as of other seeds, to our adherence to the principle of breeding and improving, and breeding up our stocks to the highest state of perfection. Many of the best and most popular melons now known were first introduced by us. Correspond with us for SPECIAL PRICES if seed be wanted in large quantities, no matter whether it be 100 pounds or upward of any one variety.

NEW ORDWAY PINK (Solid Netted)

No melon grower will make a mistake in planting it. It has a tough, thin rind, covered with a closely laid and interlaced gray netting. Most of a rich golden or a reddish-orange salmon, very thick, fine-grained and spicy, not containing too much water or acid; the flavor cannot be excelled. Seed cavity small and triangular. It is an abundant yielder, often producing from 20 to 25 delicious melons to the hill. Shape oblong, averaging six inches long and tapering at the ends. It is an excellent shipper and will carry over two weeks without ice. This melon has brought hundreds of growers highly profitable returns. Pkt. 10c., oz. 25c., 1 lb. 75c., 1 lb. $2.50, 5 lbs. $9.00, postpaid.

SALMON-TINTED ROCKY FORD No. 10-25

Salmon-Tinted Pollock No. 10-25 is probably planted more extensively for long-distance shipping than any other sort. Many of our California and Western growers buy this valuable sort from us in one-hundred-pound lots. The vines are highly rust-resistant. The meat of very fine flavor, deep and firm. Color of green one-half the depth from the rind, the remaining one-half a rich salmon, giving it an attractive appearance.

The netting is closely laid and interlaced, then using a netting underneath the outer netting. The size runs from standard to jumbo and it yields a very heavy crop and invariably sells at outside prices. This is the favorite sort with California growers and other long-distance shippers. We offer the seed under the name that the grower will recognize it and it is grown in nearly every market as the earliest good melon of its class in the world.

Stock Seed Salmon-Tinted Pollock No. 10-25. Saved from the finest of the first melons to ripen. LARGEpkt. 10c., oz. 15c., 4 ozs., 45c., ½ lb. 70c., lb. $1.20, 5 lbs. $5.00, 10 lbs. $9.00, postpaid.

Burrell Gem This seed is cut from melons of the finest possible selection as to uniformity of size, shape, netting and quality. In fact, it is saved with the same care as we exercise in breeding up a new variety. Stock seed, solid net, pkt. 10c., oz. 15c., ½ lb. 45c., 1 lb. 75c., 1 lb. $1.25, postpaid.

PARKER'S EXTRA EARLY (New)

Earliest of All. Yes, it is the Earliest of All Netted Musk Melons, Without Exception.

Our attention was called to this melon by a market gardener at Atlantic City, N. J., who for the past years has always had musk melons 8 to 12 days ahead of his neighbors and sold readily in market at $1.25 to $1.50 per basket.

It is nearly round, as may be seen by the cut, of good size, weighing about 1½ pounds each. Of a dark green color outside, well netted, while inside they are of a rich orange-green color, and, we venture to say, with the flavor of any other variety is not surpassed. We offer this seed from plants of the very finest specimens of our seed stocks, thus improving the seed you get from us, and will not only give us great satisfaction in your own garden, but will Outyield All Other Small-Netted Melons, and is used in enormous quantities in the Eastern States and at the seashore resorts.

If you want to make money on earliest melon culture, there is nothing in the wide world that you can plant that will return better than our Matchless Early Muskmelon. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.25, 5 lbs. $10.00, postpaid.

PENDER'S EXTRA EARLY SOLID NET

It is a small melon, weighing 1 to 1½ pounds. The flesh is deep and thick, and light green in color, except next the seeds, where it inclines toward yellow. The flavor is exceedingly fine. The skin is green, regularly ribbed and thickly netted. It is a firm, solid melon, and will carry in perfect condition for a week from harvest to market. It is grown principally for market, and is in wide favor as a market melon. Indeed, its ability to bear transportation without injury is one of the most striking points of this variety. It is known to the growers the world over as the best all-round melon, especially as regards flavor and ability to transport.

If you want to make money on the early melon culture, there is nothing in the world that will return better than our Matchless Early Musk Melon. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.25, 5 lbs. $10.00, postpaid.

PAUL ROSE or PETOSKEY. Thick salmon-colored flesh. The fruits are nearly round or slightly oval, ribbed and heavily netted; of a light green or faint golden hue when fully ripe. The flesh is thick, rich, deep-orange color, and, for the past years has always had musk melons 8 to 12 days ahead of his neighbors and sold readily in market at $1.25 to $1.50 per basket.

Golden Champlain. One of the earliest and hardiest, as well as one of the most productive and best quality Melons in cultivation. Fruits of medium size, round or nearly spherical, with well-netted skin and deep golden flesh. Many growers report sales over $1,000 per acre. Our seed represents the finest selection of the Golden Champlain. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.50, 5 lbs. $12.50, postpaid.
EXTRA EARLY OSAGE MUSK MELON

The fruits are oval to round, ripening evenly at each end, averaging 6 inches in length from end to end and about 3 inches in diameter at the center. They range a little more than 2 pounds in weight. It combines all the excellent qualities of the parents, the Osage and Mus-<br>mer's Cream, with a rich golden color, the most desirable flavor, and densely covered with a hard gray netting. The flesh is firm, solid, and slightly ribbed, the skin is finely netted, of a light greenish yellow, and ripe. The flesh is light green, with a rich golden tint where it borders on the seed cavity. The flesh is firm and solid, yet it is juicy and of a deep salmon-like color. It is a very delicious variety, and is one of the finest and best of all melons for market. It carries a smaller seed cavity, and as good as it looks. Excellent shipper. Pkt. 15c., oz. 30c., 4 ozs. $1.00, 1 lb. $1.75, 5 lbs. $3.00, 5 lbs. $14.00, postpaid.

EXTRA EARLY LONG DISTANCE SHIPPER

The best long distance shipper.

EDWARD ROY, CEDARIA, N. Y., writes: "The Fillbasket potatoes arrived in fine condition."

MOORE'S DELICIOUS GOLD LINED ROCKY FORD

A most delicious green-fleshed Cantalupe and best selling sort of its type

It is a big money-maker, in the fullest sense of the word, for all who grow it.

The most progressive muskmelon growers of Rocky Ford, Colo., made a very comfortable fortune in growing this one variety for the Eastern markets, where they sold earliness of this one variety at high prices on account of its delicious eating qualities. Its shape is ideal, very slightly oval, so ribs and it is heavily netted over entire melon. The melon is very thick meat, hence it carries well; one prized and sweet, color green with a beautiful deep yellow gold margin next to the seed cavity. It is of uniform shape, size and very superior quality. Its flesh is attractive and yields favorable comment when served. Freely when we offer from this strain will be from a select melon and hand-seeded. It ripens quite early and many of our customers claim it to be the most productive of all muskmelons. Our seed fields have never shown the slightest trace of rust or other disease. We offer it at a wonderfully low price. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. 1.50.

FRENCH CANTALOUPE

We regard this as one of the very best and most delicious among the salmon-fleshed varieties and is one of the early ripening culture. In quality it leads all, and every home garden should include it. Medium-sized round, with salmon red flesh, so rich, sweet and juicy that it needs to be eaten with a spoon, and it is of the best color. Pkt. 10c., 1 oz. 25c., 1 lb. 50c., 1 lb. 1.50. postpaid.

THE EARLY "KNIGHT" CANTALOupe.

This superb green-fleshed Muskmeon has for five successive years broken all records, selling without regard to market conditions for other melons at Norfolk, Va., as well as here in Maryland and Baltimore. It is a variety of a wonderful reputation. In quality, it quite outclasses all other green-fleshed melons, having a taste that is indescribably delicious with a remarkable aroma. While this melon has had a wonderful reputation around Baltimore and Norfolk markets it fully deserves to be known over a wider territory. It is slightly pointed at the stem end while being rather blunted at the blossom end. They grow uniform in shape and size, averaging about six inches in length from stem to blossom and 4½ to 5 inches the other direction; handsome and productive. Every melon grower is to be congratulated who grows a crop of this magnificent melon. Pkt. 10c., oz. 15c., 1 lb. 50c., 1 lb. 1.50, postpaid.

FRENCH CANTALOupe.

We regard this as one of the very best and most delicious among the salmon-fleshed varieties and is one of the early ripening culture. In quality it leads all, and every home garden should include it. Medium-sized round, with salmon red flesh, so rich, sweet and juicy that it needs to be eaten with a spoon, and it is of the best color. Pkt. 10c., 1 oz. 25c., 1 lb. 50c., 1 lb. 1.50. postpaid.

CALIFORNIA NEW GOLDEN HONEY DEW

Fruits ripening about two weeks later than Rocky Fords. The skin is a rich golden color and delicately smooth. The melon is the best of all shippers and will keep several weeks, so there is practically no loss from spoiled melons in shipping. It is very large and heavy, with very small seed cavity, and is a super fine type for the fruit market. Can be grown for the shipper to distant markets it is without a superior. We have had this melon keep in perfect condition for three weeks after being removed from the vines. It is the melon for you to grow for big returns. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. 1.50. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. 1.50, Postpaid.

Everyone Should Try Our Cuban Banana Musk Melon.

Flesh very thick, a color similar to the skin of a banana, and the flavor is distinct from all other melons. It looks almost like an over-ripened banana, and, moreover, has rich banana-like perfume. This curious melon attains a length of 15 to 20 inches, and a diameter of 4 to 5 inches. This variety is a rare curiosity and is in such favor at this market that the price in choice city markets is $4.00, and it is desirable for family use as well. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. 1.50. Postpaid.

PERRY'S NEW HOODOO PINK MEAT

One of the best large ripening muskmelons in the market at the present stock. Wonderful productive, a wonderful seller. A wonderful blight or rust resisting type. The fruits are uniform, of just the right market size, rich, sweet and very thick and very small seed cavity. Pkt. 10c., oz. 25c., 1 lb. 50c. A great market goer. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. 1.50. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. 1.50, Postpaid.
Our Melons are grown exclusively for the seed and every melon not true to type and shape is thrown out and destroyed. Every melon under 15 pounds in weight of the smaller varieties and 20 pounds of the larger varieties is rejected. Not a melon is sold from the crop or shipped by any of our regular watermelon seed growers. Naturally it costs several times as much to grow seed this way than it does to grow the seed sold by other houses at a lower price.

We take a specialty of good, pure watermelon seed of the highest quality which we grow on new ground under the most favorable conditions. Next to our Tomato seed it is our greatest specialty. Our seed is the best that can be grown, and if you want seed that will produce large, perfect, sweet and edible melons, we have it. If you want to grow watermelons fit to eat and to bring you the highest price in the market, use our specially selected and carefully Northern-grown watermelon seed.

Moore's Selected Watermelon Seed is the Best

Our watermelon seed is used by many of the largest planters in the United States, and we thank our numerous Southern customers for their very liberal patronage.

Arizona Wonderful Sugar

While traveling in the State of Arizona, we found this sort to be almost universally grown on account of its many good qualities. We procured some of the seed and are now able to offer it to our many thousand customers. The melon is of good large size, flesh of a bright red, and of a luscious sweetness. The rind is unusually thin and tough. This variety has been used for eating, preserving and watermelon jelly. It is one of the largest known melons. It can be grown in the South, in the same ground as Peaches and melons. It is not very prolific. Pkt. 10c., oz. 15c., 1 lb. 50c., 1 lb. $1.50. Postpaid.

NEW EXCEL

The Big Growers and Shippers Everywhere Are Planting It Heavily

Weighs from 30 to 60 lbs.; one grower reports 80 lbs. Our seeds are the choicest. A cross between the Tom Watson and Big Blue Gem. It is a handsome long blue melon (see cut) with dark green stripes. The heaviest bearer of all the melons, cuts deep red, a better melon than the Watson, in fact it equals our now famous Shaker Blue in quality. Many predict that it will supplant all other sorts as a shipping melon. No matter where grown it keeps well, looks attractive and possesses an excellent flavor, flesh remarkably sweet and tender, skin thick, never hollow. The shape is ideal. One of our largest Southern growers says: "Your New Excel beats them all, it is the finest I ever saw and I have raised thousands of cases." Medium early. It means a revolution among watermelon growers everywhere. Genuine seed and we are headquarters for it. Pkt. 10c., oz. 15c., 1 lb. 50c., 1 lb. $1.50. Special quotations on larger quantities.

French Preserving Melon

This is quite distinct and superior to the ordinary preserving citrus. It is immensely productive. The flesh is very firm and solid, with few seeds and of spherical shape. The preserving qualities are the very finest; it makes beautiful, clear, nearly transparent preserves, of surpassing fine flavor. Pkt. 10c., oz. 15c., 1 lb. 50c., 1 lb. $2.00.

Alabama Sweet. One of the finest of all the broccoli melons. This new introduction is becoming the most popular among Southern melon growers of all the long shaped shipping varieties, and rightly so. In general appearance it looks very much like the Kleckley Sweets—looks that make it sell on sight at the highest price. It is early, comparable in almost all respects, and is one of the earliest medium-to-large size melons we have ever seen it is a most prolific producer. "Kleen Klee" is its interbreed dark green color, and a splendid shelled. Flesh is very fine grained, solid but free from stringiness. Pkt. 10c., oz. 15c., 4 ozs. 65c., 1 lb. $1.00, 5 lbs. $5.00, postpaid.

Kleckley Sweets. An immensely popular melon of superb luscious flavor; very desirable for home use and nearby markets. Flesh bright scarlet with broad solid heart, crisp and sugar. Seed about the size of a lima bean. Pkt. 10c., oz. 15c., 4 ozs. 65c., 1 lb. $1.00, 5 lbs. $5.00, 10 lbs. $8.50, postpaid.

Florida Favorite. A large oblong melon, with dark green skin, faintly striped with still deeper shade; deep red flesh of excellent flavor. Pkt. 10c., oz. 15c., 4 ozs. 35c., 1 lb. $1.00, 5 lbs. $4.50, 10 lbs. $8.50, postpaid.

Halbert Perfection Honey. We take much pleasure in introducing this valuable new watermelon to our thousands of customers. It belongs to the large type of melons, will grow from 50 to 75 pounds. It is oblong in shape. Rind a beautiful dark glossy green color, very thin and very tough and impervious, which enables it to keep the flesh good and fresh longer after ripening than any other sort. The meat is dark crimson red, deliciously crisp and sweet and fine flavor. It is especially productive and attractive. We highly commend this variety to all market growers on account of its many excellent qualities. Pkt. 10c., oz. 25c., 4 ozs. 65c., 1 lb. $1.00, 1 lb. $1.50, 2 lbs. $2.75, postpaid.

EARLY MARKET KING

Superior for Long Distance Shipping

The Earliest Largest Melon Ever Grown

Matures 83 Days from Planting

Notwithstanding the large size of this melon they will readily withstand packing seven layers deep, without injury, in a car; whereas the Blue Gem or any other variety cannot be packed more than five layers deep for distance shipping. This fully proves it to be superior to all others as a shipper. Fruit large and heavy (20 to 30 pounds). A melon large growers need not hesitate to plant largely. This is not only an early watermelon of fine quality, but it is also of large size. From seed planted on the fourth day of May, large, ripe melons were picked July 28th. Its eating qualities superior to all other early sorts, and always commands the highest market price. Pkt. 10c., oz. 15c., 1 lb. 50c., 1 lb. $1.50, 5 lbs. $6.50, postpaid.
IMPROVED OR PERFECTED KLECKLEY SWEET

Our new perfect type of Kleckley Sweet represents several valuable and very desirable improvements not possessed by the old Kleckley. It grows uniformly larger, a much harder rind which is relatively thin, thus insuring good carrying qualities for long-distance shipping, even in car lots. Skin a dark attractive glossy green, flesh a beautiful bright attractive scarlet, ripening close up to the rind. Melons average about 20 to 24 inches long by about 12 inches in diameter. Pronounced by all who have seen it the finest and most desirable strain in existence. Equally adapted for long-distance shipping or home market. Medium early, flesh firm, melting and extra sweet and without strings. It will give satisfaction everywhere.

MOJO$, HONEY HEART WATERMELON

A Wonderful Money Crop Maker in every State. The Finest Watermelon in all the World, so votes everyone who grows it. The Watermelon Noted for its Astonishing Long Distance Keeping Qualities, so say all who ship it. All Big Watermelon Growers are Astonished at its Wonderful Productiveness.

This wonderful melon originated with one of the most successful melon growers in Missouri, who made a very comfortable fortune in growing and shipping it to all the leading large cities in the United States. It reached New York City in the pink of condition and sold at fabulous prices. The melons were shipped in apple barrels. The melon grower and originator of this wonderfully valuable new melon says in part:

A Great Producer—Splendid for Shipping—Very Popular with Produce Commission Men. It is hard to beat as to quality and productiveness and is a splendid shipper. It is grown largely in Missouri for this purpose. The Melons ripen evenly, the vines are vigorous, show no tendency to wilt or rust, and bear many melons of splendid marketable size. Oval, very heavy and with a rind which is very thin but firm. In color it is a light green, slightly veined with a darker shade. The flesh is a beautiful bright red, very tender and deliciously sweet. Missouri Honey Heart remains a remarkably long time in good condition after being ripe. We have a splendid strain of this valuable seed.

Price: pkt. 10c., oz. 25c., 4 oz. 55c., 1 lb. $1.00, 1 lb. $1.15, 5 lbs. $8.00, postpaid.

NEW THURMOND GRAY WATERMELON

A remarkably new and delicious melon, a big money maker, and supreme satisfaction to all who grow it. It has more valuable qualities than any similar melon we ever introduced before. If you are a grower of watermelons this new variety offers you an opportunity to “coin money” such as you never had before. These melons attract the attention of every one by their beautiful rich yellowish-gray color, with an average weight of 30 pounds. The color is distinctly unique and not found in any other. It is enormously productive: it will produce 30 per cent. more marketable melons than either Tom Watson or Kleckley Sweeets, and will stand long-distance shipping better than either. In addition carrying or miles farther than Tom Watson and open as fresh as when picked. Can you beat that? No. The flesh is bright sparkling red, the flavor is deliciously sweet and satisfying. The vines are most vigorous and will resistant. One of our largest watermelon growers says: “During my 20 years’ experience as a melon grower and shipper I have never seen or grown a melon that would favorably compare with your NEW GRAY in every detail and for every purpose.”

Price: pkt. 10c., oz. 25c., 1 lb. 50c., 4 oz. 75c., 1 lb. $1.25, 5 lbs. $5.25, postpaid.
THE NEW TOM WATSON

It certainly gives us great pleasure to introduce this remarkably fine new Water Melon to our many thousand customers. It required many years of the most careful hybridizing and selection on the part of Mr. C. O. Watson to produce this, what he terms "the King of All Water Melons, and to use his own language he 'challenges the world to produce a better melon of this type, a better melon for growing, shipping or eating.' This remarkable melon ripens in from 60 to 80 days, and under good cultivation will weigh about 60 lbs.

We have given it careful trials among many large melon growers for several seasons past in the largest melon growing sections of the world, and they are all highly enthusiastic in its praise. We have never yet found a grower or consumer who was not delighted with it, and we feel sure you will join the same ranks if you plant it. It gives surprising results to all. The skin is of a rich deep green, the flesh a beautiful deep red, crisp, sugary and melting and free from stringiness. It is very heavy, early, large, handsome, a strong vigorous grower, a good shipper and long keeper. One grower planted 3,000 acres of this melon. All seed saved from specimens melons only, Pkt. 10c., oz. 20c., 1 lb. 40c., 1 lb. $1.00, 5 lbs. $4.00, 10 lbs. $7.50, postpaid.

SHAKER BLUE

The New Shipping Melon. This is comparatively a new melon from one of the largest water melon growing districts in Georgia; it is admitted by all who have seen or handled it to be the coming melon for profitable long distance shipping, as well as for home market where large round melons are in demand. It is a large handsome melon. It commands a much higher price than Koeb Gem, Blue Gem, Triumph, Ironclad or Kleckley Sweets. The rind is a beautiful dark green, occasionally showing stripes and bands of a lighter green, changing to darker green when ripe. It is particularly distinguished by its solid "Big Heart" of pleasing bright red color and delicious quality and entirely free from hard core. The centre or heart is solid from rind to rind and hollows or cavities are entirely absent. In our opinion it is a most desirable variety for shipping or hotel trade. All seed saved from specimen melons only, Pkt. 10c., oz. 20c., 1 lb. 45c., 1 lb. 75c., lb. $1.10, 5 lbs. $4.75, 10 lbs. $8.00, postpaid.

A GRAND NEW WATER MELON—FLORIDA GEM

A Most Valuable Sort for Shipping, the Home Market, or the Private Garden. The Handsomest, Most Productive, Best Selling and Profitable Light Green Variety. The Largest Early White Melon Ever Grown. Matures 81 Days From Planting.

One of Florida's largest and most successful melon growers, and who cleared over $17,000 in 2 years, growing and shipping these delicious melons north. While it is of southern origin, it is equally well adapted for the north and will grow anywhere where water melons can be grown. The color of the inside is rather light with distinct dark markings. The flesh is of a pleasant brilliant red and decidedly solid, and will be found to be firm and very dense to the core. The flavor is peculiarly delicious. It grows very uniform in size and is without doubt the most productive melon ever grown, and the vines will remain green longer than any other variety known to us and will also sell for higher prices in all markets than any other sort. We earnestly recommend all melon growers to plant it. Another valuable feature is, it is not subject to blight to the extent that other melons are, and will yield big crops on land where other sorts fail to produce satisfactorily. Pkt. 10c., oz. 20c., 1 lb. 50c., lb. $1.50, 5 lbs. $6.00, 10 lbs. $10.00, postpaid.

California Luscious Golden Sweet Watermelon

A large melon, averaging 20 lbs., in weight, with yellow flesh that fairly melts in the mouth, and which for its fine sugary, juicy and delicious flavor cannot be surpassed by any red flesh melon on the market. The outside skin is dark green, grows a long oblong in shape, maturing its large size melons in 85 days. The rind is thin but hard, and the color of flesh a golden yellow, solid, crisp, smooth, of delicious sweetness, with few seeds and no hard core. Its tempting, melting flavor has made it one of the most popular watermelons of our list for the home gardener. Pkt. 10c., oz. 20c., 4 ozs. 50c., lb. $1.25, 2 lbs. $2.25, 5 lbs. $5.00, postpaid.

Harris Earliest. In form this melon is oval to oblong. It is beautifully striped with dark green and yellow stripes. It has bright red flesh, which is tender, sweet and delicious beyond description. It is very productive. It is the melon for everybody to grow who wants to be first. It bears shipping very well, and on account of its extreme ripening results in large and firm fruits of good quality, it always finds a ready market at fancy prices. Our stock direct from Mr. Harris. Oz. 20c., 1/2 lb. 35c., 1 lb. $1.00, 5 lbs. $4.50, postpaid.

Buyers of 25, 50 or 100-lb. lots of any kind of watermelon will be quoted special low prices by letter.
Moore Seed Co.'s Onion Seed is Unequaled in Quality

**LARGE RED WETHERSFIELD ONION EXTRA FINE.** It is not an early ripening sort, but it continues in growth throughout the season and consequently makes very large onions; a small-necked, large-ripening strain. Its splendid keeping qualities make it easy to hold crops for late winter markets. Pkt. 10c., oz. 35c., 4 ozs. $1.00, 1 lb. $5.50, 2 lbs. $8.75, 5 lbs. $17.50.

**JAMES' LONG-KEEPING, YELLOWWW.** The only American variety that will produce perfect yellow sets. Will produce large, perfect onions the first year from seed. It is extensively grown for sets. The genuine James' Long-Keeping is a very handsome, large, round onion, thin through, deep yellow, a large-necked, clear, white, fine-grained, firm, mild, and of excellent quality. The large onions of this variety will keep in perfect condition longer than any sort, and are equally perfect in the spring as when put away in the fall. It will mature earlier and keep longer and better than any other variety. Pkt. 10c., oz. 50c., 4 ozs. $1.50, 1 lb. $2.75, lb. $5.00, 2 lbs. $9.00, postpaid.

**SOUTHPORT LARGE WHITE GLOBE (True Southport Strain).** This variety produces large perfectly globe-shaped onions of an extra rich deep red. Pkt. 10c., oz. 50c., 4 ozs. $1.10, 1 lb. $4.00, postpaid.

**SOUTHPORT LARGE YELLOW GLOBE (True Southport Strain).** Like the well-known White Globe Onion in size, but with pale, straw-yellow skin. A heavy cropper, handsome in appearance, large and perfect. Phial. dollar. Pkt. 10c., oz. 25, 4 ozs. $1.25, 1 lb. $3.40, 5 lbs. $19.00, postpaid.

**NEW JERSEY WHITE SCALLION OR CLUSTER BUNCH ONION.** This variety is of wonderful value and importance to the market gardener who grows scallions for bunching. With our New Jersey White Scallion Onion Seed you can grow 4-4 inches deep in rows as early in the spring as the ground can be worked and secure beautiful long, white scallions for bunching at one-quarter of the cost in the old way. Each seed produces from five to thirty or more beautiful bulbs. These should be pulled gradually, allowing leaves to grow or standing others will immediately shoot up. It is not uncommon for forty-five scallions to be produced during the past season from a single seed. The eating quality and general appearance is much superior to those grown from sets. This onion is quite hardy. The plants can be divided and reset in the ground, say 5 inches deep, during autumn, and it will be covered with long (2 inches) white bulbs the next spring. Making a heavy growth for early spring planting. It is advisable to draw three or four inches of dirt to the plant. Seed should be sown in rows about fifteen inches apart. Pkt. 10c., oz. 35c., 4 ozs. $1.10, 1 lb. $3.50, postpaid.

**CRYSTAL WHITE WAX BERMUDA.** Its pure, waxy-white skin makes it a seller above all other varieties and its mildest flavor is well known. Pkt. 10c., oz. 35c., 4 ozs. $1.50, 1 lb. $2.50, 5 lbs. $13.75, postpaid.

**MAMMOTH YELLOW PRIZE-TAKER ONION (SPECIAL STOCK).** Our American-Grown Prizetaker seed we offer produces large, well-ripened bulbs the first season from seed. Flesh white, crisp and mild in flavor. The skin is thin, of a bright straw yellow. Form nearly a perfect globe, as shown in our Illustration. Under ordinary cultivation this variety will yield bulbs nearly three times as large as the well-known cultural onions, and grow from four to five and a half pounds each. These are the large mild onions which are sold in small crates in early fall and are esteemed for their large size, handsome appearance, mild and delicate flavor. With ordinary culture the crop of Prizetaker Onions is not infrequently 1,200 to 1,500 bulbs per acre, and often runs up to 1,800 bulbs. Our Strain Prizetaker is by far the handsomest, most productive, most popular and best of all Yellow Globe Onions. It has a very small neck and ripens up without stiffness of the neck. In market it never fails to attract attention on account of its beauty, and is sure to bring a far better price than any other. Pkt. 10c., oz. 40c., 4 ozs. $1.50, 1 lb. $2.80, 2 lbs. $5.20, 2 lbs. $10.50, postpaid.

**WHITE VARIEGATED RIBBED ONION.** This is the largest onion money can buy from any seedman. You grow it direct from the seed and you will have bigger and better onions than any you may grow from sets and at one-third the cost of sets and one-half less labor. Big statements these, but every word the truth. 1,000 bushels per acre can easily be grown from this seed of this variety, and in this latitude they can be had on the market by June 15th, when prices range from $2.00 to $3.00 per bushel for new onions. It is unquestionably the largest, handsomest, finest flavored, best shaped, finest keeping, most superior early onion ever introduced, and is an onion that will sell on its merits in any market. Pkt. 10c., oz. 35c., 4 ozs. $1.10, 1 lb. $2.00, 2 lbs. $3.50, 2 lbs. $7.50, 5 lbs. $17.50.

**NEW ZITTAU EXTRA EARLY WHITE.** The earliest large onion on earth. This is the biggest early money-maker ever offered by any seedman. You grow it direct from the seed and you will have bigger and better onions than any you may grow from sets and at one-third the cost of sets and one-half less labor. Big statements these, but every word the truth. 1,000 bushels per acre can easily be grown from this seed of this variety, and in this latitude they can be had on the market by June 15th, when prices range from $2.00 to $3.00 per bushel for new onions. It is unquestionably the largest, handsomest, finest flavored, best shaped, finest keeping, most superior early onion ever introduced, and is an onion that will sell on its merits in any market. Pkt. 10c., oz. 35c., 4 ozs. $1.10, 1 lb. $2.00, 2 lbs. $3.50, 2 lbs. $7.50, 5 lbs. $17.50.

**White Barletta.** Excellent picking variety; very early, very large and perfectly white. Very profitable for the local market gardener. Pkt. 10c., oz. 35c., 1 lb. $1.00, 1 lb. $3.00. Best sort for Bottling or pickling.

**White Silver Skin.** (Protected). It is from this variety that the famous white sets are grown. Pkt. 10c., oz. 40c., 4 ozs. $1.50, 1 lb. $5.00, postpaid.

**Ebenezer or Japanese Onion.** An Enormous Cropper, Mildest Flavor, Good Keeper. Ebenezer is the mildest flavored onion grown. The white flesh is firm, and very delicate flavored. The handsome onions are large, somewhat flattened, yellow-skinned. Very early, well covered, hard yellow skin. Keep hard and sound all winter; a desirable home garden or market sort. Pkt. 10c., oz. 40c., 4 ozs. $1.20, 1 lb. $2.00, 1 lb. $3.75, 2 lbs. $7.50, postpaid.

**White Valencia Onion.** Billed about 3 inches in diameter by 2 inches thick. A beauty, pale white color, very tender, mild and delicious eating qualities. It is rapidly succeeding both the yellow and Crystal Wax Bermuda varieties in all markets when once known. It will sell for a higher price, carry better and hold up longer than any other white shipping sort grown in the United States. It is a great favorite with Texas and California growers. We advise all who grow for early market to plant it. It will outyield any of the handsomest White onions grown; of beautiful form, clear white skin. Our stock is very choice. Pkt. 10c., oz. 50c., 4 ozs. $1.50, 1 lb. $2.75, lb. $5.00, 2 lbs. $9.00, postpaid.
NEW ROYAL SPANISH ONION

The largest onion grown, similar in form to our Pritelaker, but differing from it in the color of the bulb, which is a lighter straw-yellow, also different in the size, which is a good deal larger. Planted at the same time and under the same conditions, our Royal Spanish will produce bulbs one-half larger and heavier than Pritelaker.

The bulbs are very handsome, nearly globular in form and have the size of a large orange, have very thin skin of light straw color and white flesh, which is tender, mild and most delicious, surpassing all similar onions in delicate flavor.

It has a record of producing 1,238 bushels per acre. Be progressive and plant this wonderful money-maker freely. Price, pkts. 10c., 3 pkts. 25c., ozs. 40c., 1 ozs. $1.25, 1 lb. $2.10, 1 lb. $4.00, 2 lbs. $7.50, 5 lbs., $17.50. Postpaid.

MOORE'S GIANT SILVER KING ONION—Universally Popular

A LEADING VARIETY IN ALL SECTIONS, PRODUCES EXTRAORDINARY CROPS OF ENORMOUS WHITE ONIONS, ALL CLEAN, SOLID, IN THE MANNER OF NO "THICK NECKS," SURE CROPPER, LONG KEEPER, UNEQUALLED SHIPPER. (New Early Type.)

The skin is a beautiful silvery white, with flesh of a particularly mild and pleasant flavor and so sweet that it can be eaten as an apple. It is adapted to a wide range of country. The popularity of this onion increases rapidly from year to year with onion growers everywhere. All who grow it unanimously say it deserves every word of praise that is bestowed upon it by its enthusiastic admirers among farmers, truckers and very especially those who eat it. Of this famous onion we cannot speak too highly. Everyone desires of having the largest, handsomest and most profitable white onions of the finest flavor will be more than satisfied with our Early Giant Silver King! It is the most productive of all white onions and grows larger than any white onion in cultivation. It is the onion for everybody, no matter whether grown for sale or for home use.

Price, pkts. 10c., 3 pkts. 25c., ozs. 40c., 4 ozs. $1.25, 1 lb. $2.10, 1 lb. $4.00, 2 lbs. $7.50, 5 lbs. $17.50.

MOORE'S EARLY FROST PROOF ONION PLANTS

Will enable you to produce earlier and bigger onions, bigger crops, and greater profits; will withstand a temperature of 20 degrees below (12 below freezing without injury). They are grown the same as our Frost-Proof Cabbage Plants—and can be set out any time that the ground is soft enough to work. We fill orders as fast as possible and endeavor to get them to every customer just when that customer orders them to be delivered. This is a far more satisfactory, quicker and more profitable way of growing onions than from onion sets. Furthermore, Early Size Frost-Proof Onion plants are even more hardy than our Frost-Proof Cabbage Plants, standing heavy frosts and even light freezes without being killed. You will find that these plants grow better shaped onions—onions that will keep much better than onion sets. By using our Frost-Plants you can have green onions for pulling in your garden and also fine, big mature onions two weeks ahead of onions from sets and way ahead of onions from seeds. These onion plants hold up well in shipping and ship as soon as they are planted.

Order early—state about when you wish them shipped. We stop shipping May 1st. We can furnish:

Russet Marketer, Crystal Wax Bermuda, White C. 0. D. Prices by prepaid post postage paid to your door.

No order for less than 100 accepted. Orders are filled by 100, 200, 300 or 500. Orders are filled by the 100, not 150 or 350 of any variety.

100, 200, 300 or 400 plants of any variety, 50c. per 100, 500 plants $1.50, postpaid.

500 plants or more of any variety, $2.50, per 1,000, postpaid.

By express, charges collect, crate of 6,000 plants $7.50, 2 crates $14.00, baskets of 5,000 plants $8.00, 2 baskets $12.00.

For Field-Grown Tomato Plants, see Page 114.

They will make you money.
MUSHROOM SPAWN

AMERICAN PROLIFIC PURE CULTURE SPAWN. An American make of spawn which produces larger mushrooms of much superior quality to the English direct broths, inoculated from pure and very prolific cultures. Per brick 30c. (by mail 35c.), 5 bricks $1.40, 10 bricks $2.70, 25 bricks $6.00, 50 bricks $11.50, 100 bricks $22.00. Mushroom Circular Free on application.

PARSLEY

Paris Market or Giant Curled Parsley. Our Paris Market Parsley is much superior to all other curled varieties. In color it is a beautiful brilliant green, leaf fronds large, delicately cut and handsomely curled. The plant is half dwarf, hardy, a robust grower and a heavy yielder, being greatly improved by frequent cutting. It is by far the most profitable sort for market and is adapted to all soils, and the best sort for long-distance shipping. Best for forcing under glass and growing in cold frames. Every parsley grower should plant it. It sells for fancy prices. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.50. Postpaid.

Champion Dutch Eufurt. Extra curled, dark green and free grower, which we highly recommend for a summer crop, owing to the fact that it will not turn yellow during hot dry weather. This is the only true "hot weather or summer green." Pkt. 10c., oz. 15c., 1 lb. 45c., lb. $1.50. Postpaid.

Hamburg Short Rooted Fern Leaved. New early, dark green, robust grower. Fine summer variety. Delicious, edible roots. This is the best and most profitable turnip-rooted parsley in cultivation. Pkt. 10c., oz. 15c., 1 lb. 40c., 5 lbs. $1.25. Postpaid.

EMERALD, or DWARF EXTRA CURLED. Double, very fine stock. Oz. 15c., 1 lb. 30c., 1 lb. $1.00, 5 lbs. $4.50. Postpaid.

MUSTARD

MONGOLIAN CUT LEAVED. The most decorative, productive and best flavored of all. No other sort half so good. Pkt. 10c., oz. 20c., 4 ozs. 40c., 1 lb. $1.50, 5 lbs. $7.00. Postpaid.

SOUTHERN GIANT CURLED. Pkt. 10c., oz. 15c., 4 ozs. 35c., 1 lb. $1.00, 5 lbs. $4.50. Postpaid.

PARSIN

New White Maltese. This strain is the result of years of careful selection by a noted parsnip specialist. It embodies all the points of excellence desirable to a market gardener in smoothness, earliness, shape, true hollow crown, extra sweet rich flavor, beautiful white color, and is not too long nor too short. It does not crack open and is entirely free from all coarse or stringiness so common in other varieties and will usually bring from 50 to 100 per cent. higher prices. If you grow parsnips be sure and get the seed from us. Pkt. 10c., oz. 20c., 1 lb. 50c., 4 ozs. 25c., 1 lb. $1.50, 2 lbs. $2.25, 5 lbs. $6.25. Postpaid.

Ideal Hollow Crown. Medium length. Smooth, hollow crown, fine grained, sweet and pretty appearance. Oz. 15c., 1 lb. 35c., 1 lb. 60c., 4 ozs. 40c., 1 lb. $1.00, 2 lbs. $1.80, 5 lbs. $4.00. Postpaid.

OKRA

Holt’s Prolific Dwarf. This is undoubtedly the best and most profitable variety for the market gardener or shipper to grow. Pods are well shaped, of proper size and entirely stringless. It is the earliest and most prolific of all. The best for light land. Pkt. 10c., oz. 15c., 4 ozs. 35c., 1 lb. 75c., lb. $1.25, postpaid. Pkts. 50c., 1 lb. $1.50. "Your Tomato seeds are the best in the world."—O. H. King, Hazlehurst, Miss.

PICKED "NEW PROLIFIC"

PEDRICK’S NEW PROLIFIC

WHITE BEEFSTEAK. A perfect wonder. In yield and earliness...

HOT SICILIAN

Our illustration is only one-half the actual size of the handsome long fruit, which is borne in wonderful profusion and is of the best quality. Its shape is very attractive and the pepper grows from 6 to 7 inches long and are borne in great profusion. There is a great demand for this type of hot pepper in every part of the country, it is often shipped in car lots, and we most earnestly hope every one of our market garden friends will give it a trial. Pkt. 15c., 2 pkts. 25c., oz. 50c., 1 lb. $1.25, 1 lb. $4.50.

Long Sweet Cayenne

We introduced this pepper in 1906 and its popularity continues to grow enormously. Fruits are of a beautiful bright scarlet when ripe; about 6 to 7 inches long and 2 inches in diameter at the stem end, tapering gracefully to a point; handsome, sweet and of a fine delicate mild flavor. Plant a strong grower and enormously productive. Long Sweet Cayenne are in great demand in all large cities at good prices. Pkt. 15c., 2 pkts. 25c., oz. 50c., 1 lb. $1.25, 1 lb. $4.50.
**Chinese Giant**

Double the size of Ruby King, and is very productive. So large a pepper, while the enormous size and magnificent appearance of the fruits make them sell most readily. The plants are vigorous in growth, but of stocky habit, seldom more than two feet in height. They are well branched and thickly set with enormous fruits of a rich glossy red color. Frequently half a dozen peppers will touch each other, as if on a single bunch. Our strain is the purest obtainable and produces uniformly beautiful, large fruits which are extremely mild-seeded as an apple. The strong growth of the plants enables them to mature the gigantic fruits only slightly later than our well-known Ruby King. True seed from our very best selected strain. Pkt. 10c. 2 pks. 25c. oz. 75c. 1 lb. $1.50. 4 lb. $2.75. 10 lb. $5.00. 50 lbs. $25.75, postpaid.

**New Tomato Pepper**

Our illustration herewith is an excellent representation of this new red pepper. In shape and general appearance it very much resembles a tomato, so much so that nine persons out of ten seeing it green or ripe, would at first glance say it was a tomato. Enormously productive, and can be eaten out of the hand like an apple, being of mild and delicate flavor. It stays in best condition through the season from early June until frost; and bulk for market will outyield even such a productive variety as Ruby King two to one, taking the entire season through. If peppers are raising peppers for profit you should certainly include Tomato Pepper in your order. Pkt. 10c. 3 pks. 25c. oz. 50c. 1/4 lb. $1.25, lb. $4.75.

**Anaheim Chili Pepper**

Our sales of Anaheim Chili seed in Arizona, New Mexico, Texas, Old Mexico, Oklahoma and New Jersey have been surprisingly large. The seed we have was procured from selected peppers and not one pod was less than seven inches long. The market for green chilis is enormous, because of the large demand of the canneries who use the product of several hundred acres last season, and this industry is only in its infancy. The Anaheim Chili is desired above all others by the canner because of its fleshiness and slight pungency. Caused Chilis was unheard of until we introduced the thick-seated Anaheim Chili. Pkt. 10c. 3 pks. 25c. oz. 50c. 1/4 lb. $1.50. $5.00. postpaid.

**Ohio Crimson or Ruby Giant**

A sweet and very early pepper of large size. The plant is vigorous and upright, growing taller than the Chinese Giant and more productive. The fruits are not quite as large as the Chinese Giant. Very sweet, with exceptionally thick heavy flesh. The color is a beautiful deep green when young, turning to a deep crimson when mature. Pkt. 10c. 3 pks. 25c. oz. 50c. 1/4 lb. $1.50.

**Red Cherry Pepper**

We offer the true type of this variety: the fruit is round as a ball, about one inch in diameter, intensely bright red when ripe and distinctly pungent. Very much used for seasoning and ornamenting pickled vegetables. Some pickle factories use great quantities of this handsome pepper. Pkt. 10c. 3 pks. 25c. oz. 50c. 1/4 lb. $1.50.

**Mammoth Golden Hercules**

A giant among the pepper-fruits and the best of all yellow peppers. The fruit has solid flesh of good flavor, mild and pleasant and of a magnificent golden-yellow color. The plant grows uncommonly strong and is extremely productive. There are often at the same time twenty well-shaped fruits on one plant. Its value is increased by the upright growing of the fruits. They are consequently exposed to the sun, mature earlier. May be eaten raw and are excellect for stuffing. Pkt. 10c. 3 pks. 25c. oz. 50c. 1/4 lb. $1.50, lb. $5.00.

**Myers’ New Early Ruby King**

This is a big and very large pepper, which has been especially bred for market. June 21st. Plant a vigorous grower and is completely laden with large handsome fruits, five inches long, which are of a brilliant red color, very meaty, sweet and mild. They carry well and keep in prime condition a long time, and be abundantly utilized. To market. The long felt want of the commercial grower.

**World Beater Pepper.** Not as early as Myers’ Ruby King nearly as large as Chinese Giant. It has thick walls which makes it a good shipper. Very prolific. Our strain is very much improved over the original type. Pkt. 10c. 3 pks. 25c. oz. 50c. 1 oz. $1.25, lb. $4.00, 2 lbs. $7.50, postpaid.
BEST PEPPERS FOR MARKET

For many years we have made a close study of Pepper growing for market with a view of producing the best varieties for the purpose, and our customers will find the varieties we illustrate herewith embrace all that will be found desirable and profitable.

A GRAND PEPPER

Moore's Mammoth Prizetaker is the greatest large pepper on earth. Thousands of gardeners and Southern shippers have found it ahead of any other large variety they have ever tried. If you have not grown if you ought to, as you need it. Sixteen large specimens fill a half-bushel basket. We discovered it growing in a patch of Chinese Giants we were saving for seed in 1890, and at once recognized its many good qualities. We, as well as many hundreds of pepper growers who have grown it, pronounce it in every way superior to the Chinese Giant, and the most valuable acquisition to our list of peppers. It is larger, more symmetrical, earlier and a better yielder than the Chinese Giant, 221 bushels per acre was its record for 1902, 911 for 1908 and 972 for 1912. In shape it is longer from stem to blossom end than the Chinese Giant, deeply smooth and fully 50 per cent, more productive. Never before has there been a variety that bears so uniformly such enormous fruits. Our illustration is taken direct from a photograph, and is an exact representation of shape and great productiveness. The fruit is a bright scarlet, average 4 inches broad by 5½ to 6 inches long. Moreover, the fruit sells better than any other large sort, which makes it extremely valuable to the market gardener. Flesh unusually thick and very mild, being entirely free from any pungent flavor. The yield is simply prodigious. We especially recommend it to all our customers who wish the largest good, sweet pepper obtainable, who grow for market or long distance shipping, for it sells readily at good prices. In southern markets it is frequently shipped in car lots by single growers. Pkt. 10c., 2 pcks. 25c., oz. 50c., 1 lb. $1.75., 2 lbs. $4.00.

New Cardinal Potherb Pepper This is just the right thing for bunching with potherbs, neither too long nor too small; color a rich, glossy cardinal red. Strong and productive. It is the most productive pepper we ever saw. Our illustration gives an excellent idea of its habit of growth. (See illustration.) Market gardeners will find this the ideal sort for potherbs. Pkt. 10c., 3 pcks. 25c., oz. 50c., 1 lb. $1.50., 2 lbs. $5.00., postage.

Moore's Royal King Introduced by us 20 years ago. Plants grow two feet high and bear a fine crop of handsome extra large scarlet fruits. Meat is unusually thick, sweet, and so mild that the peppers may be eaten from the hand like an apple. Especially fine for mangoes. Pkt. 10c., oz. 40c., 1 lb. $1.25., 2 lbs. $4.00.

Pedrick's New Early Prolific Pepper The EARLIEST and Most Productive Large PEPPER in Culture

No grower of peppers will be disappointed in this grand new variety. Its earliness compared with any other sort is astonishing, and its yield is almost beyond description, and like our Moore's Mammoth Prizetaker Pepper introduced by us in 1904, it has come to stay, and will prove a source of much profit to all who plant it. It is fully three weeks earlier than the Chinese Giant or Ruby King, and about five days earlier than the Neapolitan, and notwithstanding its earliness it will continue to yield fine large peppers, which are longer and narrower than Ruby King, up until frost. Mr. Pedrick had one plant that yielded 237 full-sized fruits during the season. To get best results the fruits should be removed from the plants as fast as fully grown. The size and yield will thus be fully maintained throughout the season. They carry and keep well, the flesh is thick and smooth, slightly pungent, and a glossy, brilliant red when ripe, and being first in market secures the highest price. Pkt. 10c., 3 for 25c., oz. 50c., 1 lb. $1.50., 2 lbs. $5.00.

Italian Early Red This valuable new variety is the earliest type of Bull Nose in cultivation. It is valuable alike for the amateur and market gardener. In size it is about the same as the old Sweet Bell or Bull Nose. It is wonderfully productive. The plant is a perfect mass of peppers, which are of a beautiful glossy red, and a continuous yielder. It is a highly profitable sort for the market gardener, either for the home market or shipping, and either for the northern or southern grower. The early peppers are in great demand at very high prices wherever known. Flesh is extremely mild and sweet; continues to bear freely until frost, and carries well. While young the fruits are of a beautiful emerald green and carry long distances perfectly. It is one of the best peppers for you to plant if you wish to make money. Pkt. 10c., 3 pcks. 25c., oz. 50c., 1 lb. $1.50., 2 lbs. $5.00.

Perfection Pimiento (New) A remarkably thick-fleshed variety, also a remarkably good bearer. It is not uncommon for a plant to carry from 50 to 40 marketable fruits at one time. Fruits measure about 4 inches long by 3 inches across the firmest. The very thick flesh and peculiar shape make it the best long-distance shipper ever introduced. It will keep in prune condition for use at any time of year. Has thick, firm flesh which permits it being scaled and peeled. Should be in every family garden in the South because it is delicious stuffed with salads. We are sure you will like it. It is the best of all varieties for canning. Every pper, $1.50., 2 lbs. $4.00., postage.

MOORE'S MAMMOTH PRIZETAKER PEPPER

MAMMOTH PRIZETAKER PEPPER

PERFECTION PIMENTO

ITALIAN EARLY RED
McLean’s First of All.

This delicious variety originated in England and is the earliest Pea ever produced. It is, strictly speaking, an extra early sort, and will mature ahead of the Gradus, Thomas Laxton, Morning Star, Lightning Extra Early, Royal Early or Nott’s Excelsior. It is wonderfully productive; a single plant has been known to produce 150 large-size pods. It requires no brush supports in the field, and will produce better on light land than any other early sort. The pods are large and well filled with large, beautiful dark green peas of delicious quality. It is remarkably hardy and should be the first to be planted, and you will have the first peas in market and get the biggest price. Our crop this year being large, we can offer the seed to our customers at a very low price. It is remarkably uniform and quite free from sports of any kind. Large pkt. 15c., 2 pkts. 25c., qt. 30c., qt. 60c., pk. $3.00, bn. $11.00, 2 bn. $21.00, 4 bn. $40.00.

Moore’s Lightning Extra Early.

The earliest and most extra productive of all extra early white seeded peas. Are planted annually by over 40,000 market gardeners throughout the United States. They will be found of equal value for late summer or autumn sowing, or where a pea crop is required to come off in the shortest possible time. The entire crop can be gathered in one picking. This valuable sort is so hardy that it can be planted shortly after the frost is out of the ground. Under favorable conditions peas can be picked twenty-nine days from sowing the seed. The yield of these peas is simply wonderful. Large pkt. 25c., qt. 50c., pk. $2.75, bn. $10.00, 2 bn. $19.00, 4 bn. $36.50.

Prodigious or Prince Edward

The Giant of the Pea Family

A Grand New Second Early; Productive of Large, Luscious, Wrinkled Green Peas.

It is called Prodigious on account of the enormous size of its pods. This pea is considered one of the most profitable varieties for the trucker. There are thousands of our customers who will be delighted to show their friends such enormous pods of peas, the largest, by far, they have ever seen, which in addition to large size combine rich and succulent flavor. Height, 3½ feet. Large pkt. 15c., 2 pkts. 25c., qt. 35c., qt. 60c., 4 qts. $2.00, pk. $3.50, bn. $10.50, 2 bn. $20.00.

Extra Early Gradus also called “Prosperity” Pea. Our strain will be found much superior to that usually sold by other seedsmen. Matures pods only a few days later than the small-podded round-seeded extra earlies; grows about three feet high. Large pkt. 15c., 2 pkts. 25c., qt. 35c., qt. 60c., pk. $3.50, bn. $10.00, 2 bn. $19.00.

Little Marvel.

The vines average fifteen inches in height and are productive. Market heavily set with fine pods. The pods average two and one-half inches in length and well filled with six to seven quite large, deep green peas. Height about 1 foot. All who desire a fine early crop of the choicest quality of wrinkled peas will be delighted with Little Marvel. Large pkt. 15c., 2 pkts. 25c., qt. 45c., qt. 80c., pk. $4.00, bn. $15.00.

Laxtonian. This is one of the largest podded of all the early dwarf varieties and is a new sort of decided merit. The vines are vigorous, growing about 18 to 24 inches high, and produce a large crop of good-sized pods, average from 6 to 8 peas to the pod. The peas are of exquisite flavor and mature early. The pods are dark green and produce in great abundance. Many of our customers who have tried Laxtonian consider it superior to either Gradus or Thomas Laxton, and claim it to be the best of all the early English dwarf sorts. It is a great favorite with all English market gardeners. Large pkt. 15c., 2 pkts. 25c., qt. 30c., qt. 60c., pk. $3.50, bn. $12.00, 2 bn. $22.00, 4 bn. $44.00.

ALDERMAN A STANDARD LARGE PODDED MAIN CROP SORT

A large main crop pea, producing in 70 days, long, straight, dark green pods 5 to 6 inches long, well filled with large peas of excellent flavor. The vines grow nearly 5 feet high, vigorous and exceedingly productive. Market gardeners are demanding the large podded, dark green colored sort, which retain their appearance after a distant shipment. The Alderman answers these requirements. A popular home and market sort. Pkt. 35c., qt. 60c., pk. $3.00, bn. $11.50, 2 bn. $22.00.

We will quote special low prices to buyers of ten bushels and upwards.

Yanke Prince

MOORE’S IMPROVED TYPE

A delicious second early large-podded wrinkled sort of the Telephone type. Remarkably healthy, vigorous and productive. Handsome pods of the largest size frequently six inches in length, straight, round at the point, deep green in color and most beautifully shaped, well filled with large tender peas that are of a very attractive deep green color and of the richest flavor. Height, four feet, and to get the best results the vines should be supported with brush or other means. We claim this to be the best of its class. Large pkt. 15c., 2 pkts. 25c., qt. 35c., qt. 60c., 4 qts. $2.00, bn. $10.00, 2 bn. $20.00.
MOORE’S HOME GARDEN PEA. If you want a long podded, extremely early, wrinkled dwarf pea, of the finest quality and productive for large crops, something growing less than 1 foot tall, that covers itself with large pods of deliciously rich and tenderly flavored peas, then try Moore’s New Home Garden, the prince of all early dwarf peas. This is a grand new blue dwarf wrinkled pea. It literally fills itself with large pods, ripening evenly and of excellent flavor. It is very early, testing in 46 days. 1,000 bushels—now that’s a great many, but our market gardeners and private planters require more than that of Moore’s New Home Garden Pea seed every year. They say there is no other pea just like it, hence its great demand. It’s early, too, and of delicious quality. The distinct merits of this pea are its uniform height, so smooth and level in its growth that a row resembles a well-kept hedge. It is also magnificent variety for market gardeners to grow; as the pods are large, it fills up a bushel quickly and brings a very fine price in the market. Large pkt. 75c., 2 pkts. 25c., pt. 35c., qt. 70c., 4 qts. $2.50, pk. $1.00.

MOORE’S ROYAL EARLY

This popular new large-podded early pea of finest quality matures pods two or three days later than the small-podded early twenties; will produce 25 per cent. larger crop, much better in flavor, and will be a pleasing revelation to all who plant peas. It is the result of much careful, expert work, of selection and reselection. Grows about thirty inches high. It produces uniformly large pods, measuring from four to four and a half inches in length, nearly round, and well filled with very large, handsome, beautiful green peas of fine flavor. The peas remain tender and sweet for some time after they are large enough to use. The illustration was engraved from a photograph, being exactly as they grow in the field. It is wonderfully prolific. No pea grows better for home garden or market. Small pkt. 10c., 2 pkts. 25c., pt. 90c., qt. 70c., 4 qts. $2.50, pk. $3.50, bu. $1.50.

MAMMOTH MELTING SUGAR

Edible Pods. Enormously Productive and Wonderfully Delicious. The peas are not shelled, but the pod is eaten like a snap bean. The pods are never stringless. The full pea pods are 8 to 10 inches long and 1½ inches broad. Served with butter sauce they make a dish of surpassing delicacy and deliciousness. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., 4 qts. $2.25, pk. $1.00, bu. $12.50.
We grow the Largest Assortment of DELICIOUS PEAS of any Seedsmen in America. You will get the World's Best if you buy from us.

Moore's Bountiful Big Pod Pea
This is a grand new acquisition among second early Peas.

It gives us great pleasure to introduce this new English Big Potted Pea to our many customers. The illustration herewith shows the marvelous productiveness of this wonderful new variety. The vines are of strong growth, three feet high, and a most remarkably branching habit. It is a continuous or everlastingyielder; in this respect it closely resembles our famous Prize-taker. The magnificent large green pods often contain as many as twelve peas, which are of a most pleasing quality and possessing a delicate aroma, so highly appreciated by all epicures and admirers of this 'Queen of Vegetables.' Our Bountiful Pea is far superior to any of its class, large pods and maximum yield. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 50c., 1 qt. $1.75, pk. $2.75, bu. $11.50, 4 bu. $22.00.

A GREAT SUCCESS
Your new May Queen is a great success for quality and yield: in fact all your seeds do remarkably well with us. PETER PEDERSON, Gardener to Capt. H. C. Fleming, Somers Point.

MOORE'S DAISY. This is truly a gem for the family garden: unsurpassed for quality or productiveness, ten to twelve inches high, the earliest wrinkled sort known. The vine is literally covered with extra fine plump pods, containing from seven to nine green peas of superior flavor. Large pkt. 15c., 2 pkts. 25c., pt. 40c., qt. 75c., plts. $1.50, bu. $16.00.

Smooth-seeded peas weigh 90 pounds and wrinkled sorts 56 pounds per bushel.

New Early Sugar Marrowfat Pea
In our annual trials of peas, numbering many hundreds of rows, this variety was conspicuous among them all for its astonishing profusion of pods, which are large and handsome and bountifully filled with dark green tender peas of the true delicious marrowfat flavor. In England, where we obtained our stock seed, it is extensively grown by the nobility, who prize the Sugar Marrowfat above all others of its class. It is the earliest of all marrowfats and will satisfy the most exacting who strive for the best quality.

We recommend it to all who plant for home use or market; one of our best introductions. Height, two feet. Maturing about one week after our Lightning Extra Early. Large pkt. 15c., 2 pkts. 25c., pt. 35c. qt. 60c., 4 qts. $2.00, pk. $3.00, bu. $11.50.

YOUR NEW EARLY SUGAR MARROWFAT PEAS ARE A REAL DAINTY. Its delicious quality is a revelation to all who eat it.

JAMES SYLVESTER WORTHINGTON
Chestnut Hill, Pa.
POTATOES

Grown for seed in the far North

Our seed potatoes have been carefully grown, especially for seed, on light, sandy loam, entirely free from all disease, in the extreme north of the State of Michigan, and will give the best possible results to all who plant for private use or profit. Prices vary with the market. Special prices given by letter on lots of five barrels and over. We give full legal weight.

FILLBASKET EXTRA EARLY

Originated by crossing our famous Snowball and Quick Crop. The Fillbasket Potato soon proved itself to be a very popular and profitable sort for home use and shipping and has forced its way among our largest planters. Those who grow it for market find it to be twice as profitable as Early Rose, Hebron, or Early Ohio. It always commands a higher price than other sorts, and besides it is an enormous cropper, as our photo illustration shows. A remarkably quick grower, a very smooth full tuber. In color, it somewhat resembles the Prince Edward Island Rose. When cooked, the flesh is pure white, dry and flaky. 3 lbs. $1.50, postpaid; 1 pk. 95c, pk. $1.50, 1 bu. $2.50, bu. $4.50, bbl. $9.50.

NEW VARIETY,
Sutton's Early MONARCH

SUTTON'S EARLY MONARCH (New)

Under Ordinary Cultivation, This Variety Has by Actual Test Produced 463 Bushels Per Acre

This new early potato is now attracting wide attention. Its points of excellence, as claimed are its earliness, wonderful productiveness, vigor of growth, quality, smoothness and handsome shape and appearance. It receives its name from its originator, Mr. Sutton, a noted potato hybridizer. It is a white potato, of the shape indicated by the illustration. The shape is very uniform. It matures from early to second early and in table quality is white, dry and meaty. It is as perfect in shape as the Snowball, and probably about one week later. Our own observations on Early Monarch are favorable, and we do not hesitate to commend it highly. As a variety for planting for second early or late crop, it is without an equal. The tubers are all bunched together in the hill, and are of good size and quality. 3 lbs. $1.50, postpaid; 1 pk. 95c, pk. $1.50, 1 bu. $2.50, bu. $4.50, bbl. $9.00.

Moore's Early Snowball Potato

THIS AND MOORE'S FULLBASKET ARE THE TWO EARLIEST POTATOES IN CULTIVATION

They are fully a week in advance of any other kind in earliness and are the heaviest croppers.

Moore's Snowball can always be marketed at least ten days before the top dies, as the new potatoes commence to grow before the tops are six inches high. Another great merit lies in its great keeping properties, remaining solidly fresh until the new crop is dug, and will often remain in the cellar without spoiling until June 1st. Hills of "new potatoes" of a fit size for table use can be dug in six weeks from the time of planting if weather for growing has been favorable, and the tops thoroughly ripened in from eight to nine weeks, with crop fully matured. Moore's Early Snowball was produced from a seed ball taken from a vine of the Snowball, growing between Early Rose and Early Ohio. Fresh white; upright, strong vines, with tubers growing compactly in the hill. We have never tested a kind which possessed the desirable points of an extra early, large yielding, high quality potato like the Moore's Early Snowball. 3 lbs. $1.50, postpaid; 1 pk. 95c, pk. $1.50, 1 bu. $2.50, bu. $4.50, bbl. $9.00.
Moore's New Early Bonanza Potato

The great drought register. The great money-maker. We mean just what we say about it being a great drought register. It stands hot, dry weather better than any other sort. We have seen Early Rose, Hebrons, Irish Cobblers, Green Mountains, Ohio, etc., cease growth entirely and fail to produce even 10 per cent of a crop in dry seasons, while Moore's Early Bonanza vines stood up green and vigorous and produced a tremendous crop of blight-proof potatoes. It can be used in any soil and at any stage. It is blight-proof. It seems to be disease-proof; neither scab nor black spot has attacked it. 3 lbs. $1.50, by mail, postpaid. By express or freight: Pk. $1.50, 1 dz. $2.50, bu. $4.50, bbl. $9.50.

Great American Giant Potato

A long late variety, giving extraordinary yields on either light or heavy soils, probably the greatest yielder of all varieties on sandy loams. It is not used as a cooking potato, but the handsomest long white potato grown. The tubers are long, smooth, uniform and have few eyes. It is a good keeper, an excellent market potato and will outyield the Irish Cobbler or Great Mountain Two to one. A great favorite in the New York and Boston markets. High-grade seed only. Price, 1 lb. $2.75, pck. $1.50, 1 dz. $2.50, bu. $4.50, bbl. $9.00.

New Jersey Sweet Potatoes

Kissel's Red Queen Sweet Potato

A marvel in vigor, health and freedom from disease

Save Your Potato Crop, Increase the Yield from 30 to 40%

Every potato grower should carefully treat his potato seed before planting for the purpose of eradicating Potato Scab, Potato Wart and Black Leg by the use of our Standard Formaldehyde Disinfectant.

Careful experiments show clearly that seed treated with the above will increase the crop of potatoes per acre, 30 to 40 per cent. This is not that they become any more blight or tomato spot resistant. One pint of our Standard Formaldehyde Disinfectant, spread on the soil in a large bed, will take care of a 500 lb. seed potato crop. Seed should then be well watered with a blight-proof solution. This disinfectant will keep potatoes free from blight and tomato spot for 30 days.

Controlled cultivation, accelerator germination, invigorates seedling growth. Produces stouter plants and increases crop yields. Our illustration shows its favorable effects on white potatoes.

Prices (not maifable): 1 oz. 50c., 2 oz. $1.00, 4 oz. $1.60, 8 oz. $1.50, 1 lb. $2.75, 10 lb. $25.00, 25 lbs. $62.50, 100-lb. kegs, $235.00.

Semesan Plant Disinfectant

Controls seed diseases, accelerates germination, invigorates seedling growth. Produces stouter plants and increases crop yields. Our illustration shows its favorable effects on white potatoes.
PUMPKIN

Pumpkins are now largely cultivated for market purposes, and are found to be very profitable. They are usually planted in fields of corn or potatoes, but may be profitably raised in fields by themselves. They also make very profitable and healthy food for stock. We herewith illustrate some of the best market varieties.

**Large Cheese.** Of fine grain and excellent flavor. Pkt. 10¢, oz. 
1 lb. 60¢, 1 lb. $1.60, 5 lbs. $5.00, postpaid.

**Tennessee Sweet Potato.** Of medium size, pear-shaped. Color creamy white, with green; flesh thick, creamy white, fine-grained, dry, brittle and of excellent flavor. When cooked it has somewhat the appearance of sweet potatoes, but of more delicious taste. Pkt. 10¢, oz. 15¢, 1 lb. 40¢, lb. $1.50.

**Cashew.** Long white, smooth. Good keeper. Pkt. 10¢, oz. 15¢, 
1 lb. 40¢, lb. $1.50, postpaid.

**New Jersey Sweet Potato.** Very showy and attractive. Flesh a rich yellow color, solid, fine grained, very thick, sweet and excellent for pies and baking. Cooks dry, very hardy and productive. Extra good keeper. Extensively grown. Very popular market sort. Bugs seldom bother it. Pkt. 10¢, oz. 20¢, 
1 lb. 50¢, lb. $1.75.

**Genuine Mammoth, or True chillie.** (Also called King of the Mam- 
moth). It grows to an enormous size, three feet or more in diameter and one 
hundred to two hundred pounds or more in weight. Skin deep yellow; flesh very thick. Color a golden russet finely netted. Flesh deep golden, sweet 
and tender. Pkt. 10¢, oz. 15¢, 1 lb. 15¢, lb. $1.25.

**Winter Luxury Pumpkin.** Few, if any, pumpkins can equal the 
Winter Luxury for cooking—in fact, one of our growers who knows all varieties is emphatic in saying that “it is the best 
pumpkin grown for pies.” The flesh is very thick, sweet and fine flavored, 
and yields an enormous amount of pie flesh. Color a rich orange, 
unusually fine grained, and when cooked or stewed is almost as dry and 
mealy as a sweet potato. Pkt. 10¢, oz. 20¢, 1 lb. 50¢, lb. $1.75.

**Mammoth Golden Cashew.** (New.) The flesh is a rich 
yellow color, solid, fine grained, very thick and sweet and excellent for pies, and equally good for baking. They are 
very hardy; bugs seldom bother them. Can be grown anywhere and yield 
a much heavier crop than most other sorts. Pkt. 10¢, oz. 20¢, 
1 lb. 50¢, lb. $1.75.

**Large Connecticut Yellow Field.** Easily grown alone or 
in the corn. Oz. 10¢.

**New Boston Golden Sugar.** One of the best yellow pie 
pumpkins. They are round in 
shape and very slightly ribbed. The skin is of a rich golden-orange color, very 
beautiful. Flesh of extra fine flavor, cool, soft and tender. It is 
a splendid keeper. Enormously productive. Just the right size to use in baskets. Makes excellent pies. Pkt. 10¢, oz. 15¢, 
1 lb. 45¢, 1 lb. $1.50, 5 lbs. $7.00, postpaid.

**Mammoth Etampes Bright Red.**

**Yankee Cow Pumpkin.** This valuable pumpkin will be found a great 
boon to farmers with dairies, large or small. It greatly increases the flow of milk, besides imparting to it a rich yellow color, and really 
adds to the flavor and color of the butter of all cows fed upon it. Twelve tons to the acre is no unusual yield. If hand be manured liberally a full crop can be grown among corn. It is a most excellent keeper and will be sure wealth to all who grow and feed it liberally. Oz. 15¢, 1 lb. 40¢, lb. $1.25, 5 lbs. $6.00, postpaid.

**Thanksgiving Pie Pumpkin.** On account of the ex- 
tra thickness the flesh in pounds is double that of other kinds. The flesh is 
orange in color, fine grained, sweet and has the delicious pumpkin flavor essential to the making of first-class pumpkin pies. The name “Thanksgiving” was suggested by the almost uni- 
versal custom of baking 
pumpkin pie at the Thanksgiving dinner. Pkt. 10¢, oz. 15¢, 
1 lb. 45¢, lb. $1.50.

**New Persian Golden Giant.** Produces truly gigantic globe-shaped fruits. The skin is of a beautiful rich salmon color, while the firm fine-grained flesh is highly colored, of a deep yellow, sweet 
flavored and very thick. The pumpkins attain an enormous size and will attract great attention when placed on exhibition. Pkt. 10¢, oz. 
1 lb. 35¢, lb. $1.75, postpaid.
Early Giant White Turnip Radish
The largest and earliest of the white turnips. The roots grow to about 2 inches in diameter. The skin is white, the flesh white, slightly pungent and crisp and of good flavor and keeps in good condition for a long time. Ready to pull in five weeks. Suitable for winter storage. Carried in all grades. Pkt. 10c., oz. 15c., 1 lb. 45c., lb. $1.50, 2 lbs. $2.75, postpaid.

Fred. Simon's Solid Ivory
This is pronounced by many customers to be the only perfect round white for open ground. It is entirely distinct from any other white turnip variety. Its points of superiority are remarkably short top and rapid growth, perfect globe turnip shape, short and sweet flavor. It will mature radishes in 25 days, which never become pithy, and we highly recommend it to all radish growers. Don't fail to include it in your order. Pkt. 10c., oz. 15c., 1/2 lb. 45c., lb. $1.00.

Moore's Scarlet Gem
This variety is indeed a perfect gem. It pleases all who plant it and all who eat it. Very short top, very early and nutritious. Our radish growing is under sash or open ground; color a beautiful rose scarlet; flesh white, crisp and of good flavor. It will mature radishes in 25 days, which never become pithy, and we highly recommend it to all radish growers. Don't fail to include it in your order. Pkt. 10c., oz. 15c., 1/2 lb. 45c., lb. $1.00.

White English Summer
A very desirable radish for summer use, retaining solid and crisp after spring sorts are over. Top of medium length. Much used in England. Very crisp and sweet. It is well adapted for sowing at any season of the year. It is a quick grower, has a small top, can be planted closer than most white summer sorts—and it finds ready sale. Pkt. 5c., oz. 15c., 1/2 lb. 45c., lb. $1.50, postpaid.

Moore's New Red Strawberry
This is unquestionably the handsomest small red variety ever produced. The flesh is nearly white, which forms a striking contrast with the glowing crimson color of its skin and beautiful delicate green color of its small, smooth leaves. It is a distinct, handsome, finest, juicy, tenderest, sweetest and best small radish ever grown. It is equally valuable as market gardeners or home use, either for forcing under glass or open ground culture. Will mature in 28 days. Pkt. 10c., oz. 15c., 1 lb. 50c., lb. $1.25, postpaid.

Long Russian Radish
Skin pure white, about 6 inches long, 2½ inches in diameter; flesh white, pungent and crisp. Grows quickly; equally good for summer, fall or winter. Keeps well. The culture, handling and uses are the same as for Scarlet Rose. Pkt. 10c., oz. 15c., 1 lb. 45c., lb. $1.50, 2 lbs. $2.75, postpaid.

Bright Red Forcing Turnip Radish
This is unquestionably the best red forcing variety for growing in cold frames and hot beds. Also very desirable for outdoor planting. It is of a brilliant scarlet color, with very short and small leaves, tender, crisp, and of quality all that could be desired. Will mature in 25 days, and can be grown very thickly in the row; unlike other sorts it sells well throughout the year. It does not become spongy nor pithy quickly. You will be pleased with it. Pkt. 10c., oz. 15c., 1 lb. 45c., lb. $1.25, 5 lbs. $5.75, postpaid.

Chinese Celestial Winter
Seed from Tonkin, China. The finest and the largest of the White Chinese Radishes. The roots grow to a very large size, averaging about 6 to 8 inches in length and have a diameter of 5 inches. They grow mostly above the ground. The skin is pure white and the flesh always crisp, mild and juicy. It is a profitable radish to grow as its sells handsomely and is relished by all. Pkt. 10c., oz. 15c., 1/2 lb. 30c., lb. $1.00, postpaid.

New White Icicle
The flavor of this new variety is very mild, and it is invaluable for slicing. The top is quite short, flesh very crisp, tender, juicy and is very attractive when bunched. It matures in about thirty-seven days from the time of sowing the seed and remains in prime condition for eating for fully two weeks. For the cottage, garden or market purposes we consider it a great combination. Pkt. 10c., oz. 15c., 1 lb. 40c., lb. $1.00, postpaid.
NEW CALIFORNIA CHERRY RADISH

This strikingly beautiful variety is from California, where it is known as the "Cherry Radish." It is an excellent sort to follow our delicious strawberry radish, and cannot fail to delight all who are so fortunate to plant it, and we hope every one of our customers will. This delicious radish is excellent for all purposes on account of its carliness, crispness and great beauty. It makes a fine garnish for any table. It sells readily and quickly at good prices in any market and makes an exquisite sort for the family garden. Pkt. 10c., oz. 15c., 1 lb. 50c., lb. $1.25, 5 lbs. $5.50, postpaid.

MOORE'S NEW SCARLET BALL

This is a very choice and highly desirable new radish of our own introduction, thus increasing the flow and quality of flowers. Shape perfectly spherical, very small tap root, short, short leaved and a very attractive vivid scarlet color; flesh pearly white, solid and deliciously crisp, mild and tender. It attains about twice the size of our celebrated Bright Red Forcing Turnip. It positively will not grow hollow or pithy; remains deliciously crisp and juicy for weeks; a fine market variety for any season of the year. Well adapted for such or warm borders or open field culture. We earnestly urge every one of our customers to plant it. Pkt. 10c., oz. 15c., 1 lb. 50c., lb. $1.50, 5 lbs. $6.50, postpaid.

IMPROVED WHITE LADY FINGER. This is unquestionably the finest white radish for sowing at any season of the year. We found it growing in a field of our Quick Sello Selling which we had planted for seed. In color it is a beautiful waxy showy white. It is of very rapid growth, and remarkably crisp, brittle and tender; will stand longer before going to seed than any other white sort; extremely desirable for the home gardener, and as a market sort it will be found invaluable. Oz. 15c., 4 oz. 50c., lb. $1.00, postpaid.

FELTON'S SELECTED WHITE BOX. Very small top, early, solid, good shape; fine for sash or open ground. Felton's own stock. Oz. 10c., 1 lb. 30c., 2 lb. 50c., lb. $1.00. IMPROVED WHITE STRASBURG. Our stock is much superior to that ordinarily sold. Pkt. 10c., oz. 15c., 1 lb. 30c., 2 lb. 50c., postpaid.

ADAPTED LONG SCARLET SHORT TOP 10c. Each stake 10c.

SLIM, bright, scarlet color, flesh pure white, crisp and snappy, very early. Pkt. 10c., oz. 25c., 1 lb. 50c., 2 lb. 75c., postpaid.

CRIMSON GIANT. Extra fine stock. Oz. 15c., 1 lb. 75c., lb. $1.00.

SCARLET TURNIP WHITE TIPPED “COOPER'S SPARKLER.” Oz. 10c., 1 lb. 50c., 2 lb. 75c., 10 lbs. $7.00, postpaid.

FRENCH BREAKFAST. True, imported. Pkt. 10c., oz. 15c., 1 lb. 50c., 2 lb. 75c., postpaid.

PERFECTION CHINA ROSE WINTER. Extra fine quality. Pkt. 10c., oz. 15c., 1 lb. 45c., 50c., postpaid.

PARISIAN BLACK SPANISH. Fine. Very black skin; pure white flesh without core. Early, good keeper. No mark gardener should plant any other. Positively the best type for market. Pts. 10c., oz. 15c., 1 lb. 40c., 1 lb., $1.50, postpaid.

ROUND BLACK SPANISH. Very choice. Home grown. Pkt. 10c., oz. 15c., 1 lb. 45c., 1 lb., $1.00, postpaid.

WHITE SWAN'S EGG. This is a very desirable good sort for late summer and autumn and winter use, and it gives us pleasure to recommend it to all our customers. Seed should not be sown before July 1st. It is the sweetest of all radishes. We, however, especially recommend it as the best of all white winter radishes from seed sown early in August. The skin and flesh are both snow white, crisp, brittle and of best quality. If buried like apples or potatoes it will keep in perfect condition until spring. Excellent market sort. Pkt. 10c., oz. 15c., 1 lb. 45c., 1 lb. $1.50, 2 lbs. $2.75, postpaid.

NEW SWEDISH BUTTER RADISH.

Every one having one or more milk cows should plant this valuable radish. We know of no root crop that will insure as good health or prevent disease in milch cows like this. It is a great milk and butter producer; both the tops and roots are greedily eaten. Flesh white and compact. Acts as a fine stimulant and causes perfect digestion, thus increasing the output of the milk. The roots attain a length of 15 inches by 6 inches in diameter. The yield per acre is double that of rutabagas or turnips. Can be stored like mangel beets or turnips during winter, Now 2 to 4 pounds per acre in rows 2 feet apart, or broadcast from July 15th to September 1st. Pkt. 10c., oz. 15c., 1 lb. 50c., lb. $1.25, postpaid.
RHUBARB or PIE PLANT

Giant Extra Early Paragon. In growth it resembles the Victoria and is quite as large and productive as that well-known variety, but the Rhubarb is more upright in habit, and in the open ground comes earlier into use. Another and still more important merit is the beautiful color—a rich, bright red, and this characteristic remains after cooking, even when the roots have been forced in absolute darkness. The sticks are large and exceedingly tender, and have a delicious flavor. Altogether this fine variety possesses every progressive market gardener. Just as desirable for the family garden. It is an enormous yielder and sells at "top-notch" prices. One of our customers took $1,550.00 from one acre of this sort.

Extra strong roots 10c. for 25c., 1 lb. $1.25, 10 lb. $25.00. Seedlings, 100 $5.00, 1,000 $45.00. Add 5c. per each if to be go by mail.

Rhubarb Roots are a great specialty with us and we can readily supply 100 or 1,000. Write for prices, stating quantity wanted.

TOBACCO SEED

Havana. Grown from seed imported from the district of Vuelta de A尿ia. Pkt. 10c., oz. 25c.

Fiesta. It produces leaves 44 inches in length and matures as far north as Detroit. Pkt. 10c., oz. 40c., 1 lb. $1.00, 10 lb. $10.00.

Persian Rose Muscatale. One of the earliest and one of the best for all purposes. Pkt. 10c., oz. 35c., 1 lb. $1.25, 10 lb. $12.50.

DANISH THOUSAND HEADED RAPE

On account of the enormous amount and superior quality of food it affords, it is rapidly succeeding Dwarf Essex Rape in some sections and among many shrewd farmers. The plant attains a height of three to four feet. The stem is covered with leaves which form small heads. Animals, cows, hogs and especially sheep eat it greedily. It grows well on any kind of land and is very hardy. The seeds may be either drilled or broadcasted, but we think drilling is better. If drilled, plant in rows 26 to 30 inches apart, so that plants may be thinned cut so as to stand 16 to 18 inches apart in the rows. In drilling use ½ to 1 pound of seed to the acre. In broadcasting 2 pounds is required.

Prices, large pkt. 10c., 3 pkts. 25c., 1 lb. 30c., 1 lb. $1.00, postpaid. By express or freight, lb. 75c., 5 lbs. $3.50, 10 lbs. $6.50.

SORREL

Large Leaved French. Cultivated for its acidity and much used in salads. Pkt. 10c., oz. 20c., 1 lb. 45c., 10 lb. $4.50.

SALISFY

Moore's Giant White Russian. This is the largest, smoothest and most profitable in cultivation. Better pure white in color, three times larger than the ordinary Salisf., of very superior quality and fine flavor, flesh very fine grained, tender and very pronounced and agreeable oyster-like flavor. Invaluable to market gardeners. The tops remain in good condition until late the following spring. The seed should not be sown so early as other varieties. This variety was sent to us by the American Consul at St. Petersburg, Russia, where it is grown to the exclusion of all other sorts. Pkt. 10c., oz. 35c., 4 oz. $1.00, lb. $3.50, 5 lbs. $10.00, postpaid.

Improved Mammoth Sandwich Island. Remarkably fine and superior to any other strain. Pkt. 10c., oz. 25c., 4 ozs. 75c., lb. $2.75, postpaid.

SPINACH

We are very large growers of Spinach Seed and can give very low quotation on 100 or 1,000-lb. lots.

New Amsterdam. Prolific Long Standing. The most abundant early winter, well wintered; the finest quality; double the yield of all other long-standing sorts; the best spring Spinach in the world to-day for the amateur or market gardeners. This is a new variety, distinguished by its exceedingly dark-green colored, early leaves and one of the best for its remarkably long standing qualities. It is very hardy and will withstand the severest winter, of rapid growth and is adapted to snow any time in the year. On account of it being such an enormous yielder, the ground should be well manured. Oz. 10c., 8 ozs. 30c., 1 lb. 50c., 5 lbs. $2.00, postpaid.

RE-SELECTED HEAVY RESISTANT or BIOLUMINOUSDALE. 4 oz. 20c., 1 lb. 50c., 5 lbs. $2.00, 10 lbs. $3.50, postpaid. By express or freight, 5 lbs. $7.50, 10 lbs. $12.50, 50 lbs. $200.00.

New Hardy Winter. Fall sowing as well as early spring: of a handsome dark-green color, producing more larger beautiful curled thick leaves than any other. Will produce the best bolts and remains firm and brighter longer than any other. The best and most profitable curled variety to grow. Oz. 10c., 1 lb. 75c., 5 lbs. $2.50, 10 lbs. $6.00, postpaid.

New Zealand Spinach. Yields an abundance of the ten most months of the year, or in dry or arid climates where the ordinary Spinach runs to seed. Imported seed only. Pkt. 10c., oz. 15c., 1 lb. 25c., 1 lb. 10c., 1 lb. 75c., 5 lbs. $3.50, postpaid.

Paris Market, or Perpetual. A most excellent for spring, summer or autumn sowing; very tender and enormously productive, for private gardens; does not run to seed and very hardy.

Moore's Wonderful Hog Feed Squash. You will be astonished at the profitable results you will get from this feed. The feed yield is simply enormous and it has contributed and fattening properties are beyond belief. It makes the growing of hogs on large or small scale positively profitable by belief. It makes it possible for hog feeders to get a good profit. Hog feed it greedily, maintains them in perfect health and removes the necessity of contract for the dried hogs. Our Wonderful Hog Feed Squash is the greatest yielder of Hog Feed on earth; fast growing and of half sweet and very dry. It is the cheapest hog feed you can possibly get. Hog feed it greedily, maintains them in perfect health and removes the necessity of contract for the dried hogs. SQUASH

Moore's New Extra Early Cluster

The ideal early Patty Pan. The most profitable early squash for either home market or shipping.

The success of this variety is truly astonishing; the yield is truly enormous; it is not uncommon to count eighteen or twenty beautiful green, tender fruits on a vine at one time. Sixty-one squashes have been produced from a single hill. It is a true bush variety of unusually compact growth. The fruits are smaller than the Dow's Extra Early which preceded it several years ago, and which proved so popular to all who grew it. The color is a beautiful pea green. The earliness of Moore's Cluster is no less remarkable. The seed cavity is unusually small; the delicate flavor and delicious quality is not found in any other sort. It is fully ten days earlier than the Long Island, Mannington, or White Scallop. On account of its extreme earliness, beautiful appearance, and fine eating qualities, it being very tender and fine grained, it outsells all other sorts on any market. Fancy prices are assured all who grow it.

It is the best shipper, the fruits carry better in good condition longer, and retain their attractive and beautiful pea green color longer than any other sort hitherto introduced. It is not only early, but if the fruits are promptly picked it will continue to yield fine marketable squashes twice as long as any other. Indeed, we cannot recommend it too highly to all who wish early squashes, and plenty of them. We have had it fully tested by our home market gardeners and many large dealers and they all agree in saying it is the king of all early sorts for the grower, dealer and consumer, and who grows it without it.

Dow's Extra Early Patty Pan. It is enormously productive. The squashes mature fully a week earlier than the Long Island White Mammoth and are of good marketable size and brown high prices. The squashes cook well and the flavor is delicious. It forms a hard shell until nearly ripe, which is another great improvement over others of this type. Color a beautiful green. Fruity tree from any yellow cast. Unusually solid and heavy, which greatly enhances their value for shipping long distances. Pkt. 10c., oz. 20c., 1 Ib. 30c., 2 lb. $1.25, 3 lb. $6.00 postpaid.

LONG ISLAND MAMMOTH WHITE BUSH. True. Fruits are large and bright white in color. Pkt. 10c., oz. 15c., 1 lb. 60c., 1 lb. $1.50.

CHICAGO WARTED HUBBARD. Of large size, and very dark green color. A good keeper. Pkt. 10c., oz. 20c., 1 lb. 50c., 2 lb. $1.25.

PIE SQUASH. Flesh is yellow, very thick and of fine quality. A favorite on market. Pkt. 10c., oz. 15c., 1 lb. 60c., 1 lb. $1.25.

ENGLISH WHITE MARROW. This is indeed a table dainty; productive, excellent quality. Pkt. 10c., 1 Ib. 50c., 2 lb. $1.00, 5 lbs. $7.00 postpaid.

Rendleman's Delicata. For both summer and winter use. Wonderfully prolific. It is ready almost as soon as the early summer sorts. It is better flavored and remains in perfect condition as long as any keeping variety. Its flavor when cooked has been compared to the Sweet Potato, others liken it to roasted chestnuts, but all agree that it is delicious. The fruits are about 6 inches long, and when ripe, are deep yellow, irregularly striped and marbled with darker green. The flesh is thin, of fine texture, and pale yellow in color. It is unexcelled for baking—the shape and size make it perfect for this purpose. None is better for pies. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.25, 5 lbs. $7.00, postpaid.

Dunlap's Prolific Early Golden Marrow. This new Market Squash is certainly a valuable acquisition; for, while it is very early and productive, no variety can compete with it for earliness. It is now about twelve days ahead of the Boston Marrow, and for this reason it should be planted a week later than any other variety of marrow. Its color is most attractive; a brilliant orange-red. A good keeper. Pkt. 10c., oz. 20c., 1 lb. 45c., 1 lb. $1.30.

French Coconut. For both summer and winter use. The most deliciously flavored squash grown; dry, sweet, rich and wonderfully solid and productive and the best keeper of all. Flesh dark red, thick, firm, fragrant, keeping well. Pkt. 10c., oz. 25c., 1 lb. 75c., 1 lb. $2.25.

EARLY LUSCIOUS GOLDEN CUSTARD BUSH. A true bush, handsomely scalloped variety, of a beautiful rich golden color and excellent table qualities: wonderfully productive and a true Patty Pan sort for home use or shipping. Pkt. 10c., oz. 20c., 1 lb. 45c., 1 lb. $1.30.

GOLDEN WARTED HUBBARD, some winter variety. Pkt. 10c., oz. 25c., 1 lb. 75c., 1 lb. $2.25.

EGG PLANT SQUASH. A true bush, handsomely scalloped variety, of a beautiful rich golden color and excellent table qualities: wonderfully productive and a true Patty Pan sort for home use or shipping. Pkt. 10c., oz. 20c., 1 lb. 45c., 1 lb. $1.30.

ENGLISH WHITE MARROW. Flesh dry and sweet. Pkt. 5c., oz. 10c., 1 lb. 30c., 1 lb. $1.00, 5 lbs. $5.00, postpaid.

ITALIAN GOLDEN SUMMER CROOK NECK. Bright yellow, warty; a true summer variety. Pkt. 10c., oz. 15c., 1 lb. 45c., 1 lb. $1.50.

NEW EGG PLANT BUSH SQUASH. Beautiful cream-colored fruit, of medium size and first-rate quality and excellent flavor; delicious when made into fritters. Grows earlier than Egg Plant Bush, besides being free from disease and much easier to grow than egg plant proper. Certain to please. Pkt. 10c., oz. 20c., 1 lb. 30c., 1 lb. $1.50.

BOSTON MARROW. Flesh dry and sweet. Pkt. 5c., oz. 10c., 1 lb. 30c., 1 lb. $1.00, 5 lbs. $5.00, postpaid.

ITALIAN OVOCOLO. A valuable variety, of a deep green color, flesh pale yellow. Profitable market variety. Pkt. 10c., oz. 20c., 1 lb. 60c., 1 lb. $1.25.

NEW TOMATO

IT WILL RIPEN FRUIT IN CANADA AND NEW BRUNSWICK

MOORE'S KING OF THE EARLIES

Is Positively the Largest and Smoothest
Extra Early Red Tomato in the World

We have here the grandest large extra early smooth tomato of the age for market gardeners, private growers and shippers, no matter whether you plant one dozen or one million plants for your first picking. It is just the large extra early tomato thousands have been looking for. It is just the tomato you need. It is the tomato above all other extra early tomatoes. It is an enormous yielder. The plant is a perfect mass of large, beautiful red fruit. It is the "stem setter" and as there is a remarkable absence of leaves the fruit ripens early and almost "all at once." The tomato that will bring you wealth and fame. Each and every vine is a perfect mass of extra size fruit, as our illustration shows. It is a very compact grower and consequently can be planted one-third closer than any other early sort. If you grow early tomatoes, don't miss planting it. It will be both pleasure and PROFIT to you. It is the earnest large smooth tomato ever introduced. Price, extra selected seed, pkt. 15c., 2 for 25c., 1 oz. 50c., oz. 75c., $2.00, lb. $7.50.

CROWN SETTING SEED, carefully selected for size, shape, smoothness, earliness and heavy yield. Pkt 25c., 1 oz. $1.00, 1 oz. $3.00, 1 lb. $10.00, postpaid.

MOORE'S NEW EXTRA EARLY JUNE PINK

Better in quality, more handsome in appearance and immensely more productive than any other extra early pink-skinned variety. The vines are one solid mass of beautiful, large-sized, smooth fruit, which always sells for fancy prices in every market. We have been developing and improving this remarkably valuable new extra early variety for the past eight years and now offer it to our many thousands of customers throughout the world as being the earliest, most productive and most profitable early pink tomato in existence. First pickings of ripe tomatoes last season sold for $4.50 per crate wholesale. The crown sets often consist of thirty beautiful large fruits. Moreover, it is exceptionally hardy. The fruit is deep, very smooth, and entirely without core. It is a great money maker for all who grow for early market. It is a long-distance shipper and we assure our customers that it will carry fully as well as our Moore's Royal Pink or Moore's Old Blush Stemmed Duke of York. That, you know, is saying a great deal. Every one of our customers who has had it pronounced it free from blight. Fine for the South and will make big money for the man who grows tomatoes for early market, no matter where he may be located. Ask your neighbor about it; he may be planting it. Pkt. 10c., 3 pkts. 25c., 1 oz. 50c., 4 ozs. $1.50, lb. $5.00, postpaid.

Every Tomato Grower Needs It

MOORE'S WONDERFUL EARLY TOMATO

introduced by The Moore Seed Co. Thousands say it is the Most Valuable Large Second Early and Best Flavored Bright Red Tomato for the Market Gardener Ever Introduced. The Only Tomato Adapted for Early Second Early or Late Crop, Yields 30 Tons per Acre.

Since we introduced this most excellent variety it has brought joy, gladness, satisfaction, and hundreds of thousands of dollars to the homes of market gardeners and others who have purchased their seed from us. It ripens evenly to the stem, has very few seeds, while the productiveness is simply astounding. It has frequently produced 6 bushels of beautiful ripe fruit per plant. It not only bears early, but continues to bear ripe fruit until frost, and unlike most other varieties, the size is held up well until the last picking. It is nothing, but is on a broad basis of firmly established merit. It is well adapted to all sections of the country. If you would have a "good thing" don't fail to plant it. It is of especial value to tomato growers in the state of Maine, New Hampshire, Vermont, New York, Michigan, Minnesota, Wisconsin, North and South Dakota, Idaho and Washington, and all localities where the growing season is short, as it will withstand more frost and will mature beautiful large fruit early where no other sort will. The plants are of strong, robust growth, have abundance of foliage, and we never knew it to show blight in our seed fields. Specimen fruits weighing one pound are not uncommon. It is singularly well adapted to growing in the Dominion of Canada, as well as throughout the United States, North, South, East and West, and every market gardener, no matter where located, will find it a sure money maker. The home gardener and large canner will find it equally valuable and satisfactory. The meat is unusually firm, sweet and bright red, and curries well. Only from 3 to 5 days later than Moore's Supreme Early. It will always command the highest price on the market. Pkt. 15c., 2 for 25c., oz. 60c., 1 lb. $1.75, 10 lb. $10.00, postpaid.

THE EARLIEST LARGE TOMATO IN THE WORLD AVERAGE SIZE OF FRUIT

Moore's New Coreless Tomato. A truly wonderful yielder—being of large size and wonderfully prolific, as our illustration shows—and continues to yield beautiful large fruit longer than the Globe, Acme, or Beauty. Very distinct in shape, firm-fleshed, and of delicate and delicious flavor. It is a very beautiful variety; in quality there is nothing more to be desired in a pink tomato. It has a great future; it has already become a popular variety with all tomato growers who have tried it. Every market grower, large or small, is delighted with it. It is as smooth as an apple, colors up nicely, continues in bearing condition longer than any other pink variety; and meets with ready sale on all markets. Every Florida, Texas, Mississippi, Louisiana, Alabama, Tennessee or other Southern tomato grower should plant Moore's New Early Royal Pink Tomato. It matures enormous crops of No. 1 fruit on a few days later than our Moore's King of the Early. Beautiful large, smooth, solid pink-skinned fruit, which invariably sells above the market price. The texture is extra firm, thus making it a first-class long-distance shipper. It outclasses Livingston's Globe on every point, being one-third larger, earlier, yielding 60 per cent. heavier crops and, unlike the former, will carry thousands of miles in perfect condition. Pkt. 15c., 2 for 25c., oz. 50c., 1 lb. $1.50, 10 lb. $4.50, postpaid.

MOORE'S NEW EARLY ROYAL PINK TOMATO

A truly wonderful yielder—being of large size and wonderfully prolific, as our illustration shows—and continues to yield beautiful large fruit longer than the Globe, Acme, or Beauty. Very distinct in shape, firm-fleshed, and of delicate and delicious flavor. It is a very beautiful variety; in quality there is nothing more to be desired in a pink tomato. It has a great future; it has already become a popular variety with all tomato growers who have tried it. Every market grower, large or small, is delighted with it. It is as smooth as an apple, colors up nicely, continues in bearing condition longer than any other pink variety; and meets with ready sale on all markets. The texture is extra firm, thus making it a first-class long-distance shipper. It outclasses Livingston's Globe on every point, being one-third larger, earlier, yielding 60 per cent. heavier crops and, unlike the former, will carry thousands of miles in perfect condition. Pkt. 15c., 2 for 25c., oz. 50c., 1 lb. $1.50, 10 lb. $4.50, postpaid.

MAKES HIM RICH. I must thank you for the fine seed you sent me of your Moore's Wonderful Early Tomato. I have sold 600.00 from who are. I felt rich when I sold them all at $1.00 per basket.

JONATHAN WILKINS, Seattle, Wash.
CHALK'S EARLY PROSPERITY TOMATO

This is a highly valuable new variety—is in a class all by itself. It originated with James Chalk, one of the foremost and most successful market gardeners, from Pennsylvania, who has devoted forty years of his life to the hybridizing, selection and developing improved forms of the tomato. It was he who gave to the world the famous Chalk's Jewel tomato, which was introduced by us to the tomato growers of America in the year 1890, and which has since brought millions of dollars to the pockets of the wide-awake tomato growers of America.

Mr. Chalk wishes to announce through us to the tomato growers of America that his new EARLY PROSPERITY tomato will, if possible, prove even more valuable than his justly famous Chalk's Jewel.

The seed of this Chalk's Early Prosperity produced three times as many marketable tomatoes as Earliana, Earliest of All, Early Freedom or Bonny Best. It is truly a wonder among early red tomatoes, being an enormous yielder, solid, firm, large size and unusually attractive. Satisfaction, profit and prosperity assured to all who plant it, either for the home garden, home market or large distance shipping. It is a brand new sort, free of all disease. Stock seed grown by James Chalk. Pkt. 15c., 2 pks. 30c., oz. 60c., 1 lb. $2.00, 1 lb. $7.00, postpaid.

Bonny Best Early
A Good Second Early Red Tomato

This variety is earlier than Chalk's Early Jewel, and within two or three days as early as Earliana. It is a vigorous grower, enormously productive, with larger foliage than the Earliana. Its color is a beautiful scarlet red; setting its fruit in clusters of five or more at close intervals. Its greatest characteristic is its uniformity of size and smoothness in shape. Extra selected stock seed saved from certified settings fruit. Pkt. 10c., 3 pks. 25c., oz. 40c., 4 ozs. $1.00, lb. $3.75, 5 lbs. $15.00; Super-Standard Crown Saved Seed. Pkt. 50c., 1 oz. $2.00, oz. $5.00, postpaid.

Langdon's Earliana Tomato
(Crown Saved Seed)

This is the result of several years' very careful selection from the Spark's Earliana and grown near the Canadian border, in a short, cool season, which is well calculated to produce extreme earliness, hardness and smoothness, great vigor and productiveness. Our seed is very carefully selected from the finest crown settings, and from the largest, earliest, heavy, smooth fruits. Pkt. 10c., 3 pks. 25c., oz. 50c., 1 lb. $1.50, lb. $5.00, postpaid.

MOORE'S BEEFSTEAK. A Notably Fine New Variety.
It's one of the grandest tomatoes ever introduced, color rich, glossy scarlet, splendid cropper, round in shape, flesh very firm, fine flavor. It commences to ripen a short time after our Moore's Wonderful Early. A leading feature of this variety is that it ripens its fruit more uniformly together than any known kind, whilst its production of clusters, averaging eight and ten large evenly-formed clusters each, makes it conspicuously handsome. Fruit large, thick, heavy and remarkably free from cracking, yielding heavily until killed by frost. Invaluable as an exhibition variety for private growers and market purposes. Highly suitable for small gardens owing to its very compact growth. Excellent market variety, for canning purposes. It withstands drought and dry weather to a remarkable degree; for this reason, if no other, it should have a tremendous planting all over the United States. Pkt. 10c., oz. 40c., 1 lb. $1.25, lb. $4.00, 2 lbs. $7.50, postpaid.

Every Tomato

MOORE'S FAMOUS KELLY RED TOMATO

It has many distinct and desirable qualities which place it at once in the front rank as a desirable addition to the many valuable sorts already offered by us, and which are planted by many thousands of tomato growers throughout the United States and foreign countries. In offering it to our customers, both new and old, it is with the assurance that it is entirely distinct from any sort previously introduced. The color is a beautiful rich red; the fruit large, bearing many clusters. It is the largest late red tomato of its kind, a long, continuous bearer; ripens a little earlier than the world-famous Moore's Triumph. Twenty tons of fine marketable fruit per acre is not unusual. One of our largest and most successful New Jersey tomato packers says: "It is better than Matchless, shows no blight, a good drought resistant, all pack for a long time. I prefer the Moore's Kelly Red to all other sorts for packing whole or for canning. It is a little smaller than Kelly but I never knew it to crack. For the amateur, long-distance shipper, or home market grower, it is equally valuable. Its good market qualities have already made it famous from Maine to Texas and from the Atlantic to the Pacific. It is highly desirable for all progressive tomato growers to try out, and you should be one of them. Pkt. 10c., 3 pks. 25c., oz. 40c., ½ lb. $1.25, lb. $4.00, 2 lbs. $7.50, postpaid.
SUCCEEDS EVERYWHERE
From California to Maine,
From Canada to Mexico.

MOORE'S SUPREME EARLY
A Marvelous New Tomato in a Class All by Itself!

In introducing this most wonderful early and valuable variety to the tomato-growing public, our Mr. Moore has given it the name of Supreme, for the reason that it embodies all the desirable qualities produced in early tomatoes "up to date" and is in a class by itself. It possesses all the biggest, greatest and most excellent qualities yet attained in early tomatoes to a Supreme degree combined in this one sort. Plant it and you will agree with us. It is a beautiful large size, very early, red skinned variety, and as such is supreme in earliness, yield, beauty and fine quality, and what is still more valuable, it commands outside prices on any market. Our Moore's Supreme Early is miles ahead of any other of its class. It is not excelled for market or home garden. It is the tomato for everybody. The plant is "all fruit," abundant, delicious solid sweet fruit, with few leaves, and of compact habit. It is an uncommon thing to pick beautiful large solid ripe fruit sixty days from setting; is also very hardy. No tomato grower should miss planting this remarkable new early variety. Pkt. 10c., 3 pkts. 25c., 7 pkts. 50c., oz. 45c., 1 lb. $1.25, 10 lb. $1.75. It has come to stay.

MOORE'S NEW IMPROVED GLOBE
Seed Grown From Blight Proof Stock

Color a fine glossy rose, tinged with purple. Very early. The fruit is of a much larger size than the Livingston Globe, which is a decided advantage. Enormously productive; no fruit too small for market. It has already become a big leader with many prominent and successful tomato growers in all parts of the country. It has never shown any tendency to blight with us. A fine shipper. Being smooth and of large size, it always brings fancy prices and will invariably sell for double that of Crime's. Pkt. 10c., 3 for 25c., oz. 45c., 4 ozs. $1.25, lb. $1.50, 2 lbs. $8.00, postpaid.

MOORE'S NEW GOLDFINDER
"Does Not Scald Nor Blight"

A new tomato with many desirable qualities and quite distinct from all other sorts. It is distinct in color, size, shape and color of fruit, the foliage being dense and of a dark green color. The fruit is of a pleasing shade of red, medium early and is set well up among the dense foliage, which prevents "scalding, sun cracks," etc. David Myers, Esq., Northfield, N. J., writes:—"Your Moore's Goldfinder Tomato pleased me mightily. Not a single tomato sun scalded, while I lost one-half my Earliness and Paragons from this cause. I averaged twenty cents more per basket for them than either the Paragon or Stone. The yield astonished me. The branches were still with fruit. Not a single plant blighted." Pkt. 10c., oz. 45c., 4 ozs. $1.25, lb. $4.00, 2 lbs. $7.50, postpaid.

Bigger Crops, Bigger Prices, Bigger Profits Are Assured to All Those Who Plant Moore's Tomato Seed
Moore's Triumph Tomato

The Greatest Second Early and Late Tomato ever offered to the American tomato grower. Planted last year by over 6,000 of the best gardeners and growers in America, who all unanimously endorse it as the best ever introduced.

Our illustration gives a very correct idea of the size and shape of this valuable new variety. We introduced this grand tomato to our gardening friends fifteen years ago, and since then scores of seedsmen have tried without success to offer one as good. Words cannot adequately describe its many admirable qualities for the market gardener, canner or private grower. We can truthfully say, however, that it is the best medium early of late tomato ever introduced, a truly remarkable, handsome, very large, solid, smooth, bright, glossy red variety of the finest quality, ripens clear to the stem; wonderfully productive and zesty, does not crack; sells on sight. Its large size might lead some to believe that its fruits are few in number, yet the fact is, it is even more prolific in fruiting than any of the standard sorts now in cultivation. It is unquestionably the heaviest cropper known.

The tomatoes are borne in immense clusters of four to eight fruits, and occasionally ten large fruits have been found in a single cluster. In solidity and neatness it has no equal, while in luscious quality none surpasses it. While it is an excellent sort for medium early, it is the best in the world for a late crop. As a carter it "holds up" perfect condition longer than any other large red sort. The large size, beautiful color and productivity, are unexcelled throughout the season until killed by frost. Every trucker should grow it for his home market in Florida. Pkt., 10c.; 1 oz., 25c.; 2 oz., $1.00, 4 oz., $2.00, postpaid.

Moore's Old Blue Stemmed "Duke of York"

Of Special Value to Florida Growers and all Long Distance Shippers

Introduced by us. One of the grandest tomatoes recently introduced. Color rich glossy scarlet, similar to our Moore's Royal Early Pink, splendid cropper, somewhat globular in shape, very firm, large size, fine flavor. A leading feature of this superb variety is that it ripens its fruit more uniformly than any known kind, whilst its formation of clusters, averaging eight and ten large evenly-formed clusters each, makes it conspicuously handsome. Ripens evenly to the stem, is a strong healthy grower, but subject to rust or blight, is an enormous cropper, and produces until the vines are killed by frost, holding its size exceedingly well until the last picking. Quality the very best, very solid and meaty. It is in every way a desirable variety for market gardeners, as its beautiful appearance always insures an extra price. As a long distance shipper it stands foremost of all other sorts. The wall of the fruit is unusually thick and accounts of its good shipping quality and ability to "stand up" well after arrival, it is a great favorite with thousands of growers in Texas, Florida, Porto Rico, Cuba, Island of Pines and the Bahamas Islands. We are headquarters for selected seed of this important variety. An extra-fine sort for late summer and fall market. Plants should be set 2 ft. apart. Pkt., 10c.; 3 for 25c., oz., 40c.; 1 lb., $1.25, 2 lb., $4.00, postpaid.

Moore's New Extra Early Giant Fruited Acme

The Handsomest and Earliest Type of Acme Tomato

Positively the earliest and largest Acme tomato ever introduced. Extremely valuable to the market gardeners and shippers. Just what the roses have long sought—a large fruited, early, smooth, solid tomato with a pink or purple skin. Herebefore all pink skinned tomatoes, such as the Acme, Dwarf Champion, Early, and many others, have been too small in size to make them salable or profitable for the market gardener or shipper to grow. By repeated crossing and skilful selection we have produced our New Early Giant Acme which is many days earlier, much larger and vastly more productive than its old prototype, on account of its beautiful appearance and fine quality, sells more readily and for a higher price than any similar sort. This variety appeals preeminently to all those who grow tomatoes for profit. It possesses all the qualities that go to make up a perfect tomato, viz., earliness, large size, quality, yield, appearance, solidity, fruit, "boly, meaty," thick, solid and almost seedless. Now, what more could you wish? We predict an enormous demand for our Early Giant Acme, when its many good qualities once become known. It is adapted to all sections of the United States, and more particularly to those who ship long distances. We advise every one to plant it.

Pkt., 10c.; 3 pkts., 25c., oz., 40c.; 1 lb., $1.25, 2 lb., $4.00, postpaid.

Moore's Early Giant Acme

Greatly reduced, in sizes.
Greater Baltimore Tomato. A second early and main crop tomato of much merit; the originator claims it to be better than the Stone. Quite smooth from stem to blossom. Of brilliant red color, vines vigorous, compact and healthy, a heavy yielder, cropping until heavy frost, and owing to its firmness and solidity is an excellent shipper. It matures after Moore’s Wonderful Early and like Moore’s Triumph tomato it is a great favorite with canners. Pkt. 10c., 3 pkts. 25c., oz. 50c., 4 ozs. $1.25, lb. $4.50, 5 lbs. $20.00, postpaid.

The Matchless. The color is a rich, cardinal red, and ripens early. It is so tough that it is a splendid keeper and shipper, and is not liable to crack in wet weather. Unsurpassed for market or for table. The plant is a large grower, and is very productive. Pkt. 10c., 3 pkts. 25c., oz. 50c., 4 ozs. $1.00, lb. $3.50, 5 lbs. $11.25, postpaid.

IMPROVED EARLY Dwarf Champion or Dwarf Stone

This belongs to the potato-leafed class of tomatoes; is of rapid vigorous growth, with strong heavy stalks, which stand up well unless they are pulled down with over-abundant fruit. The fruit is of large size, of a bright glossy red color and is produced in clusters of five or six. The tomatoes and ripens after Moore’s Wonderful Early. It has very few seeds; the meat is thick and firm and of a most excellent flavor. Pkt. 10c., 3 pkts. 25c., oz. 50c., 4 ozs. $1.00, lb. $3.00, postpaid.

BUCKEYE STATE

Color somewhat darker than Aceo. Matures about the same time as our Moore’s Triumph. Good shipper. Pkt. 10c., 3 pkts. 25c., oz. 35c., 1 lb. $1.00, 6 lbs. $5.50, 5 lbs. $16.25, postpaid.

GOLDEN FIG

It is wonderfully productive, yielding double that of other sorts. This variety makes pickles and preserves of the finest quality. It is pre-eminently the best of all the small yellow sorts for market. Pkt. 10c., 3 for 25c., oz. 10c., 4 ozs. $1.50, lb. $5.00, postpaid.

Lump of Gold. New. Very valuable and highly prized for preserving. Color a bright golden yellow, size twice as large as our Golden Fig or Yellow Plum varieties; enormously productive and outsells all other yellow preserving sorts. Pkt. 15c., 2 pkts. 25c., oz. 75c., 1 lb. $2.50, postpaid.

GOLDEN STRAWBERRY WINTER CHERRY TOMATO

This distinct bush en-veloped tomato is unequalled for canning, preserves and jellies. Dried in sugar, as raising or early use in fruit cake, they are unexcelled. They have a strawberry flavor, and produce fruit in great abundance. For sauce or for pies nothing can equal them in flavor and taste. They are delicious as preserves, and when dried in sugar are much better than raisins for cakes and puddings. They are also excellent to eat as raw fruit. Pkt. 10c., oz. 40c., 2 ozs. 75c., 4 ozs. $1.25, lb. $2.00, postpaid.

Wilt Resistant Marvel Tomato

Wilt Resistant Marvel Tomatoes. It is one of the largest second early tomatoes grown, and is more regular in shape and size than any other similar red variety. Color bright red, very solid firm flesh, a good keeper, and not subject to rot or crack on the vine. It is an excellent shipper, and sold in Philadelphia markets at better prices than either the Bonny Boy or Stone. Ripens evenly to the stem, is a strong healthy grower, not subject to rust or blight, is an enormous cropper, and produces until the vines are killed by frost, holding its size exceedingly well until the last picking. Pkt. 25c., 3 pkts. 50c., 1 oz. $1.00, oz. 1.75.

FORCING or GREENHOUSE TOMATOES

EARLY COMET. A most excellent Scotch variety, of medium size, rich glossy tomato color, and hard set. A truly superb variety. Pkt. 10c., 3 pkts. 25c., oz. 50c., 4 ozs. $1.50, postpaid.

MOORE’S EARLIEST OF ALL. Unquestionably the earliest red forcing or greenhouse tomato, in culturing of medium size and very prolific. Pkt. 25c., oz. 50c., 1 oz. $1.00.

SUTTON’S PERFECTION. A superb tomato, combining great pro-ductiveness with excellence of form, high quality, and large size. Fruit round and perfectly smooth; color rich bright crimson; flesh solid, almost free from seeds, and of an agreeable pleasant flavor. One of the finest tomatoes for exhibition. Pkt. 25c., 8 for 90c., oz. 75c.
Moore's New Philadelphia. It is one of the most wonderful tomatoes of the day. It has required many years of intelligent selection and crossing to produce this wonderfully large and exquisite variety. It is the giant of all the good tomatoes. You will certainly be very pleasantly astonished if you plant it. It will be a revelation in size, beauty and quality and we might truly say a "joy forever." The beauty and quality of the fruits make it an easy seller in all markets. Many market gardeners tell us it brings double prices. The flesh is a clear deep red, remarkably solid, and heavy. Many specimens measure 21 inches in circumference and are correspondingly thick. We urge every grower of tomatoes who reads this to plant it and tell his neighbors also.

Pkt. 10c., 3 for 25c., oz. 50c., 1 lb. $1.75.

SORDUKE-WILT RESISTANT TOMATO. A new late sort showing no trace of wilt, plant of vigorous, robust growth, fruit pinkish red, large, very firm, fine quality, solid, and excellent long shipper. Pkt. 25c., 3 for 50c., oz. 75c., 4 ozs. $2.00, lb. $7.50, postpaid.

Livingston's Globe. Very distinctive in shape, firm fleshed and of delicate flavor, introduced in 1907. It is an extra good all-around sort, of a distinct globe shape. In time of ripening we class it with the second earliest. The fruits are of large size, and a good marketable size is retained throughout the season. It is always smooth, of firm flesh, and few seeds; ripens evenly; color a fine, glossy rose, tinged with purple. Our seed is the best possible quality. Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.25, 2 lb. $2.50, postpaid.

Chalk's Early Jewel Tomato. Originally introduced by us in 1899. A good large second-early red tomato. The fruit seed can only be had from us. Very early large-sized red variety, well adapted to all localities; selected seed only. Seed stock grown by James Chalk. Pkt. 10c., oz. 40c., 1 lb. $1.25, 2 lb. $4.00.

PONDEROSA, Henderson's. A very large fruited, solid, pink variety. Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.50, 2 lb. $5.00.

Golden Gage. This is a variety of pre-eminent merit. It is a golden yellow very early sort, fine grained and of most luscious quality. It should be in every market gardener's field and city garden. It is solid, smooth, large size, ripens early, and is the most beautiful yellow variety ever sent out. Fruits are sometimes tinged with red at the blossom end. Non-e is excel it for eating raw or slicing. The handsomely golden-yellow slices make a beautiful contrast in a dish with red sorts. Makes delicious rich preserves. It is a beauty and the best of all the yellow sorts. Pkt. 10c., oz. 45c., 1 lb. $1.40, 1 lb. $5.60.

EVERY TOMATO GROWER SHOULD USE OUR

Ready Perfection Paper Bands and Pots to use.

Every amateur, florist, market gardener or plant grower, growing vegetables or flowers for home use or market, need our paper bands or pots. They are the easiest and most economical thing in the world for transplanting, growing and marketing young plants. They are cheap, easy to use, and in every way satisfactory.

ALWAYS READY TO USE.

EVERY PLANT GAINS WHEN USED.

PRACTICAL—ECONOMICAL—DEPENDABLE.

They come already folded, set up, and will not come apart like some others. You will note that they are square. Also observe that a square band or pot has twice the root room of the old style round paper or clay pot. This gives them 100% better chance to develop and grow, as the root growth is twice as large, which is the main thing in growing healthy plants quickly. Nor do the roots become pot bound as they are apt to do in the old style pots. You thus get a fine vigorous plant that will mature from two to four weeks ahead of those grown in clay pots.

The bands have no bottoms, but the pots have folding bottoms. Put one plant in each. You will find it very easy to transplant from the two inch size to the three or four inch size or to finally set them in the field where they are to grow. They are cheap, durable and big money makers for all who grow early peppers, parsley, egg plants, cauliflowers, tomatoes, limes, beans, etc. to be sold in pots or transplanted to your field. Florists will especially find them money savers and business getters also. Florists can grow and ship spring blooming plants without taking them out of the pots or bands. You save wrapping and labor—no broken pots. Plants grown in them transplant with ease and will never wilt nor lose a leaf. Plants grown this way are quick sellers, as well as early producers. You will have the earliest and best plants in your community. You will find them profitable in every way. You can grow wonder vegetables and beautiful flowers.

Note our low postpaid prices on all sizes. Plants grown in them are brimful of life. They will make gardening profitable where it was not so before.

We have thousands of satisfied users. Order early, avoid the rush and have them when you need them. They are sure and quick winners for all who use them.

EARLY DETROIT (EDWARD SPARKS STRAIN)

The equal of any second Early Purple Tomato. Bears uniform, large, handsome, smooth fruit through the long season, yielding in the aggregate more marketable tomatoes than the old Livingston Beauty. The fruit is firm and almost globe-shaped. Quality excellent. Wonderfully prolific. Normally free from cracks and blight. Pkt. 10c., 3 pkts. 25c., oz. 35c., 1 lb. $1.00, 1 lb. $5.50, postpaid.
"Life is too short to experiment with unknown or cheap tomato seed. It always pays to plant the best and to get your seed from us. You should realize that in tomato growing the result is everything; the first cost of seed is so small that you can well afford to pay a little extra and get the best."

**Delaware Beauty.** Vine compact, deep green, blight resistant, thick stemmed, extraordinarily productive.

One week later than Moore's Wonderful, one week earlier than Red Rock, and two weeks earlier than Stone. Fruit smooth all over, almost entirely free from splits, a most distinguishing quality, very uniform in size and showy. Of a habit of simultaneously coloring up all over the fruit. Crown end, no depression whatsoever at stem end, unusually full on top—a most desirable quality, absolutely no waste. Its habit of ripening a week later than Moore's Wonderful and three weeks ahead of Stone is most desirable. A productive sort has long been looked for to come in ahead of these two late varieties. Canners especially are asked to observe this most profitable character. Pkt. 10c., oz. 45c., 1 lb. $1.25, lb. $5.50. Postpaid.

**Livingston's Manifold.** It is said to produce as well as the Stone and is the Stone, and ripens earlier. It sets its fruit in clusters. In size it is quite uniform and smaller than Stone. Fruit solid, of a pleasing red color and ripens a few days earlier than our Moore's Wonderful Early. We have nice pure stock and recommend it to our customers. Pkt. 10c., 3 pkts. 25c., oz. 60c., ½ lb. $1.75, lb. $8.00. Postpaid.

**Moore's Selected Stone.** Thousands of tomato growers, and particularly market gardeners, and tomato canners, both large and small, a greatly improved type over the old Stone as offered previous to 1918. It has taken years of careful, painstaking care and intelligent effort to bring it up to its present high standard of perfection. Vine is much more compact, productiveness greatly increased, a brighter red color, better keeper, better shipper, fewer seeds, nearly all core eliminated, firmer and more solid musky fruit, earlier and more uniform in ripening, fruit produced in clusters of six, seven or more with a range of weight from 8 to 12 oz. Smaller cavity at stem end. In short, all the faults of the old Stone have been entirely eliminated by our long and careful selection and re-selection of stock seed. If you want a tomato to produce, get our Moore's Selected Stone. Pkt. 10c., oz. 40c., 1 lb. $1.25, lb. $4.00, 2 lbs. $7.50. Postpaid.

**Rosy Morn.** This tomato is an early or second crop sort and a most wonderful yielder, entirely free from cracks or ridges; color a beautiful bright red and in many respects resembles our Moore's Wonderful Early. Good mild flavor and very few seeds. The vines are short jointed, vigorous, healthy and bear continuously large clusters of fine large fruit and decidedly disease resistant. It is a stay seeder and a most excellent variety for the family garden or market grower and we recommend all our customers to plant it liberally. Best stock, seed direct from the originator. Pkt. 10c., 3 pkts. 25c., oz. 60c., 4 ozs. $1.50, lb. $5.50, 2 lbs. $10.00. Postpaid.

**HERBS**

- **Basil, Sweet.** Pkt. 10c., oz. 20c., 1 lb. 50c., lb. $1.50.
- **Dill, American.** Much superior to the imported. Pkt. 10c., oz. 20c., 1 lb. 45c., lb. $1.50. Postpaid.
- **Lavender, True perennial.** Pkt. 10c., oz. 50c. 400.
- **Fennel, Mammoth.** Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $2.50.
- **Horseradish.** Blue flowered. Oz. 15c., 1 lb. 40c., lb. $1.50.
- **Marjoram, Sweet.** Pkt. 10c., oz. 10c., 1 lb. 15c., lb. $1.25, lb. $4.50.
- **Parsley, *Bunching.*** Pkt. 10c., oz. 60c., 1 lb. 50c., lb. $1.50.
- **Roquette.** (Rucetta.) Young leaves used as a salad, have a flavor of horseradish; can be cut repeatedly in spring and autumn. Pkt. 10c., oz. 10c., 1 lb. 15c., lb. $1.25, 2 lbs. $2.40. Postpaid.
- **Sage.** Pkt. 10c., oz. 30c., 1 lb. 75c., lb. $2.50.
- **Summer Savory.** Pkt. 10c., oz. 20c., 1 lb. 60c., lb. $2.00.
- **Thyme, American.** Of upright habit; broad-leaved. Very productive, highly flavored and handy. Best for market purposes. Pkt. 10c., oz. 40c., 1 lb. $1.00, lb. $3.50.
We Grow Tomato Seed for Every Purpose. Tomato seed is one of our greatest specialties. In addition to supplying over one hundred thousand family gardens each year we sell thousands of pounds of tomato seed to greenhouse growers, shippers, market gardeners and canners. The high quality of our tomato seed is known everywhere where tomatoes are grown. It costs more than double to produce high quality seed like ours, but is money well spent by the tomato grower who plants it.

Cumberland Red Tomato. This is a well-established and valuable canning sort of much merit, ripening fruit in about 90 days from time of planting out; a choice sort, exceedingly solid, free from water, full of pectin, that is a gum-like juice. Nothing like it in this respect. Shape round or full bottomed, smooth as an apple, free from splits, small cavity at stem end, ripens all over, fruit borne in clusters. Vine very healthy; in other words, rust resistant. It requires rich soil. Regarded by the most discriminating growers as a far better sort than Stone, the only variety with which it can be compared, as it is rounder, a deeper red, more solid or meaty, larger fruited, more shapely, more productive, and earlier by three weeks. In other words, in all particulars the ordinary Stone is away behind it in the race. Our stock seed is carefully saved from crown settings and of the very choicest strain obtainable. It is not only available to canners, but is an otherwise excellent market sort as well. Pkt. 10c., 3 for 25c., oz. 50c., 1 lb. $1.25, 1 lb. $4.00, postpaid.

New Gulf Coast Tomato. Our many thousands of growers of large tomatoes along the Gulf Coast from Florida to California have been seeking a large tomato that would crop well, be free of disease, such as blight, etc. and not only carry long distances in perfect condition, hold up well after arrival and sell well on any market. We now have the answer in the Gulf Coast. The shape is accurately shown in our illustration. The fruit are of large and good marketable size, which pack well in carriers. Fruit smooth, firm and swell as seed. Fruits rose and not the slightest tinge of yellow at any stage of ripening, skin tight, with a good pectin content, very high in pectin content, very mild and flavorful. Large, the best variety for market use. Pkt. 10c., 3 for 25c., oz. 50c., 1 lb. $1.25, 1 lb. $4.00, postpaid.

NEW TOMATO TABLE GEM

This remarkably handsome and interesting new tomato which we herewith introduce is of a peculiar and desirable shape and appearance. It is the size of a duck's egg, a beautiful bright scarlet color, very firm and very regular in shape. Fruit is produced in clusters of from eight to ten; an extraordinary heavy cropper and a fine long-distance shipper. An ideal sort for the amateur and market gardener. As a salad tomato or for canning, the whole is of equal beauty. Flavor most delicate, and remarkably sweet and appetizing. It is a mid-season or main crop tomato. It has many desirable qualities not possessed by any other sort. You should not fail to include it in your order; it will prove a desirable money maker for you. Pkt. 10c., 2 pkts. 25c., oz. 50c., 1 lb. $1.75, 1 lb. $4.00, postpaid.

SMALL-FRUITED TOMATOES

These are immensely productive and very delicious for preserving. The seed has all been grown on Pondfork Farms and, like all Fordhook specialties, is the best that can be produced.

Yellow Plum. Size and shape just like a plum; of a bright lemon-yellow; fleshly and of excellent flavor. Pkt. 10c., oz. 40c., ½ lb. $1.20, lb. $4.00, postpaid.

Yellow Pear. Fruit similar to the Yellow Plum, slim neck or distinct pear-shaped. Excellent for salads or preserves. Pkt. 10c., oz. 50c., ½ lb. $1.25, lb. $4.50, postpaid.

Peach. The fruits average 1¼ inches in diameter. The skin is covered with a slight bloom or pubescence as in a peach, and is of beautiful pinkish color. Pkt. 10c., oz. 45c., ½ lb. $1.35, lb. $4.50, postpaid.

Burbank Preserving. The plants are of dwarf stocky growth, with dark green potato-leaf foliage. The small round scarlet tomatoes, borne in clusters, measure only ¼ inch in diameter; unusually rich, sweet flavor. Fine for marmalade. Pkt. 10c., oz. 45c., ½ lb. $1.35, lb. $4.50, postpaid.

Yellow Cherry. The small yellow fruits borne in clusters, average ½ inch in diameter. Pkt. 10c., oz. 40c., ½ lb. $1.20, lb. $4.00, postpaid.

Red Cherry. Attractive small fruits of a bright scarlet color. Sweet in flavor and fine for marmalade. Pkt. 10c., oz. 40c., ½ lb. $1.20, lb. $4.00, postpaid.

Red Currant. Smallest of all sorts. Nice for preserving whole. Pkt. 10c., 3 for 25c.

Red Grape. Very prolific, delicious in combination salads, or preserved whole. Pkt. 10c., ½ oz. 25c.

Red Pear. The fruit is bright red, of true pear shape. Rich and distinct in flavor. Fine for "tomato figs." Pkt. 10c., oz. 45c., ¼ lb. $1.35, lb. $4.50, postpaid.

Strawberry or Husk Tomato. The small, sweet yellow fruits are each inclosed in a husk. Highly esteemed for preserving or making pies. The plants begin to bear quite early and exhibit an enormous crop throughout the season. Pkt. 10c., oz. 45c., ¼ lb. $1.25, ½ lb. $4.50, postpaid.

Gentlemen: I was well pleased with the seed I got from you last season. People came from all round the country to see my crop of tomatoes. I had 31 clusters on one cluster of your Moore's Wonderful Early Tomato. Tom C. Baker, Menlo, Ga.
TURNIPS

Perfection Red Top Market White Globe. Private market gardener's stock. It is the sweetest, tenderest, hand-selected, looking purple top white globe turnip we ever grew. Our Illustration, drawn from nature, shows its smooth, regular form, and rich, purple-colored top. The best early globe variety grown and the most profitable market sort. Of large size and very rapid growth; fine, juicy quality. It keeps well. Pkt. 10c., oz. 25c., lb. 50c., postpaid.

EARLY PURPLE TOP FLAT. Strap leaved. Oz. 10c., 4 ozs. 25c., 1 lb. 40c., 1 lb. 75c., 5 lbs. $3.50, postpaid. PURPLE TOP WHITE GLOBE. Improved. Good stock. Oz. 10c., 4 ozs. 25c., 1 lb. 75c., 5 lbs. $2.50, postpaid.

M. & S. TELTOW GOLDEN. Very popular as a market sort. Of medium size, short top and very rapid growth. Goblet-shaped bulbs, with deep yellow flesh, very tender, stringless and of delicious flavor. The top of the bulb is of a beautiful light green, while the middle and lower part is of a beautiful rich golden-yellow color. An excellent keeper, remaining solid a long time. Excellent fall and winter sort. Very turnip growers should plant it. Sells on sight. Pkt. 10c., oz. 20c., lb. 50c., $1.50, 5 lbs. $7.00, postpaid. YELLOW, or AMBER GLOBE. Pkt. 10c., lb. 25c., lb. 75c., 5 lbs. $2.25, postpaid.

AMERICAN GREEN TOP ABERDEEN. Very productive, good table variety. Oz. 10c., 1 lb. 25c., lb. 75c.

EXTRA EARLY PURPLE TOP MILAN. Pkt. 10c., oz. 15c., 1 lb. 40c., lb. 1.25, postpaid.

GOLDEN BALL, or ORANGE JELLY. Oz. 10c., 1 lb. 25c., lb. 55c., 5 lbs. $3.75, postpaid.

COW HORN TURNIP. Oz. 10c., 1 lb. 25c., lb. 75c., postpaid.

SOUTHERN SEVEN TOP. Used for greens. Oz. 10c., 1 lb. 30c., lb. $1.00, 2 lbs. $1.80, postpaid.

WHITE BEAUTY RUTA BAGA. This variety is grown in large quantities for the Philadelphia markets and is very popular. Flesh firm, white, sweet and of most excellent quality, the best winter keeper of all. A most excellent late sort. It resists cold so well that it can be allowed to remain in the open ground a great part of the winter. Fine sort for home use and very profitable for market. Pkt. 10c., oz. 15c., 1 lb. 10c., lb. 1.25, postpaid.

Carter's Model Purple Top Yellow Ruta Baga. A Perfect table turnip. No other sort equal to it in point of tenderness, sweetness, juiciness or nutritious value. One of the finest stock grown entirely with black and very dark purple top and top root. Very quick growth, good globular shape, excellent table quality and best market variety. It is thoroughly bred in and entirely distinct from ordinary varieties which are used mainly for feeding stock. It has short leaves, grows clean and smooth as a turnip. The flesh is remarkably fine grain and delicious in flavor. Will mature in fifty days from planting. We pronounce this the best and most desirable Ruta Baga grown. We most earnestly commend this fine sort to every grower who grow for market, as it will bring much higher prices than any other sort. No market gardener should plant any other sort. All who plant it praise it. Pkt. 10c., 3 pkts. 25c., oz. 10c., 1 lb. 25c., lb. $1.50, 5 lbs. $7.50, postpaid.

LONG ISLAND GOLDEN YELLOW RUTA BAGA. Market gardeners' stock. Oz. 15c., 1 lb. 40c., lb. $1.25, 2 lbs. $2.50, postpaid.

Danish Golden Milk Turnip. At the present price of grain for feeding stock the profits of dairying and stock-fattening is very much reduced, and the feeding of roots alone offers the solution of profitably conducting many farm industries. The sooner the farmer realizes the immense value of roots of various kinds we have, the sooner he will experience that degree of prosperity he has so long waited for. It is the growing and feeding of root crops alone that makes the English, Danish and other European dairy farmers so prosperous. The dairy turnip can be made to pay its way in any manner which will astonish the most skeptical. The roots are of immense size, of a rich golden yellow color, very solid and nutritious, of rapid growth and a perfect keeper. With the extreme hardness it is only necessary for us to say that seventy tons have been produced on one acre of ground, while from thirty-five to forty tons is an unaccounted yield. Can be sown from April to July 10th, broadcast, or in drills; we recommend the latter. We advise several sowings be made during the period above mentioned, the last for late fall and winter use. It is also a good sort for table use. Of course, it should be fed in conjunction with other food, and in this way it will enable any dairymen to reduce his feed bills twenty-five per cent, and will increase his milk supply from twenty to thirty per cent. A trial will cost him but one or two pounds per acre. Pkt. 10c., oz. 15c., 1 lb. 50c., 1 lb. $1.50, 5 lbs. $10.00, postpaid.

Gold Nugget. A most distinct variety of early maturity. The flat roots are of immense size, one and a half to three inches in diameter and the skin is a rich deep orange-yellow—very smooth and entirely free from small rootlets. The firm flesh is fine and grated, crisp, light orange-yellow in color, and has a flavor which is much sweeter than any of the early white-skinned sorts. Especially recommended for planting in the home garden, as no other turnip has so sweet a flavor. Very profitable for the market gardener. Pkt. 10c., oz. 15c., 1/4 lb. 45c., lb. $1.50, postpaid.
**SOW MOORE SEED CO'S BEST QUALITY GRASS SEED.**

**Holland Rye Grass**

**THE UNCROWDED KING OF GRASSES FOR ALL SOILS. THE QUICKEST AND BEST GRASS FOR PASTURE, THE QUICKEST AND MOST PRODUCTIVE FOR HAY.**

It is a grass for all countries, the grass for the great West, South and East, the grass for New Jersey, Pennsylvania, Maryland, Virginia and the poor lands of the entire South. Yes, for each and every State of the United States. This grass comes to us from Holland. It grows a tremendous crop, yielding all the way from five to seven tons of excellent hay per acre as you can cut two or three times a year. It grows from three to five feet tall. It will surely pay everybody to plant it. Nothing that we ever had did so well to please the public at large as a hay and pasture grass than Holland Rye Gras. It is very nourishing, equally as Timothy or Orchard Grass. It is of very rapid growth, and ready to eat before other sorts are half grown, and for purposes in weight of heritage. We recommend it for trial, and give it our unqualified endorsement. All stock eat it greedily. It is the great grass for all climes. It will grow on all kinds of moist and dry sandy land, and is equally good for pasturing, curing into hay for cutting green. All kinds of stock eat it readily, and it is very rich in nutritious value. When properly sown it catches well, giving a good stand in from one third to one half as early as possible in the spring. It stands winters very well, depending somewhat upon the season and condition of the soil. The abundant forage is of excellent quality and under ordinary conditions a good half of early spring and fall feed may be obtained, in addition to a good yield of hay.

It is extremely bushy and furnishes an endless amount of magnificent hay. When we were in Europe we were most remarkably impressed with the fine Dutch Rye grass and, wherever is sown in America, for we have soils that are peculiarly adapted to it. We have grown it in a small way mixed with Giant White Clover, for both pasture and hay with highly satisfactory results. Culture is the same as in sowing Orchard, Pennsylvan Russian or Kentucky Blue or Red Top. You should sow early in the spring, and not now less than 30 lbs. per acre—40 lbs. is better. Sow plenty of seed at first seeding and you will get a big, heavy, splendid start at once that will last for years. Don’t buy hay; you can grow it much better and cheaper. Splendid, clean, heavy seed, postpaid. 1 lb. 45 c., 3 lbs. $1.25. by express or freight, 10 lbs. $3.50, 50 lbs. $11.00, 100 lbs. $20.00.

**EARLIEST RUSSIAN MILLET**

The earliest and most valuable of all the millets. It is considered equal, and some say superior, to the best quality of Timothy Hay. It has numerous succulent leaves which furnish an abundance of rich green fodder, which is highly relished by all kinds of stock, and is either much superior to or equal to the public line.

Its strong points are these: It is about three weeks earlier than German or Common Millet, wonderfully prolific, has great standing habits, is excellent hay. Early July, postpaid. 1 lb. 40 c., 10 lbs. 45 c., by mail.

**BILLION DOLLAR GRASS**

A Remarkable Grower and Quick Producer

It is truly the most marvellous grass we have ever seen. Just imagine a field sown to BILLION DOLLAR GRASS, with every spear of it over six feet tall, yielding from 25,000 to 50,000 pounds of rich green fodder the world has ever seen. Thistles about the size of thistles, but positively hard times must vanish on every farm where Billion Dollar Grass is sown. There is reason for it; you can get two or three lots of hay per acre, and a bountiful growth of other forage besides. If you sow early, you will get from 25,000 to 50,000 pounds of fodder, which you can put in your silo or cut for hay and the Billion Dollar Grass will quickly sprout up again and give you another tilled that will astonish everyone.

It will produce a hay crop in from six to ten weeks, anywhere, and if sow the latter part of April will be ready by July 1st to cut hay. It can be cut to the height of 4 feet, according to the richness of the soil from 3 to 5 feet. It is pre-eminent the grass to sow if you are going to be short on hay for your cattle and sheep. If you wish very fine leafy hay, and have plenty of hay, then you will have a hay of 50 pounds per acre; but if your soil is but moderately rich, then you will cast the rate of 15 pounds per acre.

**FOR HAY—**Cut just when in bloom—rather sooner than later, as it makes better hay without the seed heads than with them. The hay is then healthier and of finer quality. In curing, we treat it as we would wheat. 1 lb. by freight or express postpaid 10 cents, 12 lbs. $2.00, 25 lbs. $4.00, 50 lbs. $6.50, 100 lbs. $12.50.
It will Pay You Big to Change Your Seed Oats This Year

The growers of New Zealand Oats yielded about 12 bushels to the acre, and the Swedish farmer on the same plot yielded only 40 to 50 bushels. The increased yield on a few acres will cover entire cost of seed for your farm.

New Zealand Oats

Progressive farmers who have grown them pronounce them to be the most valuable White Oats ever grown in America. It contains more new blood, hence more vigor and producing power than any other Oat we know of.

It has stood the test on 12,750 farms, scattered all over America, in the remoter corners and submarginal areas of each state and territory — everywhere where it did well, despite the most terrible season ever known.

This is absolutely the earliest White Oat grown. Nothing like it in earthliness that we know of. Our crop was ripe and cut and stacked eight days before other sorts were ripe, which stamps this variety as absolutely the earliest in existence. It means big money to the farmer. That’s what the earliest Oats always have been in the market and especially on the farm, for many farmers are short of oats in the summer when this ripens.

It Withstands Drought. No sort that we have ever tested so thoroughly and completely withstands dry weather — long continued hot or dry spells. In New Zealand, the price of our New Zealand Oats is $1.50, 3 lbs. $1.00 (postpaid), 1 bu. $2.50, 10 bu. $25.00, 20 bu. $42.00, sacks included; indeed, it seems to be proof against every element of nature in the shape of weather, withstanding all and yielding heavily.

New Zealand Oats have wonderfully stiff straw. When other sorts lodge badly, this stands up like a strong stone wall.

Swedish Victory Oats. Victory is a cluster oat; the heads are rather short but are densely branched; the spikelets are small and short, generally containing but 2 grains, which are short but broad, of bright white color and beardless; they are always very plump and heavy, weighing 40 to 50 lbs. per measured bushel. The straw is of medium height, stronger and stiffer than that of any other similar oats. Victory yields immense crops of handsome, plump, white grain, of high feeding value; ripens early, 1 lb. $2.00, 10 lbs. $17.00, 100 lbs. $150.00.

TEOSINTE

Teosinte is a plant resembling Indian Corn in appearance. It grows very quickly and produces a large quantity of forage in warm locations. The leaves are much longer and broader than those of corn, and also more abundant, while the stalks contain a sweeter sap. If cut off for green forage, which can be done at any stage during growth, two or more joints should be left at the base. These will sprout out quickly into fresh growth, making an even larger crop than at first cutting. We advise drilling the seed thinly in rows four feet apart, leaving the plants one foot apart in the row. The forage is exceedingly tender and is greedily eaten by horses as well as cattle and sheep.

Teosinte is said to produce more meat than any other known plant. Plant 10 seeds, oz. 15c., 1 lb. 35c., 10 lbs. $1.00, postpaid. By freight or express, not prepaid, lb. 90c., 5 lbs. or more at 55c. per lb.

GROW WONDERFUL ARABIAN CORN FOR POULTRY

Can be planted and thrives anywhere in the world. Sow it now, and it is the cheapest poultry food known. Stalks grow four feet and produce long clusters of heads of grain 12 to 15 inches long. The yield of grain is simply enormous; averaging about one pound when fully ripened. Plant same time as field corn. It is a wonderful egg producer and fresh farmer, besides it is a wonderful health promoter. All poultry and pigeons eat it greedily. The leaves and stalks make excellent forage for cattle, either green or dry. 5 pounds will plant an acre. Unaffected by growth of any

or dry. 5 pounds will plant an acre. Unaffected by growth of any summer. Now in 3-foot rows, thin to 10 inches. Plt. 10c., lb. 55c., 2 lbs. $1.00, 5 lbs. $2.25, postpaid.
FAMOUS BLACK NORWAY OATS

Seed Stock Imported Direct from Bergen, Norway

Few farmers are aware of the fact that the best black oats in the world are produced among the Fjords of Norway facing the Arctic Ocean. It is here that the black oat is cultivated to its greatest perfection as to yield, weight, quality and freedom from disease. Our stock seed was obtained direct from Mr. Hanssen Hjort, who has devoted two decades to developing his favorite strain of "Hjort's Black Braun." Mr. Hjort has, on carefully prepared land, raised as high as 311 lbs. (by weight) per acre of truly wonderful oats. Our own and other tests of the past season showed a yield of over 205 bushels per acre. Any farmer can secure the same enormous yield under the same conditions. An acre of ordinary land on your farm that will only produce 35 bushels of common oats will readily yield 100 bushels of our Famous Black Norway Oats.

We do not feel backward in pushing this Famous Black Norway Oats, because we have seen such marvelous yields of this variety the past summer that we know any farmer can make lots of money sowing it. There is nothing like it in the world for any kind of black oats that we know of. Our crop was of the first rate and stacked before any of our neighbors. The wonderful yield of this remarkable oats, as well as its resistance to the elements, is largely due to its wonderful stooling habits. We have seen single kernels produce 102 strong, healthy stalks. Every farmer knows that when an oat stool is destroyed, its yield is increased in proportion. Take an oat that does not stool and it cannot produce as heavily. Many samples of this seed often weigh 55 pounds per measured bushel.

It is Drought Proof. It matures so early that the crop can be gathered before dry summer weather sets in. No sort we ever heard of so completely and thoroughly withstands dry weather.

Feeding Quality—No variety equals it in superior sweet quality. All kinds of stock prefer eating it to any other.

It is the last 40 bushels per acre that makes farming profitable. If the common sorts yield 30 bushels per acre, and this gave you 70 bushels, the last 40 bushels would be the profit: but if this gave you 150 bushels, it is very easy to figure out great profits on 100 acres or more. Try it and convince yourself.

It comes from a country where rust does not exist. The low price we sell it for ought to induce every farmer to plant it. Its wonderful stiff straw holds it up like a wall where the wind and rain beat other sorts flat.

Solomon Cutler, Geneseo Co., N. Y., says: "Your Famous Black Norway Oats was a sight to behold, standing fully four feet high, a solid mass of grain. The straw was so stiff that not a stem lodged. It yielded at the rate of 215 bushels of 32 pounds per acre. I congratulate you warmly upon your remarkable success in producing farm seeds of such superlative merit."

The Wonderful Pencilaria

It produces immense yields in spite of too wet or dry weather. Reports came from sections where the corn crop was destroyed by hot winds, but Pencilaria laughed at the drought and gave three to seven cuttings of fodder during the season. In other places the soil was too poor to grow corn, but Pencilaria went right ahead and made a prodigious growth. Especially adapted for warm climates.

Stooling Habit—Everyone is greatly astonished with the stooling nature of Pencilaria. While it begins stooling at once, still it is after being once cut off that this is especially prominent, many farmers reporting fifty, fifty-four, sixty, sixty-five, sixty-seven, and even as high as seventy-five stocks grown from one seed, each of these stalks growing seven to fourteen feet high and covered with large succulent leaves.

In quality we claim that Pencilaria is much superior to corn fodder. This is shown by the exact leaving corn to go to the Pencilaria. It is not coarse like corn fodder, but takes the place of hay, with better results and less expense.

HOW TO GROW—Sow in drills twenty-four to thirty-six inches apart, dropping three or four to each foot of row, and in this way three pounds will sow one acre. Seed should be covered one-half inch; do not plant until corn-planting time. Cultivate between the rows. Cut the first crop when two to three feet high, leave a stubble at least 6 inches high, and later cuttings when three to six feet high. In this way it makes four to seven crops per year.

WHO NEEDS IT—This season stockmen will especially need a quick growing forage plant and they should try Pencilaria. The farmer who wants an immense crop of hay should try Pencilaria. The dairymen who have hundreds of cows and the person who keeps only one should both try it, as it is claimed that one-fourth acre will supply sufficient fodder to keep a cow in good condition throughout the summer and fall, and sufficient hay can be made from one-fourth acre to supply a cow throughout the winter. Price for large pkt. 10c, 4 ozs. 30c, 1 lb. 50c, lb. 65c, 5 lbs. $3.00, postpaid. By express or freight, 5 lbs. or more, 50c per lb.
NEW CHINESE GIANT SUNFLOWER. Specimens have been grown 8½ feet in circumference. Our stock seed is direct from China, where immense quantities are grown for fattening poultry and feeding stock. It is the giant of all sunflowers and any other sort will approach it in size and extremely profitable to grow. If you have two dozen chickens you will find it profitable to plant out in the garden. If you have more, plant an ounce or a pound, as it is the most valuable vegetable known in the world for fowls. It is the best, cheapest, and most profitable food known for poultry. An acre is capable of producing 125 bushels, and can be grown at less expense than corn. Three rows will plant an acre. Every farmer should plant some of the seed. Paket, 10c., 1 lb. 60c., 5 lbs. $2.25, postpaid.

AGRICULTURAL TURNIP. The GREAT 1 SOIL IMPROVER

Something New

A Leaf of Holt's Mammoth Sage (Plants only)

Holt’s Mammoth Sage. The plants are of strong growth, attain a height of 1 foot the first season and spread so that a single plant covers a space 3 feet in diameter. They are perfectly hardy and make a big growth the second season. Our illustration shows a head of natural size; they are borne well above the ground, are strong in flavor, of unusual substance and of superior quality. It does not seed. Paket, 2 for 25c., 3 for 60c., 6 for $1.15. 12 plants for $2.25, postpaid.

GOOD THINGS FOR THE POULTRY KEEPER

NEW CHINESE WINTER EGG BEET

The cheapest and best form of green food for poultry. Will thrive on any soil and responds wonderfully to liberal manuring. The tops and roots are greatly eaten by all kinds of poultry. It is the best producer of eggs and the finest thrifty, non-crunched, good quality beets is the finest. It will remain in the ground, and when the tops are cut off, they will send up new tops. The roots will be more than doubled by feeding. A hard, heavy, soil is necessary to bring out the full value of the beet. The beet is excellent for cutting for house use and for winter feeding. Paket, 10c., oz. 15c., 1 lb. 30c., 1 lb. 50c., 1 lb. 75c., 1 lb. $1.25, 2 lbs. $2.25, 5 lbs. $5.00, postpaid.

BELGIAN POULTRY BEET

The meat of all poultry fed on this beet top is remarkably sweet and tender. The egg yield is greatly increased. If you grow poultry for pleasure or profit, and no matter whether your flock be large or small, it will pay you to follow up this wonderful beet. Paket, 10c., oz. 20c., 1 lb. 30c., 1 lb. $1.50, by mail, postpaid.

GREAT GERMAN HOG PASTURE SEED

The celebrated high priced world renowned hams grown in Westphalia, Germany, are principally produced from hogs fed on this celebrated pasture grass. It is mixed up of annual varieties of grains and leguminous plants, all of which give a marvelous amount of highly nutritious hog food at a very low cost.

Hogs can be turned out to it in about six weeks from time of sowing and such hog eating you never saw for growing hogs or brood sows. It is a great fat producer and keeps young or old hogs in prime, thrifty, healthy condition. Hog diseases are rarely known where this pasture is used. It makes a continuous growth and its results are marvelous.
SMALL FRUITS

There is only one way possible to succeed in fruit growing, and that is to plant the right varieties. It does not matter how good your market is, or how well your soil is adapted to fruit, or how hard you work, you are bound to fail unless you plant varieties that will produce the kind of fruit you want and in paying quantities. In the last year we have worked the problem out and we are sure we can help you. We have laid the foundation for success for hundreds of our customers. We want to lay the cornerstone in the foundation of a new career—fruit growing. You can succeed. We will help you—with advice, good plants and the right varieties. We cannot promise you success. We will not undertake to do it. We cannot guarantee you results. We are sure you can achieve your object if you will follow the best methods and use the best material and good advice.

This year our plants are very fine and our stock is larger than ever, and we solicited as many small orders as we could.

Note. Our plants are first-class, full of life, and double the price of the many worthless plants sold on the market. Because we are the varieties that will make you money, if that is what you desire.

BLACKBERRIES

DICKEL'S EARLY HARVEST. The earliest blackberry to ripen. The fruit is jet black and firm, and will not soften either on the bush or after it is picked. It has an exceptionally fine flavor, spicy and melting. The berry is about the size of the Kenoyer or Eldorado, an abundant bearer. Fruit very perfect as many are perfectly ripe, red and occasionally found in such quantity as to make it a superior and marketable berry. Each 30c., 6 for $1.50, doz. $2.50, postpaid. By express, not prepaid, 100 $7.50, 1,000 $60.00. 

KENOYER No. 1. A prodigious bearer of very showy fruit, of good color and fine shipping qualities. With good strong canes. The fruit is jet black and firm, and will not go wrong. Very profitable on account of its immense yield and great productiveness. Our plants are fine and true to name. Each 30c., 6 for $1.50, doz. $2.50, postpaid. By express, not prepaid, 100 $7.50, 1,000 $60.00.

BLACK DIAMOND. The fruit is jet black and firm, and will not soften either on the bush or after it is picked. It has an exceptionally fine flavor, spicy and melting. The berry is about the size of the Kenoyer or Eldorado, an abundant bearer. Fruit very perfect as many are perfectly ripe, red and occasionally found in such quantity as to make it a superior and marketable berry. Each 30c., 6 for $1.50, doz. $2.20, postpaid. By express, not prepaid, 100 $7.50, 1,000 $60.00.

CEBERG, THE WHITE BLACKBERRY. This may be seen in the catalogue. This variety is perfectly hardy and the fruit is of excellent flavor, and is also productive. It is easy to grow and is very profitable. Each 30c., 6 for $1.50, doz. $2.50, 100 $7.50, 1,000 $60.00.

RASPBERRIES

OUR MONEY-MAKING VARIETIES

ROYAL PURPLE. Very firm, very late, very large, and sells at highest market price. It is as hard as a burr oak. It is a strong grower on rich soil. It is the greatest bearer of any we have ever seen when it is taken into consideration how long it will continue to bear, its great crop of berries, its productiveness being second to none. It is among the very largest, if not the largest. The flavor is the best of any kind. The greatest Money-making Raspberry on earth today. Each 30c., 6 for $1.00, doz. $2.00, 100 $7.50, postpaid.

KING'S HAYMAKER. The greatest acquisition of years in raspberries of its class. From actual figures Haymaker returns profit of over $300.00 per acre last year. Grower's added money from it. The Haymaker is a pure, compact, never crumbles and stands up well in shipping. It is a berry to grow for either home use or market. Each 30c., 6 for $1.15, doz. $2.75, 100 $10.00, $50.00, postpaid.

MOORE'S RUBY. Pronounced by thousands to be the best red raspberry grown for profit. Color a beautiful rose red. Ripens the earliest and continues bearing to the last. Exceedingly firm and of a good flavor, and is a berry to grow for either home use or market. Each 30c., 6 for $1.35, doz. $2.65, 100 $10.00, postpaid.

GOLDEN QUEEN. This variety is almost identical with King's Haymaker, except in color. Fruit large; productive; quality first-class. It is beyond doubt the finest and most profitable yellowberry grown. The fruit sells well on the market and is grand to display along with the red varieties. Each 30c., 6 for $1.45, doz. $2.75, 100 $8.50, postpaid.

GEESEBERRIES.

DIXON'S PEARL. Large size, immensely productive. Each 35c., 50c., $1.00.

DOWNING. A large handsome fruit, green in color; fine flavor, immense cropper and always in demand at fancy prices. American prickly; tiny thorns; brown; wood thick and strong. Each 35c., doz. $1.00, 100 $7.50, postpaid.

OREGON CHAMPION. By the originator it is said to outyield Downing four to one and bear willowy and drooping. The berries are a golden tint when ripe. Sweet and excellent quality. A distinct variety in fruit and growth. Each 25c., 35c., doz. $1.00, 100 $7.50, postpaid.

MOORE'S NEW RED CROSS. Beautiuflly bright red, fine large fruit. Handsome in formation. Grows in good, very fine quality, superior market sort. Each 45c., doz. $2.00, 100 $12.50, postpaid.
Moore's Earliest of All Strawberries

The most valuable production of the age. The most wonderful and remarkable large berry ever introduced. Absolutely the earliest large strawberry in existence. Immense size, prodigious yield, delicious flavor. Plant strong, luxuriant and healthy. Flowers bi-sexual.

Has Produced 16,000 Quarts to the Acre

Every market gardener who plants it largely is insured hand some profits. On account of its beauty and excellently it always commands the very highest market price. Its extreme earliness is due to its hardiness; the buds form late in the fall, and remain unaffected by the winter cold or early spring frosts—a remarkable thing but true. The blossoms are produced before the heat of the spring, and are not affected by any frost during the winter, no matter how severe. This valuable variety does remarkably well on poor, thin land, while on heavy soil the yield is simply prodigious. In our vicinity they usually commence bearing about May 10th, and continue producing large, beautiful berries daily for four or five weeks after all early sorts are exhausted. The fruit is very large and every plant produces an enormous yield.

Strawberry-Raspberry
This is probably the most remarkable fruit ever offered. It produces ripe fruit from early in July until frost. The fruit is of a beautiful sparkling crimson color and often of great size; some are of a distinct and most delicious flavor. When cooked with raspberries and sugar, it is a Divinity. Valuable for the extreme north, as the fruit is born on the young growth, and is of course rarely in any climate. This is entirely new fruit, both in habit of growth and form of fruit. Bushes grow 1 to 3 feet high. It is very productive and a distinct novelty in small fruits. Each 25c, doz. $2.50, postpaid; by express, doz. $2.00; 100 $75.00.

Hopl Plants

Golden Cluster—Of rapid growth, attaining a height of 20 feet if given support, with abundant ornamental, deep-yellow foliage. Golden Cluster Hop is an exceedingly choice variety which bears large clusters of yellow-green hops in such profusion as to completely envelop the plant in late summer and autumn. Each 30c, 3 for $1.00, 12 for $2.50, postpaid.

Huckleberry
Many persons prize the fruit of the Huckleberry above any other for pies, puddings and breakfast foods, and they can be grown successfully in most parts of the United States. They love a cool moist soil, partially shaded, as they grow wild under such conditions. Price, 20 cents each, 6 for $1.75, 50c doz., postpaid.

Japanese Wineberry
Belongs to the Raspberry family. The berry is large, of the brightest glossy scarlet color, and borne in large compact clusters; flavor is distinct, being pleasant and appetizing, and retains its delicious flavor after being cooked. For making Jelly, canning, preserving and winemaking there is nothing better. Entirely hardy and remain in bearing a long time. Strong plants, 40c each, 3 for $1.10, 6 for $2.25, postpaid.

The Loganberry
A hybrid between the Raspberry and the Blackberry. The fruit is as large as the largest Blackberries, and produces in immense clusters. The color is clear, dark red. It partakes of the flavor of both Blackberry and Raspberry—rich, pleasant, vinous flavor, delicious and peculiar to this berry alone. Seeds small, soft and few. Berries very firm and carry well. Strong grower; enormous bearer. Fruit ripens early. A fine plant for basins and tubs. Fruits: $1.00; Strong plants, 50c each; $5.00 doz. postpaid.

Warfield Prize
(Bi-sexual: early to late)

Regarded by the great strawberry growers as the best variety for general use, either for the family or for market. In the New York market it commands a higher price than any other, owing to its uniform size, delicious flavor and handsome appearance. It ripens uniformly and a green tip is ever to be found on it; the color when ripe is a glossy crimson scarlet. It is medium in size, juicy and solid to the center and of a delectable flavor; in fact, this is one of its excellent merits, and is the cause of its being in demand by the finest hotels and private families in New York since the fruit was first sold there. It is one that is certain to give satisfaction. Doz. 75c, $2.00, 500 $7.50, postpaid.

Elderberry
This valuable fruit is becoming more popular each year. The fruit is fine for pies and can for winter use. They may be planted anywhere about the yard, garden or field. The bush is highly ornamental and attractive in flower and foliage. It is made up by February, and the fruit is on the plant until the end of April. The berries ripen in the fall in a profusion of clusters. Large plants, Price, 35c, 3 for $1.00, doz. $5.00. Postpaid.

GOLDEN CLUSTER—Of rapid growth, attaining a height of 20 feet if given support, with abundant ornamental, deep-yellow foliage. Golden Cluster Hop is an exceedingly choice variety which bears large clusters of yellow-green hops in such profusion as to completely envelop the plant in late summer and autumn. Each 30c, 3 for $1.00, 12 for $2.50, postpaid.

The Loganberry
A hybrid between the Raspberry and the Blackberry. The fruit is as large as the largest Blackberries, and produces in immense clusters. The color is clear, dark red. It partakes of the flavor of both Blackberry and Raspberry—rich, pleasant, vinous flavor, delicious and peculiar to this berry alone. Seeds small, soft and few. Berries very firm and carry well. Strong grower; enormous bearer. Fruit ripens early. A fine plant for basins and tubs. Fruits: $1.00; Strong plants, 50c each; $5.00 doz. postpaid.
15 STRAWBERRIES TO THE QUART
$750 FROM HALF ACRE

That is the Record of the BIG VICTOR STRAWBERRY, Under Ordinary Farm Culture.

fruits will be found shaped as if two berries were joined together. Flesh red to the touch,
the seeds are not slightly imbedded, which adds to its firmness. The color is of a rich, dark, glossy scarlet. Colors uniformly all over, no white spots, no disfigurements. Aroma very strong yet delicate, with none of the flavors of other
berries. In ripeness it is so beautifully arranged on the plant, they ripen the same time, and are
very free from blisters. Taste is soft, firm, of the best quality. The largest berries that come
market.  That kind always sells and at the very top price. The next largest is the Delicious, a
good foliage to resist disease and drought and even weeds and neglect, but such variety as Delicious should not be neglected if possible. Do you want big berries? Then plant Delicious. Price, $1.00 per 25, $2.50 per 100, $4.00 per 250, $8.50 per 500, $15.00 per 1,000, postpaid.

NEW EVER-BEARING STRAWBERRIES

A new departure in this, the most delicious of fruits. The Ever-Bearing Strawberry, is a decided success and making a great hit with the amateur and a sure source of big profit for the wide-awake market gardener. They usually begin bearing about three months after the plants are set and continue to fruit heavily until checked by severe cold weather.

FRANCIS-BISEXUAL. The berries are decidedly attractive: deep crimson, glossy, firm, of high quality, finely flavored and exceptionally uniform in size. We have frequently counted as many as one hundred and fifty blossoms, given the rich color of the fruit. The fruits continue to give large yields of choice berries throughout August, September and October, up to the time the ground is slightly frozen. 25 plants $2.50, 100 $2.00, 200 $3.50, 500 $7.50, 1,000 $14.00, postpaid.

PROGRESSIVE-BISEXUAL (The Perfection Ever-Bearer). As its name implies, it represents the progress made in the development of ever-bearing strawberries, plants, and up to date there is nothing known that excels this great variety in all of the points that make for excellence in an ever-bearing strawberry. This kind is absolutely flavored and ripe to the core. It is truly a big perfection ever-bearing strawberry and we give it its due as a very valuable plant. Price, 75c, $1.25, 100 $2.00, 200 $3.50, 500 $5.75, 1,000 $14.00, postpaid.
GROW YOUR OWN FRUITS
HAVEN THEM FRESH
APPLES (THE WORLD'S FINEST)

RED ACRATHAN. Large, early, nearly covered with deep crimson; juicy, rich, acid, beautiful, productive. August.

A generally known as the best to ripen and one of the largest. Very good. April onward. May onward. Good; fruit rather large.

YELLOW TRANSPARENT. Early bearer, frequently producing fine fruit. Very responsive to watering. Dwarf, sturdy, large, acid, very good size and quality. With a good apple for sale. Apple keeps well, red and yellow, fine, clear, and quite juicy, flavor slightly acid, but very good. Good apple for either home use or market.

WINTER BANANA. Fruit large, roundish; deep bright red; juicy, crisp, sub-acid, good flavor; very productive of fair, handsome fruit. October.

PARAGON OR MMAMOTH BLACK TWIG. Fruit large; color dark red, slightly streaked; flesh firm, yellow, crisp, aromatic, sub-acid, and free from reconstitutions.

JOHN J. CLARK. Very productive of large fruit. A good choice.

WINTER PEAR. Fruit large, round; mottled and striped in different shades of red; flavor and quality way above the average; always sells and always brings good prices.

WINEAPPLE. Medium to large size. Red color; flesh yellow, firm, crisp, with rich flavor; quality very good. November to May.

SMOKEHOUSE. Fruit medium to large size, uniform shape and color, skin orange, flesh rich, firm, juicy, and keeps well. September.

THE HUNT. Large, round, mottled and striped in different shades of red; flavor and quality way above the average; always sells and always brings good prices.

APRICOT TREES

ACME. Large size, orange skin and flesh. The best apricot. June. Well grown, 4 to 5 feet, $1.50 each; doz. $15.00.

CHERRIES

NAPOLEON. Yellow, tinged with red. Good shippers.

BENJAMIN. Red, a bit of yellow.

REED. Large, very firm, slightly tannic and tender.

EARY RICHMOND. A very productive pie or sour cherry that is prized for cooking and preserving. Early.

HERO. A late red, sour variety that is valued for culinary purposes.

RED HORIZON. Large, white, red and sweet; and delicious.

YELLOW SPANISH. Large, pale yellow with bright red check.

Price, strong selected trees, $1.75 and $2.25 each, according to size.

BEST HARDY GRAPES

A small vineyard is the most valuable addition you can make to your garden. Harvest as early as July and continue through August.

BRILLANTON. Berries large, round light red to dark crimson in color; flesh tender, sweet and productive.

BRIGHTON. Berries large, round light red to dark crimson in color; flesh tender, sweet and productive.

RUPERT. Berries large, roundish; deep bright red; very productive.

MOORE'S EARY. The most profitable early grape. Berry large, blackish-purple, skin tender; sweet and juicy; quality excellent. Harvest August 1st.

MURPHY. Fruit large and very productive; ripening same season as Concord; equal or better; very productive. September.

WORDEN. (Blue.) Berry large, of good quality; thin skin; very productive.

Price, strong, selected 2-year-old vines 50c, each; $5.00 dozen; postpaid, $7.50, 100 for $30.00 by express.

MULBERRIES

RUSSIAN. Tree is a splendid grower, soon attains good size, fruit very heavy regularly, a good crop of the most delicious mulberries.

TREES are $10.00 each, including the stock. Some trees begin bearing in the second year. Well grown stock, 3 to 5 feet, $2.00 each.

NECTARINE TREES

BOSTON. Large size, skin and flesh bright yellow. Very popular. July. Well grown, 4 to 5 feet, $1.00 each; doz. $10.00.

PEACHES (Most Luscious Varieties)

CRAWFORD'S EARLY. August and September. A large yellow peach with a wonderful yellow interior. A prolific bearer. A most popular variety.

CRAWFORD'S LATE. Last of September. Large, yellow tree, strong bearer. A prolific bearer, a most popular variety.

ELBERTA. A very large, yellow freestone peach, rich, sweet and juicy. A vigorous grower and splendid sort for eating or preserving.

ELBERTA'S FAVORITE. September. Large, yellow, with fine red check, delicious; splendid sort.

STUMP THE WORLD. September. Large freestone; white, with a small, yellow, juicy flesh. A most valuable variety.

WHITE HEATH CLING. Ripes from September 10th to 15th. This is an old variety of cling peach and has never been excelled by any other of its class. Fruit extra large and roundish; flesh white and exceedingly juicy. It is a favorite with all housewives for canning purposes.

BELLE OF GEORGIA. Ripes here the first to fifteenth of August. Fruit is large, white, with red cheek; flesh white, firm and very productive. One of the very best market sorts. Freestone.

SUNRISE. Fruit large, yellow, with a red cheek, a splendidly rich and prolific fruit. August.

AMERICAN SWEET CHESTNUT. Nuts sweeter than other; the best; the chestnut in existence. Each $3.00.

JAPAN WALNUT. Very hardy, makes quick growth, bears abundantly when young, produces large nuts. Each $3.00.

NUT TREES

Pears (Most Delicious Sorts)

BARTLETT. September. A popular variety with large, yellow fruit; sweet and juicy. Excellent for eating or preserving. A prolific bearer.

APRICOT’S FAVORITE. September. Large, pale yellow with crimson cheek; fruit fine-grained. Should be picked early and ripened indoors.

SUSSEX. Medium size, skin rich, yellowish brown with deep brownish red cheek when fully ripe; flesh very fine-grained, sweet, exceedingly juicy, melting, buttery. One of the richest and highest flavored pears known. Summer.

KIEFFER. Very vigorous and productive even when young; fruit large and yellow; a good keeper.

Price, strong selected trees, $1.25 each; doz. $12.00.

PLUMS (Sweet as Nectar)

GREEN GAGE. Skin pale green. Excellent.

WINTER PLUOT. Dark purple or blue, juicy, rich, of best quality. September.

SHOPRICH DAMSON. Medium-size fruit, produced in thick cluster or groups. Tree a strong grower, and very productive of dark purple colored plum. May.

RED JUNE. Ripes first of August, fruit large, flesh light lemon yellow, half cling; slightly sub-acid and of good quality.

BURBANK. Fruit very large; dark violet red; flesh juicy and pleasant. Ripes middle of August. Productive.

ABUNDANCE. Fruit very large and showy; flesh light yellow, exceedingly juicy, tender and sweet. A good market variety.

CAPTAIN. A very early large and handsome; flesh tender, juicy. Regularly. Fruit large, red, fleshly and of excellent quality and flavor.

Price, medium size, $1.50; largest size, $1.75 each.

QUINCE TREES

CHAMPION. Tree strong grower; produces a good crop every year. Fruit is large and of good quality. Cooks as tender as an apple. October.

BOURGEOIS. Large, golden yellow, fine quality, tree healthy; a good keeper.

ORANGE. Good size. Heavy bearer. Flesh orange yellow. Large size stocky trees, $1.50 each; doz. $15.00.
MOORE SEED COMPANY'S SELECT LIST OF EXTRA QUALITY FLOWER SEEDS

QUALITY—PRICES. Do not confound our high quality Flower Seeds with the usual imported grades sent out by other houses, which are grown cheap, sold cheap, and are in every way expensive to the buyer. Our seeds are cultivated with a view of obtaining the highest possible mark of perfection and to supply a class of people who want nothing but the very best. We have made the price as low as possible consistent with the high quality of all the seeds here offered. We give very close attention to our Flower Department, and we have gone to much trouble and expense to improve the leading specialties, as follows:

ASTERS, CINERARIAS, CYCLAMEN, MIGNONETTE, PANSY, PHLOX, PETUNIA, PRIMULAS, CALCEOLARIAS, STOCKS, VERBENAS, ZINNIAS

NOTE.—We do not furnish less than Trade Packets. Fractions of ounces are supplied as under:

126 Sugar Loaf. Pink; very free bloomer; keeps well after cutting. Hardy perennial blooming first season if sown early. Pkt. 15c., 3 pts. 25c., trade pkt. 30c., oz. $1.50.

ANTIRRHINUM SPECIAL LARGE FLOWERING

GREENHOUSE VARIETIES

Magnificent large showy flowers on extra long spikes.

126 Crosswick's Pink. Delicate soft creamy pink. Pkt. 15c., trade pkt. 30c.

127 Silver Pink. (New.) Delicate pink on white ground, long spikes, flowers of purest form. Pkt. 15c., trade pkt. 30c.

128 Scarlet Flame. A self-brilliant fiery scarlet; a most striking color. Pkt. 15c., trade pkt. 30c.

129 Gold Crest. Soft rose pink, tinged salmon, with golden orange throat. Pkt. 15c., trade pkt. 30c.

1-packet each 6 special greenhouse varieties, 65c.

ASPARAGUS

Best quality greenhouse-grown seed.

146 Plumosus Nanus. Pkt. 10c., 50c. per 100 seeds, $2.50 per 1,000 seeds, $5.00 seeds $10.00, 10,000 seeds $75.00. Special prices will be quoted on large lots of 50,000 and upwards.

147 Sprengeri. Pkt. 10c., 25c. per 250 seeds, $10.00 per 1,000 seeds, $7.50 for 10,000 seeds. Pkt. 10c., 25c. per 100 seeds, $1.00, 50 seeds $0.50.

148 Hatcheri. (Improved Type.) Of very dense, symmetrical, rapid growth. Beautiful fronds, much longer, and more lasting than a Plumosus. Most excellent for pots of cutting. Pkt. 25c., 100 seeds 75c., 500 seeds $2.50, 1,000 seeds $4.50.

ARCOTIS

140 Grandis (Blue-Eyed African Daisy). This remarkable novelty quickly forms a bush with distinct silvery-blue flowers which measure two and a half to three inches across, and are an alderacea variety with a 2-small blue eye surrounded by a narrow yellow zone. Hardy perennial, fine for cutting. Pkt. 10c., trade pkt. 15c., oz. 50c.

ARDISIA CRENULATA ROSEA

149 Ardisia Crenulata Rosea. The seeds of ardisia may be sown at any time during spring and, as it will take until another year to get young plants that will flower, it is not material at which particular time they are sown. The seeds are a little slow in germinating and it is better to sow them in the manner of sowing cyclamen, about half an inch apart. In early summer they should be potted in 2-inch pots. Pkt. 50c., 100 seeds $1.75.
HARDY PERENNIAL CLOVE PINKS

858 Allwoodi Grass or Spice Pinks. Dwarf Large Early Perpetual Flowering. The flowers of this new type are much larger, are borne more profusely on shorter stiff stems. In these new Pinks we have a larger variety of vivid colors and rich markings; the color, of course, refers to the center of the flower, the remainder being white or blush with a band of color near the margin; the colors include blood-red, rose, maroon, purple, pink, blush, spotted, fawn, variegated, etc., and they commence blooming about two weeks earlier. They are excellent perennial garden plants, about one foot high, vigorous, hardy, and flower profusely during spring and early summer. Will bloom first year from seed. The flowers are very large, double, beautifully fringed, and emit a delicious clove-like perfume. Pkt. 25c., 3 pkts. 50c., 1 oz. $1.25.

DAHLIAS

Many people are not aware that dahlias from seed sown in the spring will bloom beautifully the first summer, and give quite as good, if not better satisfaction than bulbs. From one or two papers of seeds many plants can be raised, which will be of the greatest variety of colors and sizes. They are perfectly double, fully equal to many of the finest named sorts. Our dahlia seed has proved so good and satisfactory that the demand for it is simply enormous.

750 Large Orchid Flowered. Extra double show flowers mixed. Saved from the largest and handsomest colored sorts only; 6 ft. Pkt. 15c., 2 pkts. 25c., trade pkt. 40c., oz. $2.00.

791 Tom Thumb. Extra double. Bouquet or Lilliputian, seed saved from brightest colors only; bloom first year if sown in March. Very fine; 2 ft. Pkt. 15c., 2 pkts. 25c., trade pkt. 50c., oz. $2.50.

792 California Giants. New Century type. Single mixed. Composed of the largest and brilliant colors only; flowers 4½ to 5 inches across; 3 ft. Pkt. 10c., trade pkt. 40c., oz. $2.00.

793 Double Cactus Superb Mixed. Comprising all the above and about 30 other rare and interesting sorts. Pkt. 15c., 2 pkts. 25c., trade pkt. 50c., oz. $2.50.

READY TO USE

PERFECTION PAPER BANDS AND POTS

NEW FRENCH CHRYSANTHEMUM

No. 622 Summer Snowball

Valuable alike for forcing in the greenhouse or open air culture as a cut flower. Flowers, pure white, are freely produced, are densely double, and stand up well a long time after being cut. Highly valuable for all classes of cut flower work, the beautiful fern-like foliage makes a fine background for the exceedingly handsome flowers. Pkt. 10c., 3 for 25c., trade pkt. 40c.

No. 1235 LARKSPUR—WHITE WONDER

A magnificent hardy annual and should be sown as early in the spring as possible wherever intended to flower. Producing immense long spikes of double flowers of the purest white, exceedingly effective and graceful. Valuable for summer cutting; 2 ft. Pkt. 10c., trade pkt. 35c., oz. $1.50.

No. 1375 MATRICARIA ELEGANTISSIMA

SIMA ALBA (Ball of Snow)

Excellent for summer cutting, producing a wonderfully large mass of beautiful pure white flowers until killed by frost. Equally valuable for pot culture or as a cut flower; very desirable for funeral work. Hardy annual of easy culture. Pkt. 10c., trade pkt. 25c., oz. $1.00.

No. 1080 GYPSOPHILA PANICULATA, DOUBLE WHITE

Gypsophylas are very popular with the flower-loving public and decidedly profitable for the florist to grow for cutting. Our new double white produces a great profusion of graceful panicles of beautiful pure white wavy blossoms. The vigorous blooming period lasts a very long time. Highly valuable in the flower market, in 6 in. or 9 in. forcing sets, blooming the first year if sown early; ½ ft. Pkt. 20c., trade pkt. 50c.

1375. Matricaria Elegansissima
MOORE'S FINE ASTERS ARE UNSURPASSED IN QUALITY, SIZE AND COLOR

All our Aster seed is grown by specialists of well-known renown, and florists and amateurs can rely upon getting better varieties and colors and higher quality and greater perfection in form and doublingness from us than from any other seed establishment in America. We call particular attention to our Japanese Mammoth Flowered Chrysanthemum types as being the finest sorts yet introduced of their kind. We do not grow other types of special fine Asters for florists not found in other catalogues. All Asters require very rich, light soil, and in hot dry weather should be mulched with well rotted manure, and frequently supplied with manure water. Order flower seeds by number and name.

JAPANESE MAMMOTH FLOWERED BRANCHING ASTER

Of special value to florists for cut flowers. These magnificent Asters we have secured from a celebrated Japanese Aster specialist. They combine more points of merit than any other one class of Asters, bearing extraordinarily large semi-spherical double flowers of immense size on long stems averaging 6 inches in diameter of the most symmetrical form. They are of great durability, the petals being of splendid substance, withstanding storms, rains and hot sun better than any other Asters, coming through such vicissitudes as gloriously beautiful as ever. A splendid type for florists' decorative work and unsurpassed for pot culture, 20 to 24 inches high. Each plant producing from 20 to 30 magnificent flowers.

160 White Wings. Handsome satiny-white, fine form. Pkt. 15c., trade pkt. 50c., oz. $1.00.
161 Scarlet Gems. Magnificent, glowing crimson-scarlet. Pkt. 15c., trade pkt. 50c., oz. $1.50.
162 Queen of Roses. Extra fine, lovely dark rose. Pkt. 15c., trade pkt. 50c., oz. $1.50.
163 Shell Pink. Exquisite shade. Pkt. 15c., trade pkt. 50c., oz. $2.00.
164 Shrimp Pink. Light rose, desirable. Pkt. 15c., trade pkt. 50c., oz. $2.00.
165 Light Blue. Light azure blue. Pkt. 15c., trade pkt. 50c., oz. $2.50.
166 Dark Blue. Rich dark blue. Pkt. 15c., trade pkt. 50c., oz. $3.00.
168 A packet of each color for 75c.
170 Moore's Superb Mixed. Pkt. 15c., trade pkt. 40c., oz. $2.50.

SUTTON'S GIANT COMET BRANCHING ASTERS

Flowers of immense size, often 6 inches across, composed of long, wavy, twisted petals, gracefully forced into a loose yet densely double half globes. The plants attain a height of 20 inches, each plant bearing from 20 to 30 of these magnificent flowers on long stems, which gives them an added value for cutting.

252 Salmon Pink. Extra fine. Pkt. 15c., trade pkt. 50c., oz. $1.00.
253 Snow White. Pkt. 10c., trade pkt. 50c., oz. $1.00.
254 Bright Rose. Pkt. 10c., trade pkt. 50c., oz. $1.00.
255 Deep Blue. Pkt. 10c., trade pkt. 50c., oz. $1.50.
256 Lavender. Pkt. 10c., trade pkt. 50c., oz. $1.50.
257 Crimson. Pkt. 10c., trade pkt. 50c., oz. $1.50.
258 A packet of each color for 75c.
259 Superb, Mixed. Comprising the above and many other beautiful sorts. Pkt. 10c., trade pkt. 50c., oz. $1.50.

EXTRA EARLY FLOWERING FRENCH ASTER

A truly remarkable early flowering bushy type with flowers nearly double the size of Queen of the Market, of good form, similar to our Japanese Mammoth Flowered Branching Aster. Flowers are borne on long stout stems. In strong demand for cut flowers.

280 Paris White. Very attractive. Pkt. 15c., trade pkt. 40c., oz. $2.50.
281 Shell Pink. Light Rose. Pkt. 15c., trade pkt. 40c., oz. $2.50.
282 Amethyst Blue. Clear light blue. Pkt. 15c., trade pkt. 40c., oz. $2.50.
283 Dark Blue. Attractive. Pkt. 15c., trade pkt. 40c., oz. $2.50.
284 Deep Rose. Pkt. 15c., trade pkt. 40c., oz. $2.50.
285 Mixed, all colors. Pkt. 15c., trade pkt. 40c., oz. $2.50.

GIANT LATE-FLOWERING BRANCHING ASTERS

Superior to any other class of late-flowering branching Aster, lengthening the Aster season until frost. The flowers are large, 4 inches across, are very double, of purest colors, and borne on long stems. Strong growers, 18 inches to 2 feet high. Grand for cutting.

230 White. Pkt. 10c., trade pkt. 30c., oz. $1.50.
231 Lavender or Light Blue. Pkt. 10c., trade pkt. 30c., oz. $1.50.
232 Crimson. Pkt. 10c., trade pkt. 30c., oz. $1.50.
233 Shell Pink. Pkt. 10c., trade pkt. 30c., oz. $1.50.
234 Dark Blue. Pkt. 10c., trade pkt. 30c., oz. $1.50.
235 Dark Rose. Pkt. 10c., trade pkt. 30c., oz. $1.50.
236 Deep Rose. Pkt. 10c., trade pkt. 30c., oz. $1.00.
237 Superb Mixed. Pkt. 10c., trade pkt. 25c., oz. $1.00.
238 A packet of each color for 40c.

IMPROVED DAYBREAK VICTORIA ASTERS

229 Daybreak. Delicate pink. Pkt. 15c., trade pkt. 50c., oz. $2.25.
230 White Purity. Pkt. 15c., trade pkt. 50c., oz. $2.25.
231 Rose. Pkt. 15c., trade pkt. 50c., oz. $2.25.
232 Scarlet. Pkt. 15c., trade pkt. 50c., oz. $2.25.
233 Light Blue. Pkt. 15c., trade pkt. 50c., oz. $2.25.
234 Dark Blue. Pkt. 15c., trade pkt. 50c., oz. $2.25.
235 Salmon Pink. Pkt. 15c., trade pkt. 50c., oz. $2.25.
236 Collection. A packet of each color 60c.

BETTERIDGE'S EARLY QUEEN OF THE MARKET

An improved Queen of the Market Aster. A most excellent very early blooming class from England. An improvement of and much superior to Queen of the Market. Flowers of good size and substance and very free bloom. 14 to 16 inches high.

250 White Pink. Pkt. 10c., trade pkt. 25c., oz. $1.00.
251 White Pink. Pkt. 15c., oz. $1.00.
252 Light Blue. Pkt. 10c., trade pkt. 25c., oz. $1.00.
253 Dark Blue or Purple. Pkt. 10c., trade pkt. 25c., oz. $1.00.
254 Crimson. Pkt. 10c., trade pkt. 25c., oz. $1.00.

256 A packet of each color for 40c.

MOORE'S EARLY JUNE ASTER (Extra Early Wonder)

227 White Beauty. Pkt. 15c., trade pkt. 35c., oz. $2.25.
228 Rose Pink. Blue shade. Pkt. 15c., trade pkt. 35c., oz. $2.25.
229 Azure Blue. Very attractive. Pkt. 15c., trade pkt. 40c., oz. $2.25.

MOORE'S NEW BEAUTY ASTER

Large densely double flowers borne on long, straight, stiff stems. Flowers are very graceful and keep longer when cut than any other late blooming type.

227 White Beauty. Pkt. 15c., trade pkt. 40c., oz. $2.00.
MOORE'S SENSATION ASTER

This is a new giant Aster in all its parts. Very large, perfect double flowers, often 6 inches in diameter, borne on long, stiff stems. We can heartily recommend them for any kind of decorative floral work. Stands shipping well.

292 White. Pkt. 15c., trade pkt. 40c., oz. $2.00.
308 Red. Pkt. 15c., trade pkt. 40c., oz. $2.00.

MOORE'S KING ASTERS

This remarkable new Aster will attract the attention of every person acquainted with good Asters. The flowers are large, many 5 inches across, but centered. The plant belongs to the upright class. Stems are long and very free from side shoots. In the field this summer there were any number of plants from which one could have cut six to twelve marketable flowers with stems 14 to 20 inches long. It is an extra good shipping variety, and is sure to win favor among commercial florists.

207 Crimson King. Pkt. 15c., trade pkt. 35c., oz. $2.00.
272 White. Snow White. Pkt. 15c., trade pkt. 35c., oz. $2.00.
273 Rose. Brilliant color. Pkt. 15c., trade pkt. 30c., oz. $1.50.
274 Lavender (Violet King). Effective shade. Pkt. 15c., trade pkt. 30c., oz. $1.50.
275 Mixed. Upwards of fifteen handsome sorts. Pkt. 15c., trade pkt. 30c., oz. $1.25.
276 A packet of each color 40c.

Order all flower seed by number.

AMERICAN INVINCIBLE ASTERS

This valuable class is a wonderful achievement in Asters, a superior race in every way. The plants are of very healthy, robust, branching growth, about two feet high, producing, on long stems, massive, peony-like flowers of perfect form and faultless outline, and exceedingly double to the very centre. The flowers are the most beautifully formed of all large Asters. These Asters are wonderfully prolific. When grown in masses in garden borders, or grouped in beds, their decorative effect is unapproachable gay and enlivening. When well grown the flowers of our Invincible Asters average 2½ inches across.

284 Snow White. Pkt. 15c., trade pkt. 40c., oz. $3.00.
285 Brilliant Rose. Pkt. 15c., trade pkt. 40c., oz. $3.00.
280 Shell Pink. Pkt. 15c., trade pkt. 40c., oz. $3.00.
287 Dark Scarlet. Pkt. 15c., trade pkt. 40c., oz. $3.00.
288 Light Lavender. Pkt. 15c., trade pkt. 40c., oz. $3.00.
289 Dark Blue. Pkt. 15c., trade pkt. 40c., oz. $3.00.
291 A packet of each color for 60c.
290 Mixed. About fourteen beautiful sorts. Pkt. 10c., trade pkt. 40c., oz. $2.75.

308 New Red Aster "Sensation" or Heart of France. This is the rosiest of all Red Asters, the color being a rich garnet or ox blood red which glistens in the sunshine like a live coal. The plants are of free-branching habit about 18 inches high; the very double flowers, averaging 3½ ins. across, are borne freely on stems a foot long from early in August till the close of September.

intense color shows up well when cut, and makes a very brilliant bit of color in a bed or border. Pkt. 15c., trade pkt. 40c., oz. $2.00.

311 California Early Peacock Pink. A magnificent cut flower variety, in bloom from early August until well on in September. 24 to 30 ins. high; flowers average 4 ins. across, on long strong stems. Color a delicate blush pink, and pronounced by experts to be a wonderful achievement in Asters and the finest pink mid season sort yet introduced. Pkt. 15c., trade pkt. 50c., oz. $2.50.
AQUILEGIA (Columbine)

Very handsome, ornamental, hardy perennial plants, growing one to three feet high, of easy cultivation and bearing in profusion large flowers of novel shape and in great variety of color.

320 Crysantha. (Golden Striped) Brilliant golden yellow; 3 ft. Pkt. 10c., trade pkt. 25c., oz. $1.00.

321 Cornoaja Grandiflora. Beautiful violet blue, inner petals pure white. Pkt. 10c., 3 pkts. 25c., trade pkt. 40c., oz. $2.00.

322 California Hybrids. With extra long spurs; large yellow flowers with exquisite long spurs; flowers of large size and a great variety of charming colors—cream, pink, lavender, blue, white, red, etc. Very fine. Pkt. 15c., 2 for 25c., trade pkt. 40c.

323 Single. Mixed. Extra quality, embracing twenty beautiful sorts; 2 ft. Pkt. 5c., trade pkt. 15c., oz. 50c.

324 Double. Mixed. Comprising twenty-five of the handsomest and best sorts in choice variety. Pkt. 5c., trade pkt. 15c., oz. 60c.

BEGONIA

342 Semperfiores Luminosa. (True ever-blooming type.) Magnificent brilliant scarlet. Pkt. 25c., 3 trade pkt. 30c., trade pkt. 50c.

343 Vernon Grandiflora. Dwarf. Pkt. 15c., trade pkt. 50c., oz. $2.50.

344 Craculis Magnifica. This splendid new variety is of a very sturdy even habit. The plant grows about 10 inches high and forms a freely branching bush about 10 or 12 inches across. Its great characteristic feature consists in its uncommonly large flowers, which measure about 11 inches across, and of a immense rose shading to a beautiful carmine toward the centre, a color of exquisite beauty. Pkt. 25c., 3 trade pkt. 60c., trade pkt. 75c.

346 Prima Donna. Limpid-rose, shading to carmine at the center; ever-blooming. Pkt. 25c., trade pkt. 50c.

AMELOPSIS (Boston or Japanese Ivy)

347 Veitchi. A hardy perennial climber, with olive-green leaves, which turn to scarlet in the autumn. The best and most popular climber for covering brick or stone walls. Trade pkt. 10c., oz. 30c., 1 lb. $1.00.

BELLIS PERENNIS (Double Daisy)

Florists will find our types of Double Daisies usually satisfactory for cutting.

360 Mixed. White, red and blue. Pkt. 5c., trade pkt. 20c., oz. 75c.

361 BROWALLIA

371 Speciosus Major. Best blue for all purposes, especially valuable for winter and early spring flowering. Pkt. 15c., trade pkt. 50c.

372 Mixed. Blue and white. Pkt. 5c., trade pkt. 15c., oz. 50c.

CALCEOLARIA (Gold Medal Strain)

406 Saton’s Exhibition (Gold Medal Strain). An ornamental plant, producing masses of beautiful, pocket-like flowers and a universal favorite for decorating the greenhouse or conservatory. This strain is considered the most beautiful in cultivation; flowers beautifully spotted and blotched and pure colors, in exceedingly rich shades and a great diversity of colors. The plants are dwarf and compact and very free flowering and of perfect form. Pkt. 50c., trade pkt. $1.00, 5 pkts $4.00.

CALENDULA (Pot Marigold)

Ball’s Gorgeous Calendula

502 Adoration. Rich lemon yellow. Very large flower. Pkt. 10c., trade pkt. 15c., oz. 20c., 1 lb. 75c.

504 Royal Double. Bright yellow, dark center. Very showy, fine for cutting. Pkt. 10c., trade pkt. 15c., oz. 75c.

505 Mixed. Best double sorts. Pkt. 5c., oz. 10c., 1 lb. 35c.

CALLIONIS

510 Japanica. Hardy perennial, excellent for cutting, large bright golden yellow flowers, profuse bloomer. Flowers first year from seed. Pkt. 10c., trade pkt. 25c., oz. $1.00.

511 Pure Gold. Large handsome golden yellow annual. Pkt. 10c., trade pkt. 15c., oz. 40c.

512 Mixed. All colors. Pkt. 5c., trade pkt. 10c., oz. 20c.

CANDY TUFF

540 Giant White Perfection. Best white for cutting. Numerous magnificent large spikes. Pkt. 10c., trade pkt. 15c., oz. 50c., 4 ozs. $1.50.

541 White Fragrant. Sweet scented. Pkt. 5c., oz. 5c., 4 ozs. 75c.

544 Lavender. Delicate shade. Pkt. 5c., trade pkt. 10c., oz. 25c., 1 lb. 75c.

545 Carmine Brilliant carmine rose. Pkt. 10c., oz. 30c., 4 ozs. $1.00.

546 Mixed. Many shades. Pkt. 5c., trade pkt. 10c., oz. 20c., 4 ozs. 60c.

CANA

552 Finest Novelities. Mixed. Oz. 20c., 1 lb. 10c.

CANDY BIRD VINE

530 Peregrina. Yellow flowers with ornamental foliage. A good winter and early spring bloomer in the greenhouse. It is one of the most beautiful of all climbers, its elegant foliage adding so much to the beauty of the blossoms; 10 ft. Pkt. 5c., trade pkt. 15c., oz. 40c.

Daisy-Giant Snowflake

800 Giant Red. Unusually large, glowing red flowers on long stems. Pkt. 25c., trade pkt. 50c., 1 oz. $1.50.

801 Giant Snowflake. Unusually large, pure white, on long stems. Pkt. 25c., trade pkt. 50c., oz. $1.00.

Height, 3 feet; producing magniflcent, large, pure white, double and semi-double flowers on long, stiff stems; Hardy, perennial. Pkt. 20c., trade pkt. 40c., oz. $2.00.

---

**CALLIOPSIS**

511 Pure Gold. Very large, handsome yellow; annual; 1 ft. Pkt. 5c., trade pkt. 15c.

512 Queen of Cambodia Hybrids, mixed. Very showy; brilliant yellow, brown, velvety crimson, blotched and striped sorts; excellent for borders. This class embraces about twenty beautiful annual sorts; 1 to 2 ft. Pkt. 10c., trade pkt. 20c., oz. 50c.

---

**COREOPSIS**

737 Lanceolata Grandiflora. This is one of the finest of Hardy plants. Perennial, with large, showy, bright yellow flowers, produced in the greatest abundance from June till frost. As a cut flower they stand near the head among hardy plants, having long stems and lasting in good condition a week or more. Pkt. 10c., trade pkt. 25c., oz. 75c.
CLARKIA
Producing freely its cheerful flowers in great profusion the entire season; does well in either sun or shade; 2 to 2 1/2 ft.; excellent for summer cutting. Charms double flowers; all open in water when cut.

ROYAL ENGLISH COWSLIPS
Mixed. Hardy; one of the most beautiful early-blooming spring flowers; fine for beds or pots. Produces large portions of magnificent flowers of intense brilliancy of color and great variety of marking, borne on stalks about 8 inches high. Many of the blooms are 1 inch across shades of crimson, maroon, lilac, pink, white, yellow, etc. Pkt. 15c., 2 pkts. 25c., trade pkt. 50c.

CARNATIONS
Carnations are general favorites for their delicious fragrance and rich colors of color and are most popular with the amateur and florist. They begin flowering in a few weeks from time of sowing. The strains offered show a strain of extra fine quality, producing on long, strong stems, an abundance of large, double beautifully fringed, highly scented flowers; with slight protection they will survive an ordinary winter and bloom freely the following spring.

Sutton's Giant Flowering Picotee and Bizarre. A wonderfully improved strain, both in size of flower and doubles. The flowers measure three inches across and are deliciously fragrant. The variety of color is also much greater in this strain than any other. There are white, bluish, deep pink, salmon, creme, apricot, orange, mauve and many other variegated flowers. There are picotee-edged, spotted, striped, tinted, etc., They are abundant bloomers; if sown early in the greenhouse or in hot beds, they commence flowering in early summer and continue to bloom until cut back by frost. These can be potted and taken in the house and will flower abundantly throughout the winter. Seed may be sown during the summer for the best winter flowering plants. Pkt. 25c., 3 pkts. 50c., trade pkt. 50c., oz. $1.00.

Giant Marguerite, White. Pkt. 15c., trade pkt. 40c., oz. $2.00.
Giant Marguerite, Scarlet. Pkt. 15c., trade pkt. 40c., oz. $2.00.
Rose. Pkt. 15c., trade pkt. 40c., oz. $2.00.
Yellow. Pkt. 15c., trade pkt. 40c., oz. $2.00.
Exhibition, Mixed. Pkt. 50c., trade pkt. $1.50.
Fine Double Dwarf German. Pkt. 10c., trade pkt. 50c., oz. $1.50.

CYPRESS VINE
One of our most popular vines, with very delicate fern-like foliage, and masses of beautiful, small star-shaped flowers; 15 ft.

CYPHERUS
AlTERNIFOLIUS. Umbrella plant. Pkt. 10c., trade pkt. 30c.

DAHLIA
Tom Thumb. Extra double. Bouquet of Lilliputian, seed saved from brightest colors only; 2 ft.; will bloom the first year from seed. Pkt. 15c., trade pkt. 40c., oz. $1.50.

DELPHINIUM (Larkspur)
One of our most showy and useful plants, possessing almost every requisite for the adornment of the garden; producing splendid spikes of flowers in profusion throughout the summer. If sown early they bloom the first year from seed.

Belladonna. Light turquoise blue. Pkt. 20c., 3 pkts. 50c., trade pkt. 40c., oz. $2.00.
Bellamoum. Rich deep blue. Pkt. 20c., 5 pkts. 1.00, trade pkt. 50c., oz. $1.50, oz. $3.00.

DIGITALIS (Fox Glove)
The well-known Fox Glove, are one of the finest June flowers. Spikes of bloom 2 feet long are produced in abundance and are very fine; perennial.

GLOXINIA
MONSTROSA. Mixed. Beautiful gloxinia, spotted white, purple, rose and yellow flowers, all extra fine large sorts; 3 ft. Pkt. 10c., oz. 25c., oz. 75c.
DIANTHUS—PIKES—DOUBLE ANNUAL VARIETIES

Hand-dipped Dianthus. (Japanese.) Very showy. Excellent for cutting. Pkt. 10c., trade pkt. 10c., oz. $2.00.

Laciniatus, Fl. Fl. mixed. (Double fringed and striped Japan Pinks.) Large, showy, various-colored flowers, doubly fringed and beautifully stippled. Pkt. 5c., trade pkt. 10c., oz. $1.75.

Hedwigi, Fl. Fl. mixed. (Double China Pinks.) Pkt. 5c., trade pkt. 10c., oz. 20c.

Snowdrift. Finely laciniated, large pure white blooms, from 3 to 4 inches across, free bloomers; superb for masses or cutting. Pkt. 10c., trade pkt. 50c.

Dazzling Red. Beautifully laciniated, superb orange scarlet. Large flowers, a great favorite. Pkt. 10c., trade pkt. 25c., oz. $1.00.

Marvelous. Wonderfully fringed. Large flowers in a splendid array of colors. Pkt. 10c., trade pkt. 25c., oz. 50c.

Brilliant Salmon Rose. Charming, finely fringed, large salmon rose blooms. Pkt. 10c., trade pkt. 25c., oz. $1.25.

Collection. 1 pkt. each of 8 double varieties, oz. $2.00.

LARGE FLOWERED SINGLE ANNUAL VARIETIES

Fairly large flowers with rich salmon centre. Pkt. 10c., trade pkt. 25c., oz. $2.00.

Punatatus Laciniatus

Saltwater. Very attractive. Flowers large, elegantly laciniated, a very lovely bluish shade. Extra. Pkt. 10c., trade pkt. 25c., oz. $2.00.

Veauclus. Dazzling orange scarlet. Splendid, nicely fringed flowers, very effective. Pkt. 10c., trade pkt. 20c., oz. 75c.

Brilliant Fringed Mixed. (New French Hybrids.) Come in various colors, extra superb mixed tall varieties, valuable for cutting, wonderfully effective. Pkt. 10c., trade pkt. 20c., oz. $1.00.

EUPHORBIA

Strong-growing annuals, suitable for beds of tall-growing plants, or mixed borders; the foliage is exceedingly ornamental.

Variegata. (Margarita.) Very decorative foliage; veined and margined with white; 2 ft. Pkt. 10c., trade pkt. 25c., oz. $2.00.

Heterophylla. (Annual Pincushion.) An annual resembling in habit and color the beautiful Japanese Pincushion. The plants grow 28 to 3 feet high, branching, bush-like for vases or baskets. Pkt. 10c., trade pkt. 25c., oz. $2.00.

HARDY PERENNIAL CLOVE PINKS

Bloom for a long period during early spring and summer. A very desirable acquisition for cutting, potting or selling in clumps. Very showy in beds or borders. Each flower exudes a slightly clove-like fragrance; can be potted while in full bloom.

Early Dwarf Double Mixed. For large double flowers producing a vivid and rich display of colors, of compact growth. Pkt. 15c., trade pkt. 30c., oz. $3.00.

Double White. Pkt. 15c., trade pkt. 35c., oz. $3.00.

DRACAENA (Excellent Vase Plant)

Australia Rubra. Green foliage, richly striped red. The most desirable of all the narrow foliage types here. Pkt. 25c., trade pkt. 40c., oz. $2.00.

Indivisa. Pkt. 10c., oz. 20c., oz. 30c., lb. 1 lb. $1.00.

FUCHSIA

1003 Single and Double Hybrids, mixed. Pkt. 25c., trade Pkt. 50c.

GAILLARDIA

901 Grandiflora Superba. Splendid new single; very large blooming perennial varieties, with very large red and yellow flowers and dark crimson centres, marked with rings of many brilliant colors; extra quality. Pkt. 15c., trade pkt. 20c., oz. $1.00.

GLADIOLUS (Seeds)

1004 Moire's Early Flowering Butterfly. A splendid new large-flowered race which blooms the first year and which can be grown as annuals. They show a rich variety of color and markings. Spikes 20 inches long, with handsome flowers 4 to 5 inches across. If planted March 1st, will commence to bloom July 1st. The second year bulbs grow stronger, producing 2 to 3 flower spikes each. Pkt. 25c., trade pkt. 50c., oz. $3.50.

GYPSOPHYLLA (Baby's Breath)

1076 Paniculata. (Perennial.) Handsome small white flowers, much prized for bouquets; 1/4 ft. Pkt. 5c., trade pkt. 20c.

1077 Elegans Alba. (Annual.) Large, feathery white flowers. Very decorative. Pkt. 5c., trade pkt. 10c., oz. 20c., oz. 50c., oz. 100c., oz. $1.50.

HELICHRYSUM (The Eternal Flower)

1000 Monstrosum. Album. Large, double, white; 1/4 ft. Pkt. 10c., trade pkt. 25c.

1001 Fireball. Large, bright red; double; 1/4 ft. Pkt. 10c., trade pkt. 20c.

1002 Grandiflorum, mixed. Comprising the brightest colored sorts only. 1/4 ft. Pkt. 15c., trade pkt. 20c.

Helichrysum Grandiflorum

1005 Globe. Very beautiful. Pkt. 10c., trade pkt. 20c., oz. 60c.

HELIOTROPE (Cherry Pie)

1100 Lemon's. Sweet scented, new, early giant flowering. Mixed. From a famous large collection; 2 ft. Pkt. 15c., trade pkt. 40c.

1101 White French. (Regina Johnson.) Magnificent large umbels of pure white flowers, richly perfumed. Early bloomer; 1 ft. Pkt. 10c., trade pkt. 20c.

1102 Queen Olga. Very large, rich, dark violet flowers with a clear, lively white eye. Compact, large umbels; 1 ft. Finest blue for pot. Pkt. 15c., trade pkt. 30c.

HOLLYHOCK

Charter's unrivaled strain (English Prize), unequalled for large size, substance and doubleness of flower; 6 ft.

1132 Chinese Yellow. Pkt. 10c., trade pkt. 30c., oz. $1.25.

1133 Double Bright Crimson. Pkt. 10c., trade pkt. 30c., oz. $1.25.

1134 Double Pure White. Pkt. 10c., trade pkt. 30c., oz. $1.25.

1135 Double Bright Pink. Pkt. 10c., trade pkt. 30c., oz. $1.25.

1136 Double Bright Purple. Pkt. 10c., trade(pkt. 30c., oz. $1.25.

1137 Double Snowball. Extra double; large pure white fine for cutting. Pkt. 25c., trade pkt. 50c., oz. $2.00.

IMPATIENS

1170 Sultana Holstii Hybrids. Brilliant rose, pink and scarlet flowers; 1 ft. Pkt. 25c., trade pkt. 50c.

LANTANA

1230 Pietavi Hybrids. Of dwarf, compact growth, producing massive clusters of flowers of various colors, including white, yellow, lilac, orange and red, etc. Excellent new pot plant; 9 inches. Pkt. 10c., trade pkt. 30c., oz. $1.00.

Dracena Australis Rubra

IMPATIENS

1170 Sultana Holstii Hybrids. Brilliant rose, pink and scarlet flowers; 1 ft. Pkt. 25c., trade pkt. 50c.

LANTANA

1230 Pietavi Hybrids. Of dwarf, compact growth, producing massive clusters of flowers of various colors, including white, yellow, lilac, orange and red, etc. Excellent new pot plant; 9 inches. Pkt. 10c., trade pkt. 30c., oz. $1.00.
LATHYRUS (Hardy or Everlasting Pea)

The flowers are borne in large clusters. Blooms very early. Fine for cutting.
1250 Lathyrus, White Pearl. Vigorous grower, from 12 to 15 flowers to the stem. Pkt. 15c., trade pkt. 30c., oz. $1.50.
1251 Blush Rose. Large racemes. Pkt. 10c., trade pkt. 20c., oz. 75c.
1252 Lathyrus, Mixed. Pkt. 10c., trade pkt. 15c., oz. 30c.

IPOMEA (Moon Flower)

1188 Grandiflora, White, (Hybrid). The quickest grower and most popular of all summer climbers. All plants should have it on hand. Good seller. Pkt. 10c., trade pkt. 20c., oz. 30c., 1 lb. $1.00, 10 lb. 5.75.

KENILWORTH IVY

1220 Liana. A charming, small, neat, hardy perennial, trailing plant, blooming first year; suitable for baskets, vases, pots and rockwork; cling to walls, etc. White and purple, mixed. Pkt. 10c., trade pkt. 15c., oz. 20c.

KOCHEIA (Standing Cypress or Belvedere)

2062 Trichophyilla Childsi. The stock we have of this is the improved Everlasting green variety which retains its bright green appearance until late fall. Pkt. 5c., trade pkt. 10c., oz. 20c.

LOBELIA—White "Pearl"

1290 Crystal Palace. Dark blue. Pkt. 10c., trade pkt. 40c., oz. $1.50.
1293 White Pearl. Fine, new, pure white, with large flowers edged blue. Very pretty. Pkt. 10c., trade pkt. 30c.
1295 Blue Gem. The finest dwarf, compact variety for pots; dark blue with large white eye. A perfect beauty. Pkt. 10c., trade pkt. 50c., oz. $1.75.
1296 Ereta Compacta. Very large flowers, of rich cobalt blue with clear white eye. Fine for pots; 12 in. Pkt. 10c., trade pkt. 20c.
1297 Mixed. The above sorts only. Pkt. 10c., trade pkt. 15c., oz. 75c.

LOBELIA (Trailing)

1304 Sapphire. The finest trailing Lobelia yet introduced. The flowers are unusually large, about 1 inch across, of the most brilliant deep blue, strikingly marked with a pure white eye in the center makes this color extremely effective and are thickly set on long graceful sprays of foliage which will attain a length of two feet. A well-grown plant of this is extremely effective. Remarkably strong grower and very free bloomer. Pkt. 15c., trade pkt. 40c., oz. $3.00.

LOBELIA

1310 Cardinalis. ("Cardinal Flower.") Long spikes of intense scarlet flowers; one of the most brilliant plants in cultivation; suitable for all situations. Hardy perennial, height 3 ft. Pkt. 15c., 2 pts. 25c., trade pkt. 40c., oz. $2.00.

LUPINS—Annual Sorts

Early large flowering, dwarf types; will bloom in about six weeks from germination. All highly valuable for cutting. 2 ft. Pale Blue. Delicate shade. Pkt. 10c., trade pkt. 15c., oz. 25c.
Sapphire Blue. Beautiful shade. Pkt. 10c., trade pkt. 15c., oz. 25c.
Pure White. Fine flower. Pkt. 10c., trade pkt. 15c., oz. 25c.
Rose. Extra fine, lovely shade. Pkt. 10c., trade pkt. 15c., oz. 25c.
Mixture. White and soft rose, large spikes; charming. Pkt. 10c., trade pkt. 20c., oz. 50c.
Caperb, Mixed. Pkt. 5c., trade pkt. 10c., oz. 20c.

LUPINS—Hardy Perennial Varieties

2831 Snow Queen. A stately pyramidal plant, covered with long, handsome spikes of pure white flowers; 5 ft. Pkt. 10c., trade pkt. 30c., oz. $1.25.
2832 Polyphyllus Hybrida. Long spikes of delicately scented flowers; colors of pure white, pink, golden yellow, mauve, purple and other pretty shades. A great acquisition. 3 ft. Pkt. 10c., trade pkt. 25c., oz. $1.50.

MARIGOLD (Tagetes)

Tagetes patula nana "Gold Ring"

AFRICAN

1320 Dahlia, Flowered. Quilled, immense, handsome, large orange flowers. 3 ft. Pkt. 10c., trade pkt. 20c., oz. 50c.
1321 Nugget of Gold. Early free bloomer; 8 in. Pkt. 5c., trade pkt 20c.
1322 Double Mixed. Good sorts. Pkt. 5c., trade pkt. 10c., oz. 15c.

MARIGOLD—FRENCH VARIETIES

1333 Golden Gem. Best golden yellow for pots, very effective; 1 ft. Pkt. 10c., trade pkt. 15c.
1343 Gold Striped Dwarf Compact. Early, showy, brown striped, bright yellow, very double free bloomer. Extra fine pot plant; 9 in. Pkt. 10c., trade pkt. 15c., oz. 50c.
1353 Gold Ring. The blooms are of rich, dark, velvety brown, distinct with each petal surrounded with a ring of rich orange yellow; 9 in. Pkt. 10c., trade pkt. 15c.
1363 Superba Dwarf, mixed. (Jilliput) Remarkably beautiful, bright and distinct sorts; the best class for pots; 10 in. Pkt. 20c., trade pkt. 20c., oz. $1.00.
1373 Dwarf French, mixed. 1 ft. Pkt. 5c., trade pkt. 10c., oz. 15c.

MATRICARIA

1375 Elegansissima. (Ball of Snow.) Pure white; very double; fine for summer cut flowers; 18 in. Pkt. 10c., trade pkt. 25c., oz. $1.00.

MAURANDIA—New Large Flowering

It trails beautifully over fences and walls, and its dense, green foliage is not killed by the first fall frosts, and is gray with a profusion of large blossoms; much used for hanging baskets, vases, etc.
1380 Maurandia, mixed. White, blue, red and purple; 18 ft. Pkt. 10c., trade pkt. 30c., oz. $1.50.

MESEMBRYANTHEMUM

1390 Crystalllum. (Ice Plant.) Pkt. 5c., trade pkt. 15c., oz. 40c.
1392 Tricolor. (Wax Plant) Pkt. 5c., trade pkt. 20c., oz. 75c.

MIGNONETTE

1400 Quaker City Mignonette

Quaker City. Best dwarf for pots. Large spikes; very free bloomer, sweetly scented 9 inches. Pkt. 10c., trade pkt. 35c., oz. $1.00.
1401 Grandiflora Pyramid. Red; 15 in. Pkt. 5c., oz. 10c., 1/2 lb. 50c.
1402 French Mammoth. A very robust growing variety; immense large spikes; delightfully fragrant. The flowers are grown on strong, stiff stalks, and surpass all others in great brilliancy of color; the finest red-flowering sort for cut flowers, and we especially recommend it for greenhouse growing. Pkt. 15c., trade pkt. 50c., oz. $1.00.
MIGNONETTE—Continued
1404 Giant White. The largest flowered strain of silvery white; flowers in cultivation very sweet scented. Pkt. 10c., trade pkt. 25c., oz. $1.50.

1405 Machtet Perfection. Extra stock. Pkt. 10c., trade pkt. 15c., oz. 40c., 1 lb. 50c.

1406 Giant Yellow. Exceedingly bright and showy, finely scented. Pkt. 10c., trade pkt. 25c.

1407 Mixed. The above and other sorts. Pkt. 5c., trade pkt. 15c., oz. 50c.

Collection. 1 pkt. each seven numbers 50c.

NOTE—You can select any three 10c. pkts. for 20c., any three 25c. pkts. of any seed in this catalogue for 50c.

Hayseed MIGNONETTE

2030 Pubina. Pkt. 10c., trade pkt. 15c., oz. 35c.

MIMULUS

1430 Mammoth Perfection, mixed. New; very large-flowered, tigerey and spotted; unequalled for size and brilliancy of color; very beautiful; 1 lb. 50c., trade pkt. 30c.

1431 Mosechus Cupreus Nanus. (Musk Plant.) True, highly fragrant type. Pkt. 15c., trade pkt. 25c., oz. $1.25.

MOMORDICA

1450 Balsamina, (Balsam Apple.) Pkt. 5c., trade pkt. 10c., oz. 30c.

1451 Chermes, Pkt. 10c., oz. 25c. MUSA (Abbyssinian Banana Plant)

1470 Ensete Compacita. Compact, sturdy growth; strikingly effective. More ornamental and desirable than Canna. Makes a fine pot plant. Pkt. 25c., 100 seeds $1.50, 1,000 seeds $12.00.

MYOSOTIS (Forget-me-not)

1480 Robusta Grandiflora. Very large, bright blue flowers, pyramidal habit; 10 in. Pkt. 10c., trade pkt. 20c., oz. 75c.

1482 Alpestris Compacita. (Dwarf Balsamine.) Pkt. 10c., oz. 25c.

1484 Azoricus. Handsome, large, deep blue flowers produced on long single stems, in great profusion; most excellent for cutting and forcing purposes. Very early and an especially fine winter bloomer; highly desirable for early spring sowing for pot sales. Best for cut flowers; 1 ft. Pkt. 15c., trade pkt. 25c., oz. 35c.

1485 Palustris Semperflorens. True; ever blooming type; beautiful deep blue flowers, fine for cut flowers. Pkt. 15c., trade pkt. 50c., oz. $2.50.

NEMESIA

3062 Large-flowering Hybrids. The colors include white, rose, orange, & green. Pkt. 15c., 3 for 30c., trade pkt. 40c.

NICOTIANA (Flowering Tobacco)

1550 Sylvestris Albof. Hybrids. Mixed. Very sweetly scented; brilliant colors; free continuous bloomer; 4 ft. Pkt. 10c., trade pkt. 25c., oz. 35c.

1551 Sanderseri. Many fine sorts. Pkt. 10c., trade pkt. 15c., oz. 50c.

NIEBERMGERIA (Quaker Lady)

Durable for the greenhouse, baskets, vases or bedding out; perpetual bloomer.

1550 Graffiti. Purple, with yellow eye; true; 1 ft. Pkt. 10c., trade pkt. 20c., oz. 75c.

GENOTHERA (Evening Primrose)

1558 Selected Annual Sorts. Very choice. Pkt. 10c., trade pkt. 15c., oz. 50c.

OXALIS

1590 Rosa, Mixed. Red, white and pink; excellently adapted for cut flowers. Pkt. 10c., trade pkt. 30c., oz. 50c.

1592ation of Gold. Charming, large, bright yellow; fragrant flowers. Pkt. 10c., oz. 25c.

1594. Mixed. Very fine varieties. Pkt. 10c., trade pkt. 25c., oz. $2.00.

NASTURTIUM

Moore’s Improved Brilliant Large CUSPUS (.ant.)

PASSY (An important specialty with us)
PETUNIA

(An Important Specialty With Us.)

Moore's Superior strains in both the double and single classes are superior to all others, and the most critical florist will find them to give unbounded satisfaction.

DWARF VARIETIES

Our strains of this important seed are of the highest quality, all seed being saved from pot-grown plants. Customers may rely upon getting the best results obtainable.

Note.—This double Petunia, grown from seed, produces a large percentage of double flowers; the balance in single flowers of the same beautiful rich shade. It is important to carefully pick out and save the double seedlings, as these always produce the best double flowers.

1707 Large-Flowering Double, Striped, Spotted and Softs Mixed. A grand mixture, embracing the most interesting types. Extra quality. Pkt. 25c., trade pkt. 50c., 500 seeds 75c., 1,000 seeds $1.50.

1708 Moore's Mammoth Flowered, Dwarf Fringed No. 1714

Moore's Mammoth Flowered Petunia

PHYSALIS

1655 Franchetti (Chinese Lantern Plant)
PETUNIA (Single Varieties)—Continued

1769 Pure White. Fine for masses. Pkt. 10c., trade pkt. 25c., oz. $1.00.
1770 Blue Star. A lovely velvety blue with a clear white throat. Compact, very free bloomer. Pkt for any purpose. Pkt. 15c., trade pkt. 40c.
1771 Splendid Mixtures. Many colors. Pkt. 5c., trade pkt. 15c., oz. 50c.
1775 Howard's Star. The flowers are of medium size, of a rich crimson mau- roon, with a bluish white stripe through each petal, forming a five- pointed star. Pkt. 15c., trade pkt. 40c., oz. 50c.

1776 Victoria Cross. Intense scarlet with broad white cross, remarkably beautiful. Pkt. 10c., trade pkt. 50c., oz. 75c.
1777 American Flag. Large double white, margined rich orange scarlet, handsome. Pkt. 10c., trade pkt. 15c., oz. 50c.
1778 Rich Scarlett. Large single flower, vivid color. Pkt. 10c., trade pkt. 30c.
1779 Hansa. New, single fringed, white ground passing to deep crimson near finely slitted edge. Pkt. 10c., trade pkt. 15c., oz. $1.00.

PHLOX

Florists will find our strain of Phlox superior to all others. The flowers are very large and perfectly formed.

MOORE'S SELECT LARGE FLOWERED PHLOX DRUMMONDI

1730 Alba Superbissima. Best white for cut flowers. Pkt. 10c., trade pkt. 30c., oz. $1.00.
1731 Licht Pink. Splendid color. Pkt. 10c., trade pkt. 30c., oz. $1.00.
1732 Kernmat. Triumphs. Vivid crimson white eye. Pkt. 10c., trade pkt. 40c., oz. $1.50.
1733 Stellata Splendens. Unusually handsome. Large ciliated flowers. Pkt. 10c., trade pkt. 10c., oz. $1.50.
1735 Fine Mixed. Pkt. 10c., trade pkt. 25c., oz. $1.00.
1726 Star of Nendelburg. Very beautiful; varieties in mixture. They are of every conceivable shade, more than a hundred distinct tints, shades, colors and combinations having been counted among them. Scarcely two plants can be found of the same shade and color. If you want something odd, new and striking, then try Star of Nendelburg Phlox. Pkt. 10c., trade pkt. 30c., oz. 75c.

NEW IMPROVED LARGE FLOWERED DURF COMPACT

Strongly recommended for pots. Give great satisfaction.

1745 Moore’s Superb Hortensiform, mixed. Comprising only the most brilliant, showy, large-flowered and salable colors, embracing twenty-two of the finest varieties. Florists will find our mixture to be of unusual merit. In fact, there is no sort equaling it. Pkt. 15c., trade pkt. 50c., oz. $2.50.

PLATYCONDON (Double Japanese Ten-Pointed Star)

One of the best hardy perennials, producing very showy flowers during the whole season. The inner petals alternate with the outer one, lug the appearance of a ten-pointed star. Easily raised from seed, which begins blooming in August if sown outdoors in April. Fine for cutting.

1725 Grandiflora. Corola Fl. PL. Large, showy deep blue flowers. Pkt. 10c., 3 pkts. 25c., trade pkt. 40c., oz. $2.00.
1726 Grandiflora Alba, Fl. Pl. Pure white, fine for cutting. Pkt. 10c., 3 pkts. 25c., trade pkt. 40c., oz. $5.00.

HARDY PERENNIAL PHLOX

1761 New Dwarf, Large Flowering Hybrids, mixed. (Grandiflora.) Saved from our own splendid collection of the choicest sorts; should be sown as early as possible in a cold frame. Finest mixed. Pkt. 10c., trade pkt. 50c., oz. $2.00.

POPPY—Continued

1780 Pure Royal Blue. Pkt. 10c., trade pkt. 15c., oz. 50c.
1782 Royal Black. Double and semi-double; fine. Pkt. 10c., trade pkt. 20c.

1784 White Featherball Poppy. Very large, deeply fringed double of the purest snow white, down-like appearance. Pkt. 5c., trade pkt. 15c., oz. 25c.
1785 Dainty Lady. Large saucer, white, single outer petal striped crimson rose; exquisite. Pkt. 10c., trade pkt. 15c.
1786 Giant Carnation, Flowered Superb, mixed. Flowers large as saucers, extra, beautiful colors. Pkt. 5c., trade pkt. 10c., oz. 30c.
1787 Large Double Shirley. Exquisite collection of colors, more desirable than the single ones with golden foliage. Pkt. 10c., trade pkt. 15c., oz. 25c., 1/4 lb. 75c.
1788 Brilliant Hybrids, mixed. Magnificent single and semi-doubles, very rich colors and markings. Pkt. 5c., trade pkt. 10c., oz. 50c.

HARDY PERENNIAL POPPIES

1788 Iceland Satin Poppies. Will bloom first year from seed, exquisite colors in endless variety, highly effective, excellent for cutting, sweetly perfumed. Pkt. 15c., trade pkt. 25c., oz. $1.50.
1789 Royal Oriental, mixed. Truly giant size, flowers in rare and beautiful colors, many 6 to 8 inches across; 5 ft. Pkt. 15c., trade pkt. 25c., oz. $3.00.
1790 Collection. 1 pkt. each 13 varieties 80c. Any 3 ten-cent pkts. 50c.

POLYANTHUS (Cluster Primrose)

Showy, early spring, free-flowering plants, fine for either pot or outdoor culture; hardy perennials. Bloom in four months from seed.

1791 Gold-Laced, mixed. Very showy and attractive flowers, each petal edged and laced with bright yellow. Pkt. 15c., trade pkt. 40c., oz. 50c.
1792 Giant Flowered, mixed. Beautiful, rich orange centres. Pkt. 15c., trade pkt. 50c.

PORTULACCA

1798 Single-Large Flowering, Mixed. Pkt. 5c., trade pkt. 15c., oz. 40c.
1799 Double Large Flowering, Mixed. Saved from the most beautiful flowers only. Extra. Pkt. 10c., trade pkt. 30c., oz. $1.50.

PRIMULA

All our varieties are of a distinctive and beautiful type and are grown by the best German and English specialists from prize strains only, unsurpassed for variety, large size and brilliancy of colors, and great substance of flower, averaging from 3½ to 6 inches in circumference. This is our leading specialty. The cheap grades are not kept by us, as we find they do not give satisfaction. The “Chinese Primrose” is a great favorite for the house or conservatory. Sow in March, April and May.

CHINESE GIANT FLOWERING FRINGED

1800 Giant Alba Magnifica Primula. Large, beautiful pure white, with citron eye; compact; light green foliage. Pkt. 50c., trade pkt. 75c.
PRIMULA—Continued

1850 Giant Kermesina Splendens. Flowers of immense size; charming, brilliant crimson eyes. Pkt. 50c., 1 trade pkt. 60c., trade pkt. $1.00.

1851 Giant Royal Pink. Delicate rose pink, superb flower, delicately fringed. Pkt. 40c., trade pkt. 60c., trade pkt. $1.00.

1860 Giant Satin White. Now, the finest pure ivory white, with a noble trunk of bloom; grand size. Pkt. 25c., 1 trade pkt. 60c., trade pkt. $1.00.

1867 Moore's Giant Exhibition Prize Strain, Mixed. Remarkable for large size, varied and brilliant colored flowers in beautiful variety. The finest and best strain extant 1 pkt. 50c., 1 trade pkt. 60c., trade pkt. $1.00.

1868 Fine Mixed. Good strain. Pkt. 25c., trade pkt. 75c. Any three 50c. pkt. $1.00.

PRIMULA OBCONICA

Primula obconica is one of the most useful and profitable flowers for the florist. They are literally perpetual bloomers, invaluable for cutting and green house decoration. We offer the most valuable, improved and attractive varieties for florists use.

1814 Fire King. Rich, brilliant, fiery crimson. Pkt. 20c., trade pkt. 50c.

1815 Giant Rose Pink. Pkt. 20c., trade pkt. 50c.

1817 Giant Lilac. Light shade. Pkt. 25c., trade pkt. 75c.

1818 Pure White. Very free bloomer. Pkt. 25c., trade pkt. 50c.

1825 Giant Mixed. (Cortusoides.) Very large, charming, various colored flowers—handsomely occluded and fringed; many from 4 to 5 inches in circumference; in a great multitude of colors including white, crimson, rose, lilac, yellow, and many beautifully occluded sorts. A wonderfully superb collection. Pkt. 25c., trade pkt. 75c.

SMILAX (Myriophyllum Asparagusoides)

In many respects the Smilax is the most useful, and it is certainly one of the most graceful climbers which adorns the ground or is used for bouquets and dossal decorations It is indispensable. Every florist should grow some. Pkt. 10c., oz. 40c., 1 lb. $1.25.

RHODANTE (Swan River Everlasting)

An exceedingly beautiful flower, and one which possesses a grace and beauty seldom seen. As an everlasting it is indispensable, and as a pot or garden flower it is elegant. Soon after the open ground they are a grand summer flower; for drying they are very graceful and pretty made up into dry bouquets; 1 ft.

PRIMULA—Various Sorts

The four below-mentioned sorts make fine pot plants and bloom in three to four months from seed.

1890 Kewensis. Bright yellow; delightful foliage. Pkt. 25c., trade pkt. 50c.

GRAND NEW DOUBLE DECORATIVE DAHLIA
FLOWERED ZINNIAS (New Types)
This magnificent new type of Zinnia has been thoroughly tried and is already sending to the open ground flower bed a flower of immense size, of very high quality. The plants are of strong, vigorous habit, fully 3 feet high, producing a number of flower stems, several blossoms with petals 3 to 4 inches in depth, similar in shape to the double Decorative Dahlias. The range of colors not only include the usual shades, but many unusual tones, such as salmon, old rose, cerise, strawberry-red, etc. Flowers are freely produced on long stems. Very useful for large beds, borders and for cutting. Blooms from early in the summer until late in the autumn. Our mixture is unusually fine and contains many charming sorts.

2382 Light Rose. Exquisite. Pkt. 20c., trade pkt. 50c., oz. $3.50.

2392 Golden State. Ornamental. Pkt. 5c., trade pkt. 30c., oz. $1.50.

2393 Scarlet Flame. Very attractive. Pkt. 20c., trade pkt. 50c., oz. $3.50.

2394 Deep Lavender. Pkt. 20c., trade pkt. 50c., oz. $3.50.

2395 White. Snowy white. Pkt. 20c., trade pkt. 50c., oz. $3.50.

2396 Orange and Gold. Attractive. Pkt. 20c., trade pkt. 50c., oz. $3.50.

2397 Mixed. All the above colors and many other shades. Pkt. 20c., trade pkt. 30c., oz. $1.50.

LILIPUT ZINNIAS
2382 Bouquet. Dwarf, very small, perfect double, pompom-shaped flowers of the brightest colors, which profusely cover the plants during the entire summer and until frost. The flowers ar- allow for bouquets or potted; 1 ft. Pkt. 10c., trade pkt. 25c., oz. $1.00.
SWEET WILLIAM (Large flowered)

This old and popular flower has been greatly improved in the last few years. The flowers are larger than they used to be, and the colors bright and varied. A large specialty with us.

American Hardy Hybrid Tea Roses

The Rose “Queen of Flowers”
The Rose has always been known as the Queen of Flowers and deservedly so, as no flower can excel in beauty of form, magnitude of its petals, or in fragrance. You have never realized was to be had from a small amount expended for them, as they repay you many times in the satisfaction of having them bloom around you.

When Buying Roses

ORDER EARLY—Many of our customers order early, and the plants are sent aside; the earlier you order the better. We will look for delivery whenever you direct, or at the time we consider proper to plant such stock ordered.

American Hardy Hybrid Tea Roses

American Legion

An American production. Color a pleasing shade of Cerise until all petals fall. Buds produced on long stiff stems well above the foliage and as large as those of the latest and most showy varieties. Large blooms, long and pointed, opening full and double, a great producer. A wonderful keeper thus making its ideal rose for cutting. Equally good as a forcing rose or for outside. Price: First size, 30c. each; $1.25 for a dozen, prepaid; two-year-old plants, $1.00 each, by express, at purchaser’s expense.

Gorgeous

One of the most striking new varieties in existence owing to the marvelous blending of colors. Deep orange-yellow and heavily veined with reddish copper, the most charming and gorgeous color that has yet been attained in a Rose. Flowers large and full, exquisitely formed and produced in marvelous profusion. Price: First size strong plants, 40c. each; 3 for $1.00, prepaid; two-year-old plants, $1.25 each by express, or soil on plants same as by express.

Mrs. John Cook

Color a white suffused with delicate pink, sometimes being a flesh pink due to sunlight. Plants strong and healthy with a wonderful quantity of handsome flowers. Price: strong first size plants, 40c. each; $1.00 each, prepaid; two-year-old plants, 90c. each, by express, $1.00 each, by parcel post prepaid with soil on roots same as by express.

Golden Ophelia

A scending from the favorite Ophelia, buds and flowers of medium size and beautifully formed of a bright golden-yellow. Prolific bloomer. Very attractive. Price: First size plants, 30c. each; 4 for $1.00, prepaid; two-year-old plants, $1.00 each, $10.00 each by express, $1.10 by parcel post prepaid with soil on roots same as by express.

#Crusader

Color rich cerise crimson. Buds and blooms immense and of great substance, very full and double and the largest rose of its color we have yet seen. A very strong bloomer. Price: First size plants 40c. each; $1.00 each, prepaid; two-year-old plants, $1.25 each, $12.50 per dozen by express or $14.50 each by parcel post prepaid with soil on roots same as by express.

#Sunburst

A magnificent giant yellow Rose. Buds long and pointed; borne singly on long stout stems, opening full and double. Price: First size strong plants, $1.00 each, by express, $1.10 each, by parcel post prepaid, with soil on roots same as by express.

#Prentice

The blooms are immense, often measuring 5 and 6 inches across the open form, of a rich yellow with a rich orange center. Price: Own root plants, first size, 40c. each; 3 for $1.25; two-year-old plants, $1.00 each, by express, $1.10 each, by parcel post prepaid, with soil on roots same as by express.

#Premier

The blooms are immense, often measuring 5 and 6 inches across the open form, of a rich yellow with a rich orange center. Price: Own root plants, first size, 40c. each; 3 for $1.25; two-year-old plants, $1.00 each, by express, $1.10 each, by parcel post prepaid, with soil on roots same as by express.

#Kaiserin Augusta Victoria

The greatest hardy, white Hybrid Tea Rose in existence. The most popular of all white Roses, pointed buds, large, double flowers, delicate pure white, deliciously fragrant. Price: 35c. each, 3 for $1.00, prepaid; two-year-old plants, $1.00 each, by express, $1.10 each, by parcel post prepaid, with soil on roots same as by express.

#Golden Old

Its color is a rich, shaded with rose of superb beauty and richness of shades. Buds of unusual attractiveness, opening full and double. Price: 35c. each, 3 for $1.00, prepaid; two-year-old plants, $1.00 each, by express, $1.10 each, by parcel post prepaid, with soil on roots same as by express.

#Bessie Brown

The plants produce flowers profusely all through the summer. Price: 35c. each, 3 for $1.00, prepaid; two-year-old plants, $1.00 each, by express, $1.10 each, by parcel post prepaid, with soil on roots same as by express.

Jonkheer J. L. Mock

A Hybrid Tea called the Giant Pink from Holland. Of distinctive merit. Very fragrant. Color clear deep pink, buds of full form and of the order of France and of the largest size imaginable. This Rose has produced a sensation wherever grown. Price: All Roses on this page, except where noted, first size one-year plants, 40c. each; 3 for $1.10, prepaid; two-year-old plants, 90c. each; $9.50 per dozen of one or more varieties, by express at purchaser’s expense; $1.00 each by Parcel Post, with soil on roots. Varieties marked * furnished in still larger or star size at $1.25 each.
Beautiful La France Roses

Of all the Hybrid Tens there are none which excite the La France Roses. They deserve a place in every flower garden in America.

**PINK LA FRANCE**—Exceedingly sweet and handsome; flowers and buds large size, color lovely shade of silvery pink, tinged with crimson, fragrance delicious; flowers very full and beautiful.

**WHITE LA FRANCE**—(Augustine Guimousoze) A pure white member of the La France family, having just a tinge of rose-bud on the outer petals which open in the depths of the petals.

**RED LA FRANCE**—(Duchess of Albany) — A superb Rose; resembles the Pink La France, but is much deeper in color.

**YELLOW LA FRANCE**—(Mad. Perret Bucher) — Very pretty flower, semi-double, bright canary-yellow.

**STRIPED LA FRANCE**—Exactly the same as Pink La France, except in color, which is bright sunny pink distinctly striped with bright rose.

**SPECIAL OFFER** — We will send one each of the 5 sorts for $1.25, postpaid; two-year-old plants, 5 in all, by express, for $5.25.

The Lovely Killarney Roses

THE ROSE FOR EVERY HOME

**PINK KILLARNEY**—(The Famous Irish Rose) — The color is deep, brilliant and sparkling shell-pink, of the most exquisite shade. The flowers are of delightful fragrance, immense size, and have thick petals of great substance. Strong plants, 30c. each; 4 for $1.00 postpaid. Extra strong plants, on own roots, 85c. each. 95c. each by parcel post, with soil on roots.

**WHITE KILLARNEY** — An offspring of the Pink Killarney and is one of the most exquisite white Roses grown. The full-open flower is most refined and beautiful in form and texture. Strong plants, 30c. each; 4 for $1.00, postpaid; two-year-old plants, 45c. each by parcel post, with soil on roots.

**YELLOW KILLARNEY** —(Mme. Jenny Gilletto) — A brilliant saffron-yellow Rose, opening creamy with dark golden shades. The flower is long and pointed, beautiful in form and color. 30c. each; 4 for $1.00; postpaid; two-year-old plants, 85c. each, by express. 95c. each by parcel post, with soil on roots.

**SPECIAL OFFER** — One each of these Killarney’s, 3 for $2.25 by parcel post, with soil on roots for $2.50. Three-year-old or specimen plants, by express, for $1.25 each.

Famous Hardy Hybrid Perpetual Roses

They are of vigorous, upright growth, have large, bold flowers, frequently measuring 5 or 6 inches in diameter, and are deliciously fragrant.

**GENERAL JACQUEMINOT** — Bright shiny crimson, rich and lovely; exceedingly brilliant and handsome.

**ANNA DE DIESBACH**—(Glory of Paris)—Most lovely brilliant carmine, long pointed buds, large, finely formed, compact flowers, very full and delightfully sweet.

**DUKE OF EDINBURGH** — Brilliant scarlet-crimson, shaded with maroon; large and full. foliage very attractive.

**GLOREY LYONNAISE**—(Brilliant White Rose)—Rich cream-white, passing, when open, to a pure shade of crimson-yellow deepest at base.

**J. B. CLARK**—An intense deep scarlet-crimson, shaded blackish-crimson, color like the sheen of a pin, seven inches in diameter and glory of the plant is in its flowers, as they are extra full and double, wonderfully fragrant.

**MAD. PLANTIER** — The best pure white Hybrid Perpetual. Especially good for cemetery planting. Flowers are pure white, very large and double; a constant bloomer.

**ULRICH BRUNER**—(Beautiful, large, bold flowers, full and globular; rich, glowing crimson, slightly fringed with scarlet. Highly fragrant.

**PRINCE CARLO DE RODAN**—The color is a deep, rich, delicate crimson, passing to intense maroon, shaded black. At a short distance they appear really black. Very fragrant.

Hardy Climbing Roses

**PAUL’S SCARLET CLIMBER**—Vivid scarlet shaded slightly crimson, but almost a dashing scarlet, a most pleasing and striking color. Makes a brilliant display for a long time in the garden. The petals do not fade like many climbing Roses, but retain their bight color, and remain in blossom until frost.

Price of strong first size plants, 35c. each; 3 for $1.00; postpaid; two-year-old plants, 95c. each; $3.00 per dozen by express at $1.00 each; $10.00 dozen by parcel post, prepaid, with soil on the roots same as by express. Large specimen plants by express, $1.50 each.

**ALICIA BARBER**—(A Great New Yellow Climbing Rose)—Very hardy Climbing Rose in cultivation. The beautiful yellow flowers are unusually full and double.

**CLIMBING AMERICAN BEAUTY**—Glowing crimson-red. Superbly fragrant.

**A THOUSAND BEAUTIES**—The colors run from delicate balsam to tender rose through the intermediate shades of bright red, crimson, and white, with yellow and various other indescribable tints showing.

**SPOTTEDLY PERKINS**—(The Brilliant Pink Rambler)—Lovely and charming pink with a silvery glimmer.

**SILVER MOON**—Blooms very large, four or more inches in diameter, pure white in color, beautifully cupped, forming a clematis-like flower; the large bunch of flowers at the center makes it very attractive.

**BIRDIE BLY**—Full and double and over three inches in diameter. Color a bright crimson changing to bright yellow rose.

**GREVILLE, OR SEVEN SISTERS**—Flowers in large clusters; varies from white to crimson.

**VICK’S CAPRICE**—Flowers large, the ground color clear, satiny pink, distinctly striped and dashed with white and bright carmine.

Price of all Roses, first size plants, on this page, except where otherwise noted, 35c. each; any 3 for $1.00; postpaid; two-year-old plants, by express, all on own roots; 85c. each; $4.50 per dozen, or 95c. each by parcel post, prepaid, with soil on roots. Varieties marked $ furnished in still larger or smaller sizes at $1.25 each.

Dwarf or Baby Rambler Roses

They are of a dwarf habit, rarely growing more than twelve inches in height. Blooming always. Absolutely hardy.

**CRIMSON BABY RAMBLER**—Brilliant ruby-red.

**ANNY MULLER**—Shiny, brilliant pink.

**WHITE BABY RAMBLER**—Great masses of double, pure white flowers, covering the plant as with a mantle.

**BABY TAUSENDSCHON**—Flowers firm, white, delicately flushed pink, changing to deep rose-carmine.

**GEO. ELGER**—Produces great quantities of lovely little buds of golden-yellow.

**MRS. Wm. CUTRUSH**—Flowers of pale pink, borne in huge clusters throughout the entire summer.

**ORLEANS**—The most attractive of all the Baby Rambler Roses. Producing a bush resembling a huge bouquet of brilliant geranium red flowers, suffused rose, with a rose-white edge.

**ERNA TESCHENDORF**—Crimson flushed carmine. Darker red than Crimson Baby.

Price of all Baby Rambler Roses offered on this page, except where noted, 85c. each for strong pot plants; 3 for $1.00, postpaid; two-year-old plants, 75c. each; $7.75 per dozen, by express, or 85c. each by parcel post, prepaid, with soil on roots.

Varieties marked * furnished in large specimen or star sizes, $1.25 each, by express.
The Newer Varieties of American Roses

Our RosEs are all grown on their own roots. They don't go wild as is the case with the average Roses sold by nurserymen.

The Roses listed on this and the five following pages comprise the best, latest and most beautiful productions of the famous Long-Island and all lands have contributed to this collection. We have spared no expense or effort in securing them. We offer them only after a careful watching of the habits and adaptability of various varieties, which will only hold true when properly grown, vigorously and bloom profusely. These are the largest and finest Roses ever sold, and are in keeping with the high quality which has made our Roses famous all over the world. All grown on their own roots. Not budded except where noted, which is the usual kind secured in the new varieties. The growth of these new kinds is naturally limited, and orders filled in rotation as they are received. We therefore suggest placing your order early.

Frank W. Dunlop (Hybrid Tea). At the New York Flower Show it won the very handsome prize of best new pink Rose and also had the distinction of being the finest Rose shown there. The color is a most pleasing shade of soft pink, deepening towards the center. Bud perfect in form and substance, being long and pointed, opening full and double. Produced in marvelous profusion on long stiff stems. Hardy everywhere. Plants strong.

*Alexander Hill Grey (Ten). The color, which is a deep lemon-yellow, deepening as the flower expands, does not fade in the open ground. Buds and blooms of perfect form, vigorous and of great substance, and produced in the greatest abundance throughout the entire season. Strong grower and hardy everywhere. This Rose was awarded Gold Medal by the National Rose Society.

Frank W. Dunlop

*George Dickson (Hybrid Tea). Magnificent large, full double blooms of velvety black scarlet crimson with back of petals veined with crimson maroon. Rich tea Rose perfume; strong, robust growth. Mme. Butterfly (Hybrid Tea). All the color tones of Ophelia are intensified, making it a harmony of bright pink, apricot and gold. Ophelia ranks at the top in popularity and Madame Butterfly will surpass it. It averages more petals to the bloom; it produces more bloom to the plant because it makes more branches, everyone carrying a bud. The light buds are a lovely shade of Indian yellow, yellow at the base; the opening flowers are perfect in form and texture, clear and brilliant color, in abundance. A monster bloom of the most beautiful shape, in clear shades of pure lemon, bright pink and gold.

Lady Ursula (Hybrid Tea). Flesh-pink, strongly Tea-scented; a grand grower, producing large, full, rounded blooms in wonderful profusion.

Farben Konigen (Queen of Colors). This Rose, as its name implies, is the queen of the finest grown of this beautiful shade. Buds long and pointed, opening large and double. Color bright carmine and rosy-crimson, overlaid with a satiny silver sheen. Very free bloomer.

Melody. A lovely shade of yellow, deepening to apricot in the center, perfect in form and very double. It is one of the handsomest yellow Roses we have ever seen and as a garden Rose cannot be surpassed. The bush is hardy, vigorous and constantly in bloom.

Lilian Moore. The winner of the first prize at the Panama Pacific Exposition for the best new seedling Rose unknown at that time. Color, a deep pure Indian yellow, with slightly deeper center. Very free grower, always loaded with handsome buds and blooms. Buds long and pointed, opening full, double and large size. Color a soft pearl blush shaded salmon. An everblooming Rose, beginning in May, is one of the handsomest Roses grown. A most excellent grower, producing large, full and double blooms all season and beyond. A very fine addition to the collection of Roses.

White Hyman Cochet. The premier white garden Rose. Absolutely true color.

Alex Hill Grey. Large, finely formed flowers of canary-yellow color.

*Seven Hardy Everblooming Roses

Columbiana. (Note color illustration in catalog). Magnificent, large full and double silvery pink flowers.

Marie Galliot. A queen among white Roses. Large, full, finely formed flowers.

Richmond. Rich, velvety crimson; buds and flowers large, full and double.

Marie Van Hluette. Large, full, double flowers, canary yellow, shaded creamy white, produced on magnificently described. One of the handsomest Roses grown. A most excellent grower, producing large, full and double blooms all season and beyond. A very fine addition to the collection of Roses.

Mad. Abel Chatenay. Immense, full double flowers; rose carmine, shading darker.

White Hyman Cochet. The premier white garden Rose. Absolutely true color.

Asxs Hill Grey. Large, finely formed flowers of canary-yellow color.

Olimpia (Tea). Produced in quantity. A very distinct and pleasing shade, similar to that of the Ophelia Rose. A beautiful tea-scented Rose.

Sectoralr. Each, strong plants. 7 garden Roses described above, sent, postpaid for $1.75, the full collection of one-year-old plants, for $5.00, by express, at purchaser's expense or by parcel post prepaid with soil on roots same as by express for $5.50.

Please order as *garden* set

Price. All Roses on this page, except where noted, strong first size plants, 40c. each; 5 for $1.75, postpaid; two-year-old plants, 50c. each, by express; $9.50 per dozen of one or more varieties; $1.00 each, by parcel post with soil on roots in which they are grown. Varieties marked * are furnished in large specimen or star size at $1.25 each, by express only.

Francis Scott Key. An American Hybrid Tea petalled Rose named in honor of the author of our national anthem, "Star-Spangled Banner." A very double rose of great substance and a strong healthy grower of wonderful characteristics. Buds long and pointed, opening full and double, as indicated by illustration, which is a true reproduction of the bloom grown by us. Color a rich glowing scarlet, with deeper shadings on outside of petals. A valuable cut flower, good variety, blooms continuously from June until frost. Price, first size plants, 50c. each, postpaid; two-year-old plants, $1.50 each, postpaid.

Crimson Queen. Owing to its rich coloring this is a wonderful garden bedding Rose. There is no color that produces the show that a good crimson does. The color is a rich, bright, velvety crimson. A strong, vigorous, upright grower; flowers large and full. A great garden Rose as it is always in bloom extremely hardy and produces a magnificent bush in a short time.

Our National Emblem. Owing to its magnificent color and form, this Rose was named National Emblem, and no Rose in our estimation is a better right to the honor of being the Standard Bearer. Its color is a deep crimson overlaid velvety crimson, shading towards the base. Buds long and pointed, opening full and double, each one coming to perfection, and produced in marvelous profusion throughout the entire season. Plants have a graceful habit, and the bloom is always improving. Price, first size plants, 50c. each, postpaid; two-year-old plants, $1.00 each, postpaid.

British Queen. By some said to be the finest white Rose in existence, surpassing in beauty and form any other white Rose. The flowers resemble Frau Karl Druschki and White Maman Cochet, with the Tea Rose form and refinement. Flowers freely all summer long from early spring until frost. Buds sometimes show a slight flush, which disappears as the flower expands. Strong grower. Hardy. Awarded a gold medal by the National Rose Society of England.

The Gorgeous Bud of the Francis Scott Key

Angelus. A beautiful creamy-white Rose, large, full (40 to 48 petals), similar in form to Premier, but higher center. Vigorous grower with dark green foliage, free from disease and insect-proof. Buds long and pointed, and as they open the outer petals curve back producing a charming effect. Price, first size plants, 50c. each, postpaid; two-year-old plants, $1.50 each, postpaid.

Crimson Queen. Owing to its rich coloring this is a wonderful garden bedding Rose. There is no color that produces the show that a good crimson does. The color is a rich, bright, velvety crimson. A strong, vigorous, upright grower; flowers large and full. A great garden Rose as it is always in bloom extremely hardy and produces a magnificent bush in a short time.

Our National Emblem. Owing to its magnificent color and form, this Rose was named National Emblem, and no Rose in our estimation is a better right to the honor of being the Standard Bearer. Its color is a deep crimson overlaid velvety crimson, shading towards the base. Buds long and pointed, opening full and double, each one coming to perfection, and produced in marvelous profusion throughout the entire season. Plants have a graceful habit, and the bloom is always improving. Price, first size plants, 50c. each, postpaid; two-year-old plants, $1.50 each, postpaid.
A Grand Selection of Hardy Everblooming Roses

Famous Everblooming Tea Roses

Tea Roses form the foundation of nearly all the great Roses of today. Without them the lovely Hybrid Tea class would be impossible. They are among the oldest and most highly cherished of all Roses. They have been cultivated for thousands of years and their beauty and value is everlasting. Rugged, healthy and Hardy in growth, free blooming, they bloom all the time their flowers are charmingly beautiful.

BON SILENE. A Grand Old Rose. The color is deep rose, changing to pale light rose. This variety cannot be surpassed for bedding, border, and decorative purposes. It grows to perfection.

*BLUMENSCHMIDT. A splendid bedding rose of the Cotehe type, glowing all summer with its wealth of crimson-yellow flowers, each petal of which is edged with waxy rose.

ETOILE DE LYON. It is of vigorous, sturdy growth. It blooms from June to the first of October. The color is deep crimson, but the flowers are double, large, full, of great beauty and of long lasting qualities.

*IVORY. A sport of Golden Gate. Color pure white without a particle of any other color.

PERLE DES JARDINS (Pearl of the Garden). The color is a clear golden-yellow, of a beautiful shade; the flowers are large, full, of great beauty, grace and substance, richly perfumed.

CORNELIA COOK. Great. The color is pure creamy white, tinged with lemon and blush.

*GOLDEN GATE. Color, rich creamy white, shaded with a golden yellow and clear rose.

*MAIDEN'S BUSH. Produces a fine, healthy bush, with fine, large, bright green foliage, edged with red almost; disease and insect proof.

*SPARANO. The color is a bright apricot-yellow, passing to orange and fawn, sometimes tinted with rose.

*HERMOSA. One of the best varieties of tea roses. A very free bloomer, producing clear, shining pink flowers, the center being shaded fawn and amber.

Prices of all Hardy Everblooming Tea Roses, except where noted, first size plants, 25 cents each; 4 for $1.00, postpaid; two-year-old plants, 75c. each, by parcel post prepaid, with soil on roots.

Varieties marked * furnished in still larger or start size at $1.25 each.

Polyantha or Fairie Roses

The members of this distinct and charming class of everblooming Roses, of which the Baby Krambler forms a conspicuous group, are distinguished by their dwarf, bushy habit of growth, medium size, very double flowers and very fragrant and beautiful in bloom from early June until frost and surpass all others in profusion of bloom.

Mile. Cecile Brunner. Rosey pink on rich creamy white ground, a great bloomer, very satisfactory for bedding.

Marie Pativ. Medium size, very full and double; borne in large clusters; white flushed with carmine.

M. D. Peri. Pale pink, coppery gold, aging to fawn and salmon; shaded form, very double; elegantly perfumed.

Mizcron. Very similar to Mile. Cecile Brunner, but of lighter shade of rose, very hardy and equally as handsome as the Cecile Brunner.

Baby Doll. The flowers are mature in size but magnificent in form and produced by the hundreds. Exquisite for cutting or bouquets and bedding purposes. Makes a magnificent show in the open garden; bears blooms from early spring until late fall. The tips of the petals are vivid scarlet, then mellowing down through shades of pink into salmon, lavender and gold, finally into deep old gold, a combination so extraordinary and so pleasing that everyone seeing it exclaims, "What a wonderful Rose!"

Price of all Polyantha Roses: First size plants, 25c. each; 4 for $1.00; two-year-old plants, 75c. each, $7.50 per dozen; 90c. each by parcel post with soil on roots.

Green Rose, Viridiflora. A most interesting member of the Rose family, grown for its oddity. Petals are small, pointed, set thickly and of the same color as the foliage, dark green.

First size, 35c. each, 3 for $1.00 postpaid; two-year-old plants, 75c. each; 95c. each by parcel post prepaid with soil on roots same as by express.

*Marchal Nel. This is the wonderful garden Rose, some friends in the Southland are so fortunate in being able to grow in their gardens to perfection, and which yields such splendid returns if given slight protection and care in the cold months. Of Buds and Flowers long, superb, extra large, very double and delicately perfumed. Deep golden yellow. Price, $1.00 per dozen, 3 for $3.00.

The Wonderful Baby Doll Rose Bud

The Great American Beauty Rose

The Queen of All Roses

If any rose has earned the title of the "National Rose," it is the American Beauty. Wherever the Rose is known, it is the Queen, and deservedly so. In size, color, form and fragrance it has no equal. It produces in abundance glorious buds and large deep, double flowers of immense size. The three kinds below make a gorgeous combination.

*Crimson American Beauty. Color, rich crimson, charmingly shaded and veined. As the flowers expand, their beauty seems to be enhanced rather than diminished. The fragrance is not excelled by any Rose known.

*Pink American Beauty, Hybrid Perpetual. A rose that we predict will soon become the most popular pink Rose. Either grown inside or out in the open ground so far we find absolutely no fault in it. Strong, robust as the new famous "White American Beauty" grower, free bloomer and absolutely hardy everywhere. The color delicate pink, deliciously fragrant.

*White American Beauty. This brilliant white type Rose has become as renowned as the very highest type of its class and the best snow-white Rose ever introduced. It is an extraordinarily strong grower, branching freely, and has the vigor and hardness of an oak. Magnificent flowers that are nothing less than glorious—immense in size and produced with great freedom on long, stiff stems. The color is marvelously white, without a tinge of yellow or any other shade.

Price of American Beauty Rose in extra strong first size plants, 40c. each; one of each, for $1.10, postpaid; extra heavy two-year-old plants, $1.00 each, or $10.00 per dozen. By parcel post prepaid with soil on roots.

SPECIAL OFFER. Extra heavy two-year-old plants, one of each, $1.00 by express, charges collected. Specimen or star size, $1.25 each, by express.

Everblooming Bourbon and China Roses

They are strong, vigorous growers. Roses of these classes will bloom freely the first year from young plants and bloom constantly throughout the season. Splendid for autumn blooming.

*Hermosa. The favorite of the old-time gardens and just as popular today; blooms in fine clusters; large, very double and fragrant; color beautiful clear rose.

*Apricinna. A very fine double, double sweet.

Bourbon Queen. Bright pink rose, edged white.

*Champion of the World. Flowers of large size; color, very clear deep pink.

Queen's Scarlet. A constant and profuse bloomer; color, vivid scarlet.

Cramoisi Superior. Medium size, rich, dark, velvety crimson; very double, full and beautiful.

Prices of strong plants, 35c. each; 4 for $1.00, postpaid; two-year-old plants, 75c. each, by express $7.50 per dozen. 90c. each by parcel post prepaid with soil on roots. Varieties marked * furnished in large specimens on star size plants at $1.25 each, by express.
FRAGRANT HARDY PEONIES

Lord Kitchener Peony
Of all the flowers in the Hardy Garden the Peony is easily recognized as the Queen—in fact, it vie with the Rose for the title in many ways, for while in bloom it is without question the most glorious object in the garden. These Peonies are planted they last for a life time. They stand the severest winters without the slightest protection. Especially fine for single specimens and cemetery planting. After blooming their charm lies in the beauty of the foliage.

We offer only the cream of the many hundreds of varieties. The whole kind require just as much care, but don’t produce the blooms.

New and Rare Peonies
Price, extra strong roots, 75c. each, except where noted; $1.50 per dozen, postpaid, One of each of the 20 varieties, $14.00 postpaid.

"Lord Kitchener." One of the latest and the best introductions of Peonies today. Color a brilliant scarlet. Great producer, making a grand display. Double, early. Price, $2.00 each, 3 for $5.50.

Fanast. Delicate light pink; double, late. Price, 75c.

Duchesse de Nemours. Sulphur-white, changing to pure white. Particularly beautiful in the half-open bud state. Double, late. Price, $3.00 each; 3 for $8.00.

Lady Bramwell. Pink and rose. Double, midseason. Price, 75c.

Charlemagne. Lilac-white, slight bluish center. Double, late. Price, 75c.

Boule de Neige. Very large. Milk-white feathered crimson. Early to midseason. Price, $3.00 each. 3 for $9.00.

Mile. Lemoine Clout. Large, cherry-pink. Late. Price, 75c.

Fragrant Double Peonies Mixed. All selected from the above sorts. All good kinds. Colors separate. White, Pink, Red. 50c. each, 3 for $1.30, doz. $5.00, postpaid.

CHOICE HARDY LARGE FLOWERING PERENNIAL PHLOX

Diversified and brilliant colors, profuse and continuous bloom. Place Hardy Phlox in the front rank of desirable flowering plants. Being perfectly hardy, once planted they improve and multiply in vigor and beauty each successive year. Should be kept well watered.

Price, strong pot plants ready to plant any time, 25c. each; any three for 65c., doz. $2.50, per 100 $16.00, postpaid.

White Eclatant. Large; pure white.

Perpetual. Deep crimson; pure crimson.

Tapis Blanc. Dwarf; pure white.

Terre Neuve. Dwarf; grayish-blue.

Mount Sally. Orange-scarlet; purple eye.

Coquelicot. Pure scarlet with crimson eye. Fine, small, fragrant. One of the best old sorts.

Brilliant. Clear blood-red. Large; pure white.

Perle Rose. Rose-pink.

Selma. Tall; pale rose.

BEAUTIFUL HOUSE PALMS

All postpaid

Areca Lutescens. Trunk and stem, golden green. Strong plants, 6 to 8 inches high. 35c. each, 3 for 75c.

Kentia. The grandest of all Palms. Kentia Belmoreana is the tallest grower, while Kentia Forsteriana has the broadest leaves. Strong plants, 35c. each.

Latania Borbonica. Divided, fan-shaped leaves. Strong plants, 85c. each.

Dracaena Indivisa. Long, variegated leaves. 25c. each, 6 for $1.00.

Phoenix Canariensis—Date Palm. 40c. each, 3 for $1.00.

CHOICE GERANIUMS

The best varieties for window or outdoor culture. Extra strong plants from 3-inch pots, single or double varieties, 50c. each; $2.25 per dozen, any 6 sorts for $1.15, postpaid; $14.00 per 100, by express. Not prepaid.

SELEACT DOUBLe VARIETIES

Alphonse Ricard. Semi-double; orange-red.

Mrs. Lawrence. An excellent bloomer. Soft salmon pink, tinged white.

Cousin Jane. Clear, rich pink, slightly spotted light red.

Jules Vasseur. Bright scarlet, white center.

Jean Vasseur. Soft pink, white blotches.

Mme. Buchner. Snow-white; vigorous.

Reamiller. Pure white. Strong grower. One of the best whites.

Jean Oberlie. Peach pink, shaded white edge.

Dryden. Coral white center; shading through a delicate lilac.

Ideal pot plant.

Beauit Tete, Bright salmon-pink.

Le Plante. Glowing crimson-scarlet.

New Life. Outer flowers brilliant red, center pure white.

IVY-LEAVED GERANIUMS

Piercy Crosby. Bright scarlet; dwarf, compact habit.

FANCY AND SWEET-SCENTED GERANIUMS

INDIAN Currant (Coral Berry)

Similar to the Snowberry, except that its fruits are red, and that the smaller red berries cluster in thick ropes along the weighed-down stems. These two specimens should be in every collection of hardy shrubs. They are especially desirable as they thrive luxuriantly even in shady places where most other plants become shaggy and unslightly. Price 45c. each, $5.00 per doz. postpaid.

Chinese Matrimony Vine. Strong growing woody vine producing small purple flowers in midsummer and numerous orange-red fruits in the fall. Price 35c. each, 3 for $1.00, $3.50 per doz., postpaid.

MAGNIFICENT FRAGRANT CARNATIONS

We offer strong plants, and whether planted in the open ground or in pots, they quickly make large specimens, blooming profusely during the summer. For winter blooming pineapple the plants back from time to time during the winter. Bring indoors in early fall. Growers in pots they will bloom abundantly during the winter.

New Varieties

Alma de Ward. New white variegated; large; large and fragrant.

Magnificent Fragrant Carnations

Aviator. The best standard crimson on the market.

Mrs. Theo. Denser pink than Enchantress.

Matchless. Clear, brilliant white; fine form and very large.

White Wonder. A wonderful white flower of immense size.

Standard Varieties

Apple Blossom. Handsome white flower daintily marked pink.

Beacon. Dazzling scarlet; very large and full.

Enchantress. Brilliant pink; fine shade; large size.

Victory. Brilliant red, extra large flowers and particularly free in bloom.

20c. Enchantress. Magnificent large white flower of splendid form.

Price, extra strong grown plants, 25c. each; any 6 for $1.00; 12 for $2.00, postpaid. SPECIAL OFFER. "Novelty Set." For $1.75 we will send, postpaid, 6 of the new and 6 of the $1.00 standard varieties, 12 in all. Order as the “Novelty Set.”
Magnificent Free Flowering of Garden Chrysanthemums

Our collection contains the best and most beautiful of the newer varieties, as well as the choicest of the standard sorts. We offer them at prices within the reach of all, as we would like to see them growing in every garden and in every home.

**Price**—Strong, healthy pot-grown plants, 20c. each; $1.75 per dozen, postpaid; $10.00 per 100 by express.

Chrysolora—One of the best yellow. Fine, incurved form. *$

Black Hawk—Late. Dark violet crimson. *$

Dr. Beaugrard—Beautiful true pink. Ball shape. *$

Chas. Rager—Early. A pure white variety of special merit. *$

Glory of the Pacific—Flower forms. *$

Mand Dean—Incurved, bright pink, with fine stem and foliage. Petals tipped white.

Sun Glow—Bright yellow. Fine large flowers.

Pacific Supreme—Pink; large, handsome, nearly round flowers. *$

Robert Holland—Yellow; large size.

Timothy Eaton—Most magnificent white.

Wm. Turner—A decided incurved of the purest white. Semi-dwarf, highly prized at shows, incurved, incurved habit. *$

Smith's Advance—Early. Large flowering form. *$

Josephine Foley—Midseason. Exceptionally fine pure white. *$

Betty Ross—Midseason to late. Incurved pure white.

Golden Chadwick—Late, Golden yellow incurved. *$

Unusual—Large, incurved, incurved pink. *$

Edwin Seldewitz—Late, incurved bright pink.

Pink Gem—Midseason. Salmon pink.

White Chieftain—Midseason. Sturdy grower; a pleasing shade of light pink.

New Pompon Chrysanthemums

These are entirely hardy and produce hundreds of button-like perfect pompons of flowers, making an excellent show, lasting until late in the autumn. We offer the choicest varieties only.

**Price**—Strong Plants, 20c. each; $1.75 per dozen, postpaid; or $15.00 per 100 by express.

**Pompon Chrysanthemum**

**Free-Blooming Fuchsias**

Strong plants, sure to bloom, 30c. each; 3 for 75c; one of each 5 sorts, $1.75, postpaid.

**Speciosa**—Scarlet and white.

**Trophy**—Purple; extra long.

**Duke of Albany**—Violet-purple; drooping.

**Constance**—Carminé and white; extra large.

**Mrs. C. Blake**—Magenta-purple; trailing.

**Loverly**—Rose mauve and scarlet; large.

**Jupiter**—Rich carmine; extra yellow foliage; large; double.

**Wave of Life**—Crimson tube; royal purple corollas; abundant.

**Phenomena**—Finest, free blooming, double; petals of bright crimson, corolla purple.

**New French Pot Hydrangeas**

Excellent for pot culture for blooming indoors during the winter. The foliage keeps dark green throughout the winter, making them an ideal decorative plant. They can also be planted outdoors, as they are hardy and live out winter.

**Otakar**—Rich pink, changing to snow-white and blue.

**General de Vibraye**—Very large heads of bright rose.

**Price**, 35c, each, 4 for $1.00, postpaid; large specimen plants, from 4 to 6 inch pots, $1.00 each, by express.

**Asparagus Sperngeri**

For pots, vases or hanging baskets. The long, slender branches droop most gracefully, clothed with feathery, emerald-green fronds.

**Strong plants**, 20c. each, 3 for 50c, postpaid.

**Pussy Willow**

These large grey Pussy willows open almost on the first indication of spring and are highly prized for vases, decoration, etc. They may be forced to open much earlier by cutting and placing in a warm room. The plants are easy to grow and are very prolific of the large, finely, ball-like bloom. **Strong plants**. Price 75c. each, 3 for $2.00, $6.00 per doz., postpaid.

**Fine Decorative Ferns**

For living room and porch decoration. Use a soil composed of five parts: two parts of good garden soil, two parts of finely screened peat or leaf mold from the woods, and one part of sharp, clean sand. Judgment should be exercised in watering. On warm days they should be syringed at least twice. Never allow them to become too dry.

**Teddy Jr.—**New dwarf Fern. Fronds are broad and beautifully tapered from the base to the tip, drooping just enough to make a graceful plant. Compact, and thrives under any condition. *$

**Roosevelt**—Resembles the Boston Fern, but produces many more fronds, thus making a handsome and bushy plant; in fact, it to-day is more popular with the florists than the Boston; it will make a larger plant in a shorter time. The fronds are beautifully undulated, giving it a very pretty rising effect.

**Whitmani Compacta**—This is a condensed form of the "Ostrich Plum Fern," and possesses valuable characteristics added which are not evident in the parent, the pinnae subdividing, making miniature fronds, looking as if two were condensed in one. Very graceful.

**Whitmani (Ostrich Plume Fern)**—More of a dwarf habit than the previous sorts, and more of each different nature. Each frond is subdivided on the order of the Compacta Fern, thus producing a very nice fine effect. Very decorative.

**Maiden Hair Fern** (Adiantum cuneatum)—The best known table Fern, with dainty, lacy fronds, unlike any other.

**Price of all Ferns in extra strong pot plants, 30c. each, 4 for $1.00** large plants, well furnished, from 4 and 5-inch pots, 85c. each, postpaid.

**Whitmani Fern**

**American Wonder Lemon**

Largest Edible Lemon in the World—Actual Weight, 21 Pounds.

Large, dark green foliage; handsome, pure white flowers, nearly as large as tuberose blooms, fragrant as orange blossoms. The lemons have a thin rind for such large fruit, and are full of rich acid juice. The plants will produce their magnificent, large fruit under ordinary cultivation the second year, and will prove a source of genuine delight.

**Strong plants**, 30c. each, 4 for $1.00; large two-year-old plants, $1.00 each, postpaid.

**Otaheite Orange**—It flowers and begins fruiting at once and fruits in pots and blooms continuously. Fragrance is delicious. Fruits immediately after flowering. Fruit measures about three inches in diameter and edible. Strong young plants, 35c. each, 9 for $1.00; large two-year-old plants, $1.00 each, postpaid.

655 Cleone (Giant Spider Plant). A robust plant. Thrives vigorously 4 to 5 feet high, uniform by wind or weather, and flowering profusely for months. The flowers are very showy, with long, slender stamens, single petals measuring 1 inch across, and of a bright rose color. The long slender seed capsules carried upon still larger stipules, giving the effect of a many-jugled spider, with the bright bunch of flowers as the head. It grows freely from seed, thrives luxuriously, and blooms all summer. It is also one of the very best honey-producing plants. Seed can be sown in the open ground. Pkt. 10c. 1 oz. 25c.
Hardy Climbing Vines

Clematis Paniculata

The Most Wonderful of all Flowering Vines—Quick Grower, Exquisite Fragrance

The flowers are pure white and borne in great panicles or clusters of bloom, freely covering the plants, so that it is a mass or sheet of fleecy white with an exquisite fragrance. It begins to bloom late in August the first year. Hardy in all sections of the country. Strong two-year-old field-grown plants, 50c. each.

New Coral Clematis, Clematis Coccinea—A handsome climber with a profusion of bright, coral red flowers in constant bloom. Price, two-year-old plants, 50c. each.

Large Flowering Hardy Clematis

Broad flat flowers of exquisite hues, produced in great festoons of wondrous beauty.

Jackmani—Immensely flowers, 4 to 5 inches across, of exquisite deep royal purple.

Henryi—Large creamy white flowers of large size.

Madame Edouard Andre—Similar to Jackmani, except that its flowers are beautifully carmine-red. We offer large, strong plants, 50c. each, postpaid.

Wisteria Magnifica

The finest Wisteria of its color now known. Extremely vigorous, growing 50 to 60 feet in one season when well established. The flowers are pale blue, and the immense clusters of drooping racemes, which measure 12 to 15 inches in length, are deliciously fragrant, 50c. each, 3 for $1.00.

Wisteria Alba—There is nothing more striking or appropriate for pergolas and ordinary trellises than this splendid vine. Pure white flowers. 35c. each, 3 for $1.00.

English ivy

A splendid evergreen climber, with dark glossy green leaves; clings firmly to stone, brick or wood walls without trellis or support, very desirable. 25c. each, 6 for $1.00, postpaid.

Philadelphus or Syringa "M O O K O R A N G E"

Bouquet Blanca—Dwarf growth with long, slender branches densely covered from base to top with sweet-scented double flowers of creamy-white. In fact, the flowers are borne in such profusion as to totally obscure the plant. Spicy fragrance.

Two-year field-grown plants, 75c. each, postpaid.

New Philadelphus ("Virginial")—One of the most beautiful, new ever-blooming varieties. This is the new Philadelphus which is being used so much in hedge planting. It also makes wonderful individual specimen plants on the lawn. A vigorous tall grower with very large double-petaled flowers with round petals. Pure white, sweetly scented; clusters of five to seven. Two-year field-grown plants, 30c. each, postpaid.

Cinnamon Vine—A beautiful, hardy climbing vine, with heart-shaped leaves and delicate white blossoms. Large roots 15c. each, 2 for 25c., 3 for 50c., 12 for $1.00, postpaid.

Honeysuckle

Price, strong one-year-old, 30c. each, $3.00 per doz.; two-year-old, 50c. each, assorted varieties $2.00 per dozen, postpaid, $20.00 per 100 by express.

Chinese Sweet Scented—White and yellow flowers.

Evergreen Sweet Scented—Buff, yellow and white.

Red Coral—Red trumpet-shaped flowers.

Yellow Coral—The true golden-yellow.

Golden-Leaved—Leaves beautifully velvety and spotted with clear yellow. Flowers yellow and fragrant.

New Heuchro—Clear rose, yellow at the base; sweet and fragrant.

Hardy Ornamental Grasses

E. Japanica Variegata—Blades are creamy white in the center, with a broad margin of bright green. Plumes are very beautiful.

Erianthus Ravennae—Red like ornamental grass throwing up 30 to 40 fine erect flower-like stalks 8 to 10 feet high. The plumes are highly valued as parlor ornaments.

For ornamental purposes these grasses are strikingly original in effect and impart a tropical brilliance to the landscape.

Prices of all Eulalias and Erianthus described below, 30c. each, 75c. for 3, postpaid; large clumps 25c. each, $1.00 for 5, by express.

Eulalia Graecillima—Forms an exceedingly handsome plant; 4 to 5 feet high.

SPECIAL OFFER—We will send by mail one each of the four grand ornamental grasses described above for 75c.; one clump of each of the above by express for $1.25.

1064 Coix Lachrymae (Job's Tears). Broad corn-like leaves and hard, shiny pearly seeds which can be used as beads. 2 ft. Pkt. 5c., oz. 20c.

1070 Pennisetum Rupeipellum (Purple Fountain Feather Grass). One of the most hardy ornamental grasses ever introduced; is useful for ball or table adornment as well as out doors. The graceful, narrow, recurving leaves are produced in prostration by hundreds, and are over-topped by elegant feathery plumes a foot long. These plumes or feathers are available for vase decorations or for dry grass bouquets. Seeds should be sown indoors in March, in pots or shallow boxes, and the plants set out when danger of frost is past. The heads will be produced from July until frost, and the whole plant is suitably veiled in a purple cloud. Greatly admired: 3 feet, Pkt. 10c., 2 pks., 25c., 1 oz. 30c.
Hardy Shrubs for Permanent Planting

They are absolutely hardy, and, once planted, last indefinitely, increasing in size and beauty year after year. For cold climates, hardy plants are needed; they stand without an equal. Planted in clumps, masses, or used for hedges, screens, or for filling unsightly corners, they make a glorious show. They supply that certain something which is lacking in every yard where hardy shrubbery is not planted. We recommend a liberal planting of this class of plants. They last a lifetime and are sure to give splendid satisfaction. Their culture is exceedingly simple. When received out the plants back about one-third their growth if not done before shipping. Keep three feet apart for a screen, but as individual specimens plant whatever desired. Water freely when planted, and for a few days afterward. No protection required. They may be planted in any soil, as long as it is ready to dig up until late spring. This class of plant should be set out earlier than Roses and other pot plants.

HONEYSUCKLE BUSH (Lonicera tatarica)—Grows 6 to 10 feet, and blooms early in the spring. An old-fashioned shrub, with sturdy, oak-like habit, good foliage, especially useful for screens and masses. Profusion of lovely white flowers in May and June, followed by translucent berries.

HYDRANGEA (Arborescens Sterilis)—The new everblooming Hydrangea is, as its name implies, constantly in bloom from early in June until frost, and is one of the most important additions to the way of hardy shrubs ever introduced. All summer long it bears great clusters of white flowers, much like the tender Hydrangea in size and form; it will grow to perfection in partial shade, making it most valuable for massing under trees or growing on north side of house.

Price, strong vigorous plants well rooted, 40c. each, 3 for $1.00, postpaid; larger, field-grown plants, with several branches, fine roots, 75c. each, by express.

HYDRANGEA PANICULATA GRANDIFLORA

We grow and sell annually many thousands of these most popular of all shrubs. They are extensively used for yard, lawn and hedge planting and for screens. Attains a height of 5 to 7 feet; hardy in all localities; blooms the first and every season in July and August, and continues in bloom for two or three months; the flowers are massive, cone-shaped, often measuring 10 inches in length, and have a pleasing color of blue, changing from original pale blue and pink, and finally to beautiful, rich, coppery-red. Well-rooted, field-grown plants that will bloom this year. Fine strong plants. Prices, 40c. each, 3 for $1.10, postpaid; strong, two-year-old, field-grown, blooming plants, 75c. each, extra-size, three-year-old, field-grown, blooming plants, $1.00 each; $10.00 per dozen, by express or freight.

LILACS (Syringa)

Best beloved of all the old-time garden shrubs, whose flowers never fail to charm with their delicate beauty or refresh with their tender fragrance.

New Persian—This grand Lilac blooms in early June. Flowers beautiful reddish purple, very fragrant and borne in profusion; leaves rich, dark green, rather small and delicately shaded; habit of growth very neat and compact.

White—This rare and beautiful White Lilac is much sought after.

Purple—The old favorite and one of the best. Price, in strong two-year-old plants only, 75c. each. Postpaid.

Bleeding Heart (Dianthus Spectabilis)—One of the finest plants known for borders, pots or for planting in any sunny situation. It potted in November and left outside until it has formed new roots and then is brought into gentle heat, it will flower early in March. The beautiful rose-colored heart-shaped flowers produced in great abundance. Strong roots, 50c. each; postpaid.

New Everblooming Hydrangea (Arborescens Sterilis)

FRAGRANT HARDY VIOLETS

Rich in modest beauty and famed for its enchanting fragrance, the Violet continues to increase in popularity. With the last snows of winter still about, this gentle flower shily appears from out of its icy bed, heralding the coming of spring. All our plants are absolutely clean and healthy and will produce highly satisfactory results.

Prices, strong plants, 20c. each; any 12 for $1.75, postpaid.

Marie Lynch—in color it is a charming shade of lavender-pink and the foliage is a rich dark green.

California—The largest violet in cultivation. Rich, violet-blue; flowers on long stems.

Dorsett—Darkest, deep violet-blue; large stems, large flowers.

Falguhar—Double flowers of delicate fragrance; deep blue.

Governor Herrick—Rich, dark purple; single.

Lady Hume Campbell—Double blue. Strong, healthy and perfectly hardy.

Luxanne—Soft violet purple; fragrance delicious.

Prince of Wales—One of the best. The large, blue single flowers are deliciously fragrant.

Swanley White—Pure white, perfectly double, fragrant flowers.

Peacock, New Violet—This is an entrancingly beautiful new Violet; the markings of its charming colors are difficult to describe. The prevailing color in white, with delicate tracings and markings of sky-blue.

Tuberous Rooted Begonia Bulbs (All Postpaid)

New Everblooming Hydrangea (Arborescens Sterilis)

Begonias, Giant Flowering, Double

GIANT FLOWERING SINGLE BEGONIAS

Crimson, Orange, Scarlet, White and Yellow. 25c. each, $2.50 per doz., $18.00 per 100.

Giant Flowering

These are now the handiest and most popular plants for beds of summer flowers, or as pot plants for the greenhouse, conservatory or sitting room. Improvements made in recent years are really phenomenal, 4 to 6 inches across. Particularly useful for planting in window boxes in a semi-shady position. Their culture is the simplest, and with the least regard for their requirements will repay with an abundance and brilliancy of bloom not equaled by any other class of plants. Ready in January.

Scarlet, Crimson, Pink, White, Yellow and Salmon. 35c. each, $3.50 per doz., $25.00 per 100.

Begonias, Giant Flowering, Single

Mixed. All colors. 30c. each, $3.00 per doz., $20.00 per 100.

Giant Flowering

Crimson, Orange, Scarlet, White and Yellow. 25c. each, $2.50 per doz., $18.00 per 100.

Fines Mixed. 20c. each, $2.00 per doz., $15.00 per 100.
YUCCA (Adam's Needle)—A hardy evergreen plant with long, narrow leaves that are bright green the whole year. The flowers are creamy white, bell-shaped, produced on long spikes 3 to 4 feet high. Fine statue lawn plant. Good strong plants, 35c. each, 3 for $1.00, doz. $3.50, postpaid.

**Double Japan Snowball**

Blooms in early June, when the whole bush is loaded down with great compact balls of pure white, double flowers. They are borne in such profusion that the entire plant appears one dense mass of bloom; the tree grows erect and bushy, 6 to 8 feet high, with deep green leaves peculiarly crimped and crinkled, wonderfully beautiful. *Price, all field-grown plants, one-year size, 40c. each, 4 for $1.50, postpaid; two-year size, 75c. each; three-year size, 90c. each; by freight or express; seven-year size, extra-large specimen plants, $1.50 each, by freight or express, at purchaser's expense.*

**VIBURNUM OPELUS STELLATUS (Old-fashioned SNOWBALL)**—A strong, hardy grower; pure white flowers. A showy clump of compact growth, luxuriant foliage and very free flowering.

**Caladium Esculentum, (Elephant's Ear) Postpaid**

One of the most effective plants in cultivation for beds, borders or for planting out upon the lawn. To obtain the best results it should be compost.

Each Per doz. Per 100
Large Bulbs $0.30 $3.00 $20.00
First Size Bulbs .25 .20 1.50

**Splendid Calla Lilies (All Postpaid)**

Ethiopica—Lily of the Nile. Grand, large, pure white flowers.
New Golden Yellow Calla. A grand novelty. Large yellow flowers, very fragrant. 40c. each.
Everblooming Calla. Godfrey (Dwarf). In bloom all the time. Fine. 25c. each.

**Tuberoses (Postpaid)**

Dwarf Excelsior Pearl. Flowers pure white, very double, of immense size and sweetly scented. Large Bulbs, 90c. each, 3 for 25c., 75c. per doz. $5.00 per 100, postpaid.

**Strawberry Guava**

It is a thick, shining, evergreen, esmodiia-like foliage, and pure white flowers of a agreeable color. The fruit is large, of beautiful charlet color; the flavor is most delicious and aromatic, resembling that of the strawberry. Used as a dessert fruit, also for preserving; makes jell of delicious quality. Strong, 3-inch pot plants 25c. each; 3 for 60c., 7 for $1.00.

**Spirea-Meadow Sweet**

_**Aurea (Golden Leaved)**—Bright golden yellow foliage and small white flowers._
_Billardi—Spikes of rose-colored flowers; blooms profusely._
_Bambina—Dwarf growing. Flowers rose-colored._
_Callosa Alba—Dwarf white-flowering variety._
_Callosa Rubra—Grows 3 to 4 feet high; deep rosy, red flowers._
_Callosa Superba—Light red flowers in profusion._
_Penilinofor (Bridal Wreath)—Dable pure white flowers._
_Recesse—Shade for a bed; blooms latter part of May; attains a height of 4 to 6 feet._
_Tiamberti—Blooms in April; compact, fern-like leaves; flowers borne in clusters._
_Van Houttei—The bushes form fine, compact clumps. The pure white flowers borne in great masses._
_Perpetual Blooming Crimson Spirea, Anthony Waterer—It makes a low, compact bush, 15 to 18 inches high. Large umbels of deep crimson flowers._
_Blue Spirea (Caryopteris Bastaneanthus)—The dense flower heads are of a rich lavender-blue color._

**Weigela**

_Candia—Snow-white flowers; late June._
_Lavatera—Deep red flowers; beautiful._
_Rose—Flowers are large and of a deep rosy color._
_Variegated Leaf—Green leaves, margined pure white._
_Eva Rake—Rich red-leafed purple._
_Rubra—Red, shading to light pink._

**Miscellaneous Shrubs**

_GALYANTHUS FLORIDUS (Strawberry Shrub)—Flower purple; quite double, quite fragrant and borne in profusion during the entire season._
_FORSYTHIA VIRIDISSIMA (Golden Bell)—Height 3 to 4 feet; bright yellow, bell-shaped flowers; blooms early._
_PHILADELPHUS GRANDIFLORUS (Mock Orange)—Blossoms early in June; flowers creamy white and very fragrant._
_TAMARIA AFRICANA (African Tamarisk)—Graceful, erect growing shrub, pretty pink flowers, leaves like evergreen._
_Price of all plants on this page, except where noted: one-year-old size, 35c. each; 3 for 100, 75c. each; 3 for 100, 75c. each; 25c. each; 10 for $1.00; $8.50 per 100; by freight or express; large three-year-old size, $1.00 each, by freight or express at purchaser's expense. (Orders for 50 filled at 100 rates)._**

**California Privet**

_The One Best Hedge Plant, Combining Beauty, Hardiness and Efficiency._

California Privet has long been recognized as the one very best plant for Hedge purposes, as it is remarkable for its beautiful dark green, glossy foliage, its quiet, strong and symmetrical growth, its freedom from insects and scale, and its ability to withstand pruning and trimming into any desired shape.

For many years we have been specialists in growing California Privet for Hedges, and our stock cannot be surpassed anywhere. It is strong, thifty and in the best of shape for transplanting. Each one a specimen plant. We have it in all sizes, from one-year-old plants to large, vigorous bushes which can be used with telling effect in the formation of an immediate hedge. These large plants are the most economical to buy, for with them the tellous years of waiting for the specimen shrub to grow will be avoided.

**BERBERIS THUNBERGII (Barberry)—Grows 3 to 4 feet high; small, perfectly shaped, rich green leaves, turning in autumn to bright scarlet. Flowers a delicate shade of coppery yellow, followed by beautiful, brilliant red berries, clinging all winter. Price, strong first size plants, 8 to 12-inch, 20c. each; 6 for $1.00; $12.00 per 100, postpaid, by express; larger plants, 18 to 24 inches, 75c. each; $7.50 per dozen by parcel post, prepaid; $25.00 per 100, by express or freight.**

_A Hedge of California Privet_

**GOLDEN BELL (Forsythia Suspensa)**—You have noticed these graceful sprays of golden yellow flowers—about first to bloom in the spring—that push themselves into the sunlight long before the leaf buds have burst. Branches have a tendency to droop, making a beautiful specimen shrub, or may be planted in a group with other shrubbery. Price, 50c. each, $5.50 per dozen, postpaid.
MAGNIFICENT EVERBLOOMING LARGE FLOWERING CANNAS (Roots)

Cannas belong to our most showy plants. They thrive under almost any conditions and will grow in gravel and attractive plants withoutmuch care. If properly grown they reach a beauty and make a display which can hardly be equaled by any other bulb. In order to grow them to perfection, the soil should be prepared very rich and made very rich. Well worked soil is best suited for this purpose, as it will not only provide plenty of plant food, but will also hold the moisture. Cannas prefer plenty of water, particularly during the time of blooming. The tubers should be planted deep by about 1½ feet apart as well as on as much as possible. All dormant roots except where noted. Please order canna by number where number is given.

BEST NEW AND RARE VARIETIES

No. 1. Fiery Cross

The most gorgeous Giant Red Canna ever offered.

The flower-heads are 15 to 18 inches in length and carry from 15 to 20 open flowers of a vivid scarlet shade canna. It is a glowing shade of pink, much brighter and clearer than any other scarlet variety. It is a profuse bloomer. The foliage is of rich crimson color. It makes a beautiful display in beds or borders. Height, 3½ feet. 30c. each, 3 for 75c., 6 for $1.40, 12 for $2.75, postpaid.

No. 2. City of Portland

This is the best pink Canna in existence. The flowers are of large size, and bloom continually. The color is a glowing shade of pink, much brighter and clearer than any other pink variety. It is a profuse bloomer. The foliage is of rich crimson color. It makes a beautiful display in beds or borders. Height, 3½ feet. 30c. each, 3 for 75c., 6 for $1.40, 12 for $2.75, postpaid.

No. 3. Golden Gate

This is truly one of the finest Cannas in existence. 4 feet tall and the care of even small size, while the individual blossoms are also very large. The buds open as a pure gold and as the flowers expand they become richly ruffled with orange-crimson. A bed of these is a magnificent sight. Height, 3½ feet. 40c., 6 for 65c., 12 for $1.20, 25 for $2.10, postpaid.

No. 4. Cheerfulness

This is a most striking variety, with deep orange flowers having a golden border and carmine markings in the throat. The foliage is a rich green, and forms a sharp contrast to the bright and gay flowers. Height, 3½ feet. 30c., 3 for 65c., 6 for $1.15, 12 for $2.20, 25 for $4.30, postpaid.

No. 6. Golden Wedding

3 ft. The most handsome dwarf yellow Canna ever grown. It excels all other yellow varieties in fineness of petals, which makes the heads of flowers very lasting. In fact, this Canna exceeds the most perfect varieties in all points. It is a very good variety for indoor decoration. 50c. each, 3 for $1.25, 6 for $2.10, 12 for $5.00.

No. 7. Winter's Colossal

Without doubt the largest-flowered Canna to date. Often measuring 5 inches across. The color is a striking vivid scarlet that remains unaltered. A most striking variety. 3 for 65c., 6 for $1.15; 12 for $2.20, 25 for $4.50, postpaid.

No. 8. King Humbert

This is the grandest bronze leaved Canna ever offered. The large, heart-shaped leaves are purple-maroon turning over bronze. The plants are crowned with immense heads of orchid-like flowers measuring from 18 to 24 inches across. A very effective variety. Lightly-toosed, rose-tinted and margined at the base; a combination of leaf and bloom exceedingly parable. 4 to 5 feet high. It is used extensively for the center of large beds. 30c., each, 3 for 75c., 6 for $1.15, 12 for $2.20, postpaid.

No. 10. Yellow King Humbert

A marvelously beautiful, large-headed, golden yellow Canna, spotted red, in the greatest profusion from early in the season until long after the fall. Of strong habit and a free bloomer. The foliage is rich deep green, 3 for 60c., 6 for 75c., 12 for $1.30, 25 for $2.50

LARGE FLOWERING CANNAS IN DIFFERENT COLORS

Many plants are not particularly named, so long as they get the desired color for our. We offer very low prices from our large stock.

S. Album—Pure White. 30c. each, 3 for 75c.
S. Melonence—Frost red, white, spotted with pinkish crimson. Petals deeply recurved and widely bordered. 30c. each, 3 for 75c.
S. Rubrum—Bright crimson and white flowers; grows 2 to 3 feet. 30c., each, 3 for 75c.
S. Magnus—Deep colored flowers of rich crimson-crimson, spotted blood-red edged with white. 30c. each, 3 for 75c.

LARGE BLOOMING MIXED HYBRID GLADIOLE

In Separate Colors. Comprising five named sorts—thus get beautiful sorts at a very low price.

The White and Pink shades mixed, 25c., 12 for 50c., 25 for $1.60, 50 for $3.20, 100 for $6.50.
Scarlet and Crimson shades mixed. 3 for 25c., 12 for 50c., 25 for $1.60, 50 for $3.20, 100 for $6.50.
Yellow and Orange shades mixed. 3 for 25c., 12 for $1.15, 25 for $2.20, 50 for $4.50, 100 for $9.00, 1000 for $75.00, postpaid.

Large Flowering Mixed Hybrid Gladiolus

Among the most popular summer flowering bulbs, and of high decorative value, either in the garden or as cut flowers. All bulbs sent out by us are first class, sure to bloom. They should be planted in a sunny position about May 1st. All No. 1 bulbs. All labeled.

12 Choicest Named Gladioli for $1.25

Any six for 75 cents, postpaid.

Selected from hundreds of the best varieties. In size of flowers, blooming quality and diversity of color, none will compare with these.

America. The most beautiful variety in cultivation. Soft flesh-pink, slightly tinged with lavender.

Chienzo White. Pure white; lavender stripes on lower petals. Attraction. Deep, dark crimson-pink, with large pure white center, making a most conspicuous and attractive contrast.

Baron Halot. Rich, royal violet-blue. This, when cut in combination with our other rich yellow varieties is truly exquisite.

Brenchleyensis. Bright scarlet-vanilla.

Halley. The Early Giant Salmon-pink, immense.

Independence, each, 3 for 75c. from deep rose-pink to orange-scarlet, but always brilliant and rich.

Klondyke. A clear yellow, with a vivid crimson-maronoch blotch in throat; a splendid free grower.

Mrs. Frances King. A striking shade of light scarlet or flame color; one of the most effective both in the border and when cut.

Princeps. Brilliant scarlet-crimson, with three broad white blotches on the lower petals.

Yellow Hammer. Pure yellow lightly marked with red in throat.

Very beautiful.

Bulbs 15 cents each, $1.50 doz., $9.00 per 100, postpaid.

Primulinas Hybrids. These hybrids, gained by crossing the several species of the genus Primula, have retained all the daintiness and graceful form of their Primulina parent, even to the "hood" formed by the drooping of the upper petal, and have gained the beauty of exquisitely floriferous, from the softest primrose to a beautiful rose. 4 for 25c., 12 for 65c., 25 for $1.20, 50 for $2.25, 100 for $4.00, 1000 for $30.00.

Hardy Japan Lilies

These glorious flowers of radiant beauty are very hardy, grow rapidly to flower size the first year to year, forming a permanent and attractive feature of the garden. The bulbs should be planted about 6 to 10 inches deep, in good, light, soil. We offer the most carefully selected sorts in large sound bulbs.

Antherium. Magnificent pure white flowers, exquisitely spotted with rose and rared and banded with yellow. Valuable for pot garden. Extra-selected, 35c. each, 3 for $1.00; enormous bulbs 50c. each, 4 for $1.75.

S. Giganteum—Orange. Bright crimson and white flowers; grows 2 to 3 feet. 30c. each, 3 for 75c.

S. Tulipiflora—Lilac flowers, spotted with scarlet; 15c. each, 3 for 45c.

Tigrirnavus Fl. Fl. (Double Tiger Lily.) Deeply red, spotted black. 30c., each, 3 for 75c.

Tigrinum Splendens. (Single Tiger Lily.) Orange with intense dark spots. 30c. each, 3 for 75c.

Gigantenmus. Cream-white with purple throat. Gigantic plants and immense flowers. 30c. each, 3 for 75c.

Candidum (Album-calamus Madonna Lily). Garden Lily. Large white. 30c. each, 3 for 75c.

Pardalium (Leopard Lily). From California; entirely hardy; bright orange-red, with lighter orange center. Large clusters, 25c. each, 3 for 65c.

Humboldt. Golden yellow, spotted purple. 40c. each, 3 for $1.20.

Wassyltonianum. Dullately tinted, white spotted. 40c. each, 3 for $1.20.

Dahlias are now the most popular summer and autumn flower. The collections we offer are the very "best by test" and are selected from hundreds of varieties. They are very large, finely formed, bright colored and, above all, early and continuous bloomers, being in bloom the entire season until killed down by frost in the country, and will give the greatest satisfaction to the amateur growing them for pleasure and to the commercial florist for profit. Prices quoted are postpaid. If sent by express at purchaser's expense larger roots will be selected.

MOORE'S SUPERB NEW DAHLIAS FOR 1926

**AYESHA.** (Decorative.) A wonderfully handsome, clear light yellow dahlia, that has attracted great attention: beautiful, regular form, with large shell-like petals, and borne on long stiff stems. The plant is a strong vigorous grower and a most profuse bloomer, considering its large size, and commercial purposes. Price, 50c.

**CRYSTAL.** (Cactus.) One of the very finest, clear, soft pink cactus; flowers of enormous size, with long, narrow incurved petals and full center; a strong, vigorous grower, excellent exhibition variety. Price, 75c.

**DR. TYRRELL.** (Decorative) One of the most effective varieties for all purposes. Color soft yellow suffused with white, bright and effective. The plant is a strong, vigorous grower of dwarf, branching habit and an early, profuse and continuous bloomer. The flowers are large and borne on stiff, erect stems. It is a hybrid decorative. Price, 50c.

**ESCHENAUER.** (Cactus.) An ideal dahlia of exceptional merit. Most pleasing and effective color, being true creamy white, suffused and tipped pale lilac. Delicate and dainty. Price, 75c. **GOLDEN GATE.** (Hybrid Cactus.) A large hybrid cactus of a rich deep golden yellow, suffused, shaded fawn. Long stiff stems. Price, 50c.

**JOHN WANNAMAKER.** (Decorative) (SPECIAL.) As the photograph shows, is the most beautiful of all dahlias, having a formation entirely its own in its charming irregularity. The flowers are alike and yet not exactly alike, one of its rich reddish orange; the other a rich golden bronze, with bronzy red at base of petals, giving the flower that rich bronzy effect. The two shades are a very sturdy, healthy grower, with dark luxuriant foliage, showing its hardy constitution. Strong roots. Price, 50c.

**FRANCES WHITE.** (Cactus.) A splendid new white cactus, of exquisite form, large size, on long stems. Color pure white, shading to sulphur-yellow, on a stiff rectangular type. One fancy single. Price, 50c.

**GOLDEN KING.** (Cactus.) Probably the largest of all cactus dahlias, being of gigantic size and one of the finest new cacti. Color light yellow. The immense flowers are borne on long stems; the plant is a strong, vigorous grower and free and early bloomer. Price, $1.00.

**SPECIAL OFFER.** One strong root of each, post paid for $5.50.

MOORE'S SELECT DECORATIVE DAHLIAS

**JACK ROSE.** The best crimson for garden or cutting; that brilliant crimson rose that makes the "Jack" Rose popular. Price, 50c.

**LYNDHURST.** Bright vermilion; the best red for cutting. An early, free and continuous bloomer, with long straight stems. Price, 50c.

**MELODY.** One of the finest, being of splendid regular shape, with full high center and reflexed outer petals. Color clear canary yellow, tints to creamy white at the tips; an effect so delicate and pleasing as to suggest the name. Strong roots. Price, 50c.

**MINNIE MCCULLOUGH.** One of the most indispensable decorative varieties that is largely and should be universally grown, in a class by itself, on account of the combination of autumn shades—the gold and red of autumn leaves. The flowers must be killed as a rule. Price, 75c.

**MME. ET RUBIERE.** White, tipped bright violet red. Price, 50c.

**PERLE DE PARIS.** Very large white variegate; with pink streaks, profuse bloomer. Price, 35c.

**PROFESSOR HANSMIE.** A giant decorative of most unique coloring; a pleasing combination of yellow, red and white. Price, 50c.

**RED DUKE.** Very large, rich dazzling cardinal red; splendid form with quilled petals. Price, 50c.

**SILVIA.** Deep pink, tints to light pink at the center; large, perfectly formed flowers produced profusely. Price, 50c. This giant decorative is sought after in those florists who have quilled flowers that are wanted. It is a strong vigorous grower, and always blooms. Selected stock. Price, 50c.

**YELLOW DUKE.** Canary yellow, quilled petals; a giant flower on long stems. Price, 50c. Special. One strong root of each. Price, 50c. by parcel post, prepaid, for $5.50.

**CENTURY DAHLIAS**

This new type is becoming more popular every day. Some of the most exquisite colors are found only in this type.

**CREAM CENTURY.** Another delicately colored giant flower. Color a rich cream which suggested the name. A fine companion to Mrs. Wendell Reber. It has the same giant size, regular form, being of outward tendency, nothing like a Grand Duke, being 5 feet high and bloom very large, profuse and continuously until frost. Strong roots. Price, 50c.

**GEISHA CENTURY.** This is an intensified Mrs. Wendell Reber. The inner half of the petal is a rich scarlet; the outer half an intense yellow. Price, 25c. Good and decorative effect. The flowers are of perfect regular form, and borne on the long stiff stems, with the cut or fancy foliage of the Century. Price, 50c. The Century is one of the most striking kind, invaluable for cutting, decorations or the garden. Height, 6 feet. Strong roots. Price, 50c.

**JOSPEH LUCAS.** A combination of shades. Rich yellow overlaid bronzy scarlet, lighted, suffused with brown. The finest and most colored size, splendid substance over the petal edges. Price, 50c. This flower is very handsome and shows off very well as a single flower. It is a strong grower and blooms very freely. Price, 50c.

**MACAULAY.** A very free and profuse bloomer. Price, 50c. By parcel post, prepaid, for $2.45. THE MOORE SEED CO., HIGH GRADE SEEDS, PHILADELPHIA, PA.
New and Rare Dahlias

**Billionaire.** One of the largest in this class, and in great demand for exhibition purposes. The color is a highly attractive shade of old gold. $1.75 each.

**Margaret E. Mills.** A new Hybrid Cactus offered this year for the first time. A very delicate amaranth-pink, petals slightly pointed and curled, with a fine stem. $2.00 each.

**Millionaire.** Most delicate lavender with faint pink cast overlapping in the whole hanging of white. Flowers from six to nine inches in diameter. $1.50 each.

**Pride of California.** Called the “American Beauty” dahlia. Huge crimson red flowers produced on long straight stems. $1.25 each.

**Madonna.** In color a very beautiful white, very slightly tinted with a most delicate shade of lavender pink, charming sort. 75 cents each. Above five Dahlias for $6.50, postpaid.

Show Dahlias

Very double. Ball-shaped flowers; the petals quilled or tubular.

**Golden Age.** Sulphur-yellow. Free-flowering. 50 cents each.

**Mandie Adams.** The color is a pure snowy white, very effectively overlaid clear delicate pink. Undoubtedly one of the finest of the Show type. 50 cents each.

**Miss Helen Hollis.** The best deep scarlet Show Dahlia in existence. Blossoms are on long stiff stems, well above the foliage. 50 cents each.

**Storm King.** The most reliable white Show Dahlia to date. Color, a pure white. Flowers produced on good stems, well above the foliage. Free-flowering. 50 cents each.

**Stradella.** Beautiful deep purple-crimson. Exceptionally free-flowering. Stems long and wiry. One of the finest to date. 35 cents each.

**Vivian.** The color being white, effectively edged rose-violet. 35 cents each. Above six Show Dahlias for $2.45, postpaid.

Hybrid Decorative Dahlias

The blossoms of the Decorative Dahlias are large, flat, but beautiful in shape, and full to the center; the petals are somewhat irregularly situated, long, broad, flat and nearly straight.

**Elsie Davidson.** A beautiful deep, golden-yellow, very large, free bloomer and fine for cutting. 35 cents each.

**Frank A. Walker.** A charming shade of deep lavender-pink. 40 cents each.

**Mina Burgess.** Color, a glowing and most brilliant scarlet. The flowers are of perfect Decorative type and are borne upon long, wiry stems well above the foliage; very showy. 50 cents each.

**Queen Mary.** A large flower with full, rounded center. The color is a beautiful soft shade of pink. 50 cents each.

**Wilhelm Miller.** Very brilliant purple. This is a fine variety of the Decorative type; a real novelty. 35 cents each. Above five Dahlias for $2.00, postpaid.

Rare Peony-Flowered Dahlias

A new type of Dahlia; flowers are semi-double, having two, three or more rows of broad, flat, loosely arranged petals, surrounding a rich golden-yellow center. Petals are often pointed and sometimes twisted, and in some varieties the inner row of petals twists and curls over the center giving the appearance of a Peony, hence its name. A very artistic type.

**Toccaia Bu码头.** A bright scarlet of splendid habit. 35 cents each.

**Lokanna.** An unusual blending of orange, buff and yellow. A high class beauty. $1.25 each.

**Beverly Tuffett.** Deep rosy-purple blossoms, which are produced upon long, graceful stems. 35 cents each.

**Mrs. George Gordon.** A delicate creamy-white flower of large size. 35 cents each.

**Queen Wilhelmina.** Largest and finest of the pure white sorts; excellent for decorative work and unsurpassed as a cut flower; a real jewel. 75 cents each.

**Zeppelin.** The color is the most beautiful shade of mauve—a very fascinating color. 75 cents each.

The above six Dahlias for $3.25, postpaid.

**Golden West Cactus**

This is a California variety that is in a class by itself. In its color—it that rich golden, bronzy yellow, with the scarlet shading at the base of the petals and the center. It is a wonderful grower, strong and sturdy, with heavy, clean, healthy leaves, and branching habit. Producing the large flowers freely on long, stiff stems. The flower is large, 6 to 8 inches across, the outer petals reflexing somewhat, and a full high center, making it very deep. If properly grown and disbudded it is a winner for exhibition, a wonder as a garden plant, and the best of its class and color for commercial cut flowers. The past season fully demonstrated the superiority of this variety, as we could not at any time supply the demand for cut blooms. Should be in every collection. Roots, 50 cents; $1.50 per doz., postpaid.

**Pompon Dahlias**

This class is a miniature form of the show and fancy Dahlias, having the same round, ball-like form, but much smaller in size. The plants are also smaller, of branching habit, producing the flowers in endless profusion. As they can be cut in sprays they are valuable for bouquets and for small arrangements. All postpaid.

**Hobby.** Plum color, very fine, free flowering sort. 35 cents each.

**Harsh.** Yellow tipped crimson. Very pretty. 35 cents each.

**CLARISSA.** Pale primrose. A fine bloomer. 35 cents each.

**Corone.** A small pompon decorative, color pure white, fine for cut flower work as well as the garden. 35 cents each.

**Elfin.** Very small and dainty. Light primrose yellow. 35 cents each.

**KLEIN DOMITEA.** Bright golden terra-cotta. Profuse. 35 cents each.

**Laddie.** Light crimson edged rose. 35 cents each.

**Lassie.** Yellow, edged and tipped white. 35 cents each.

**KELMAN.** Cardinal red, shaded maroon, tipped white. 35 cents each.

**Little Sweetheart.** Red, tipped white. 35 cents each.

**Madeline.** Primrose, edged rosy purple. 35 cents each.

**Splenius Inland.** A vivid cardinal red. 35 cents each.

**SNOWCLAD.** The best pure white pompon. 35 cents each.

**Verdilorna.** The so-called green dahlia. Valuable only as a curious freak. 35 cents each.

**SPECIAL OFFER.** One root each of the above 14 Pompon Dahlias by Parcel Post, prepaid, for $4.50.

**New Single Dahlia Collection**

For great range and purity of colors, richness of shades, and delicacy of tints, no flower can compare with the newer single dahlias. All are produced from seeds, and a variety is offered for every purpose.

**No. 1. Mrs. Jos. Lucas.** A combination of Autumn shades. One of the largest and handsomest. 35 cents each.

**No. 2. Gloria.** Very bright and effective flowers of great substance on long, stiff stems. 35 cents each.

**No. 3. Praxiteles.** Very effective, the plant is dwarf and branching. A free and continuous bloomer. 35 cents each.

**No. 4. Glosinia.** In marking and brilliancy of color resembles the globe as much as to pass for the same. 35 cents each.

**No. 5. Evelyn Century.** Very bright and effective, an early and profuse bloomer. Delicate and chaste. 35 cents each.

**No. 6. Cream Cream.** A delightful creamy white. Early and profuse bloomer. 35 cents each.

**No. 7. George Young.** Immense size clear yellow; strong, vigorous, of long stiff stems. Best yellow. 35 cents each.

**No. 8. Autumn.** A wonderful combination of Autumn shades. Large, large, free and fine. 35 cents each.

**No. 9. Barton.** A glorious flower of immense size and rich crimson color. 50 cents each.

One root of each of the above 9, $3.00, postpaid.

**Magnificent Mixed Dahlias Under Color**

All selected from named varieties. All choice sorts. Embracing only the best cut flower varieties. Selected from Cactus, Show, Single and Decorative types. Desirous of being able to supply Decorative and Crimson. Strong flowering roots. Each color, 20 cents each, six for $1.25, 12 for $2.25, postpaid.
DRIED LINT ALFALFA. Seed which has been produced from Alfalfa on dry land and has not been grown on irrigated land is of much less preferable for dry land culture to seed produced under irrigation or normal rainfall, and it is now possible to grow alfalfa on any kind of ground, high or low, rolling or alluvial anywhere. Everlasting bright to soil alone. It has obtained more than local reputation and has found itself all over the country in many fields of other varieties of Alfalfa. The seed is of very high grade, is exceptionally large and of high germination. Montana-grown Alfalfa is exceptionally hardy and we prefer it to seed from any other place. It is a hardy type and thrives at high altitudes. Our experience of several seasons shows that the superior of this seed under adverse climate conditions, especially in the highest mountains of the entire Northern West. We have been able to secure several car loads of seed which orders will be filled until the stock is exhausted. Just give it a trial and see for yourself. It is not a new and untried thing; more than ten years of cultivation have demonstrated its worth for all kinds of lands, hay, pasture or ornamental and ornamental or decorative purposes. The interest and success with which other cultivators with their Big Upland Alfalfa is as fresh and green as in the spring, as its roots go down from ten to ninety feet to the moisture of the ground.

Never sow less than fifty pounds of seed, clean seed to the acre, for thin sowing produces thick and coarse stalks, not relished by stock. The Alfalfa flourishes up to an altitude of about 3,000 feet above sea level, at higher altitudes it is likely to wither and die, but the Alfalfa will not show any injury.

THE MONTANA EXPERIMENT STATION AT HOIZMAN reports: "Our experiments with Grimm Alfalfa and other strains show that Grimm is decidedly the best. Two years ago a large per cent. of the plants in our variety plots were withered and killed, but the Grimm showed no injury."

THE SOUTH DAKOTA EXPERIMENT STATION says: "South Dakota No. 132, which is Grimm acclimated to South Dakota conditions, ranks with the best for South Dakota." This shows that Grimm Alfalfa is not only very hardy, but also a drought-resistant. Grimm is a strain of Alfalfa known.

Price of Pedigreed Grimm Alfalfa: 20 cts. per 3 lbs., 15 c. per lb., 5 c. per 10 lbs. postpaid. By express or freight, 1 lb., 60 c. postpaid, 10 lbs., $4.50, 25 lbs., $10.00, 50 lbs., $19.00, 100 lbs., $37.50.

Giant Yellow Biennial Sweet Clover
A great dairy food, a great cattle food, a great hog food and a wonderful soil enricher. A natural nitrogen gatherer, a wonderful manuring material. A wonderfully profitable plant on any kind of soil. Produces more immense crops the first year.

This is a finer and more dense foliage variety than the white blossom, growing from 3 to 5 feet high and makes better hay than can be cut closer to the ground and is more digestible. To sum the matter all up, where ever tried, Giant Sweet Clover is proving itself to be unequaled for all kinds of stock, both as a hay and a pasture. It produces milk and butter of the finest flavor and color when used in the mixed silage. Excellent fertilizer, superior to that of alfalfa, iske, red clover or other legumes. On pasture, Timothy, Fox, Radish and English clover are a mixed silage, and used as a nurse crop for Alfalfa, have given excellent results, and this mixture has been used extensively in the mountains and building new and growing new. Gentlemen, I certify that this kind of hedge or trimming may be used for this purpose. The Simplicity Hedge Pruner and Trimmer.

Simplicity Hedge Pruner and Trimmer
Cutting in both directions, forward and backward, with remarkable ease and rapidity, making no quarter, no end of lopping hedge shears. The Simplicity Hedge Pruner is made of hard head hedge shear or trimming made.

Price, $5.00.

The Simplicity Hedge Trimmer is intended for use on new growth only. Greatest tool for trimming Privet, Barberry, and other fine-twigged hedge plants.

“Premier” Broadcast Seed Sower
“Premier” is the easiest running machine on the market. The seed is fed in such a manner as to insure an even distribution. The machine is available in the size that is sown broadcast, such as oats, wheat, rye, clover, millet, buckwheat, barley, etc. Price, $2.00.
Moore's Superior Reclaimed Grass and Clover Seeds are all of Choicest Quality

New crop seeds carefully tested and of high germination for the lawn and field. Free from weed seeds, having been acclaimed by the best up-to-date machinery. Our European seeds are carefully tested for purity and germinating qualities by the Government Agricultural Station of Zurich, Switzerland, which enables us to know their high degree of excellence and value. Consideration is subject to variation without notice.

ITALIAN RYE GRASS. (Lolium Italica.) This is a variation of the Perennial Rye Grass, being earlier and more rapid in growth, producing larger leaves, more succulent food, and more of it. Fine perennial type. About 20 lbs. to the bushel, 3 bushels to the acre. £5.75, postpaid, bu. of 22 lbs. $6.35, 100 lbs. $28.00.

ENGLISH SWEET OR BLUE GRASS. An excellent grass for permanent pasture or hay, very nutritious, thrives well on any soil, and yields 50 lbs. per acre. £4.00, postpaid, bu. of 22 lbs. $6.50, 100 lbs. $28.00.

CROSTED DOGSTAIL. (Cynosurus Cristatus.) An excellent grass for permanent pasture or hay, thrives well on any soil, and yields 50 lbs. per acre. £9.00, 100 lbs. £35.00.

MEADOW FESCUE. (Festuca Pratensis.) Excellent for permanent pasture and lawns. About 22 lbs. to the bushel, 2 bushels to the acre. £5.00, postpaid, bu. of 22 lbs. $3.00.

SHEEP'S FESCUE. (Festuca Ovina.) An excellent grass for sheep pasture, high value in hay. About 30 lbs. to the bushel, 2 bushels to the acre. £6.25, postpaid, bu. of 22 lbs. $3.75, 100 lbs. £47.00.

FINE-LEAVED SHEEP'S FESCUE. (Festuca Ovina Tenuifolia) Best fine-leaved grass suitable for lawns and putting greens. Suitable for high situations. Bu. 14 lbs. £7.50, 100 lbs. £65.00. American crown.

PINE-BEEFGRAMS. (Pinus Sylvestris.) A superior quality fine-leaved grass, used only for lawns. £3.00, 100 lbs. £15.00.

RED CLOVER. (Trifolium pratense.) It is sometimes called June Clover and is a dependable all-around variety for farmers and stockmen. It makes two crops each year. It does not exhaust the soil, but enriches it. It pays always to buy the best grade of Clover seed which can be obtained. Even though the first crop fails, a second run that inferior seed is the most expensive, not only on account of there being less hay or seed produced from it, but from the fact that one's land becomes less valuable for future weed seeds, which decrease the value of the land on which they are growing. Price of our Northern Grown Medium Red Clover, EUREKA BRAND. Carefully selected and tested highest grade. £6.50, postpaid. Bu. $6.00, 100 lbs. $25.50. CHOICE RED CLOVER.

RECLAIMED TIMOTHY. It is best adapted for sowing on clay or heavy loam, lowlands or in mountainous districts, although it will do well on any good, stiff, loamy soils, provided moisture is abundant. The clover to sow with Timothy is either the Sapling, Alsike, or Swedish Hybrid, as they mature and ripen with Timothy. The practice of sowing the common Red Clover with Timothy is not advisable, as they do not ripen together. Timothy by itself requires the care of a piece of a peak to the acre, or with Clover 10 lbs. of Timothy and 8 lbs. of Clover.

EUREKA BRAND. Carefully selected and tested highest grade seeds. £6.50, postpaid. Bu. $6.00, 100 lbs. £25.50. CHOICE WESTERN.

Inoculate all Your Alfalfa, Clover, Garden or Field Peas, Beans, Vetches and other legume crops with

Medium Red Clover (Trifolium pratense). It is sometimes called June Clover and is a dependable all-around variety for farmers and stockmen. It makes two crops each year. It does not exhaust the soil, but enriches it. It pays always to buy the best grade of Clover seed which can be obtained. Even though the first crop fails, a second run is most expensive, not only on account of there being less hay or seed produced from it, but from the fact that one's land becomes less valuable for future weed seeds, which decrease the value of the land on which they are growing.

Our Eureka Brand Clover and Grass Seeds are adapted to New England districts, with the large quantities as we do, enables us to supply them at the lowest prices possible for the best quality of seed.

ALSIKE CLOVER (Swedish Hybrid) Alsike Clover (Swedish Hybrid) is recommended both for sowing with Timothy and also with the Red and Mammoth Clovers, as it will form a solid stand of clover. It does not winter kill. The use of Swedish Alsike Clover is best adapted to sandy soils, as it weathers a winter weather better than the ordinary clovers, and is also better adapted for grazing purposes. It is somewhat similar in growth and appearance to the hybrid clover, and is a very fine. Sow at the rate of 8 or 10 lbs. per acre. £4.50, postpaid, 1 pk. £5.75, bu. £22.00.

RECLAIMED WESTERN. Choice quality. Prices on application.

Turkestania Alfalfa (Turkestanian Grown seeds). Hardy, stands droughts, heat and cold. The climate of Turkestania is similar to that of this region, and, while moved from the ocean and surrounded by wide expanses of dry land, 50c., postpaid, 1 lb. $1.00, 100 lbs. $10.00.

Mammoth Red Sapling or Peavine Clover. (GROWN by Hoffman's). This variety of Polgarden is superior to that which is commonly grown, being much more productive of matter we call soil. Makes excellent hay, and can be cut twice a year. £4.50, postpaid, 1 pk. £5.75, bu. £22.00.

RECLAIMED EUREKA BRAND. Carefully selected and tested highest grade. £7.50, postpaid. Bu. £6.00, 100 lbs. £25.50. CHOICE WESTERN.

HARVESTED FOR YOU, state quantity wanted.

Moore’s Lawn Seeds for all Purposes

WE HAVE MADE THE FORMATION AND RENOVATION OF LAWNS A STUDY FOR YEARS AND MANY OF THE MOST BEAUTIFUL LAWNS AND PLOTS IN AMERICA WERE PRODUCED FROM OUR LAWN GRASS SEED.

Beautiful Lawns Are Made in from Four to Six Weeks with

Our English Prize Lawn Grass is superior to all others. Nothing adds more to the attractiveness of a rural home than a well-kept, close, velvety lawn. The first requisite is good, clean seed, and for this purpose we can confidently recommend our Imported English Prize Lawn Grass Seed. This is the very best quality of a mixture of the finest varieties of natural grasses, embracing such as are of most growth, hardy and best adapted to produce a permanent and fine turf, of luxuriant, green, velvety appearance during the spring, summer and late summer months, and at the same time not “freeze out” during the winter, as all other sorts do. The mixture we offer has stood the test of years, and our rapidly-increasing sales prove conclusively that its merits are widely known by those who recognize the inalienable law of cause and effect, and who realize that, in order to produce permanent results, first quality goods only must be used. Our Imported English Prize Lawn Grass Seed is praised by all who use it as an immediate effect. One pound will sow a plot 10 x 20. Pkt. 10c., 1 lb. 25c., 1b. 70c., 10 lbs. and upwards 65c. per lb. If by mail add 3c. per lb.

M O O R E ’ S P E R F E C T I O N L A W N G R A S S

Produces a perfect and enduring lawn of luxuriant richness, with closely interwoven, firm, deep and elastic turf, and it is often ready for cutting in four weeks from time of sowing. This celebrated Lawn Grass is composed of a thoroughly balanced combination of various native and foreign fine-leaved, deep-rooting grasses of interchanging habit, that flourishes under our varied conditions, soils and climates, growing during different seasons of the year, so that’s deep green, smooth, and velvety sword, free from clumps,

IMPORTED ENGLISH LAWN GRASS SEED

Here is nothing more charming than a well-tended lawn — a lawn that is surrounded by artistically treated grounds; and of the essential features of home grounds none is so important as a beautiful lawn—the rich, smooth, velvety turf being the heart and life of all.

MOORE’S

SPECIAL MIXTURES

OF GRASS SEEDS

In preparing these mixtures for their respective uses, only such varieties of grasses are used as have been found by our long experience to produce the best results, and the purpose intended with a view of using only such varieties for the special purpose of each particular case.

Note.—We shall be pleased to make special mixtures for particular purposes or to suit exceptional conditions of soil, situation or climate—so very sandy or very clayey ground, for very dry or wet situations, for steep slopes, terraces, banks, courts, croquet greens, polo grounds, etc. We are conscious of any difficulties experienced in getting the right turf for any purpose or in any plot.

FAIRMOUNT PARK LAWN GRASS

While not so good as our Special “Evergreen,” this is better than most mixtures offered under the name of “Fairmount Park.” It is carefully compounded of Grasses which ripen successively, thereby retaining their green appearance. For various soil conditions this mixture is only suited, giving good results even in small city grass plots, where the soil is generally stiff and heavy. It is also valuable for use on railroad embankments, terraces and exposed lawns, also for renovating old worn-out lawns, and reseeding bare places. 25c. per quintal (30c. postpaid), 4 lbs. 75c., pk. $1.40, bn. of 20 lbs. $2.00.

SPECIAL TERRACE SOD LAWN GRASS SEED

A special mixture of grasses best suited for sowing on terraces, railroad embankments and side hills—grasses that produce strong, spreading, deep-rooting roots, thus preventing heavy rainfall from washing them out; that will withstand drought and exposure, thrive on shallow soils, and at the same time produce a rich, velvety green turf throughout the season. There need be no fear of introducing coarse grasses into your lawn by sowing this mixture, for though strong-rooted, the grasses are equally influenced by the use of these grasses. Pkt. 25c., 4 lbs. 75c., pk. $1.40, bn. of 25 lbs. $2.00.

Be sure to mention our name when writing to dealers. Prices and particulars of all other seeds, see our Catalogue.

Our Seeds, Green, Fine, and Elastic...
Moore's Prize Grass Mixtures for all Purposes

Moore's Special "SEASHORE"
Lawn Grass Seed.

Along our seacoast there are many beautiful summer homes and resorts with sea breezes and salines surroundings that entitle the favorite lawn grasses cannot be produced. We have often made a mixture of special grasses to thrive under these trying conditions that we have concluded to offer for the benefit of those vacating our "Seashore" grass seed is taken to the varieties we use in this mixture—drive down deeply in the sand and keep them dry. Use at the rate of 12 lb. for 10 x 15 sq. ft.; 5 lb. delivered free in any part of the U.S.

MOORE'S "SPECIAL SEED GRADE MIXTURE"

For Cricket, Polo and Ball Grounds

This is a special blend of deep-rooting, fine-leaved, turf forming grasses and clovers especially suited for the formation of a dense, smooth, enduring turf. Upon experiment, we find that this mixture forms a thick, strong, enduring sward that will stand any amount of hard wear and tear. It grows quickly, and if soil and conditions are at all favorable, with attention to rolling, fertilizing, and showing, should be ready for hard use in 8 weeks from sowing. As for cricket and polo grounds, the mixture, as we feel too many to mention, and this seed has invariably given perfect satisfaction in the last 3 seasons. We offer this mixture to our grass growers, as we have never felt that the lawn equals such fine varieties as this. Our yard is also provided with many varieties of grasses to suit the tastes of every customer. A few of the more important are given below. The best results are desired.

Sown With Moore's Special "Seashore" Lawn Grass Seed

Perforation Lawn Mower Sharpener

An individual sharpener which is adjustable to any type and makes of lawn mowers. Simple and easy to use in a few minutes. The perfect edge may be procured on both the reciprocating and stationary blades of your mower. The abrasive stone can be released and rotated and should last a life of any ordinary lawn mower. New stones can be had at any time at small cost. It is a hundredfold better than a file; it grinds the blade evenly. Every sharpener is portable.

"SHADY SITUATION" LAWN GRASS SEED

Our Special Mixture

On many lawns there are unlively bare spots under the shade of trees, which have no dead leaves to feed grasses. In these spots the variety is to be found growing in the woods and other sheltered and shaded spots. The usual grass seed is not adapted to this use. If a bushel of the mixture be sown, the grass will grow the next year, and the result will be absolutely permanent, and the soil will be preserved from erosion by the wind. The mixture consists of the following varieties: Timothy, Ladino, Wildrye, Rye, and Middletown. It is a perfect lawn mixture, and will produce a thick, hard, lasting grass, which will thrive in all soils, and be sure to grow and remain completely self-sustaining, if attention is given to sprinkling during dry periods.

Quantity of "Shady Situation" Lawn Grass Seed: One quart is sufficient for 200 square feet; 5 bushels for one acre, or for renovating an old lawn one-half of these quantities are sufficient.
The remedy for insects and funguses is on page 100 of the MOORE SEED company catalog. The catalog is titled "High Grade Insecticides." The page contains various insecticides and fungicides, along with their uses and application methods. The text is dense, with multiple references to insect names, quantities, and prices. The format is typical of a catalog, with product descriptions and specifications. The page is well-organized, with clear headings and subheadings. The text is written in a formal, informative style, typical of a scientific or technical manual. The page is photographed as a single image, with no visible margins or page numbers. The text is readable, with no visible errors or distortions. The page is a valuable resource for anyone looking for information on insecticides and fungicides.
HIGH GRADE FERTILIZERS

POTASH COMPOUND ANIMAL BASE

One of the Best and Cheapest Fertilizers Known to all Crops, Either Vegetables, Grass or Grain

It is especially valuable to Market Gardeners and we recommend it to all who require fertilizer for any crop. This brand of Fish and Potash is rich in ammonia and in all those constituents which are necessary for plant food. It is exceedingly beneficial to those lands that have been well cultivated, and has a tendency to prevent the growth of weeds. Highly valuable in promoting bounteous crops of clover grasses. Apply one-half bag per 100 sq. ft. or 125-lb. sack $2.50, 50 lbs. $9.00, 200 lbs. $24.00. Special price in carload lots and f. o. b. factory.

HORSE MANURE. We can supply at short notice, strictly first-class short or long horse manure. In carload lots only. Special prices at $5.50 per ton and $7.00 per ton. Price varies with season.

KAINITE, POTASH SALT. Much used for potatoes and corn. Apply 800 pounds to the acre. 10 lbs. 50c., 25 lbs.$1.00, 100 lbs. $1.75, 200 lbs.$2.50.

COW OR CATTLE MANURE (Shredded). One sack of this is equal to one cord of cow manure in regular form. Convenient to handle, making it possible for everyone to get this usually scarce article at all times. Application about 100 lbs. per acre. Apply 1,000 lbs. per acre. 5 lbs. 40c., 50 lbs. $1.25, 100 lbs. $3.00, 200 lbs. $5.00, 500 lbs. $10.00, 1,000 lbs. $15.00, 2,000 lbs. $30.00.

STIM-U-PLANT

A soil food fertilizer, used by farmers and gardeners in order to prevent weeds and to make plants grow stronger. Applied to soil at the rate of 1 to 2 lbs. per acre will make the soil and plants more fertile and produce crops of greater size and quality. Price $5.50 per ton.

VIGORO VIGORO VIGORO

A highly concentrated Fertilizer containing all the Food Elements required in a highly concentrated form for greenhouse, lawn and garden use.

Vigor is a safe, clean, super high grade fertilizer, free from odor, prepared especially for feeding greenhouse plants, such as roses, carrots, tomatoes, cucumbers, eggplants, squash, etc. It is a wonderful invigorating and nourishing food for all plants. A 200-lb. bag will grow the largest and most tender vegetables in the neighborhood and through its use he may increase the production of a given piece of land materially. It will maintain your lawn and shrubbery in a thriving and beautiful condition.

Vigoros aid in eliminating weeds, develops a good root system, thereby crowding out noxious weeds.

Vigor used in the flower bed produces earlier blossoms of more brilliant colors, pleasing to the eye. Vigoros are chrysanthemums, ferns, fuchsias, begonias, etc. In each bag is placed a booklet giving full instructions for the application of Vigoros as well as much valuable information in making your home and surroundings more beautiful and pleasing to the eye. Special prices to commercial concerns.

Price of 10-lb. bag $1.25, 25-lb. bag $2.25, 50-lb. bag $3.50, 100-lb. bag $6.00.

TOBACCO STEMS. For fumigating and fertilizing. Largely used for covering lawns during the winter. It not only acts as a protector, but improves large quantities of land and also adds a high grade fertilizer to the soil, making it fertile and of a delicious flavor hitherto unknown. Vigor enables the gardener to grow the sweetest and most tender vegetables in the neighborhood and through its use he may increase the production of a given piece of land materially. It will maintain your lawn and shrubbery in a thriving and beautiful condition.

Vigorofos aid in eliminating weeds, develops a good root system, thereby crowding out noxious weeds.

Price of 10-lb. bag $1.25, 25-lb. bag $2.25, 50-lb. bag $3.50, 100-lb. bag $6.00.
Planet Jr. No. 3 Hill and Drill Seeder
Price, $17.50, freight paid

This seeder is the most perfect development of the hand seed drill. It sows evenly in drills, and also drops in hills at 4, 6, 8, 12 or 24 inches apart. No time is lost, no seed is wasted. It is quickly set to do the different kinds of seeds. The accurate hill-dropping drill, 2.5 ft. gives a regular stand of plants with the least seed, saves its cost over and over again in seed alone. No. 6 drill holds 5 qts., 16½ inch steel wheel. The best drill for large market gardeners. Price, $20.00, freight paid.

King Fertilizer Distributor—Every Gardener Needs It

The best fertilizer drill on the market; saves labor, fertilizes, and increases your crops at low cost. Constructed entirely of iron excepting the handles. Will distribute any kind of commercial fertilizer; hopper holds 33 lbs. Will sow from 25 to 600 lbs per acre. The feed spots are adjustable up or down, deep or shallow, and to or from the plant as desired and will cultivate the ground at the same time. Has convenient shut off. Cannot clog. You need it. It will increase your crop yield from 25 to 50 per cent. Price, $21.00, and will pay freight to your station if shipped from factory.

Planet Jr. No. 12 Double Wheel Hoe, Cultivator and Plow. Price, $10.75, freight paid

Two acres a day can easily be worked with this implement, and when it is done it will be a better job than three men could have done in the same time with hand hoes. The No. 12 runs either astride or between the rows; kills all the weeds and leaves the earth fine in shape. Then too, it's so easy to work. Twelve-year-old girls work gardens with them with ease and success. No. 13, same as No. 12, but with hoes only, $8.00.

McWhorter Hand Fertilizer Distributor

A Complete and Practical Machine

It handles commercial fertilizers in the most thorough and reliable manner. It distributes the fertilizer in a furrow, beside the growing crop, as a top-dresser or a broadcaster in any way that may be desired, from a narrow stream up to a uniform spread of over two feet without removing a bolt. Fine for top dressing golf courses, has all repairs for this drill. Price, $22.50, freight prepaid.

“Advance” Drill

A splendid machine for drilling in fertilizers prior to planting, or between the rows to stimulate growth after the plants are started. A shut-off, to prevent the escape of fertilizer when wheeling around end of row, is a late improvement. Easily adjusted. Can be drawn by a horse. First-class for drilling of peas, beans, corn, etc. Price, each, $16.00, freight paid.

Planet Jr. No. 4 Combined Seed Drill, Single Wheel Hoe, Cultivator and Plow. Price, $18.00, freight paid

Other Planet Jr. Drills
No. 25 HILL and DRILL SEEDER, DOUBLE and SINGLE WHEEL HOES COMBINED, $21.50, Freight Paid
PLANTER JR. No. 152—3-Row Traction Seeders. For use with small tractors, $75.00.
Two to Eight Row Multiple Seeders. Send for complete illustrated PLANET JR. catalogue.

Planet Jr. No. 17 Single Wheel Hoe, Cultivator and Plow. Price, $7.75, freight paid

For easy gardening, and at the same time clean and perfect gardening, nothing is quite the equal of this No. 17 Wheel Hoe. It is suited to all kinds of garden cultivation and all garden crops. You can do more and better hoeing with it in one day than you can do in three days with a hand hoe. No. 17 is the same as No. 17, but with hoes, cultivator teeth and leaf lifter. Price, $6.75, freight paid.

Planet Jr. Twelve-Tooth Harrow Cultivator and Pulverizer

Price, $18.50, leaf pulverizer. $14.75, less Wheel and Pulverizer. $14.75, less Harrow. Gardeners cultivate better than formerly. It has been found to pay in every way. The Twelve-Tooth Harrow you go so as deep or shallow as you like, come up close to row without injuring plants, cut out all the weeds, stir the soil and mellow and fine it as with a garden rake. You widen and narrow as you please between 12 and 32 inches, it's a special favorite with strawberry growers, market gardeners and truckers.

No. 100 Planet Jr. Cultivator

Price, with wheel, $10.00. Packed weight, 50 lbs. Price, less wheel, $8.25. A new machine, light in weight but strong. The teeth are of high carbon, beveled steel, specially hardened; will retain their cutting shape, outwear any on the market. We recommend it as the very best light one-horse cultivator. Guaranteed to give satisfaction.

We will ship freight prepaid, within 500 miles of Philadelphia on all Planet Jr. Drills and Cultivators, hand or horse, when money is sent with order.

The “Fire-Fly” Garden Plow. Price, $4.25

This tool is most useful in small gardens, opening furrows for manure or seeds, and covering them quickly. Chicken rollers will find it useful in plowing up the scratching yards. The mouldboard is of tempered and polished steel; the depth is quickly changed.

STEEL FRAME STEEL WHEEL

THE MOORE SEED CO., PHILADELPHIA, HIGH GRADE VEGETABLE, FLOWER AND FIELD SEEDS
EUREKA ASPARAGUS BUNCHER

Our Eureka Asparagus Buncher is all iron, adjustable as to size. Will make a firmer and more solidly formed bunch than any other make. Quick and easy to operate. Bunches made with it sell for outside prices. The makers stand behind it and guarantee every buncher on the market. You will realize higher prices for your asparagus by its use. Very durable and the owner will eventually buy. Price, $10.00 each or six for $58.00.

1906 Acre. Makes bunches 4 to 5 in. in diameter. . . . . . . . . . . . . . . . . . . . . . . . . . . $4.00
1907 Acre. Makes bunches 3 to 3½ in. in diameter. . . . . . . . . . . . . . . . . . . . . . . . $4.00

ASPARAGUS TAPE

Cherry red color, waterproof, for tying asparagus in bunches. When put up with this tape the asparagus will bring fully 20 per cent. more in price. 1,000-yard spool $3.25 each. 3 spools $18.00. Shipping weight, 4 lbs. per spool.

ASPARAGUS KNIFE

Each 50c., dozen $5.50, postpaid.

1906 Acre Buncher

Master's Rapid Plant Setter

Makes transplanting easy. Will set, water and cover in one operation such plants as cabbage, cauliflower, celery, pepper, tomato, tobacco, sweet potato or any similar plants. One man with this planter can set 10,000 to 15,000 plants per day. In setting plants in dry weather, this planter will give each plant half a cup of water at the roots the moment they are put in the ground. Saves labor. No stooping. No lame back. Is guaranteed to set three times as fast, easier and better than hand work. Pays for itself every day used. By express or freight, not prepaid $6.00 each. Postpaid $6.25 each.

Kain Harrow

One of the very best tools for private or market gardeners. The harrows are provided with runners, so they can be easily moved without tearing up walks or roads. Heads of oak, teeth of steel, 24-tooth, $11.50; 32-tooth, $14.00; 48 teeth, 2 sections, $24.50.

One-Horse “Boss” Plow

The Plow for Gardeners and Truckers

Valuable for plowing boxes, cold frames and borders and for working among cabbage, strawberries, etc. By removing the moldboard it makes celery and root digger. The double moldboard attachment is splendid for digging or for digging and root digger. Price, $10.50; moldboard, $5.00; plow and double moldboard, $18.75.

New Model Seed Drill

For sowing all kinds of garden seeds. Easily adjusted, easy to operate. Price, $15.50. Freight paid.

EUREKA HOT BED AND BED AND SEED DRILL

Our Eureka Hot Bed Drill is an ideal seed drill for the hot-bed, hot-house and open ground. It is a time and labor saver adapted to all kinds of small garden seeds. One man with a Eureka seed drill and Seeder can do as much sowing as five or six men would do in the same time by hand. The seed is sowed at the proper equal distance apart, and with the correct amount of seed in each spot. This handy tool is as much ahead of hand sowing as a corn planter is of hand planting corn by hand. Built to last a lifetime. It avoids all thick or thin seeding, with the annoying time-wasting process of thinning out which so often occurs in hand sowing. Pays for itself in seed saved. Price $3.00, with handle; without handle $1.50. Parceled post weight 7 lbs.

Felson Vegetable Tying Machine

A Great Money-Saving Machine for the Market Gardener

It is a wonderful money saver. It not only greatly facilitates your work, but will reduce your cost of tying fully 75 per cent. It will reduce your tassel hill from 25 to 300 percent. It requires no skilled or highly-priced labor to operate. A girl or boy 10 years old can easily tie twenty-five handles of scallions per minute with this marvelous labor-saving machine. While with rhubarb it is easy possible to make 40 ties per minute. The tying machine can be used anywhere in a building or in the open field where the crops are growing. It makes work a pleasure, enables you to get up your "food" faster, quicker and with much less expense. Makes your truck growing more profitable. Your work can be made uniformly better than by hand. Will use cotton string or tape with equal facility. It will adjust itself instantly to tie any size bunch from one-quarter to four inches. Such as asparagus, beets, carrots, celery, radishes, parsnips, parsley, potatoes, rhubarb, cabbages, salsify, etc. We keep a supply of parts, special twine and tape in stock. Price, $75.00. We pay the freight to your station.

Iron King Steel Frame Seed Drill

The Iron King Seeder No. 4 is constructed of steel throughout, has fewer parts, and is less complicated than any other seeder. It is practically indestructible and will last an ordinary lifetime. The Iron King seeder is so simple and practical that any child can handle it, and when once set and ready to operate it is impossible to make an error. It is possible to sow all seeds in an exact line and at a uniform depth. Will sow all kinds of vegetable seeds, including cotton, corn, beans, etc. Price, No. 2, $15.00; No. 3, with special fertilizer attachment, $18.00; No. 4, with formaldehyde attachment, $18.75; No. 54, twin-row seeder, hand or horse, $36.00; No. 9, six-row, hand or horse, $120.00; No. 9A, with tractor hitch, $140.00.

As a Celery and Other Root Digger It is Without a Peer

For taking up celery, parsnips, salsify, carrots, beets, mangels, wuzels, asparagus roots, chicory, horse radishes, also an excellent subsoil plow. Every vegetable root grower needs the Boston Vegetable rooter. Market gardeners marking out plots, $12.75.

Boston Vegetable Rooter

Every gardener needs this rake. It saves time and insures accuracy in planting. Suitable for planting or sowing seed either by hand or drill; rows can be made any width up to 4½ feet apart. Frame very durable brass teeth with thumb adjustment, $6.50. Extra brass teeth, 60c. each.
### STANDARD EARTHEN FLOWER POTS

P. S.—The prices on clay flower pots, bulb pans and saucers are subject to a discount of 2 per cent. for cash with order, or if paid within 15 days. Special price to large buyers. In some cases we can deliver by auto truck direct from factory at a special charge for hauling.

### WATERPROOF PAPER FLOWER POTS

They are very light, durable, unbreakable, cheap, and of terra cotta color, and are more economical than clay pots and just as practical for most purposes, and for some purposes are better than clay pots. Florists, nurseriesmen, strawberry growers, market gardeners and plant shippers have been using our waterproof pots for many years. They cannot break and are very durable.

### SPECIAL FLORIST WATER CANS

(Wotherspoon's Style)
Extra heavy galvanized iron with long spout. Will last for years.

### MOORE'S SPECIAL MACHINE-MADE WHITE CEDAR PLANT TUBS

This entirely new tub is by far the neatest, cheapest, lightest and best Florist Tub ever offered. Made of white cedar with electric welded hoops, plated green, preventing the heat escaping from the tub for large specimen plants of any kind, will not break in shipping and always presents a neat appearance. The four largest sizes are supplied with drop handles.

### USE ELASTIC GLAZING COMPOSITION

AND HAVE TIGHT GROUNDS OR LEAK-PROOF SASH

It is Hachiuryu in color and the only glazing material that can be applied with the hands the same as putty, and will not stick to the hands. It retains its elasticity indefinitely and prevents breakage of glass. Will withstand heat, cold and dampness and adhere to wood, iron, stone, etc. Does not become hard like putty and other similar compounds. Reduces labour and lasts as long as the glass. If glass breaks, Elastic Glazing Compound can be cut out without injury to the wood, as it remains flexible. You will find it a big saving in the breakage of glass. Price, 5 lb. tin $1.75, 12 lb. bag $3.25, 25 lb. keg $6.25, 50 lb. keg $11.00, 100 lb. keg $20.00.

### WHITE CEDAR PLANT TUBS

With black iron hoops. Our cedar tubs are made all of extra quality wood by hand, and will be found far superior in every way to the regular machine-made tub. Measurements are outside.

### Diamond Steel Glass Cutters

An Indispensable little tool which every Florist and Market Gardener with glass should have. Made of heavy tough, yet usually to a genuine diamond for cutting glass. No. 10, Rosewood Handle, Turret Head containing six Cutters. No. 20, Putty knife handle, nickel, each 50¢. Per postpaid.
You Must Spray Your Trees, Fruit and Crops

"AUTO SPRAY" No. 1

A SELF-OPERATING OR AUTOMATIC SPRAYER

A practical machine for spraying potatoes, tobacco, small fruits, vineyards, greenhouses, poultry houses, etc. Also excellent for whitewashing and dusting large buildings.

"Auto-Spray" No. 1 is the strongest, most useful and most generally used of all spray pumps. It is positively and absolutely guaranteed against all defects.

No work to operate the "Auto-Spray." The user simply holds the nozzle after compressing the air with a few strokes of plunger.

We recommend the brass tank as it is practically indestructible.

When desired we furnish brass extension pipes in two-foot lengths for spraying trees.

Capacity about 4 gallons.

PRICES "SPRAY" No. 1

1—B. Brass, with hose and "Auto-Pop." equipment, postpaid. $10.00
1—D. Galvanized, with hose and "Auto-Pop." equipment, postpaid. 7.15
Solid Brass, 10 ft, lengths, each .75
Champion Dry Powder Duster. No. 1, price $14.00. Champion No. 2, larger and more powerful than No. 1, specially recommended for distributing powdered arsenic of lead, has a fan box. With it one man can easily spray from 10 to 20 acres in one day. Price, $16.00.

PARAGON SPRAYERS

Every Farmer, Gardener, Florist and Poultryman has use for a good sprayer. For spraying trees, vines, vegetable plants, shrubbery, roses, for whitewashing, water painting or spraying poultry houses. Our Paragon Sprayers have no equal for this. Paragon sprayers do not clog, they are good investments and pay large dividends. The Paragon Sprayer will develop a pressure of 150 to 250 lbs.

No. 0—CAPACITY, 31 GALLONS

Equipment: 4 feet Special Spray Hose, 3 feet Spray Pipe, Mist Spray Nozzle, 1 Steel Cap for Mist Nozzle, 1 Straight Spray Nozzle, $2.50.

No. 1—CAPACITY, 9 GALLONS

Equipment: 3 feet Special Spray Hose, 5 feet Pipe, 1 Mist Nozzle, 1 Steel Cap for Mist Nozzle, 1 Straight Spray Nozzle, $17.50.

No. 2—CAPACITY, 12 GALLONS

Equipment: 10 feet Special Spray Hose, 7.5 feet Extension Pipe, 2 Mist Nozzles, 1 Steel Cap, 1 Straight Spray. This represents our most popular and thousands are in use, giving best of satisfaction. For spraying trees, small buildings, etc. Price, $39.50.

No. 3—CAPACITY, 50 GALLONS

No. 4—CAPACITY, 25 GALLONS

Equipment: 20 feet Special Spray Hose, 10 feet Extension Pipe, Steel Cap, Straight Spray mounted on a two-wheel truck, $30.50.

No. 5—CAPACITY, 50 GALLONS

Equipment: 26 feet Special Spray Hose, 10 feet Extension Pipe, 1 Single Spray Nozzle. Complete, no truck, $45.00.

Three-eighth inch Special Chemically-treated Spray Hose for all \"AUTO SPRAY.\" Specially adapted for greenhouse work, such as spraying whitewash, shading material and all forms of liquid spray materials used by florists or 20 cent a man.

Pump cylinder seamless brass tubing, bronze ball valves, seats and all working parts of brass. Has large iron air chamber, which insures a constant steady pressure, and will operate against 125 pounds pressure. Mechanical agitator.

Furnished complete as illustrated and described with 12-gallon tank, 10 feet Special Chemically-treated discharge hose and couplings, spray pipe, complete with 7-1/4-inch cock, one nozzle.

Many thousands of these machines are giving excellent service about the Home. Price, $21.00 each.

IDEAL BARREL PUMP

No. 0118

A high-grade pump at an attractive price, within the reach of every one who has need for such a pump for either orchard or building spraying work. 2 inch diameter cylinder. Bronze wearing parts. Pump has sufficient capacity to supply two leads of 8 and four nozzles. Plain pump, no hose, nozzle or barrel, $10.50.

Outfit C—With Agitator, 15 ft, length of 2 inch high pressure spray hose and one Adjustable Jr. nozzle (no barrel), $16.50.

Outfit D—With agitator, two 15 ft. leads of 2 inch high pressure spray hose and two Adjustable Jr. nozzles (no barrel), $21.50. With Barrel, $30.00.

Barrels for holding spray solution, 50 gal. capacity, $65.00 each.

UNIVERSAL POWER SPRAY GUN

It is furnished with four separate spray discs designed to deliver the entire capacity of the pump, either 4, 6, 8 or 10 gallons per minute.

One third turn of the handle adjusts the spray from a wide open nozzle to a complete shut-off of the mixture. Price, $7.50. Postpaid.
1 Milk Bottle Caps—Sanitary Finger Pull. (See illustration.) The best on the market. Made of porcelain, without a paraffined, odorless and tasteless. Price, 50c, $1.00; 1,000, $1.55; 5,000 in a box. $8.75

2 Waters' Tree Pruner. Will cut limbs up to 1/2-in. with ease. The spring on handle resets cutting blade. Price, with handle, 4 ft., 125; 6 ft., $2.50; 8 ft., $8.00; 10 ft., $15.00; 12 ft. $37.00

3 McKenny Wire Pruner and Lopping Shears. This pruner is the easiest and smoothest cutting pruner in the world. Does not injure the bark in any way, as both blades have cutting edges. The handles are of steel; the grip so designed that it can be carried in the belt. Price, No. 1, cuts limbs up to 1 in. in diameter, weighs 3 lbs., 23 inches long... $6.00

Ball bearing, both upper and lower blade made of carbon steel. 12-inch, $9.00; 14-inch, $10.00; 16-inch, $11.50; 18-inch, $12.50.
Steel Scraper Roller

The new 1917 roller of the "WF" type is fitted with a steel scraper which can be let down to ride on the lip, scraping off all grass, leaves or mud and leaving the roller clean. The scraper can be thrown off the drum when desired.

No-Tip Lock

This scraper can also be locked down tight against the drum holding the handle upright when not in use.

Rounding Edge

This rounded edge on Dunham Rollers will not tear up the grass, or mar the tennis court.

The Philadelphia Sprinkler

It has many advantages over the old types of sprinklers. There is nothing to wear out and nothing to break. No gardener should be without one.

Truck and Wood Leaf Rack

Price, complete with one line and one coarse perforated copper plate, 3/8-inch, $5.60. Postpaid, $7.10.

Barrel Trucks, Etc.

The price below includes barrel and truck. The latter is constructed so that the barrel may be detached quickly and the leaf rack attached.

Wood Leaf Racks

Excellent for gathering leaves, litter, grass, etc. They can be attached to a water barrel truck as shown above.

The Little Wonder

Hedge Trimmer

The operation of the Little Wonder Hedge Trimmer is so light and easy a lady or child can carry it. This trimmer is designed only for trimming back the new growth of hedges during the summer months; it is not intended for cutting back old wood growth. With a very little practice you can trim 100 ft. of hedge in 20 minutes; this includes cutting the front and back sides. Price with full cut, $25.00; 60-in. cut, $30.00. All postpaid.

Wheelbarrows

For Farm and Garden

The measurements of barrows are understood, viz: length, measured inside of sides, length of body; depth, inside depth at front; width, inside width at handles.

No. 4. Eastern, 3-in. Tire, width 27 in. Price $6.00.
Boys, 2-in. Tire, width 20 in. Price $7.00.

Everbear Lawn and Golf Green Cleaners. For sweeping lawns, paths, golf greens, tennis courts, etc.

Prices

48-inch width, Special horse or tractor type, with eight brushes with stud bolts, $75.00.

Keystone Leaf Rack

This can be attached to any size wheelbarrow with removable sides. It is most convenient for gathering leaves, cut grass and rubbish.

Cylinder Churns

Made of the Best White Cedar

Combines more advantages than any other churn made. Dasher quickly remoevered for cleaning. Will produce butter in one-half the time and much easier than any other. Light, neat, strong and durable. The churn for everybody.

Bucket Pumps for

Whitewashing and Spraying

Detachable Hose—Brass Ball Valves—Patent Agitator. All working parts brass. Plunger can be withdrawn through top of pump.
## PENN & CONTINENTAL

The regulation style for every-day lawns. The above two are supplied at one and the same price, the Continental is double geared, while the Pennsylvania is single geared. Continental Mowers can be supplied in high-wheel machines only.

## PENNSYLVANIA PONY HORSE MOWER

4 AND 6 BLADES, CRUCIBLE STEEL

This machine is also designed for two men where a horse or pony is not available. Cuts a swath 28 inches wide. Fitted with a wooden roller in the rear. Prices, 4-blade cylinder $60.00.
### Handy Hand Cart

Holds four milk cans, or four bushel baskets, or one barrel, or a box 26 in. long, 25 in. wide, 15 in. deep. A gentleman’s friend; nothing to equal it about a lawn, garden, yard, farm or stable. Easily loaded, easily unloaded, easily handled. Price (wheels 1½-in. tire), plain with platform, $18.75; with detachable box boards, $10.75; with detachable box boards and flaring hopper holding 12 bushels of leaves, litter, etc., $15.00. Wheels with 3-in. tire, $2.00 extra. Its usefulness is unlimited and is not confined to one special purpose.

The Miles Caponizing Set.
The tools are of the latest up-to-date kind, of the finest steel and best workmanship. Velvet lined case, $5.00.
Lansdowne No. 1 Caponizing Set, velvet lined case, $3.50.
Lansdowne No. 2 Caponizing Set, in oak case, $3.00.
Cornell Caponizing Set, with two teatistle removers, farmer twisting scoop and Pilling Miles Remover, $5.00.

**IT PAYS TO BUY THE BEST**

We have all that we know to be good in High Grade Poultry Supplies—the Largest Collection—The Best Selection—The Best Attention. Come see us.

The high cost of living can be reduced by the

**PHILO CYCLE HATCHER** and the

**BROODER HATCHER SYSTEM**

The supply of heat in the Cycle Hatcher comes from the center and is radiated in all directions like the rays of the sun. Arranged to take advantage of an abundant supply of fresh, heated air that is required to travel only six inches to reach every egg in the extreme portions of the nest. The Cycle Hatcher is too simple in construction to require any long description of details as the picture of the complete machine and the nest show precisely what it is.

The nest, heater, lamp, thermometer and the automatic appliance to re-heat the same as heat, make a complete hatcher that can be used by any child that for some reason properly handles; filling the long-burning safety lamp once will run a Cycle or Brooder Hatcher the entire hatch. Holds 60 eggs. Constructed entirely of iron except insulation. It is self-regulating, requires no supplied moisture and will last a lifetime. Fire-proof. Shipping weight, well boxed, 25 pounds.

Price, $9.00. Complete, with thermostat, automatic regulator, automatic long-burning safety lamp, etc. Two-Cycle Hatcher $17.00, Four-Cycle Hatcher $32.00.

The Philo Brooder Hatcher.

This cut shows the inside of the Brooder Hatcher while hatching eggs and bringing chickens at the same time. Holds 50 eggs. The automatic regulator is the perfect, fire-proof incubator and brooder combined, one lamp serving both purposes. Brooder hatches eggs, canaries are a little too small, and meet the requirements of all classes of poultry raisers, the one raising but a few chickens, or are annually as well large breeders raising thousands.

This new device makes the cost of raising fowl about one-half as much for the first three weeks as the former methods of hatching with incubators or heat. Shipping weight, well boxed, 25 pounds. Price, $11.00. Complete with automatic regulator, thermometer and long-burning safety lamp. Two-Brooder Hatcher $20.00, Four-Brooder Hatcher $30.00.

Automatic Fountain

A perfect automatic valve and float, to regulate the flow of water to a dripping-it will not clog; or a perfect float and mechanism is entirely of brass, nickel finish, with nothing about it to rust or clog up. Positive in action.

The valve can be attached to any iron water pipe, 1" or 1½", and is a continuous, automatic supply of water, without waste. Valve is threaded for copper or iron pipe. Fitted for weights 2 lbs.

Price, $1.50, postpaid, $1.25.

**CYPHERS INCUBATORS**

Genuine Standard CYPHERS INCUBATORS

**FIRE-PROOF**

**INSURABLE**

Beginners Obtain Success with Them on First Trials

We Pay the Freight when Shipped from the Factory and Money Accepted as Security

The standard of the world for over 25 years. Many of the most successful men and women in America—who know chickens—use CYPHERS exclusively, and have used no others (after experimenting with them), for a quarter of a century. The reason is plain for the amateur or the skilled—because it gives every hatchable egg the best possible chance to deliver a strong chick.

**THE CYPHERS INCUBATOR** MAKES

FOUR SIZE HATCHES IN ONE SET.

No. 0 Incubator—Capacity about 70 Hen Eggs, 56 Duck Eggs $3.00
No. 1 Incubator—144 112 $5.00
No. 2 Incubator—60 48 $7.00
No. 3 Incubator—30 24 $9.00

Our No. 2 INCUBATOR holds 24 eggs, and is a most desirable machine in every way. It satisfies the fancier who wishes to hatch a couple of hundreds of chicks in a season and hatch them all at one time, or the breeder who wishes to raise from 300 to 600 during the early spring months. It is the most economical machine on the market, except our 300-egg incubator, which is generally used upon very large plants. We recommend this machine to the full-bodied fancier and the farmer who raises poultry on a good-sized scale.

These machines contain all the most improved features, including the new metal-cap, all tempered iron, the latest-improved thermostats, the split lower diaphragms, the removable top diaphragms, etc.

**No. 2 INCUBATOR, CAPACITY 290 EGGS**

Our No. 2 INCUBATOR is the machine that operators of large poultry plants are using. It holds 290 hen eggs, and is a model of usefulness and finish. They are the business machines of the Twentieth Century.

CypHERS incubator Thermostats, $1.00, postpaid, $1.10.

**BUCKEYE INCUBATORS**

There are no other incubators like them. Buckeye "Standard" incubators are made with the skill and care that has gone into Buckeye "Standard" which is California Redwood. Best insulation is practically perfect. The hot water circulating tank is of pure copper—it will never rust or corrode, and is the perfect device of its kind ever invented. It assures the uniform temperature essential to proper hatching, and is food and rust-proof. They are very carefully packed, completely protected in the box, and sold with a money-back guarantee. They are expensive to manufacture, but very economical in operation and maintenance. The Buckeye "Standard" is a very economical incubator.

The Super Sol-Hot Colony Brooder

NO WICK TO TRIM. NO SOOT. NO ASHES. ABSOLUTELY SAFE. BURNS COAL OIL. STEADY BLUE FLAME

New 1926 Model Sol-Hot Brooder

New enclosing screen and fuel economizer, with new metal oil container and the fire-proof metal container, holds 2 gallons. The entire top lifts off—just ONE easy operation file it.

A NEW, BETTER, BIGGER CANOPY. By making it hexagon and flat on top we get more even temperature, better air circulation, more chick capacity and a much stronger, sturdier canopy. It is iron-braced at edges and cross braced. Has 6 round-rooted legs—seams braced and lapped. Built so strong you can stand on it. It is real SOL-HOT quality.

A NEW AUTOMATIC REGULATOR

The problem of Automatic oil control has at last been solved. We consider this new device more perfect than any known mechanical skill can produce. Price, without valve, for all late model Sol-Hot Brooders, $5.75. For other makes of brooders including valve, $5.50. Parcel post prepaid. It will save a good many dollars in economy of oil consumption. Can be used on all late model Sol-Hot Brooders.

NEW 1926 MODEL SOL-HOT BROODERS

Standard Sol-Hot Brooder, with 34-inch Canopy (capacity 500 chicks) shipping weight 4 lbs. $15.75

Standard Sol-Hot Brooder, with 44-inch Canopy (capacity 1000 chicks) shipping weight 6 lbs. $20.00

The 34-inch and 44-inch and Baby Sol-Hot can be shipped Parcel Post. See zone rates.

New Model 1926 Baby Sol-Hot Brooder (capacity 100 chicks), shipping weight 25 lbs. complete in single cartons with special No. 2 Burner $10.50

We will deliver one easy operation postpaid to any post office east of the Mississippi River for $12.50, insurance 10c. extra.

NEW MODEL GIANT SOL-HOT BROODER

New Model 54-inch Canopy (capacity 1000 chicks) shipping weight 28 lbs. $32.50

New Model 64-inch Canopy (capacity 1000 chicks) shipping weight 35 lbs. $34.50

WHEN TWO OR MORE SOL-HOT BROODERS OF ANY SIZE ARE ORDERED AT ONE TIME, WE WILL PAY THE FREIGHT TO ANY FREIGHT STATION EAST OF THE MISSISSIPPI RIVER, WHEN MONEY ACCOMPANIES THE ORDER

QUEEN HOT WATER INCUBATOR

QUEEN INCUBATORS ARE FURNISHED COMPLETE with automatic heat regulators, jacketed copper boiler and radiator, galvanized steel lamp bowl with steel chimney and heavy brass burner with removable cause, adjustable metal lamp shelf, best mercury thermometer,fonned, egg tester, egg trays, chick and nursery drawers, screws and washers for attaching parts, and book of instructions which tells how to set up and run the Queen for big results, and also gives a large amount of information useful to poultrymen. QUEEN BROODERS ARE EQUAL to Queen Incubators in merit. The same study, care and workmanship that made the Queen Incubator the sure, reliable machine that it is, were put into the Queen Brooder.

PRICE OF QUEEN INCUBATORS

No. 1—85 egg size. $27.50
No. 2—135 egg size. 27.50
No. 3—180 egg size. 44.50
No. 4—275 egg size. 57.50
250 to 300 egg size $15.75

QUEEN BROODER COAL STOVES

No. 1—600 chick $21.50
No. 2—1200 chick 26.50

THE WISHBONE VALVELESS BLUE FLAME OIL BURNING BROODER

This is the Chick’s good friend. No valves to stick. No strainers to clog. No priming. No pre-heating.

IT IS VALVELESS!

Nothing to get out of order—no valves, thermostats, no strainers! The oil flows down the big 1/2 inch feed pipe as regularly and continuously as if you poured it through a funnel. That means a steady, big flame—and absolutely no chance of the flame going out.

IT IS A CINCH TO OPERATE

An old poultryman says: “Nothing ever goes wrong with the Wishbone. It takes less of your time than any brooder you ever saw. With its simple construction, there’s no work to do. You simply set it and forget it—except for occasionally refilling the generous oil tank.”

The Oil Tank is generously large (the smallest holds a full gallon) and set completely to one side away from the heat and out of the way of the chicks. It is of unbreakable metal—with a glass window in the end—the quantity of oil is always in sight. It can be quickly refilled without interfering with the chicks or interrupting the flame.

The brooder sets on any kind of floor—concrete, earth or board—without fastening, and therefore can instantly and easily be picked up and shifted. It is truly portable in every sense of the word.

IS IT SAFE?

There nothing to go wrong in a Wishbone. The oil flow is always steady and continuous. The flame can’t go out unless you turn it out.

CHICKS THRIVE WELL UNDER WISHBONES

Chicks simply leap into well nourished health with all the fresh air and air at the right height for the chicks. There’s always an abundance of heat.

MOST ECONOMICAL! SAFEST! SIMPEST! REQUIRES NO SPECIAL HOUSE!

The Wishbone is unquestionably the best brooder you can buy on any count. Put your chicks under one for a week—and you’ll praise it more loudly than we do.

Price, Shipment and Safe Arrival Guaranteed

No. 22—with 22-inch Canopy (50-100 chicks) wt. 23 lbs. $12.00
No. 32—with 32-inch Canopy (500 chicks) wt. 32 lbs. 14.00
No. 42—with 42-inch Canopy (500 chicks) wt. 48 lbs. 18.00
No. 52—with 52-inch Canopy (1000 chicks) wt. 48 lbs. 22.00

Nos. 22 and 32 can be sent by parcel post—add zone rates.

$9 When two or more brooders are ordered at one time we will pay the freight to any freight station east of the Mississippi River. Or, if you will order No. 22 and No. 32 or two or more at one time. Send 10c. extra for insurance.

Lightholders for No. 22, 30c.; No. 32 and 42, 35c.; No. 52, 40c. each. Postpaid.
Perfection Egg Cartons

Our Perfection Egg Cartons are the kind that make you money. Just the thing for family egg trade—they increase your sales and profits. It is up to the progressive egg man to supply his trade with eggs in Perfection Egg Cartons if he wishes to please his customers, increase his trade, save eggs and make money. Eggs in our Perfection Egg Cartons command a better price and a more ready sale than loose eggs. This is not another article sold that the public uses more often and better so particular about as eggs.

They want to broken or smeared in any other way your fancy, and ready sale. Perfection Egg Cartons are sanitary, attractive, labor savers and money makers for those who use them. Our No. 3 long cartons are tastefully and pleasingly printed with our specially designed and attractive wording.

In lots of 1,000 or more we will print without charge your own special brand, wording and name and address on three sides.

**Economy DRY MASH AND FEED HOPPERS**

A Dry Mash Hopper of great merit, made of heavy galvanized iron. The curved bottom keeps the feed within easy reach of the birds, and the taper shape of the hopper—larger at the bottom—prevents the feed from clogging.

The wire grid and the wires running from the slant through the wire grid prevent the feed from throwing out or wasting the feed.

The slung top prevents them from roosting on the hopper.

When both covers are closed it will hold mice, bird and weather proof.

**Prices**

| No. 1, 10 qts. | $2.00, postpaid | Weight 6 lbs. |
| No. 2, 15 qts. | $3.50, postpaid  | Weight 10 lbs. |

**1-2-3 Poultry Feeder**

For dry mash, scraps, shells, grit, charcoal or any poultry feed. Will used for one kind of feed only, take out separator; for two kinds, put separator in one end; when used for three kinds, say scrape, shells and grit, put separator in the middle and you have three separate feeders. Medium size, $1.25; large size, $1.50.

**APACO FEEDER**

This is for the small breeder and will feed any kind of scratch feed large or small and is probably the best feeder on the market at the price. Holds 12 quarts. **Price**, $2.00; parcel post weight, 6 lbs.

**Champion Sanitary Poultry Litter**

This litter will keep chick houses clean and sweet from three to five months. It is moisture absorbing and prevents the birds from getting cold, its odorless, and is perfectly sanitary. It is sold in three sizes: 6 lbs., 12 lbs., and 24 lbs., each for $1.00, 2.00, and 3.00, respectively.

The "RED DIAMOND" POTATO. Wonderfully Productive; Immensely Profitable.

RESULTS offer all Department no feet seems practically 5-gal. 114 Universities.

These are shipped direct from our growing station by mail or express. They are well hardened off and will carry thousands of miles in good condition. We guarantee delivery while our stock lasts. We offer the following varieties: Moore's Improved Globe, Livingston's Globe, and Greater Baltimore—a special stock.

Prices, carefully packed, postage paid, to any part of the United States. In lots of 100, 55c; 200, 300 or 400 plants at 50c per 100 plants; 500 plants for $1.75; 1,000 or more at $3.25 per 1,000 plants. Postpaid to your post office or R. F. D. box. Be sure to write your rural route number, box and post office distinctly.

Orders are filled by the 100, not 250 or 550. These prices are for even quantities of one variety; if you ordered 200 of one variety and 300 of another variety you would pay at the 100 rate.

Prices for strong plants by express, buyer paying express charges.

In lots of 1,000 to 4,000 plants at $2.00 per 1,000. Plants packed for express shipment, 1,000 or 2,000 plants of a variety to package; they weigh about 25 pounds per 1,000 plants, packed for shipment. Your express agent can tell you about what the charges will be to your station. We advise Parcel Post shipments for all orders, as there is less danger from delay.

PLANT OUR FIELD GROWN TOMATO PLANTS AND YOU WILL DOUBLE YOUR TOMATO PROFITS

We Have One Hundred Million Plants Ready to Ship When You Wish Them

The Real Glass Substitute for Poultry Houses, Chicken Coops, Brooder Coops, for Windows, Outhouses, Hot Beds, Cold Frames, Skylights, Greenhouse Roofing Screen Doors, Contractors, etc. It is hail proof, and practically indestructible. Easy to put on; no putty or costly sash bars —just tack in place from rolls 3 feet wide and any length up to 100 feet. Diffuses the light. Reduces cost of construction over half. The greatest money-saving commercial discovery for years for the market gardener and dairist.

Cel-O-Glass is a high grade, low-priced substitute for glass. It is unaffected by rain, hail, snow or sun; it can be bent or cut to any desired shape and is practically indestructible. It is made by treating coarse mesh wire cloth in such manner that the open spaces between the strands are filled with a clear, transparent, tough but flexible substance which will not rub or peel off, dry up nor become brittle. Nor is it affected by high or low temperature. It can be used over all parts of the building, including greenhouses, hothouses and cold frames. Easy to use—Cheaper than Glass. Cel-O-Glass can be used for any window, whether it be for greenhouses, hothouses, or cold frames, and is infinitely superior to glass. A simple, home-made frame of light-weight material readily put together, a piece of Cel-O-Glass cut to fit it, staples and a hammer, a strap to finish off the work if you wish it—and your window or hothot is ready. Attached to your window or hothot is ready.

Price, 1 piece 3 x 6, $3.25; 1 piece 3 x 12, $6.25; 1 piece 3 feet wide and 100 feet long, $45.00; 1 piece 200 feet long and 3 feet wide, $89.00; 200 running feet, $132.00; 1 roll, 600 feet, 1st and 3rd zones. We recommend this for hot beds, cold frames, greenhouses and poultry house use instead of glass throughout the United States and Canada. Send for sample and circular. Can be sent by parcel post at very small cost. Cel-O double-pointed tacks, see p. 19, postpaid. Parcel post weight, packed, of 10 linear feet, 4 lbs.; 100 linear feet, packed, 35 lbs. All postpaid.

Carbolineum-Auenarius

Carbolineum has no equal as a Chicken Mite destroyer in poultry houses. It is recommended as a most positive remedy by the U. S. Department of Agriculture and many State Agricultural Colleges and Universities.

These mites are pests and genuine blood suckers and vampires, and while the chickens can get rid of the body lice and keep them within limits, they are absolutely at the mercy of and helpless against the Mites, which suck their blood and gradually kill them. The quicker the mites are cleaned out, the better it is. Results will quickly show in the shape of healthy Chickens and plenty of eggs. Apply once a year—will do the work. If sprayed or brushed, it will penetrate all cracks and crevices and reach the mites at close quarters and effectually stop their propagation.

Carbolineum also preserves wood against rot and premature decay. Full directions with each package. Price, 1 qt. 75c; 1 gal. $2.00, 5-gal. can $8.75, 10-gal. can $15.00, 30-gal. drums $33.50, 55-gal. drum $57.50, freight paid.

NEW RED DIAMOND POTATO

This is a new and very reliable late variety. It is increasing in popularity wherever known and, in fact, in many sections it has now superseded all other main crop varieties. It thrives in all soils and in all localities, yielding big crops of large, smooth, white fleshed tubers of oblong to roundish form, somewhat flattened. On good soils the potatoes are all of good size, entirely free of small tubers. It will yield heavy late crops when all others fall. The surface is often netted, of bright appearance. Eyes are few and well distributed. The skin is white, solid, fine grained, tough, dry and mealy. It has a very fine distinct flavor. It seems to be entirely free of all diseases, such as scab, wart, etc. One of the varieties of potatoes to tie to, owing to the fact of its ability to overcome very vigorous growth, poor soil, climatic conditions and many other things that other varieties fail to make the growing a success. It is recommended to rural keepers. We have had it in perfect planting condition as late as August 1st. Price, 1 lb. 50c, postpaid; by express or freight, pk. $1.75, $ bu. $3.00, 1 bu. $5.50, 1 bbl. $10.00.

CEL-O-Glass

Flexible— but doesn't crack or break

Cel-O-Glass is the new covering material which has revolutionized hothouse and cold frame building. A simple, home-made frame of light-weight material readily put together, a piece of Cel-O-Glass cut to fit it, staples and a hammer, a strap to finish off the work if you wish it—and your window or hothot is ready.

Price, 1 piece 3 x 6, $3.25; 1 piece 3 x 12, $6.25; 1 piece 3 feet wide and 100 feet long, $45.00; 1 piece 200 feet long and 3 feet wide, $89.00; 200 running feet, $132.00; 1 roll, 600 feet, 1st and 3rd zones. We recommend this for hot beds, cold frames, greenhouses and poultry house use instead of glass throughout the United States and Canada. Send for sample and circular. Can be sent by parcel post at very small cost. Cel-O double-pointed tacks, see p. 19, postpaid. Parcel post weight, packed, of 10 linear feet, 4 lbs.; 100 linear feet, packed, 35 lbs. All postpaid.
MOORE’S MARYLAND PEACH BLOW POTATO

The Wonder Potato
A good average yield
600 Bushels
per acre.

Moore’s Maryland Peach Blow Potato
Has won the hearts of
Thousands of Potato Planters
Everywhere.

The Great Family Potato - Plant it for Early, Plant it for Late.

This grand new Potato is undoubtedly one of the wonders of the agricultural world. It is quite an early variety ripening about the same time as our Early Monarch. It is one of the greatest general purpose potatoes in the world today. It is good for early, it is good for midsummer, it is good for the late summer, it is good for the fall and it is a magnificent winter keeper. The flesh is pure white, of extra fine quality, cooking dry and floury; the skin is a light pink, the eyes usually a darker red. It is one of the hardiest potatoes known and remarkably well adapted to light and sandy land. The vines seem to be immune from all disease, usually produce from five to eight large potatoes to the hill. The eyes are few. There is no potato that is as well adapted for late planting as our Maryland Peach Blow. There is really no sort that beats it for a general purpose family potato. As a market sort it ranks among the most profitable. Under good cultivation a yield of from 200 to 400 bushels per acre 600 bushels is not uncommon; and we challenge the world to produce a better or surer cropper or a better potato for late planting or a better winter keeper. We advise every potato grower to plant it, no matter whether for home use or market. We especially recommend it for a late fall crop. Its great productiveness, handsome color and resistance to blight makes it one of our most popular sorts. It is sure to please.

Price. 1/2 pk. 90c., pk. $1.50, 1 bu. $2.50, bu. $4.50, bbl. $10.00.

Moore’s Early Buck Mountain Garden Corn

Moore’s Early Buck Mountain Garden Corn should be planted by every one growing for home use, home market or shipping. A sure variety for satisfaction and profit for all who plant it. It is ready a week earlier than Adams’ Extra Early and nearly twice the size; rows straight and parallel. It presents a very attractive appearance and it is of excellent table quality. It is very hardy; should be planted a month earlier than Evergreen Sugar. It adapts itself to nearly any kind of soil, either sand or heavy clay. Three ears to a stalk is not unusual and many nearly as large as Moore’s Snow White Evergreen.

Plant it early. It has become so popular that in no season have we been able to fill all the orders from the many thousands of our customers. Don’t be afraid to plant it freely. Plant it early and you will not only have early corn but early money as well. Its quality and sweetness leave nothing to be desired in so early and heavy yielding corn. Our word for it. Pkt. 10c, pt. 35c, qt. 60c, 4 qts. $2.00, pk. $3.75, Postpaid. By Express or Freight, Pt. 30c, qt 50c, 4 qts. $1.75, pk. $2.75, bu. $10.00.
